If you want a fine Havana cigar, ask Dr. Darling for a Havana Tip, 5c. each.

—Where did you get that hat?

—Mrs. C. A. Jahraus is visiting at Au Sable.

—Wanted 5,000 bu. of huckleberries. Apply at this office.

—D. H. Hoyt, of Plainfield, was in town Thursday on business.

—Bennett's shingle mill shut down a few days the first of the week.

—Miss Ella Curry, of East Saginaw, is visiting at the home of Thos. Curry.

—Mr. and Mrs. J. Myers, of Alpena, are visiting at the home of T. Simon.

—Morris McCassey, of Prescott, was in town to-day, and took in the circus.

—Miss Glenn Benny, of Ithica, is visiting at the residence of Capt. Wilson.

—Mrs. V. H. Bagger made a visit to Montara lately, where her husband is now located.

—Mrs. S. G. Taylor and son Lee, of Grayling, are visiting relatives and friends in town.

—L. I. Halsey is making a tour in the northern peninsula. Business and pleasure combined.

—C. D. Bennett attended the Saginaw races this week, and pronounced them a financial success.

—Miss Edith Dettmer returned from Saginaw Friday last after making an extended visit among friends.

—The Orton circus showed at East Tawas Thursday. It was a good show, and we should judge it was financially a success.

—Application for mandamus has been served on the supervisor of this township for \$6,427.80 on the old plank road judgement.

—Senator Friedlander is now at his home in Oscoda. We understand that he has associated in the law business with C. Hawley, of the above place.

—Sup. Murphy presented a resolution to the Board, which allows cows and other stock to run at large. All actions taken last election were approved.

—James McCue, proprietor of the Bay Side Apiary, at Alabaster, reports that out of his 150 hives last winter he lost fifteen swarms, but the balance are doing nicely.

—Come on you good people and buy pea-nuts, this is what we heard at the circus grounds Thursday. John Emerich was "in it" up to his neck, or the noted Prince Michael.

—Huckleberries are coming into market, and are worth \$2.00 per bu. Owing to large crop it is thought that they will be purchased here for \$1.00 per bu., inside of ten days.

—The official canvass of Calhoun county made Monday shows 3,165 votes were cast for local option and 4,132 against, the "wets" carrying by 967 majority. A two-thirds vote was polled.

—Joe Emery, of Roscommon, sold a baby wolf to a boy for \$1.00. The youth promptly collected an

\$8.00 bounty on the animal from the authorities, and is out hustling for the rest of the family.

Good judges, attention! The Havana Tip cigar is the best 5c. cigar in the State. Dr. Darling has them.

—The doctors, druggists and lawyers of Au Sable and Oscoda, played a champion game of ball with the business men's club Thursday. Featherly was barred out. Pierce, the proprietor of the Saturday Night was "in it" and made a home-run. The score stood 44 to 8 in favor of the doctors, druggists and lawyers.

FOR SALE—of exchange a number of horses. Inquire of Thos. Brown, Tawas City.

—The board of supervisors were in session Tuesday and Wednesday. They went into a committee of the whole and made the county house a visit. They found everything in "apple pie" order, under the supervision of Joseph Blust. The building, however, is in very poor condition; that is, the plans and specifications are not up to the standard.

—Considerable interest was manifested by the citizens, both ladies and gentlemen, in our annual school meeting which was held last Monday night at the court house, and as a result, the building was filled. The report showed a splendid state of finances, for whereas last year we were some \$2,200 in debt with an old school house on our hands and \$5,700 to raise by taxation, making our school tax by far the heaviest tax on the roll, even higher than our plank road tax, this year we have \$2,300 in the treasury, enough to build the new school house, which, as the Moderator said, would be the best on the shore, all our debts including the old bonds paid up, and only \$4,000 required to be raised by tax to run the school for the next year. This made everybody feel reasonably good over the showing. Considerable talk had been had for some days previous as to the candidate for trustee to take the place of N. C. Hartingh whose term expired, but if there was any feeling it did not manifest itself to any great extent, and out of the 103 votes cast, he received three-quarters of the number on the first ballot and was elected his own successor. His remarks as to the work and condition of the board and his position in regard to work which should be required of teachers, and more thorough methods in looking after school children's work, book supplies, writing pads, and expenses to the parents of children caused thereby, were very "pat," and met a hearty response from almost everyone present. He insisted that teachers should seek to perform the wishes of the board, and that if a teacher did not, or was slack in his or her work, and should not do better on request, they should at once be discharged without fear or favor. The board was reorganized this week at its first meeting, and now Mr. Zeiter is Moderator, and Mr. Whittemore and Mr. Hamilton Director and Assessor as heretofore.

tee, called the convention to order, and as temporary chairman, our esteemed contemporary C. S. Pierce, of the Saturday Night, was called to the chair and made some very able remarks. By a vote of the convention he was empowered to appoint committees as follows: Committee on credentials and permanent organization, R. K. Gowanlock, Au Sable; J. M. Walker, Tawas City; C. R. Jackson, E. Tawas; Granger Hill, Oscoda; Mr. Colwell, Au Sable. It was further resolved by the convention that a committee of five delegates be appointed by the chair to recommend delegates to the state, congressional, representative and senatorial conventions. The resolution was passed unanimously, and is something we never heard of in such a meeting before. It virtually left the selection of all the delegates in the hands of five men. It may be all right, but appearances would indicate that a screw was loose somewhere. Here are the delegates to the various conventions: State—Greene Pack, Granger Hill, M. J. Connine, Oscoda; G. A. Lond, Au Sable; W. B. Kelley, Tawas City, A. E. Sharpe, E. Tawas.

Representative—C. R. Jackson, R. K. Gowanlock, J. J. Whitters, A. H. Fish, W. S. Blakely, O. R. Bush, E. Laidlaw, Wm. Nesbit, Wm. M. Locke, D. E. Emerson, A. Cataline, F. W. Latham.

Congressional—Maynard Butts, C. S. Pierce, Peter Shien, D. McFarlan, B. F. Oakes, G. L. Cornville.

Senatorial—W. G. Richards, J. M. Walker, S. M. Henion, C. O. Duncan, A. J. Rodman, F. G. Huemann.

A resolution was offered by Pierce to endorse Rich for Gov., which caused considerable of a flurry with the delegates as some wanted Pingree, but finally the war came to a close by not endorsing anybody. R. K. Gowanlock was reported as permanent secretary, and B. F. Oakes as permanent chairman.

Three cheers for the Harrison administration and the convention adjourned.

NATIONAL DEMOCRAT TICKET.

For President— GROVER CLEVELAND. For Vice President— ADLAI E. STEVENSON.

EX-SENATOR Farwell is trying to throw hot water on the Harrison ice-wagon.

The long-tailed candidate has one virtue; he knows enough to keep his mouth shut.

"PROTECTION" as interpreted by the Republican party is synonymous with robbery of the masses.

RAINBOW chasers, are those Republicans who profess to believe they can overturn the present Democratic majority in the House of Representatives.

CARNEGIE'S locked our working-man are now realizing the benefit which the McKinley tariff law, with its protection for the capitalist, confers upon wage earners.

From Blaine to Foster was certainly taking a plunge from the mountain top to the deepest gorge; but if the Secretary of State is to be merely a clerk to carry out the plans of Mr. Harrison Foster is better suited for the position than Blaine.

Those Republicans who were so certain that Senator Hill was going to sulk should take time to read his patriotic letter to Tammany Hall, in which he declares his support of the ticket and asks that every Democrat shall put his shoulder to the wheel.

The coal combine has taken another turn on the screw, and made prices jump another notch, while the various people in and out of Congress who were going to make things so warm for the combine are apparently taking their summer vacation.

SENATOR Sherman is right, the South is "Democratic merely" from issues growing out of the war," the infamous force bill, for instance, which seeks to restore the horrible years of negro domination through which the Southern States passed just after the war, which was far worse for those States than the war itself.

SENATOR Vest says Mr. Campbell, the new chairman of the Republican National Committee, is "a tool of monopoly," and Mr. Harrison once told ex-Senator Farwell that Campbell was "a professional lobbyist." Perhaps Mr. Harrison selected him to manage the Republican campaign in the belief that his experience as a lobbyist might be valuable.

WHELAW REID and Carnegie, the iron baron, have about the same ideas concerning organized labor. Carnegie has just locked out several thousand of his union employes and employed a large force of Pinkerton men to keep them out, while Whitelaw Reid, after keeping union men out of his newspaper office for fifteen years, is engaged in negotiating with them to take charge of his office until after the election.

How Republican members of labor organizations must enjoy contemplating the name of Whitelaw Reid on the party ticket, and what pleasure it must give them to know that his nomination was secured by false pretenses and outright lying. The convention was assured that Reid had settled all his difficulties with the union when it is well known that he has not yet settled them, and that the New York Tribune is not to-day run as a union office. Is it surprising that organized labor says "rats" whenever Harrison and Reid are mentioned?

CLEVELAND.

At the ratification meeting in the court house Saturday evening, Mr. Russell, during his speech, read the circular letter from Mr. Cleveland as President, to all government employes. It forcibly illustrates the sterling qualities of the man as the chief executive of the Nation.

Mr. Bristol, the signal service employe at East Tawas, was the government employe who received this document, and he has kept the original with great care, and would not part with it. He made the copy for Mr. Russell, and says that it was the first instance during the twenty years of his employment by the government that he ever received such a document. He is a Republican and will show any person the original in his possession. Below we print the letter in full:

War Department, Washington, July 22, 1886. The following communication of the President is published for the information of all concerned: W. C. ENDRICOTT, Sec'y of War. Executive Mansion, Wash. July 14, 1886.

To the heads of Dept's in the service of the General Gov't:

I deem this a proper time to especially warn all subordinates in the several departments, and all office holders under the general government against the use of their official positions in attempts to control political movements in their localities. Office-holders are the agents of the people—not their masters, not only is their time and labor due to the Gov't, but they should scrupulously avoid in their political action, as well as in the discharge of their official duty, offending by a display of obtrusive partisanship, their neighbors who have relations with them as public officials.

They should also constantly remember that their party friend from whom they have received preferment have not invested them with the power of arbitrarily managing their political affairs. They have no right, office-holders, to dictate the action of their party associates, or to throttle freedom of action within party limits by methods and practices which pervert every useful and justifiable purpose of party organization.

The influence of federal office holders should not be felt in the manipulation of political primary meetings and nominating conventions. The use of these officials of their positions to compass their selection as delegates to political conventions is indecent and unfair; and proper regard for the proprieties and requirements for official place will also prevent their assuming the active conduct of political campaigns.

Individual interest and activity in political affairs are by no means condemned. Office-holders are neither disfranchised nor forbidden the exercise of political privileges; but their privileges are not enlarged, nor is their duty to party increased to pernicious activity, by office holding.

A just discrimination in this regard between the taking action may properly do and the purposes for which a public office should not be used, is easy in the light of a correct appreciation of the relation between the people and those entrusted with official place, and a consideration of the necessity under our form of government and of political action free from official coercion.

You are requested to communicate the substance of these views to those for whose guidance they are intended.

Several arrests were agitated, and in one instance which came under our observation, a revolver was drawn. No blood was shed however.

CROPS.

The following by one of our most prominent farmers, has been crowded out from week to week, and even now we are enabled to publish but a portion of it:

"The open wet winter with the cold and wet spring following has been disastrous to crops. Some fields had to be plowed under. So far it promised to be a half crop, but fields are very uneven in heading out. It may be safely said that fields sown the same day a difference of four weeks will exist in the first and last cut. "Armstrong" machines will have to do the cutting of wheat this season. The acreage is at least three times that of the previous year of fall wheat.

Spring wheat isn't so bad but much of it is water-killed, however. Oats and barley stand on the same footing.

A half crop of field-peas is a high estimate.

The hay crop will be light.

The potato crop so far appears to be nearly a failure. Most of them had to be replanted. Only those planted on high sandy ground are good.

Field corn that has escaped drowning looks well.

Vegetables and root crops look well but are getting more or less smothered with weeds, the ground being too wet to work and remove weeds.

So far the prospects for a good crop of fruit are first-class, taking into consideration that Iosco county is just in its infancy of raising fruit, and that most orchards are young."
