Circuit court convened at the court house in this village last Tuesday, with Judge Simpson presiding. The first case called was that of Keating vs. The D. B. C. & A. R. R. Co., reference to which was made in last week's issue. The case will probably take up the entire week and perhaps a portion of next.

During the dog-day season, the drain of nervous and vital energy may be counteracted by the use of Ayer's Sarsaparilla. In purifying the blood, it acts as a superb corrective and tonic, and enables the system to defy malarial and other climatic influences.

An Arkansas editor puts it thus: "You may give all the stars in a nail keg, hang the ocean on a rale to dry, put the sky in a gourd to soak, unbuckle the belly band of eternity and let out the sun and moon, but never delude yourself than you can escape that place on the other side of purgatory unless you pay the printer."

On June 30, there were 52,819 members of the Knights of the Maccabees in Michigan. This is by all odds the best and cheapest fraternal life insurance in existence, and one that should be carried by every man who is eligible. Man's first duty in this world is to provide for those dependent upon him. In no way can he do this to a better advantage than by joining the K. O. T. M. If you are not a member lose no time in joining.

An exchange says a swindle is being worked in the neighboring towns, and strange to say, it has found many victims. The swindler is a man gotten up like a tramp, who calls at the door for something to eat. Whether accommodated or refused, just as he leaves he pretends to pick up a gold ring from the ground. He makes inquiry for its ownership and says it must be a valuable ring as it is marked 18k and is handsomely engraved. No one about the house knows anything about it, and then he offers to sell it. In two or three instances he has succeeded in getting as high as three dollars, but he has disposed of several for one dollar.

On next Sunday at 10:30 a. m. Rev. E. E. Caster, Presiding Elder of Bay City District, will hold Quarterly meeting service in the M. E. Church. This will be the last time that he will be with us in his present official capacity. All are cordially invited to attend these services.

Fred Beherns has sold his interest in the Daisy Roller Mills to his partner, F. W. Schlecte, who is now owner of the entire mill. The mill will be under the management of the proprietor's son Ed. M. Schlecte. Mr. Beherns and family left Wednesday for Pomeoy, Iowa, where they will make their future home. During their short residence here they made many friends who wish them success in their new home.

The subscribers to the fund to be given to the parties erecting a flouring mill in Tawas City will please pay to Phinney & Roe, bankers, Tawas City. The list will be left at the bank. Those who know they have pledged amounts to this fund, will please call as soon as convenient. Immediate payment by those who possibly can is very much desired. The stringency in money matters come at a bad time for those who are engaged in new enterprises. Will not all who can pay at once?

J. M. WALKER,
Treasurer.

A good story is told of a young girl in a neighboring town who recently found a lot of letters written by her father to her mother before they were married. The daughter read them to her mother pretending they were of recent date, and substituting her own name for that of her mother's, and the name of a young man well known to both of them, for her father's. The mother is very much disgusted and has forbidden her daughter to have anything to do with such a man who would write such nonsense and sickening stuff.

Congressman Weadock arrived at 10:50 last Monday from New York, by way of Cincinnati, after visiting in Europe over two months. He sailed from Liverpool in the steamship Campana July 22 and arrived at New York July 28, landing the following day. In a brief chat with The Times-Press, Mr. Weadock said he had entirely regained his health, and was highly pleased with his visit. He found few Americans in Carlsbad. There was no cholera at any place which he visited, and in fact little is being said about the disease anywhere. Mr. Weadock will leave at once for Washington, as the session of congress begins Monday. He will return to Bay City if the house takes an adjournment.—Bay City Times-Press.

Reports to the state board of health show diarrhoea, rheumatism, neuralgia, tonsillitis and bronchitis, in the order named, as causing the most sickness in Michigan during the week ending July 29. Scarlet fever was reported at 30 places, diphtheria at 33, typhoid fever at 19 and measles at 15 places.

The Cong'l Choir is practicing for the Anniversary which takes place next Sunday, Aug 6th. Rev. Lyons is expected to deliver the address in the morning. In the evening the Choir will give a Vesper Service, after which will come the Religious history of the Tawas, life of the Cong'l Church. A general invitation is extended to all.

Notice is hereby given that The School Board of the District Number Seven will receive bids until August 13th for doing the work of Janitor in each of the schools for the next ensuing year, including care of school premises during vacation, and also bids for building fences and doing other necessary work, particulars of which can be gotten from Director; all of said work to be done before September 1st next. The lowest or any bid not necessarily accepted.

N. C. HARTINGH, DIRECTOR.

The Winona Salt & Lumber Company saw mill is doing good work now. It has a circular and gang, also stave and heading machines. It will be remembered that the gang gave out last fall before the season cut was finished; the crank pin would persist in getting hot after repeated experts were brought in who used plumb bobs, spirit levels, and straight edges, and still it would not go. It was finally decided that a new pin and brasses would be in order. But all was vainly and vexation of spirit. Wise men shook their heads, as they passed by, and in a whisper would say, it is fate's decree. Tawas City was in mourning for the loss of her oldest industry. Last spring however J. B. Fellows, the manager, who is also president, engaged J. B. Johnson, of Oscoda, formerly chief engineer of Gratwick, Smith and Fryer, who is an expert in his trade. And it is he who has brought about the change. Mr. Johnson says there is only one way to make machinery work satisfactory, and that is to have all the conditions right, only that and nothing more.

Congress meets next Monday.

The country is now getting full benefit of the McKinley law, and some of the other measures of the republican administration.

There are indications that the republican propose trying to make "Corporation" Tanner the scapegoat for much of the pension crookedness that is being exposed.

The hog is no longer king. Pork took a tumble Monday, from \$19 to \$10, and many a Chicago speculator lost their wad. Such is the life of a speculator.

REPUBLICAN editors who are cocksure that the democrats in Congress are going to abandon tariff reform should stop generalizing on that subject and name one single prominent democrat who advocates abandonment of tariff reform.

WHEN the republican press of this country convince the people that the present hard times are caused by the democratic administration, and not the result of a republican left over, it will be when the stars grow cold. The people are not fools.

THE tide has turned and gold is now flowing into the United States as rapidly as it went out during the last few months of republican rule. It was announced Monday that four million six hundred and fifty thousand dollars was drawn from the Bank of England for shipment to this country.

REPORTS of the resumption of banks and of the closing of banks come together. There is no better proof of the senselessness of the failure of banks which did not deserve failure. When banks demonstrate their solidity after being closed by crazy runs, the folly of their customers is manifest.

THE July returns to the statistician of the United States Department of Agriculture make the average condition of corn 93.2, winter wheat 77.7, spring wheat 74.1, and oats 88.8. The acreage of corn is reported as 3.3 per cent above last year, being an increase of something over 2,000,000 acres. The greatest increase is in Nebraska; after that Kansas, Iowa, Illinois, Missouri, and Indiana. The average condition of corn is 93.2, against 81.1 last July, and it is high in all the great corn states.

Some Golden Facts.

One would believe from reading the Republican papers, that is, if he believed the Republican papers, that the exodus of gold from this country began with and was caused by the election of Mr. Cleveland to the presidency. That is the impression they seek to convey, and some of the more unscrupulous of them do not hesitate to say so. Indeed, they all, either directly or indirectly, so declare to their readers, but some of them choose to do it by insinuation or innuendo. The cold facts, which they suppress and dare not publish, show how false malicious are their statements.

During President Cleveland's first term the net gain in gold to the United States by importations was \$54,772,000, and when he gave place to Mr. Harrison March 4, 1889, there was in the treasury \$197,674,422 in gold, or nearly twice the amount it has been the custom to keep in reserve. When President Har-

ison retired from office four years later the \$97,674,422 of free gold—of gold that is above the reserve—had dwindled almost to the vanishing point, to \$987,000, and Secretary Foster had been borrowing to maintain the reserve at \$100,000,000. In four years under Republican administration the net loss of gold was \$122,624,000. In four years under Democratic care of affairs there was a net gain of \$54,772,000.

When the Democratic administration was restored last March, gold was going out of the country in an alarming manner. To divert attention from the condition to which they had reduced the finance of the country, the Republican leaders and their organs raised a calamity howl and declared that the nation was going to the dogs because of the election of Mr. Cleveland. They were partly right. The country was going to the dogs, but Mr. Cleveland's election took the reckless driver from the reins. It took four months to stay the golden flood that was flowing from this country to Europe, but it has been done, and for one month now the currents has been in this direction. The reserve, then reduced to less than \$97,000,000, has been nearly restored, and the gold is coming back by every steamer that arrives, over half a million coming to the port of New York in a single day the past week. The days of reckless extravagance, criminal mismanagement, and official looting are over, the people know that honesty and fidelity are again at the helm, and public confidence has been restored.—Detroit Free Press.

Michigan Crops.

Detroit, Aug. 1.—The weekly crop report issued to-day by the Michigan weather bureau says: Farmers have been busy during the past week threshing wheat and securing the last of their hay, and reports are generally favorable. Wheat is a larger yield than was anticipated while the quality is of a higher standard than usual.

Corn also promises well, and potatoes with the average weather should be a heavy yield.

Oats will not be an average crop except in a few counties. Of fruits grapes will be abundant and peaches and pears better than the average.

Neighboring Notes.

The statement is made that Ellis & Van Auken, of Saginaw, have 40,000,000 feet of logs to be put in near the Twin Lakes which will all be rafted to the Saginaw river.

Altogether 550 tons of hay have been shipped from Alpena this season. Some of it went to Europe, where hay is selling for from \$40 to \$60 per ton, owing to the drouth in that part of the world.—Alpena Argus.

September 4 and 5 are the dates selected by the Bay City wheelmen for their big bicycle meet. An effort will be made to bring the fastest riders of the state together, and as an inducement costly prizes of medals, watches, pins, etc., will be offered.

The G. B. Holgeman Manufacturing company, of Sandusky, O., which operates a stove and heading mill at Roscommon is in financial straits, which has resulted in the shutting down of the works at Roscommon thus throwing 75 men out of employment.

Henry Rothwell, a fineman in the employ of Bay City Electric company, was instantly killed last Friday night while adjusting the wires on an electric light pole. He stepped on a live wire and thus completed the circuit and death was almost instantaneous.

Nelson Lalonde, last week, beat the record on rattlesnakes. On Friday he killed one in the swamp near the Freeman mill which measured forty inches and had sixteen rattles. On Saturday he killed another which had twelve rattles.—Roscommon Democrat.

Charles H. Holmes, of Saginaw, has commenced suit in the Saginaw circuit court to recover \$10,000 damages from Charles H. Pomeroy, of Bay City. The declaration states that on May 10 last plaintiff was in the employ of the defendant, who was engaged in operating a cracker factory, and while so employed he got his right hand caught in a roller, which crushed and mangled it so that all the fingers and a portion of the hand had to be amputated. He further states that this accident was the fault of the defendant in not instructing him as to the danger in operating the machinery.—Bay City Times-Press.

Word reached here last Saturday, that John Miller, general manager for the R. A. Alger, and one of the stock holders of the D. B. C. & A. railroad were on their way to Cheboygan, driving over the line of extension of the road north from Alpena. They were expected here Monday night to confer with some of the leading business men of Cheboygan in regards to the extension. We see by the Alpena Echo that they drove out as far as Posen to see the progress of the extension of the road and returned home Monday.—Cheboygan News.

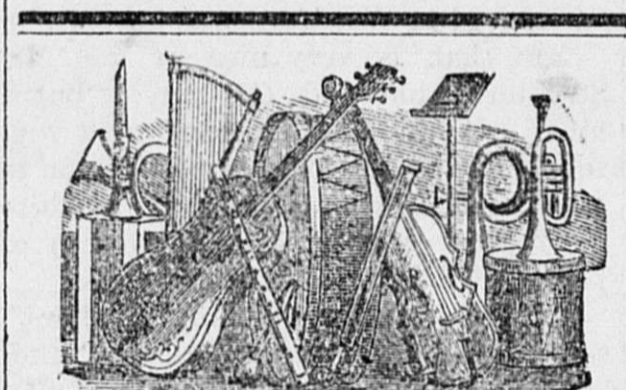

Christopher Fitzpatrick, who is credited with having located the new coal field in Albee township, Saginaw county, says the Albee field, as far as located, is a mile and a half in length, with a vein of coal running from three and a half to seven feet in thickness. It is 50 feet below the surface, with a covering of slate seven feet in thickness, rendering it easy to mine. The depth of the vein in Montrose is from 70 to 90 feet below the surface. Mr. Fitzpatrick proposes to locate a field on the line of the Flint & Pere Marquette and one on the Michigan Central near Saginaw.—Times-Press.

In speaking of the Mollitor murderers Atorney General Ellis denied the story of Repke, the informer, to the effect that he had been promised by the prosecuting officers that he would not be prosecuted if he testified to the conspiracy and to the connection of the other defendants there with. In support of this Mr. Ellis says that the records will show that in every case in which Repke testified he was asked if any immunity had been promised him and invariably testified that no promise whatever had been made him.

A Little Daughter

Of a Church of England minister cured of a distressing rash, by Ayer's Sarsaparilla. Mr. RICHARD BRANKS, the well-known Druggist, 207 McGill St., Montreal, P. Q., says: I have sold Ayer's Family Medicines for 40 years, and have heard nothing but good said of them. I know of many

Wonderful Cures

performed by Ayer's Sarsaparilla, one in particular being that of a little daughter of a Church of England minister. The child was literally covered from head to foot with a red and exceedingly troublesome rash, from which she had suffered for two or three years, in spite of the best medical treatment available. Her father was in great distress about the case, and, at my recommendation, at last began to administer Ayer's Sarsaparilla, two bottles of which effected a complete cure; much to her relief and her father's delight. I am sure, were he here to-day, he would testify in the strongest terms as to the merits of

EAST TAWAS NEWS.

W. P. Taft was in Detroit this week.

Temple Emery returned Saturday from Bay City.

S. Anker was in Bay City on business this week.

The new freight house is now in the course of action.

The Strong house served dinner for about 175 last Sunday.

A. Barkman took his departure for the world's fair yesterday.

C. R. Jackson, left Tuesday for a few weeks visit at the World's Fair.

Mrs. Walter Marr, of Saginaw, is visiting friends and relatives here this week.

Temple Emery Jr., of Bay City, is employed in the Holland & Emery office, at present.

Miss Rena Adams, of Bay City, spent a few days this week with Miss Lizzie McLean, of this village.

Miss Maggie Locke went to Memphis Mich, yesterday morning for a few weeks visit with acquaintances.

Miss Hattie Adams left Wednesday night on the City of Alpena, for a visit with relatives and friends in Bad Axe.

Mrs. Seigle and Miss Vida Cotton, who have been visiting Miss Lou Jack, for the past few weeks, left for their home in Lyonsville, Pa., yesterday.

Miss Lizzie McLean left Wednesday night on the Alpena, for a two weeks visit with relatives and friends at Fort Huron, Sarnia and other points.

The Sons of Veterans Durm Corps, of Alpena attended the R. R. picnic here Sunday, and furnished some excellent martial music. We hope they will visit our village again.

A. G. Emery, the photographer, moved into his new studio this week. When he gets everything completed he will have one of the finest art studios to be found in this part of Michigan.

State Deputies, James A. Ramplin and N. B. Sweet, of the Woodmen of the World, have been laboring here for the past week organizing a local lodge of this order. Last evening they completed the organization with about thirty members.

As an after-dinner pill, to strengthen the stomach, assist digestion, and correct any bilious tendencies, Ayer's Pills are considered the best. Being sugar-coated, they are as agreeable as any confection, and may be taken by the most delicate.

Probably the most common mistake made in advertising is to curtail it during the dull season. The reason for such a course would be hard to find, for certainly the time to ask for patronage as for anything else, is at the time you need it most. Advertising is good in the busy season, but is doubly good in the times of dullness.

The R. R. employees excursion and basket picnic brought a large number of people to our village last Sunday. As an excursion it was a very successful affair, and netted about \$400.00 which will be presented to Mrs. Andy McQuaig. Much credit is due the committee who had the matter in charge.

The East Tawas Hose Co. returned from Caro last evening where they won the first prize—\$100.00—in the fireman's tournament there. There were eight companies present, but the boys beat all competitors by six seconds. On their arrival here they were greeted by the band and large delegation of citizens who gave them a royal welcome. The AuSable hook and ladders boys captured the first money in the ladder race.

Whittemore News.

Rev. Geo. A. Fee paid a visit to East Tawas last Friday.

James Tapp, of East Tawas, is quite a frequent visitor at Whittemore.

Mr. Wiltzie's new barn is fast nearing completion. It is a large symmetrical structure, and does credit to its owner.

Our Free Methodist brethren are intending to hold a grove meeting in this vicinity next week. We hope to see many of the sheep restored to their rightful Shepherd.

Our music teacher, Miss Goss, is about to add to her other accomplishments, that of violin playing. Those desirous of receiving instructions upon this instrument, please take note.

We are to have a new store here, to be operated by a son of Abraham. Our citizenship has been void of this enterprising class of people for about a year and a half. But now another one is to try his luck at business here. May success attend his efforts.

Tuesday afternoon as Wm. Wismer was searching for Ginsen root, a few miles this side of Au Gres village, a hunter passing in that vicinity, caught sight of him as he was stooping forward, and mistaking him for a bear, brought his gun to his shoulders and fired five BB shot, taking effect in his back and side. Several men were laboring near by and one of them was quickly dispatched to Au Gres for Dr. Wakeman, who responded promptly at the call and was soon on the ground. Mr. Wismer was placed in the carriage and driven rapidly to his home in this village, where everything was done for him that could be. The Dr. says the wounds are not serious, but they will confine him to his bed for a while. We hope soon to see him around again. Mr. House who did the shooting came home with Wismer and staid by him like a brother as long as he could do anything for him, thereby showing his sympathy and manliness.

Prescott Points.

A W. C. T. U. will be organized here in the near future at the K. O. T. M. hall.

A Bay City firm will open out a general store here as soon as Abraham Scott completes the building.

It is reported that Heavenrich Bros, of East Saginaw, intend starting a branch store here, providing a suitable building can be secured.

The case of William Manrer against Jonathan Roe has been reciprocally settled before Justice William H. Wilson, consequently the matter will not be carried up.

Mrs. George Phyndress, who was reported as being struck by lightning on the evening of the 14th, is still seriously ill. Dr. Hull is attending her. There is but slight hopes of her recovery entertained.

It appears that Mrs. Rivas, on her way home from a dance accompanied by her sister-in-law, Miss Lizzie Pike, when within twenty rods of her home, she was severely struck, not by lightning, but by a human being, at least inhuman, is rather more suitable term for the wretched brutalized specimen of humanity. The victimized one cannot tell who it was, as, twas a very dark night when the assault and battery occurred. She could not recognize the party, but a strong suspicion points to one or two individuals.

J. B. Mills has put his establishment in a city style. While one department consisting of dry goods, boots and shoes. Another department comprises groceries and the hardware and furniture by themselves. Dry goods being attended to by lady clerks, while men attend to the sales in the other departments. Everything in the establishment exhibits a magnificent display. And all the clerks are attentive and courteous to the public and as a result are commending excellent trade.

WHITTEMORE.

In Memoriam.

To Mathias Schneider Jr., who died June 24, 1893, at his home in Sherman, of fever and heart failure in the 23d year of his age, and promise of a brilliant future.

BY A BOSOM FRIEND, J. P. A. J. The light of a happy home has vanished. The dismal gloom of death's dark dergs prevails.

The joy and pride and hopes so dearly cherished Are gone, there sorrow, deep and doleful wars.

The beloved one, bright in young life's blossom, Held friendship, praise, esteem in every heart,

Bright, modest, genial, a joy to every bosom; Dear Mattie Schneider, how sad for him to part.

Oh, brothers' joy, sisters' love, parents' pride and glory, No more his lovely form shall they behold;

Nor his kind ways, fond looks nor beauty, Save by his dear memory's voice they're told.

His short life with success and merit blest, His aspirations exalted, pure and noble; Oh, had he but lived to have achieved the rest.

How lauded his fame and deeds by many people. Oh, fond parents, brothers, sisters and dear relations, Though sad to-day, be soothed, your sorrows banish;

His noble life bestows sweet consolations Upon you to appease your grief and anguish.

Alas, sad eve of June 24th, '93, When darting death swooped down to sever.

That friend and brother, ever so true from me. Our mutual lover and joys to end forever.

But the just mandates of heaven demanded. His, this world's brief and blooming life to close From duty as the sovereign lord commanded.

To enjoy, we hope, eternal sweet repose.

THE FLINT & PERE MARQUETTE RAIL AND WATER LINES offer the public a way to reach Chicago, that for comfort, far surpasses the all rail lines, to say nothing of the difference of fare in it favor, an item well worthy of consideration.

Passengers are landed in Chicago in the morning after a night's refreshing and invigorating rest in a commodious state room on a first-class steamship. The experienced traveler need not be told of the advantages of a rail and boat route; for summer travel, over the all rail route with its crowded, dusty sleeping cars, and very little thought on the part of the inexperienced, will convince him of the same. Ask your local ticket agent for rates and time of trains.

BALD HEADS

What is the condition of yours? Is your hair dry, harsh, brittle? Does it split at the ends? Has it a lifeless appearance? Does it fall out when combed or brushed? Is it full of dandruff? Does your scalp itch? Is it dry or in a heated condition? If these are some of your symptoms be warned in time or you will become bald.

SKOOKUM ROOT HAIR GROWER

Is what you need. Its production is not an accident, but the result of scientific research. Knowledge of the diseases of the hair and scalp led to the discovery of how to treat them. "Skookum" contains neither minerals nor oils. It is not a dye, but a delightfully cooling and refreshing Tonic. By stimulating the follicles, it stops falling hair, cures dandruff and grows hair on bald heads.
