A Conference of Michigan Democrats Dec're Therefore.

At the Democratic Free Silver Conference held at Lansing, Thursday, March 12, the address given below was unanimously adopted:

To Michigan Democrats:

The recent action of the American Bankers' Association in declaring their purpose to use all the efforts of that mighty organization to pledge the national conventions of both the great parties to the gold standard, together with the previous announcement of the Secretary of the Treasury by authority of the administration, that the "silver heresy" was to be driven out of the Democratic party and gold monometalism, with retirement of greenbacks and substitutes of bonds and bank currency, was to be forced as the policy of the Democratic party in the coming national convention; brings us face to face with the most momentous issue that has ever confronted the Democracy. A secret meeting was recently held to carry out the Wall street policy in this state by using the power of patronage to control our coming state convention.

We regret the disposition that prevails to a certain extent among Michigan Democrats to passively submit to this subversion of the principles of Jefferson and Jackson, and the complete wreck of the party which it would entail. We remind you of the many brave struggles for the people's rights, which tried and true Democratic leaders have made in the past. To desert such men on the eve of the greatest political struggle this continent has ever known would be like deserting the flag in the face of the enemy. Gratitude for the sacrifices made for us by men who have had the courage of their convictions, devotions to the principles of the Democratic party and reverence for its history and tradition—all demand that every Michigan Democrat should exert his influence to prevent the contemplated treason to our party.

We remind you that since Thomas Jefferson declared that our currency must stand upon both metals, every national Democratic convention that has mentioned the subject, has pledged the party, to the full and free coinage of both silver and gold on equal terms, and that since silver was demonetized in 1873 every Michigan Democratic convention has declared in favor of both silver and gold as full legal tender primary money. We call your attention to the platform of our last state convention, which consisted of a single plank, pledging the democracy to the free and unlimited coinage of silver at the ratio of sixteen to one. We also remind you that in ten successive efforts to undo the crime of 1873, a large majority of the Democrats in Congress voted for the full restoration of silver and every attempt was either killed outright by Republican voters or defeated by their substitutes and make-shifts.

As in 1860, we believe that another crisis has been reached in the affairs of the republic, and in the interests of the Democratic party. The same influence that have subverted free institutions and established aristocracies in the past are again arrayed against the interests of the republic. The same influence that have defeated the honest expression of Democratic sentiment in recent conventions in other states are to be utilized for the same purpose in Michigan. Unless the friends of true democracy of the common people awake to the danger,

we shall have a democracy—already betrayed, debauched and demoralized—plunged into the utter despair of the dark days of the party succeeding the events of 1860. We therefore appeal to Michigan Democrats to rally to the defense of the party and rebuke those who are trying to compel the Democratic party to follow the leadership of John Sherman.

Democrats, this is your fight. The people's interests are at stake and the party organization in every township is threatened. Your only safety is in sending delegates to the county, state and National convention pledged unequivocally to support the unlimited coinage of both silver and gold on the old ratio of sixteen to one. We urge you to attend the caucuses and conventions for this purpose, realizing that the sentiment of the people in this state is overwhelmingly opposed to the single gold standard, and that a state convention at Detroit, April 29, which honestly represents the will of the Michigan democracy is all that is necessary to defeat the conspiracy now on foot in the state.

Senatorial Extravagance.

There are ninety Senators. They have 353 employees to wait upon them at a cost of about \$482,000 a year. That is to say, each Senator, besides his salary of \$5,000 a year, must have attendance costing \$5,355 a year.

There are 121 clerks to committees, etc, in a body numbering only ninety persons. There are fifty-two laborers though nobody can imagine what labor they perform. There are fifteen policemen, though the Senate end of the Capitol is fully guarded by the Capitol police.

Senator Chandler has rendered a public service by calling attention to this monstrous extravagance. It is an abuse of large proportions, and it is made worse by the fact that most of the money is paid to persons near to the Senators themselves for purely nominal service. In other words, the Senators are quartering their families and dependents upon the country at an annual expense of nearly half a million dollars to the taxpayers.

The exposure ought to compel a reform.—N. Y. World.

To Be General Manager.

A new fire insurance company, to be named the Mutual Fire Insurance Co., Limited, is being formed in Detroit. Granger Hill of this place and John F. Faxon of Detroit are the promoters of the new company, and Mr. Hill will be the general manager. The list of charter members contains the names of some of Detroit's leading citizens, among them the following: Edward Smith, of the Gratwick, Smith & Fryer Co.; W. W. Hamman, real estate dealer; W. H. Elliott, dry goods; J. L. Hudson, head of the Hudson Co.; Alex Mc Vitte, Detroit Dry Dock Co.; Geo. H. Russell, president State Savings Bank; R. S. Robinson, boots and shoes; Albert Pack, Detroit Railway; Truman Newberry, capitalist.

Edward Smith will probably be president of the company, and E. F. Loud, who is one of the charter members, is likely to be vice-president.

Mr. Hill does not expect to change his residence to Detroit, for a time, anyway. The new company expects to begin business about May 1st.—Oscoda Press.

Neighboring Notes.

Gilchrist's big mill at Alpena commenced cutting hardwood lumber last week.

The North Michigan Schoolmaster's club meets at Petoskey, April 2, 3 and 4.

The schools and churches at Grayling have been closed on account of diphtheria.

W. D. Gordon, of Midland, wants the republican nomination for congress in this district.

A company is being formed at Alpena for the purpose of mining of iron ore and silver near that city.

Rev. W. F. Irwin, of Westminster Presbyterian church, West Bay City, has handed in his resignation, to accept a call to Chicago.

The republican county convention at Cheboygan was decidedly anti-Pingree. Only one or two of the delegates to the state convention favor Detroit's mayor.

The Otsego county poor superintendents have brought suit against Genesee county for \$5,000 damages, alleging that they have expended \$2,000 for Mrs. Amanda Clark's keep, when, as a matter of fact, she belongs to Genesee county.

A test suit of the Drovers' National bank vs. farmers of Alpena county to recover a note given by the farmers of the Chicago Supply Co. for certain goods sold by agents in the country during 1895, resulted in a verdict of no cause of action.

The stage driver between Omer and Au Gres was horrified by sounds of approaching robbers. He whipped up his horses, but an ominous grunt in the darkness told him it was sure death if he went on. Finally he alighted, threw up his hands and "scared" from their bed in the middle of the road four fat porkers.

Rev. Wm. Knight of the First Congregational church, Saginaw, threatens to resign. At the beginning of Lent he urged his people to be very good. Instead of doing so, he learned that several young ladies have been playing cards for money, and he saw two of his prize Sunday school boys beating a horse and swearing like troopers.

A well known Cheboyganer, coming home after a night with the boys, was in great fear of his wife. But a happy thought struck him. Raising an umbrella, he boldly walked into the bedroom. "Why, what is the matter?" she asked sternly. "Well, I expected a storm, and thought I'd come prepared." And all the wife could do was to laugh.

The owner of a house at Hayes, Huron county, ordered a tenant to vacate. In the night when the landlord was dreaming of the angel wings he hopes to wear, the tenant got thirty neighbors together and moved house and all to another piece of property and is spending considerable time now twirling his fingers in front of his proboscis when the landlord comes around.

While the Sunday patrons of a Port Huron saloon were drinking, the keeper got word by a telephone that the police were watching him. He hustled the crowd into the cellar, locked the door, and on going out found the police so thick around his place that he was unable to return to the cellar for several hours. The visitors held a mock Sunday school while they were waiting.

Wednesday of this week Henry & Pugh as attorneys for Agatha Betz, administratrix of the estate of George Betz, began a suit in the Sanilac circuit court against John C. Massman, Louis F. C. Schrandler and John Massman, of that county, to recover damages for the death of George Betz, who was killed by Al Kinney last fall. John C. Massman is the saloon-keeper who, it is claimed, sold Kinney the liquor which made him drunk. Schrandler and John Massman are the sureties on his liquor bond.—Oscoda Press.

Ed. Chevrier was arrested Thursday on complaint of Alex Bonenfant, charged with assault with intent to commit robbery. According to Bonenfant's story Wednesday night Chevrier and some other persons laid in wait for him and attacked him north of Hutton's hardware store, knocking him down and attempting "to go through him." According to Chevrier's story he met Bonenfant on the street and Bonenfant struck at him, whereupon a fight ensued in which Bonenfant got the worst of it. Chevrier's examination is set for Monday forenoon before Justice Cosgrove.—Oscoda Press.

The Republican state central committee has changed the date for holding the state convention to elect delegates to the national convention from May 14 to May 7.

It is safe to say that the coming democratic state convention will declare for free silver at the ratio of 16 to 1. Two years ago such a platform was adopted and there has been no reason for a change.

Six goldbug democrats have prevented the re-election of Senator Blackburn, from Kentucky, and brought disgrace upon their state. Such men should be left out of future democratic conventions.

We do not know whether Charley would accept or not, and it may be a little early to spring candidates, but we would like to ask where the democrats of the tenth district can find a better man to elect to congress this fall than Hon. Charles S. Hampton, of Petoskey.

SENATOR CARLISLE is being boomed for the democratic nomination for the presidency. If such a calamity should happen the party that he or any other gold standard man should get the nomination, it would be worse than useless to make an effort to elect the next president. No gold bug can be elected president in 1896.

ONLY a few days ago Chairman Carter was going to have free silver or swamp the Republican ship of state. Now he is out for McKinley as the "logical candidate. It would be mighty interesting to know just what switched the colonel's giant intellect in its ratiocinations, and how much, if anything, the vexed subject of finances had to do with it.—Free Press.

ALEXANDER HAMILTON said in 1791: "To annul the use of either of the metals as money is to be abridged the quantity of the circulating medium, and is able to all the objections which arise from a comparison of the benefits of a full with the evils of a scanty circulation." Jefferson in a letter to Hamilton in February, 1792, said: "I concur with you that the unit must stand on both metals." It was reserved for a president of the United States, after 80 years of history, when we had become the strongest nation on earth, with more domestic and foreign commerce than any three other nations, to plead the baby act and let foreign states determine what we shall have as money.—Kalamazoo Gazette.

Mrs. J. P. Bell, Ossawatimie, Kan. wife of the editor of The Graphic, the leading local paper of Miami county, writes "I was troubled with heart disease for six years, severe palpitations, shortness of breath, together with such extreme nervousness, that, at times I would walk the floor nearly all night. We consulted the best medical talent. They said there was no help for me, that I had organic disease of the heart for which there was no remedy. I had read your advertisement in The Graphic and a year ago, as a last resort, tried one bottle of Dr. Miles' New Cure for the Heart, which convinced me that there was true merit in it. I took three bottles each of the Heart Cure and Restorative Nerve and it completely cured me. I sleep well at night, my heart beats regularly and I have no more smothering spells. I wish to say to all who are suffering as I did; there's relief untold for them if they will only give your remedies just one trial." Dr. Miles Heart Cure is sold on a positive guarantee that the first bottle will benefit. All druggists sell it at \$1, 6 bottles for \$5, or it will be sent prepaid, on receipt of price by the Dr. Miles Medical Co., Elkhart, Ind.

 Joseph Blust was quite seriously injured the fore part of the week by being knocked off a load of lath while driving under the tramway at the Holland & Emery Co.'s mill, in East Tawas. At last reports he was some better.
 Another large assignement of ladies' spring jackets just received direct from New York at Friedman's.
 Peter Evertz has purchased the interest of his partner, W. B. Kelly, in the furniture store, and will hereafter conduct the business himself. Mr. Evertz will move the entire stock to the old Glenwood building on the corner of Lake and Mathew streets, which is now being remodded, and will add largely to the stock. Mr. Kelly has not fully decided what he will do, but will continue to be a resident of Tawas.
 Now is the time to buy, and at Friedman's is the place.
 Among the many attractions of the forthcoming March Midland Monthly (Des Moines) are "The Cripple Creek Boom," with a full page-picture of the town and other illustrations, a splendidly pictured article on the Ladies of the Diplomatic Corps in Washington, the Lake Country of England, illustrated, a Fiction department of rare interest, a historical sketch by Frank Calkins, a tribute to the late Judge Wright, by A. B. Cummins, the true story of "Hold the Fort," by Captain Adams, who did the signaling from Kenesaw Mountain, and "Women's Clubs in Nebraska," by Mrs. F. B. Tracy of Omaha, with numerous portraits. In answer to inquiries raised by the splendid tribute paid The Midland and its editor in the Chicago Times-Herald, of January 20th, Mr. Brigham informs us that flattering inducements have been offered him by several Chicago capitalists, but that his intention is to remain in Des Moines where he is best known and where in the face of all obstacles he has achieved a gratifying and satisfying success—thanks to the liberal support of the Midland press and people.

A Remarkable Celebration.
 A remarkable celebration was held in Frankenmuth township, Saginaw county, Tuesday—four golden weddings all in a lump. Still more remarkable is the fact that the marriages were solemnized at the same time. Just before the boat for America set sail from Bremen, Germany, March 17, 1846. Mr. and Mrs. John G. Hubinger, Mr. and Mrs. George A. Ranzenger, Mr. and Mrs. John Lotter, Mr. and Mrs. John Benthall, Mr. and Mrs. John M. Hubinger and Mr. and Mrs. G. M. Beyerlein were married by the same minister. They spent their honeymoon on the Atlantic and moved directly to Frankenmuth, where they were among the pioneers. Death has spared all except the wives of John Hubinger and G. B. Beyerlein, who of course could not join the celebration.
PEOPLE'S CAUCUS.
 A People's Caucus will be held at the Tawas Hall (Cheese Factory) on Monday the 23d day of March, A. D. 1896, at two o'clock p. m., for the purpose of Nominating Candidates for the several township offices, and to transact such other business as may properly come before it. Dated March 16th, 1896.
 BY ORDER OF COMMITTEE.
