No. 4.

Business Men of Tawas City and Vicinity.

Gentlemen:—Having sympathy with the desire to here see a revival and extension of business prosperity, and a growth of industries which will attract good citizens and wholesome capital, it has occurred to me to announce as is here repeated, that on next Lord's Day evening, (Jan. 26th, providence favoring) it will be a privilege to speak to all who shall be in attendance, upon Business Principles. Services at 6.30 standard time. A welcome is extended to all.

A. WATERBURY,
Pastor.

J. K. Simon.

THE Business World of January contains a fine portrait of J. K. Simon; under which appears the following: J. K. Simon, who graduated from the Business Department of the D. B. U. December 1st, is a nice clean specimen of the material of which the coming American business man is made. Doubtless inheriting good natural talents and possessing a strong disposition of steady industry, the young man has earned the distinction of making an unusually good record: not better than many other bright young D. B. U. men have achieved before, but good enough to deserve special mention and to be classed as lumbermen say, "No. 1, select clear," and judging the future by his university record, we have no doubt, whatever, but he has a bright career before him and should make an honorable business record.

We think it would be advisable for the young men of the Plank Road to arrange matters so as to make their calls earlier in the evening, that they might be first instead of last.

Where the Fault Lies.

Don't blame your newspaper man for what happens in the community. If there is anything in the life of the place that you do not wish to go abroad to the world, blame yourself if it exists—not the paper for saying anything about it. It is the editor's duty to make a typographical photograph of the town each week, and if you take a homely picture, don't kick the instrument, but try to get a better expression on your face the next time.—*Altoona (Pa.) News.*

The next democratic National convention will be held at Chicago, July 7.

ARTHUR BROWN, one of the new United States Senators from Utah, is a former resident of Kalamazoo, and well known in Michigan.

The friends of Senator-elect Foraker, are now booming him for the presidency in opposition to McKinley. Unless peace is patched up between these two leaders of opposing factions of the Ohio republicans, there is liable to be a lively scrap in that state this year.

HON. W. R. MORRISON, of Illinois, is prominently mentioned as the next democratic nominee for the presidency. Mr. Morrison combines all the necessary qualities—being a western man, and standing squarely on true democratic principals—to make a winning candidate. His nomination would give universal satisfaction to the democracy of Michigan.

MARTIN CAMPOS, captain-general of the Spanish forces in Cuba, has been removed by the Spanish government, and General Polaviaja, appointed in his stead. The Spanish government would have shown much more good sense if they had removed their entire army from Cuba, as they are sure to be driven out sooner or later.

SOME idea of the number of packs of playing cards used in this country may be had when it is known that the government derived the large sum of \$388,472.50 in the shape of revenue tax. At two cents a pack this represents nearly 3,000,000 packs. Last year the tax on cigarettes amounted to \$1,666,922. The total revenue from tobacco last year was \$29,704,907.

A CASE of more than ordinary interest was tried in the Bay county circuit court last week. Last summer the grand jury in that county returned indictments against a number of the county supervisors for willfully assessing property at less than its cash value. The first one of the cases to be tried was that of Beardsley S. Knight, of Hampton township, who is one of the oldest and most popular supervisors of Bay county. The trial lasted three days and was ably conducted for the defense by the best attorneys of the county. The jury returned a verdict of guilty. The case will be appealed and on the result will rest the decision of future cases. The decision of the supreme court will be watched with interest, as there are but few counties in the state that like cases could not be commenced.

About the Potato.

An Australian agriculturist, Mr. Krinchau, has called attention to the fact that the potato will celebrate the 300th anniversary of its introduction into England next year. It was in 1596 that Sir Walter Raleigh returned to England from America with the first tobacco and potatoes, which originally grew in Peru. Although the potato, it is estimated, now furnishes one sixth of the nourishment of the human race, for a long time it was a delicacy for the rich alone. Even at the beginning of the seventeenth century noblemen paid two shillings a pound for potatoes and seasoned them with sherry. People often visited the gardens of the botanist Gerard at Holborn to see the plants in bloom. There is talk of a celebration in honor of the anniversary.—New York Tribune.

Crop Report.

The following crop report was issued by the Secretary of state last Saturday:

December was a cold, wet month. The mean temperature for the state was 1.1 degrees below, in the southern counties 1.0 below, and in the central counties 1.9 degrees below, the normal. In the northern counties it was 1.0, and the upper peninsula 0.1 degrees above the normal.

The average precipitation for the month in the state was 4.89 inches, an excess of 2.68 inches compared with the normal. The precipitation in the southern counties was 5.76 inches, an excess of 2.16. There was a slight deficiency in the northern counties and an excess of 0.81 inches in the upper peninsula.

In answer to the question, "Has the ground been well covered with snow during December?" 170 correspondents in the southern counties answer "yes," and "318 "no," in the central counties 32 answer "yes," and 131 "no," and in the northern counties 17 answer "yes," and 80 "no."

From the first until the middle of the month the depth of snow ranged from 3 inches in the southern to 6 inches in the northern counties. A thaw occurred after the 16th, and for several days the ground in the lower peninsula was practically bare. Near the end of the month sufficient snow fell to again cover the ground. The average depth of snow in the southern counties was 5.25 inches on the 15th, and 4.26 inches on the 31st, in the central counties it was 7.69 inches on the 15th, and 2.74 inches on the 31st, and in the northern counties it was 10.97 inches on the 25th, and 2.91 inches on the 31st.

The total number of bushels of wheat reported marketed in December is 1,211,713, and in the five months, August-December, 5,329,724 which is 905,379 bushels less than reported marketed in the same months last year.

The average condition of live stock in the state is reported as follows, comparison being with stock in good, healthy, and thrifty condition: Horses, 62 per cent; sheep, 93 per cent; cattle, 94 per cent, and swine, 97 per cent.

The average prices January 1, of some of the principal farm products in the markets where farmers usually market such products were as follows: The average price of wheat was 59 cents per bushel; of corn, 32 cents, and of oats, 21 cents; and the average price of hay was \$13.12 per ton.

The average price of fat cattle was \$2.83 per cwt, of fat hogs, \$3.19 per cwt, and of dressed pork, \$4.25 per cwt.

The average price of each class of horses are as follows: Under one year, \$15.70; between one and two years old, \$24.37; between two and three years old, \$36.12, three year old and over, \$52.95.

Milch cows were worth \$26.45 per head. Cattle other than milch cows, under one year old were worth, per head, \$7.03; between one and two years old, \$12.44; between two and three years, \$19.16, and three years old and over, \$25.70.

The average price of sheep under one year old was \$1.52, and one year old and over \$1.91; and hogs under one year were worth \$3.92, and one year old and over, \$7.43.

The prices here given are for the state. For each class of horses, sheep and hogs they are higher, and for milch cows and each class of cattle other than milch cows, lower, than the prices ruling in the southern four tiers of counties.

Compared with January 1, 1895, there has been a decline in the prices of all farm products named in this report excepting wheat, hay, sheep and cattle. Wheat averages 9 cents a bushel, and hay \$5.17 a ton more now than one year ago. Sheep under one year old have advanced 20 cents, and those one year old and over, 27 cents per head, and the several classes of cattle have advanced from 9 to 26 cents per head.

The loss on corn is 14 cents, and on oats 11 cents per bushel.

The decline in fat cattle is 11 cents fat hogs, 77 cents, and dressed pork, 72 cents per cwt.

The several classes of horses have declined in value as follows: Under one year old, \$2.49; between one and two years old, \$4.05; between two and three years old, \$6.46, and three years old and over, \$8.12.

Milch cows have declined \$1.46 per head.

Hogs under one year old average 40 cents less, and those one year old and over, \$1.36 less than one year ago.

Horses three years old and over were worth \$118.10 on January 1, 1890. Since that date there has been a decline of \$65.45, or more than 55 per cent. The average price each year since 1890 was as follows: 1891, \$111.16; 1892, \$101.17; 1893, \$91.91; 1894, \$75.83; 1895, \$60.77, and 1896, \$52.65.

From LaGrippe.

How Dr. Miles' Nervine Restored One of Kentucky's Business Men to Health.

NO DISEASE has ever presented so many peculiarities as LaGrippe. No disease leaves its victims so debilitated, useless, sleepless, nerveless, as LaGrippe. Mr. D. W. Hilton, state agent of the Mutual Life Insurance Co., of Kentucky, says: "In 1889 and '90 I had two severe attacks of LaGrippe, the last one attacking my nervous system with such severity that my life was despaired of. I had not slept for more than two months except by the use of narcotics that stupefied me, but gave me no rest. I was only conscious of intense mental weakness, agonizing bodily pain and the fact that I was hourly growing weaker. When in this condition, I commenced using Dr. Miles' Restorative Nervine. In two days I began to improve and in one month's time I was cured, much to the surprise of all who knew of my condition. I have been in excellent health since and have recommended your remedies to many of my friends." Louisville, Jan. 22, 1895. D. W. HILTON.

 A western paper tells of a fellow, who, everytime he gets on a spree, insists on paying a year's subscription to his town paper. He has already paid to Jan. 1st, 1947. An effort should be made to ascertain what brand of whiskey the fellow is using, that it may be more generally put on the market.

 Bay City is rather hard on common thieves. Five boys charged with stealing a keg of beer were convicted. John Rutten and Frank Kissane were sent to Ionia for six months, and Christopher Schmaltz, Thomas Rutten and James Slay were placed under bonds to keep the peace.
 A druggist in Tekonsha offered a prize of a pound of baking powder to every school ma'am who would get married during the year. The druggist is nearly out of baking powder, and it is expected there will be a raise in teachers' wages, from the scarcity of school ma'ams.
 One of the sights to be seen at Elk Rapids is a horse colored red. The lady who did it used ink first, but that did not appear to suit her, so she dyed him. Her husband is engaged in business in the upper peninsula and has not been home for some time. The lady must have wanted a gay turn-out.

Reeves, his wife, on the 15th day of September, 1892, to Mary F. Schmeck, and recorded in the office of the Register of Deeds of Iosco county, Michigan, on the 19th day of December, 1892, at 7.30 o'clock, p. m., in liber 13 of mortgages on page 32, which mortgage was, on the 28th day of December, 1892, assigned to Benjamin L. Rand, and such assignment recorded in said office on the 30th day of December, 1892, and assigned by said Rand on the 18th day of October, 1894, to Josephine A. Rogers, which assignment is also recorded in said office on October 20th, 1894; that the amount now claimed to be due on said mortgage is fourteen hundred and sixty-five and thirty-three one hundredths dollars.

Notice is therefore hereby given that the property described in said mortgage, viz: Lots five and six in block number 29, according to the recorded plat of the village of East Tawas, in said Iosco county, will be sold, at public auction, as the statute provides, to the highest bidder, on Thursday, the 19th day of March, 1896, at the hour of two o'clock, p. m., at the front door of the Iosco county court house in Tawas City, that being the place for holding the terms of the circuit court in said county. McDONALD & HALL, JOSEPHINE A. ROGERS, Attorneys for Assignee.

MORTGAGE SALE.

Whereas, default has been made in the payment of the money secured by a mortgage, dated the eighth day of May, A. D., 1894, executed by John McLennan and Susan McLennan, his wife, to John W. Balcom, which said mortgage was recorded in the office of the register of deeds of the county of Iosco, in liber 13 of mortgages, on page 111, on the 10th day of May, A. D., 1894, at 9 o'clock a. m.

And whereas the amount due on said mortgage at the date of this notice, is the sum of two hundred and five dollars and fourteen cents of principal and interest and the further sum of twenty-two dollars as an attorney fee, stipulated for in said mortgage, and the costs of proceedings having been instituted at law to recover the debt now remaining secured by said mortgage or any part thereof, whereby the power of sale contained in said mortgage has become operative.

Now therefore, notice is hereby given, that by virtue of the said power of sale, and in pursuance of the statute in such case, the said mortgage will be foreclosed by a sale of the premises therein described, at public auction, to the highest bidder, at the front door of the court house in the City of Tawas City, in said county of Iosco, on the 15th day of February next, at ten o'clock in the forenoon of that day, which said premises are described in said mortgage as follows to wit: Lots number one and ten in block number five, of the village of Tawas City, (now City of Tawas City), Iosco county Michigan. Colgrove, May 12th, 1888, which assignment is recorded August 1st, 1890 and said Colgrove being deceased and the Probate Court of Iosco county having determined that Susan Talb, Henrietta Upson, Matilda Ames, Frank McKinney, William Mc Kinney, Minerva McKinney, Hiram McKinney, and Mary McKinney, are the sole heirs at law of said John Colgrove, deceased, and assigned, and set over to them, said mortgage by Sibley G. Now therefore, notice is hereby given, that by virtue of the said power of sale and in pursuance of the statute in such case made and provided, that said mortgage will be foreclosed by a sale of the premises therein described, or so much thereof as may be necessary to pay the amount due on said mortgage, with interest and legal costs, together with an attorney fee of fifteen dollars as by the statute in such case made and provided, at public auction, to the highest bidder, at the front door of the court house, in the City of Tawas City, in said county of Iosco, (that being the place of holding the circuit court for said county) on the 18th day of March, A.
