AN OPEN LETTER.

The Agricultural Society Officers after the Gazette Editor.

EDITOR TAWAS HERALD:—The Iosco County Gazette in its issue of Jan. 18, 1896, published an article head, "Annual Agricultural Meeting." After stating the names of the officers elected, it goes on and says: "The society financially is in such a discouraging condition that no one of great executive or clerical ability is anxious or even willing to take hold of it." Does Mr. Jackson say this because he was not elected to some office? The next item is with \$1,200 debt, is true, but Mr. Jackson fails to tell his readers how these debts were created or what for. In looking over the records, we find under Mr. Jackson's secretary ship a motion to inquire on what terms and conditions the old fair grounds were transferred to the D. B. C. & A. R. R., and whether the conditions, etc., had been complied with. This occurred January 25, 1890. Mr. Jackson was one of the committee. January 12, 1891, Messrs Jackson, Sullivan and Schefler were appointed to further investigate into the real estate possessions of the society and to solicit presentations of all bills against said society. Now, what were those bills? They consisted of lands owned by Mr. Eastman and Mr. Merrick inside the fair grounds. Eastman claim amounted to \$760.91. The contract was signed by John Sullivan, president, and C. R. Jackson, secretary. The Merrick claim amounted to \$267.57, and was signed by Sullivan and Waterbury. Here is some of the \$1,200 indebtedness. The next item is a loan to build a house on the fair ground, to the amount of \$275. The last item is back taxes to the amount of \$368. Total \$1,302.48. Some of these debts and interest must have been paid since contracts were made, but not under Mr. Jackson's secretaryship.

Another act of the society's officers which seems to worry Mr. Jackson more than it does the farmers, is the cutting of the premium awards to 50 cents on the dollar.

When the officers of the society took charge of the affairs in January 1895, they found.

Notes due A. H. Phinney	\$301.44
Bills and unpaid premiums, 1894	66.95
Interest paid Harting during year	22.00
Tax bills bought during year	5.00
Tax abstract bought during year	8.00
Paid for improvements and damage caused by cyclone	165.72
Total	\$471.11

This statement perhaps explains why the officers were obliged to reduce premium awards to 50 cents on the dollar, and that they receive ridicule for the acts of former officers.

Mr. Jackson further states that the taxpayers chip in about \$300 to \$400 each year. The records show that in 1894, \$230 was raised by taxes, and for the year 1895 \$200.

Now, Mr. Jackson why don't you publish the truth? You know that a statement was made to you of what had been paid during the year 1895. Why did you not published it? If in your opinion the present officers are a set of fools, it is hoped that the good people of Iosco county will turn out next fall to the fair and take a good look at them, paying a quarter a piece for doing so. After those fools have counted the quarters so received they will have money enough to pay premiums in full, also a certain amount apply on the society's debts. But perhaps Mr. Jackson can furnish the society with a redeemer. It is said he is a good hand at it.

Now, Mr. Editor, it is not the intention of the society's officers to seek notoriety in a newspaper controversy, neither do they care what Mr. Jackson has to say about them. All the officers care is that the standing of the society be placed in its true light before the people who help to contribute toward its support. Last year's officers as well as this year's officers stand ready to put their shoulders to the wheel, and if needs be, contribute one half of their premiums toward paying the society's debts.

Respt. yours,
GEO. C. ANSCHUTZ, Sec'y.

NEIGHBORING NOTES.

FROM OUR EXCHANGES.

Several highway robberies have taken place in Bay City of late.

The Alcona county and the Iosco county teachers' associations will have a joint meeting at Harrisville next Saturday.

Alpena will try to get the tenth district Republican convention which is to choose delegates to the Republican national convention.

The people of Bloomer, Montcalm Co., wish to be decidedly up to date, and have asked to have an "s" added to the name of their village.

The S. T. & H. Railway coal elevator at Sebawaing and its contents, 600 tons of coal, was damaged by fire Saturday night to the extent of \$2,500.

During the past 10 years it is said that \$30,000,000 has been taken out of the Saginaw valley and invested in pine lands and other property in California, the south and west.

The colony of Bay City people who recently went to Fitzgerald, Ga., sent word back that many of them are sick and would like to get money enough to pay their fare home.

"Uncle Charley" Lamont, of Houghton Lake, though 95 years old, thinks it great sport to walk to Roscommon and back, a distance of 24 miles. He runs a small farm all by himself.

Bay county superintendents of the poor have passed a resolution to the effect that all bodies of pauper whose friends do not claim them, will be sent to the "pickling rats" at Ann Arbor.

The Bay City council has passed an ordinance requiring the Consolidated Street Ry. Co. to sell six for a quarter tickets on cars for use at all times and 8-cent tickets for use between the hours of 5 and 7, morning and evening.

Koko is the name of a newly established postoffice in Sanlac county, and the postmaster in charge is named Beers. One would think those two drinks wouldn't mix well, but everything seems to be all right so far.

Prosecutor Gilbert, of Bay county, has commenced suit against Arenac county. He finds that the statute of limitations does not apply. The claim is about \$14,000, Arenac's share of the state indebtedness incurred while Arenac was a part of Bay.

The next celebration of the Loyal Orangemen of Michigan will be held in Saginaw July 12. Circular letters are being sent out by the state grand master, directing the co-operation of all Orange lodges in the state to make the celebration a success.

A small boy stole a ride on the coupling pin of a Bay City street car. In jumping off he was caught in the trolley rope and dragged along the pavement at the rate of 20 miles an hour, but when the car stopped he surprised every one by taking to his heels and running away, without a scratch.

Petoskey citizens were shocked a few days ago by a report that a human skin had been found in one of the vats at the local tannery. Investigations showed that the skin belonged to one of the prominent residents, who was still inside it when found. He had fallen into the vat, but was pulled out before he was completely tanned.

Merton Smith, a Chicago evangelist who is conducting revival meetings in Gaylord, likened dancing to "dancing the tightrope over hell," and christians who dance to "thin, flabby cattle that would never get fat," such as he had seen in Texas, always hunting tufts of coarse grass on the hill sides, while there were rich pasture on the table lands above.—Evening News.

Peter Roberts's six year old daughter, Celia met with an accident Monday noon by which her left leg was broken below the knee. She was on her way to school when a boy who was coasting on the slide walk with a sleigh ran into her, with great force, breaking both bones of her leg. She was taken home, where the fractures were reduced by Dr. Weir.—Oscoda Press.

Alfred Kenna, who killed George Betts in a Port Sanlac saloon row, was last Friday found guilty of murder in the second degree. Judge Beach sentenced him to 17 years at Jackson. Kenna took his sentence much more calmly than the jury's verdict, when he sobbed pitifully. His only request to the court was that he be allowed to see his sick wife and family before being taken away.

C. S. Pierce, of the Oscoda Press has bought the subscription list and good will of the AuSable Monitor and the papers will be consolidated under the name of Press-Monitor. The first issue of the new paper will appear this week. There should be a good living for one paper in Oscoda and AuSable, and Mr. Pierce being an able newspaper man we bespeak for him renewed prosperity, to which he is justly entitled.

A few days ago the inhabitants of Turner, a small place in Arenac county, were shocked and horrified over the conduct of H. N. Gardiner, who has always been considered a good citizen. Gardiner had one horse and a cow, and he tied them up and cut their throats with a large butcher knife. His excuse was that he had nothing for them to eat and did not propose to give them away to any "scoundrel." He had been drinking for some time. His neighbors say he is educated and naturally a brilliant fellow.

A row which occurred at the Marvin House Wednesday evening resulted rather disastrously to Chas. Marvin. Charlie and Fred Yockey were engaged in a little "scrap" and Fred fastened his teeth in Charlie's cheek and bit out a good-sized chunk. Fred waived examination Thursday morning on a charge of "assault with intent to do great bodily harm less than the crime of murder." He is out on bail, his brother Chris, signing the bond. Mr. Marvin's injury is doing well.—Oscoda Press.

HON. THEODORE RUNYON, United States ambassador to Germany, died very unexpectedly at Berlin, Sunday night, of heart failure. He had been ailing for some time but no fatal results were anticipated.

JIM TURNER, of Lansing, has a longing to represent the sixth congressional district in congress, but with his free-silver ideas, he is at loss to know whether to stay in the republican ranks or organize a new party.

THE new silver party which was organized at Washington last week, will hold its national convention at St. Louis, Mo. July 22, next. Michigan is entitled to 34 represents. Work of completing state organization will be commenced at once.

No doubt the Sultan has made as great a concession as he dares in consenting to admit Miss Barton and other members of the Red Cross Society as individuals. In the present heated condition of Moslem fanaticism he might find it dangerous to give official recognition to a Christian society established on an international basis. The Red Cross has been recognized in heathen China and Japan, it is true, but both are essentially more civilized than Turkey.—*N. Y. World*,

NEW YORK city has had but one national political convention of a dominant party. That nominated Horatio Seymour, in 1868. The democratic and republican conventions since 1832—when the first presidential convention was held—have been held as follows: Baltimore, ten; Chicago, nine; Cincinnati, four; St. Louis, three; Philadelphia, two; New York, one; Minneapolis, one; Charleston, one. The first six democratic conventions, from 1832 to 1852, were held in Baltimore.—*Saginaw News*.

Thoughts of 1896.

Now that the excitement of holidays is over, during this season when farm work is not crowding, is the best time to consider farm management for the coming year. How many farmers begin the year's labor by premeditated calculations? How many keep the object of improvement in view, striving to do better work in everything each season, instead of remaining year after year in the old rut of previous practice? Can we not as farmers introduce business principles in our management as well as those of other professions? Should we be satisfied after making two blades of grass grow where one formerly did, when it is in our power to increase the number to five or six? We do possess this ability, but it must be developed by study. "One good head is worth many hands." Regardless of how industrious a farmer may be, he will have many days at this season when inclement weather will prevent muscular labor, and those should be most profitably devoted to head-work.

Size up the old farm, and study out the line of business the better adapted for it. Compare the results with your personal abilities, and see if there is a general harmonizing. Do not settle back in the rut of general farming, but decide on a leader, and then push that object to its fullest extent. Consider all the little details connected with your main work, from the beginning to the end. Plan the whole season labor now, and the manner in which every part is to be conducted, keeping the watch-word "thoroughness" continually in view.

Now that you have decided what you are going to do the coming season, do not fear of becoming too enthusiastic on the subject. Do not commence in a half-hearted manner, your thoughts associated with a possible failure, but go at it with a vim; study and master the work until success must follow under the general laws of "cause and effect." Do not get discouraged by the comments of those who possess too little energy to undertake your excellent work. We know this is, in part, a reiteration of

many things I have already mentioned in these columns, but many things (sauerkraut for instance) are better when re-cooked, and we cannot think of a better time to consider these subjects, seriously, than now. We can see why a manufactory must divide their labors, and concentrate the labors of each workman to one piece of work. We can understand how by repetition and study, the aggregated expenses of an article can be reduced, and under the same line of argument we can see how the farmer by devoting his entire time and thought to the production of one article, can excel far above his brother who divides his attention with a half-dozen different objects.

The time was when a machinist was taught to manufacture all the different parts of a locomotive, but today he learns but one piece of work, and why? Simply because competition is so great that profits have been greatly reduced in the last twenty-five years, and the manufacturer finds that in order to compete with others, he must reduce the expense of construction to a minimum, and that can only be gained by a repetition, or single price labor.

Now these are simply business principles, the effects of competition. Really, isn't there as great an increase of competition in the line of farming, during the past twenty-five years, as there has been in any manufacturing business?

O! I love the life of a farmer. I love to think of my childhood days, happy days, spent on the dear old farm, and I long to see the profession of agriculture raised to a higher standard, and its followers wealthier and happier. A gentleman told me the other day that he admired my efforts to benefit the farmer, but it was time wasted, for what was told them went into one ear and out the other. I do not believe that, in fact I know better.

I well remember calling on one of the most shiftless farmers in one of our southern counties, who told me there was no money in fruit growing. His trees indicated that ignorance was the cause of that opinion, and I thought "Now I will see if a little missionary work will be seed sown on good ground or not." I spent a half day with him, pruned a number of his neglected trees, explaining the principle as I did it, advised him to get a sprayer, and told him its advantages, etc., etc., and ending by giving him the address of a first-class fruit journal. Three years from that fall, I met him at a county fair with a first premium collection of the finest fruit I ever saw. He told me that conversation changed the whole course of his farming; that he had frequently wished he could raise fruit but did not know how, supposed it was impossible.

We have all much to learn. Let our watchword be "excel." Let us one and all form a resolution that we will do all in our power to crown the closing of A. D., 1896, with laurels of success, never before known in the history of the Dear Old Farm.—*Pennsylvania Farmer*.

ONE NEW INDUSTRY.

A new Box Factory and Shingle Mill to be Erected.

Bennett & Redhead have secured a three years contract to manufacture box material for the Saginaw Box Factory, and will commence at once. In the connection with the manufacturing of boxes, they will also manufacture shingles. The work of the foundation will begin Monday, on the railroad near the W. S. & L. Co. plant.

The boxes made are for the packing of axle grease, both the round boxes and the outside boxes for shipping in. The material used will consist of dry pine, jack and sap pine, to be furnished in bolts. This will give the farmers of this vicinity an opportunity to dispose of a large amount of timber which would otherwise be nearly useless.

The firm will purchase dry pine bolts 21 and 26 1/2 inches long and 8 inches and upwards in diameter Jack and sap pine bolts 31 inches in length and 7 inches and upwards in diameter. Also all good shingle bolts.

The firm are both experienced men in the shingle and lumber business and are well known to most of our readers.

Our citizens should give the new industry a cordial welcome, as it will undoubtedly be the nucleus of a large factory within a few months, and such industries should receive the hearty support of all, if we wish our city to thrive.

Schmeck, and recorded in the office of the Register of Deeds of Iosco county, Michigan, on the 19th day of December, 1892, at 7:30 o'clock, p. m., in liber 13 of mortgages on page 32, which mortgage was, on the 28th day of December, 1892, assigned to Benjamin J. Rand, and such assignment recorded in said office on the 30th day of December, 1892, and assigned by said Rand on the 18th day of October, 1894, to Josephine A. Rogers, which assignment is also recorded in said office on October 30th, 1894; that the amount now claimed to be due on said mortgage is fourteen hundred and sixty-five and thirty-three one hundredths dollars.

Notice is therefore hereby given that the property described in said mortgage, viz: Lots five and six in block number 28, according to the recorded plat of the village of East Tawas, in said Iosco county, will be sold at public auction, as the statute provides, to the highest bidder, on Thursday, the 19th day of March, 1896, at the hour of two o'clock, p. m., at the front door of the Iosco county court house in Tawas City, that being the place for holding the terms of the circuit court in said county.

McDONALD & HALL, JOSEPHINE A. ROGERS, Assignees.

MORTGAGE SALE.

Whereas, default has been made in the payment of the money secured by a mortgage, dated the eighth day of May, A. D. 1894, executed by John McLennan and Susan McLennan, his wife, to John W. Balcom, which said mortgage was recorded in the office of the register of deeds of the county of Iosco, in liber 13 of mortgages, on page 111, on the 10th day of May, A. D. 1894, at 9 o'clock a. m.

And whereas the amount due on said mortgage at the date of this notice, is the sum of two hundred and five dollars and fourteen cents of principal and interest and the further sum of twenty-five dollars and six cents of attorney's fees, in said mortgage and no suit or proceeding having been instituted at law to recover the debt now remaining secured by said mortgage or any part thereof, whereby the power of sale contained in said mortgage has become operative.

Now therefore, notice is hereby given, that by virtue of the said power of sale, and in pursuance of the statute in such case, the said mortgage herein described, at public auction, to the highest bidder, at the front door of the court house of the City of Tawas City, in said county of Iosco, in the 15th day of February next, at ten o'clock in the forenoon of that day, which said premises are described in said mortgage as follows to-wit: Lots number one and ten in block number five of the village of Tawas City, (new City of Tawas City), Iosco county Michigan.

By reason of default in the payment of two hundred and twenty-six dollars, claimed to be due at the date of this notice, upon a mortgage given by Jacob Katterman and Ellen Katterman, his wife, to Alva Wood, April 11th, 1883, recorded April 21st, 1883, assigned to John N. Colgrove, May 12th, 1885, which assignment is recorded August 1st, 1890 and said Colgrove being deceased and the probate court of Iosco county having determined that Susan Tebo, Henrietta Upton, Matilda Ames, Frank McKinney, William McKinney, Minerva McKinney, Hiram McKinney, and Mary McKinney, are the sole heirs at law of said John Colgrove, deceased, and assigned, and set over to them, said mortgage by Sibley G.
