Rev. P. Schermerhorn preached his  
first annual sermon at the Congregation-

their years residence here Mr. Scher-  
merhorn and family have made a large  
circle of warm friends by their genial

had a very prosperous year under his  
supervision, and starts out on the new  
year with most encouraging prospects.

The following officers were elected at  
the annual meeting of Tawas City Lodge,  
No. 302, F. & A. M., for the ensuing  
year:

W. M.—W. B. Kelly.  
S. W.—John Preston.

J. D.—John McRae.

Boys, when you speak of your father  
don't call him the "old man." Of course  
you are much older now than you learned  
to call him "father." You are much  
smarter now than you were then, you  
are much more manly looking. Your  
clothes fit you better, your hat is a more  
modern shape and your hair is combed  
differently. In short you are "flyer"  
than you were then. Your father has a  
last year's coat and a two-year-old hat  
and a vest of still older pattern. He can't  
write such an elegant note as you and all  
that—but don't say "old man." Call him  
father. For years he has been rustling  
around to get things together; he has  
been held to thorny path of up hill in-  
dustry for years and the brightest half  
of his life has gone forever. But he loves  
you though he goes along without saying  
much about it, and if he knew you were  
bad it would be the hardest burden he  
has to bear.—Mancelona Herald.

**Bids Wanted,**  
Notice is hereby given that the un-  
dersigned will receive bids to furnish  
from fifty to one hundred cords of first-  
class, eighteen inch leach and maple  
wood, for the use of school district No.

ceived up to and including, Saturday,  
January 13, 1894.

## THE MACCABEES.

Installation of Officers by the  
K. O. T. M. and L. O. T. M.

One of the most enjoyable gatherings  
of the season was the joint installation  
of the newly elected officers of Grip Tent  
No. 455, K. O. T. M. and Northern Light  
Hive No. 267, L. O. T. M., at the Maccab-  
bee hall Tuesday evening. A large number  
of the families of the members of the or-  
ders were present. Sir Knight W. F. Whit-  
temore acted as installing officer for both  
societies, and the work was done in a  
very satisfactory manner. After the in-  
stallation ceremonies Sir Knight Chap-  
lain Schermerhorn made a few appropri-  
ate remarks which were enjoyed by all  
present. Following these the ladies  
served an elegant supper to which all  
did ample justice.

The following is a list of the officers  
elected by the L. O. T. M:

Past L. Com.—Mary Murphy.  
Lady Com.—Ida Eedhead.  
" L. Com.—Agnes Kelly.

SECRETARY CARLISLE is still keeping up the good work of calling for resignations of republicans under him.

A NEW YORK millionaire suicided the other day. He must have been afraid he would have to pay an income tax.

THE New Harrison boom for 1896 is fittingly launched at Philadelphia, as it is likely to be the slowest thing on the road.

WITH two-thirds of the House Democratic there can be no valid excuse for delay in passing the Wilson tariff bill.

THE iron and steel mills, the cotton mills and almost every other branch of industry is starting up again, and slowly but surely our republican brethren are loosing what little campaign thunder they have left. Poor boys!

IT WOULD be interesting to know just how many manufacturing establishments have temporarily closed down for the express purpose of having the Wilson bill amended. That some have done so it is certain.

TOM REED will not ride in the Harrison ice wagon, and he will wait until the last minute before he boards the McKinley craft. He has an idea he may fly his own flag aboard the winner in the nomination race.

THE Cambria Iron Co., of Johnson, Pa., have commenced the erection of one of the most complete steel rail mills in the world. Yet the republican press tell us the Wilson bill will be the death of the iron and steel industries of the United States.

DEMOCRATS in congress should remember that there is such a thing as being too liberal with the minority. If present conditions were reversed how much time would Tom Reed and his followers allow the Democrats?

WITH the suspension of the Standish Democrat-Review another democratic paper dies for want of support. When the Democratic party of Michigan learn to support its press, its success will be much more substantial. It is too often the case that Democratic politicians use the Democratic papers during the campaign, and help to support the Republican press at other times.

Does protection protect the right men? If so why is it these poor miners are in their present condition of starvation and want? Through several ages past iron ore has been protected, and the owners have become millionaires and the miners, what of them? They are poor and now out of employment. They have not a cent ahead and are dependent upon charity. It would seem as if Judge Yapple was right when he said "Protection protects the wrong man."—Kalamazoo Gazette.

SOME of our high-tariff contemporaries are saying that under the provisions of the Wilson bill this country would be "flooded" with agricultural machines and implements from foreign lands. This is rather amusing, for we export large quantities of such machines and implements, selling them in all parts of the world in competition with anything of the same kind that can be made elsewhere. A few days ago Minister Pitkin, who represents the United States at the capital of the Argentine Republic, was interviewed in Boston concerning the condition of that republic, and in the course of his remarks he said: "Our agricultural machinery has driven both the German and the English out of the market. You cannot get an Argentine farmer to touch anything in the shape of an agricultural implement now unless it is of American manufacture." But our makers of such implements have no "protection" down there. If they can drive foreign goods out of foreign markets without protection, they ought to be able to control the market here at home, and of course they do. They would control it if there were no tariff.—New York Times.

## SECRETARY CARLISLE'S TAX SCHEME.

If the tariff taxes on the necessities of life are to be reduced as proposed in the Wilson bill, the country must get about \$50,000,000 more revenue from internal taxation.

Mr. Carlisle's recommendations as to the taxes to be imposed are as follows:

1. An additional impost of 10 cents a gallon on whiskey, That is right and wise. Whiskey could bear an additional tax of twice that amount without hurting anybody, and there is no article of consumption in the whole list which is a fitter subject of tribute.

2. A tax of \$1 per thousand on cigars, \$1 on cigarettes, six cents a pack on playing-cards and a tax on perfumes, cosmetics and the like. These things are at best luxuries. They ought to contribute to the revenue. They can be taxed in a profitable way without perceptibly decreasing consumption or entailing hardship upon anybody.

3. A tax on legacies and successions. This is a tax easily borne and peculiarly just. The man who pays it is at the moment in receipt of money or property to many times its amount, which he has not had to earn, and he can well afford to contribute to the support of the Government which maintains the conditions of property's existence and transmission.

4. A tax on incomes derived from stocks and bonds of corporations. Is this right? Is it right to tax these incomes while leaving other incomes free?

The theory of such a tax would be that as corporations enjoy special privileges they should pay something for them to the Government. But it not the National Government that grants these privileges, but the governments of the several states. Is there, then, any logical ground upon which the National Government can claim a tribute from incomes derived from corporate privileges which it did not create, while exempting all other incomes?

To tax all incomes over a specified amount is logical and right. The Government maintains those conditions of liberty which render the earning of incomes possible, and in return it has the right to exact tribute from the incomes earned. But there is absolutely no difference between the service rendered by the

National Government to an incorporated dry-goods house like the H. B. Claffin Company and to a private firm like Sweetser, Pembroke & Co. The special privileges of the one, which are not enjoyed by the other, are granted by the state of New York alone.

But why should not the tax Mr. Carlisle proposes be levied alike upon all incomes above \$5,000 or \$10,000? Such a tax would be equal, just and easily borne, and it would yield a large revenue.—New York World.

## The Best Medicine.

J. O. WILSON, Contractor and Builder, Sulphur Springs, Texas, thus speaks of Ayer's Pills:

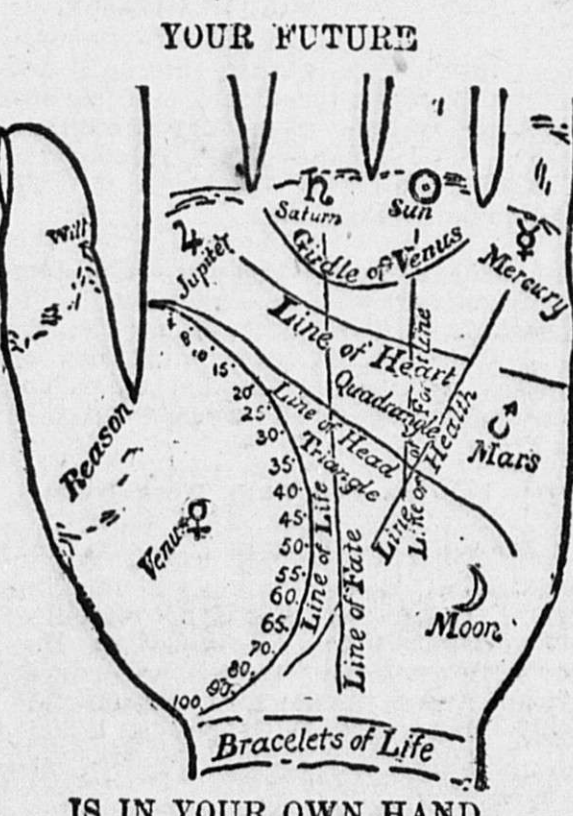

"Ayer's Pills are the best medicine I ever tried; and, in my judgment, no better general remedy could be devised. I have used them in my family and recommended them to my friends and employes for more than twenty years. To my certain knowledge, many cases of the following complaints have been completely and

## Permanently Cured

by the use of Ayer's Pills alone: Third day chills, dumb ague, bilious fever, sick headache, rheumatism, flux, dyspepsia, constipation, and hard colds. I know that a moderate use of Ayer's Pills, continued for a few days or weeks, as the nature of the complaint required, would be found an absolute cure for the disorders I have named above."

"I have been selling medicine for eight years, and I can safely say that Ayer's Pills give better satisfaction than any other Pill I ever sold."—J. J. Perry, Spottsylvania C. H., Va.

**AYER'S PILLS**  
Prepared by Dr. J. C. Ayer & Co., Lowell, Mass.  
Every Dose Effective

IS IN YOUR OWN HAND.  
Palmistry assumes to tell what the lines in your hand indicate. It will amuse you, if nothing more. The above diagram almost explains itself. The length of the LINE OF LIFE indicates probable age to which you will live. Each BRACELET gives you thirty years. Well-marked LINE OF HEAD denotes brain power; clear LINE OF FORTUNE, fame or riches. Both combined mean success in life; but you must keep up with modern times to win it. You will find plenty of these in Demorest's Family Magazine, so attractively presented that every member of the family is entertained. It is a dozen magazines in one. A CLEAR LINE OF HEART bespeaks tenderness; a straight LINE OF FATE, peaceful life; the reverse if crooked. A well-defined LINE OF HEALTH spurs you doctors' bills; so will the health hints in Demorest's. No other magazine publishes so many stories to interest the home circle. You will be subject to extremes of high spirits or despondency if you have the GIRDLING OF VENUS well marked; keep up your spirits by having Demorest's Magazine to read. By subscribing to it for 1894 you will receive a gallery of exquisite works of art of great value, besides the superb premium picture, 17x22 inches, "Em a Daisy!" which is almost a real baby, and equal to the original oil painting which cost \$300; and you will have a magazine that cannot be equaled by any in the world for its beautiful illustrations and subject matter, that will keep you posted on all the topics of the day, and all the facts and different items of interest about the household, besides furnishing interesting reading matter, both grave and gay, for the whole family; and while Demorest's is not a fashion magazine, its fashion pages are perfect, and you get with it, free of cost, all the patterns you wish to use during the year, and in any size you choose. Send in your subscription at once, only \$2.00, and you will really get over \$25.00 in value. Address the publisher, W. Jennings Demorest, 15 East 14th St., New York. If you are unacquainted with the Magazine, send for a specimen copy. A large QUADRANGLE means honesty; a large TRIANGLE, generosity; long FIRST DIVISION OF THUMB, strong will; LONG SECOND DIVISION, reasoning faculty. The MOUNT OF JUPITER betokens ambition; that of SATURN, prudence; the SUN, love of splendor; MARS, courage; MOON, imagination; VENUS, love of pleasure; and MERCURY, intelligence. Take our advice as above and you will be sure to possess the last and most valuable quality.

**THE STRONG HOUSE**

**Burned For the Second Time Yesterday Morning.**

East Tawas was the scene of a serious fire yesterday morning. About 5 o'clock the Strong House was discovered to be on fire. An alarm was soon sounded and fire laddies were on hand promptly, and by hard work got the fire under control before the entire building was consumed.

Landlord Henry Bouytette will be the heaviest loser as the hotel fixtures were nearly all burned or damaged to an extent by water that the will be useless. Mr. Bouytette was at Bay City and we were unable to learn what he places his loss at. We understand he had \$2,000 insurance on the same.

The building was owned by A. G. VanWey, of Tawas City. It was badly damaged by fire something over a year ago, and only rebuilt and opened last spring. The building is badly burned and will be almost a total loss. Mr. VanWey had \$2,000 insurance on the building.

**EAST TAWAS NEWS.**

Mrs. Squire Woods is enjoying a visit from her mother, Mrs. Stevens, of Grand Rapids.

The dancing party at the Hotel Belmont Monday evening was attended by about 60 couples and a highly enjoyable time was had. There were a number present from Sable, Oscoda, Bay City and other points.

During the past half-century—since the discovery of Ayer's Sarsaparilla—the average limit of human life in civilized countries, has been considerably lengthened. Ayer's Sarsaparilla is everywhere considered the standard blood-purifier, the Superior Medicine.

Mrs. Edna Chaffee Noble, Michigan's greatest elocutionist, will give an entertainment at the opera house Thursday evening, Jan. 11. The proceeds will be for the benefit of the needy poor of this village. This entertainment should receive a very liberal patronage both on account of its charitable object, and the ability of Mrs. Noble. No one who attends will ever regret it.

The ways and means committee have reported in favor of laying a tax of 2 per cent against individual incomes over \$4,000 and against the net incomes from corporations, to increase the whisky tax ten cents per gallon and increase the tax on cigarettes one dollar. The income tax is expected to realize \$30,000, 000 and the whisky tax \$10,000,000.

The exercises were a success in the west primary and intermediate rooms on Friday. Each having nice Christmas trees.

"Never did so well in the same time before," was the answer given by a patron of the ward school, as to her children were getting on with their studies.

Tawas City Public Schools have verified the old adage that "it is better to give than to receive" by sending \$5.35 to the boys and girls of the Northern Peninsula, for a Christmas present.

John McCray and Mary McCassey each passed excellent examinations in Arith., 7th grade, standing each 99, as did also Zina Murphy. Lulu Crandall and Barbara McCrae each 92. Their report cards will show them punctual in attendance.

Let every boy and girl sing the following on entering school again Jan. 8th:

(Tune: Marching Through Georgia.)  
Come all you rested boys and girls  
And sing a Cheerful song;  
Sing it with a chorus,  
With a chorus loud and strong,  
Sing it as we ought to sing it  
Half a hundred strong,  
While we are gaining in knowledge.  
Chorus: Hurrah! Hurrah! 'Tis child-  
hood's jubilee;  
Hurrah! hurrah! 'Tis learning  
makes us free;  
Sing it with a chorus from the prairie  
to the sea,  
While we are gaining in knowledge.  
With cheerful hearts and willing hands,  
We'll labor day by day  
We'll make the school room hum with  
work,  
In play time we will play;  
Sleepy heads and lazy bones,  
Must quickly clear the way,  
While we are gaining in knowledge.  
Chorus.  
So we'll fit ourselves for duty,  
In our nation great and free;  
So we'll make her first of all,  
For ages to be,  
Loving hearts and willing hands,  
The coming year shall see,  
While we are gaining in knowledge.  
Chorus.

**BOW (RING)**

It is easy to steal or ring watches from the pocket. The thief gets the watch in one hand, the chain in the other and gives a slight, quick jerk—the ring slips off the watch stem, and away goes the watch, leaving the victim only the chain.

This idea stopped that little game:

The bow has a groove on each end. A collar runs down inside the pendant (stem) and fits into the groove, firmly locking the bow to the pendant, so that it cannot be pulled or twisted off.

# NEIGHBORING NEWS.

## FROM OUR EXCHANGE.

Alpena will have a charity ball Jan. 10. A branch of the Y. M. C. A. has been organized at Oscoda.

The Democrat-Review, of Standish, has suspended publication.

William J. Daut has received the appointment of postmaster of Bay City.

The Bay County poor board spent \$2,057 in aiding the needy during December.

It looks as if Cheboygan was to experience a big building boom during the coming season.

Tuesday morning about all that was left of the once thriving village of Otsego Lake, was destroyed by fire.

While hunting Tuesday, Isaac Bennett of Alger, pulled the gun toward himself by the muzzle and will lose his left arm.

A new state saving bank is to be organized at Alpena, with W. H. Davison as president. The capital stock will be \$50,000.

A Wolverine man who lost his wife a short time ago, said: "I would not lose my wife for \$200. She do more work for me than any man."

It is understood that a Democratic newspaper will be started in Rogers City soon. Prosecuting Attorney Moloney will be the editorial writer.

It is reported that Frank Tucker's comedy company lost everything by the burning of the Grand opera house at Godrich, Ont., a few days ago.

Cheboygan county will soon vote on the county road question, and also on the proposition to bond the county for \$35,000 to build a new court house.

The boom in farming lands in Presque Isle county along the line of the new railroad is a surprise to some people, but those who know the country are not surprised.

Hillman will ask the board of supervisors for authority to dam Thunder Bay river at that point in order that they may acquire power for manufacturing purposes.

A proposition to raise by loan \$20,000 to build a new court house will be submitted to the voters of Cheboygan county at the spring election. A resolution to that effect was passed at a meeting of the board of supervisors last week.

Thirty cents a dozen for apples is something new for northern Michigan, yet that is what the best apples are selling at here in Charlevoix this winter. And the market is not overstocked even at that price.—Charlevoix Democrat.

A special session of the circuit court for Ogemaw county will convene at the court house on January 8th, Judge Simpson will preside at the special session, Judge Sharp being interested in some of the cases on the calendar as an attorney.—West Branch Democrat.

Wm. Palmer was convicted of the murder of his brother, at Saginaw, and was on Tuesday last sentenced to 26 years at Jackson. The deed was committed two years ago and this is Palmer's fourth trial. On the first two the jury disagreed, and on the third he was convicted and sentenced for 30 years, but obtained a new trial on errors.

James McKenna, George Patterson and Michael Fox made merry with a keg of beer in a lumber camp near Bagley, and for a wind-up Cox and McKenna got into a fight. McKenna got the worst of it, jumped up, got a gun and fired at Cox, missed him, but killed Patterson. McKenna gave himself up and is to have his examination for manslaughter on Wednesday.—Free Press.

Old Mr. Vaughn, grandfather of W. W. Vaughn, president of Roscommon, went out Tuesday morning for a walk along the AuSable river bank near his grandson's residence. It was a high, steep bank, covered with snow and ice, and the old man got too near the edge and lost his footing, slipping down the steep incline into the river. The river is shallow at that point, but Mr. Vaughn was so feeble he could not get out nor make any one hear his voice, and he froze to death. He was 97 years old.

On Wednesday the case of Dawes against the Township of Wilbur was thrown out of court for a curious reason, Dawes sued for the recovery of taxes paid under protest. But the date of the summons showed that he had brought

the suit a day before he paid the taxes. It seems that he went to his attorney, C. R. Henry, and had a summons made out, and then went to pay his taxes under protest. But for some reason he did not pay his taxes until the next day, but the summons against the township was issued without the date being changed. So the records showed that he sued for the recovery of his taxes the day before he paid them. Judge Simpson took the case from the jury.—Oscoda Press.

An AuSable dispatch to the Free Press of Wednesday contains the following: "Charity ball, No. 2, given under the auspices of one of the popular societies of these places, was held last evening at the wigwam and was the most successful ball ever held in this town, both as to the number of people present and the amount of money realized. No definite information can be had at present as to the number of tickets sold and the amount realized, but the most conservative members of the committee on the management of the affair place it at from 1,200 to 1,500 tickets. Basing an estimate on these figures, between \$300 and \$700 would be realized, which will be used in caring for the poor of this town and Oscoda during the winter."

The editor of the Crosswall Democrat has invented a new fangled stove for subscription wood. It is large enough to take four-foot sticks, and is divided into a drying and consuming department. The wood is first placed in the drying apartment, and a series of troughs carry off the water, as it comes from the sizzling wood to a wash basin in the next room, furnishing good soft water for the employees. The lower portion of the stove is like any other stove. When the sizzling ceases and the editor has reason to believe that the wood in the drying apartment has been "dewaterized" he touches a spring under his desk, and the wood is dumped into the fire beneath. Macklem is keeping warm and getting lots of glory out of this device.—Detroit Evening News.
