The sidewalks of our village are in a very bad condition, being covered with about three feet of snow. We think the proper village officers and the common council should give them some attention. There have been several snow storms during the past month and no attempt has been made to clear the walks.

While getting on an engine at Green's camp on the Mud Lake branch Wednesday evening, Geo. Fitzgibbon slipped and one wheel of the tender ran over his toe bruising it very bad. He will be laid up for a week.

Mrs. May Ellison left this noon for her home at Watrusville, where she will reside for the present. By her removing, Tawas City loses one of its brightest young business ladies. During her stay in town of five years she made a large circle of friends, who regret very much to see her leave.

A dance in honor of Washington's birthday was given Wednesday evening at Prescott Station. Music was furnished by Murphy's celebrated orchestra, which was carried to and from Prescott by their own special conveyances, as the accommodations offered by the train were not elaborate enough for the leader.

A bell telephone exchange between the two towns is the latest improvement that is being considered by the residents of our villages. The business men of both places should take a hold and try to have it put in. It would be a great accommodation, and a company has offered to put in a line at very reasonable rates.

WANTED—five millions feet of dry and windfall ogs for cash.  
**KENDALL & FELLOWS,**  
Winona Salt & Lumber Co.'s office

Conductor Col. McRae received an injury last week which will probably lay him up for a month. He was coupling two car-loads of logs and noticed that a log on each car was projecting over, and in order to save his head stooped down without having time to withdraw his arm. The drawheads of the two cars caught his arm above the elbow and jammed it severely. It was a narrow escape, and had it not been for his presence of mind he would have been instantly killed. The accident occurred on the Mud Lake Branch.

FOR SALE—Sleighs, Wagons, Buggies, Cutters, Horse-rake, Mower, Cutting-Box, Horses, Cows, also Nursery stock—choice young Plum and Cherry trees. Strictly Cash!  
**MISS L. DONOHUE,**  
East Tawas, Mich.

Last Tuesday evening was the date fixed for Dr. Kay's lecture, and it was the first opportunity Rev. Schermerhorn had of meeting his old time friend, so was on hand to hear the lecture, and returned home with many thoughts about the great hero "Wallace!" little thinking that a band of heroes and heroines had taken possession of the parsonage, claiming the nine points in law. viz: Peaceable Possession. So the Pastor seeing they had the advantage, gracefully bowed to the inevitable, and tried to adapt himself to the circumstances. Of course, there can not be the nature of things be

anything conventional, or stereotyped about such gatherings, and for this reason are often the happiest, and most conclusive to true sociality. Not only did all enjoy a pleasant hour, but it was evident that the culinary department of the household was bountifully replenished. Many thanks and kind wishes to all. Blest be the Tie that binds strange hearts in Cristian Love. May the good work so auspiciously begun, result in glorious things for the Master's Kingdom. \*\*

WANTED—Teams to haul logs by the day or by the thousand. Apply to  
**KENDALL & FELLOWS,**  
Winona Salt & Lumber Co.,  
Tawas City, Mich.

The meanest man in Michigan has lately moved to Putman township, Gladwin county. He went to a widow, who supports a number of children by taking in washing, and tried to buy some cedar trees growing on her 40 acres. When she refused to sell them he declared that he needed them and would take them anyway. This he did. Soon after the widow's cow ate up \$2 worth of marsh hay which the woman had permitted the man to store in her shed. He had her arrested for aiding and abating the cow in committing the larceny. A back woods trial ending in a verdict of guilty and a small fine. The widow took in a few extra washings and paid the fine, but was taken sick in consequence and is now being cared for at public expense. Recently the authorities heard of the case, and as soon as the woman is sufficiently recovered to make a complaint the man will be arrested.

## THIS IS A RAPID AGE.

Quick-Traveling Americans Responsible for the Passion for Speed.

This is an age of extreme rapidity, and the passion for speed in every form of movement appears to grow more intense with every year. The demand for the saving of every minute that can possibly be saved in crossing the ocean is so strong that the steamship lines have felt compelled to build bigger and swifter steamers one after another, although the outlay involved has been something prodigious. So marked progress has already been made in cutting down the time required in crossing the Atlantic, and so many vessels have already been built or ordered, that in a few years the transatlantic fleet, for the number of huge ships employed, for the marvelous celerity of their passages, for the splendor of their appointments, for the luxury of travel by water, will exemplify the marvelous development of the nineteenth century in a way that must mightily impress the whole civilized world. But, according to the New York Tribune, it is not only on the water that people wish to move with the greatest rapidity that is consistent with safety. The anxiety to get from one place to another with the least possible delay is characteristically American, and the American railways are constantly improving their service. They did not advance with much swiftness in that direction until within the last score of years, but the steps onward that have been taken by the railroad corporations in that time are notable indeed. The limited expresses running between the principal cities of the country have far surpassed the most sanguine expectations of the railroad managers and the railroad passengers of a quarter of a century ago. America is now ahead of the rest of the world in the swiftness of her railroad trains, and if it were not for the haste which Americans are so passionately fond of in traveling it is not at all likely that so powerful and rapid vessels would have been required on the transatlantic lines.

## Democratic Co. Convention.

The convention of the Democratic electors of Iosco held at the court house Friday last for the purpose of electing delegates to the State and Judicial conventions, passed off very orderly and serenely.

Because of a lack of space we are unable to give a full and thorough account of the proceedings.

Following is a list of the delegates elected to the democrat State convention held Feb. 28 1893, in Detroit:

J. R. Staats, East Tawas; A. F. Zetter, Tawas City; Sylvester Vaughn, Oscoda; Geo. Armstrong, Whittemore; M. Murphy, Tawas City; James LaBerge, East Tawas.

Delegates elected to the Judicial convention, to be held March 7, 1893:

C. R. Henry, Au Sable City; G. D. McKay, Oscoda; C. A. Jahraus, Tawas City; A. M. Johnson, Oscoda; James LaBerge, East Tawas; W. C. McLeary, Oscoda; Matthew Schneider Jr., Sherman Twp.; Geo. Armstrong, Whittemore; John Kinney, Alabaster; Geo. Charters, Renó Twp.; Enos Scott, Wilber; Francis Baker, Plainfield Twp.; Henry Watts, Grant Twp.

Resolved, That the delegates present at such conventions be empowered to cast the votes of the absent delegates.

Resolved unanimously, That it is the sense of this convention that the Hon. William H. Simpson is the choice of the delegates of Iosco County for candidate for the office of Judge of the 23rd Judicial Circuit, that this convention in thus giving expression to their choice take the opportunity of recording their appreciation of the great ability and integrity of Hon. W. H. Simpson during his tenure of the office of Judge of this Circuit.

## Gone to Rest.

On Saturday morning last a telegram was received by W. B. Kelly, announcing the death of John Oliver at Bay City. Deceased was the father of Mrs. C. North, of this place, and one of the early pioneers of Tawas, well known in this locality.

For several years he lived in a comfortable home on the shore between Tawas and Alabaster on what is now known as the Laidlaw property, where visitors always received a hearty welcome. In 1862 he taught our village school over the old Whittemore store before the first school house was built. In 1871 he removed with his family to Kansas, and after a residence there of about three years returned and settled in Bay City, where he established a Turkish bath, in which business he continued till the time of his death, and by his genial and kindly disposition made many friends.

Until within a week of his death his health was good, and at no time was he entirely confined to his bed. Death came suddenly, and at midnight on Friday last he peacefully passed away at the ripe old age of 85 years and 6 months.

The funeral took place Tuesday last under the auspices of the Masonic fraternity and the St. Andrew society, and a large concourse of friends followed the remains to the grave. Many were the expressions of regret and sympathy heard from those who had known him, and the numerous and handsome floral offerings sent by friends testified to the esteem in which he was held. W. B. Kelly attended the funeral as an old friend.

## The Tawas Herald,

J. E. DUDLEY, EDITOR AND PROP.

One Year, \$1.50 Six Months, .75c

Entered in the postoffice at Tawas City as second class matter.

PRESIDENTIAL inauguration one week from to-morrow.

GOVERNMENT clerks who thing eight hours a day too long to work can resign and try sixteen in private employ at a smaller salary.

QUEEN VICTORIA is no longer young but she is still a slave to fashion. She is said to have been the first woman in England to readopt hoop-skirts.

A CHANGE in the name of Hawaii has been suggested. What's the matter with Speckle Island? As it is practically his land it might as well bear his name.

THE wide advertising of the establishment of American bars on a line of Etorpean steamships is enough to make foreigners believe that we are drinkers.

To Wall Street: Hands off, gentlemen; you must not interfere with our finances. It may be profitable to you, but it is too dangerous to the people at large to be allowed.

THE longer the democratic Senators can postpone the confirmation of the nomination of Judge Jackson the more certain that his successor on the circuit bench will be a democrat.

NEWSPAPERS seldom engage in more commendable work than the exposure of the trickery of professional mesmerists, or hypnotists. These people, like the "green goods" men, live on the money of fools.

THE raising of the American flag over Hawaii on the sole authority of the U. S. minister stirred the blood of young America. It may have been great and grand and all that sort of thing, but was it just.

THAT Mr Cleveland's cabinet will be perfect is not to be expected—he is human, like the rest of us—but there is no doubt that it will be well selected, and, as a whole, serviceable to the party and the country.

IS the arrangement by which a New York company assumes control of the custom revenues of San Domingo the first step towards the annexation of that country? It looks as though a plan was on foot to duplicate the Hawaiian revolution.

THE man who originated the idea that the recent ratification by the U. S. Senate of extradition treaties with France and Russia meant a triple alliance, offensive and defensive, between the United States and those countries, has an imagination that ought to make his fortune as a writer of fiction.

THE Oscoda Press, Senator Pierce's paper, pays Judge Simpson a very neat compliment in its last issue. In speaking of the coming judicial election, it says: "Hon. Wm. H. Simpson the present judge, has acquitted himself with honor and there is nothing to be said against him, except that he is a Democrat." It also says that in selecting a man for this important office "Party politics ought to be a secondary consideration." Yet in view of these utterances it goes on to advocate the election of a republican Judge because the district is republican, and champions as a candidate a man who has had no experience on the bench at all, one who is altogether untried, simply because he has made a good prosecuting attorney—which remains to be seen. Throw aside a man who has "acquitted himself with honor, and against whom nothing can be said" simply for the sake of party politics. This is making them a secondary importance

with a vengeance. Well, no one expects consistency from a republican organ these days.

It really seems a pity that all of the Americans who handled or received any of the Panama canal money should be simultaneously afflicted with defective memories. Even Bob Ingersoll has forgotten how much he got for lobbying in the interest of the scheme.

SUPPOSE there should be a revolution in England, the Queen disposed and a provisional government established; and that government, pending an effort to get England annexed to the United States, should ask Minister Lincoln to declare an American protectorate over England. Would Bob order the stars and stripes flung to the breeze from the top of the tower? No Sir; you can bet your next year's expectations that he would do nothing of the kind.

Every buggy sold by agents has several dollars added to the manufacturer's price. We are manufacturers, and have no agents. For twenty years have dealt with the consumer. We ship anywhere, with privilege of examining before buying. We pay freight charges both ways, if not satisfactory. Warrant everything for two years. Anyone who can write can order a buggy or harness from us as well as pay from \$10 to \$50 for some middle man to order it for them. We give no credit, and have one price only. Why do you pay two profits on your carriages and harness? Why do you pay some one \$10 to \$50 for ordering these things, when you can do it and save this money? You run no risk. We let you see the goods before you accept them. We pay all the freight if we fail to suit. Over twenty years ago we commenced to sell in this way, and would not be in business now if we had not suited. 64 page catalogue free. Address
