One of our pioneer residents Mr. L. Billville died at his home Monday late in the afternoon. A wife eight children and many friends mourn his loss. The funeral services was held in the catholic church Thursday. The Foresters and Father Kenney of East Tawas conducted it.

TYRANT.

### Council Proceedings.

(OFFICIAL.)

A special meeting of the common council of the city of Tawas City, was held at the council chamber, Monday evening, January 17th, 1898, pursuant to a call by the Mayor, for the purpose of considering the matter of making an appropriation to meet the expenses of the Sanitary convention to be held in this city, January 20-21. The meeting was called to order by Mayor Murphy. Present Mayor Murphy, Aldermen Bigelow, Dove, Murphy, Phelps, and Clerk Pat. terson. Absent Aldermen Rollin, Waterbury and attorney Jahraus.

The following resolution wos offered by Alderman Dove, and supported by Alderman

RESOLVED, That while we are heartily in favor of the purposes of the Sanitary convention which is to be held in our city January 20 and 21, 1898, we are unable to contribute toward the expenses of said convention from the public funds, but recommend that said expenses be raised by personal contributions.

The resolution was adopted, all present vot

Moved by Alderman Murphy and supported by Alderman Phelps that council adjourn. Carried, all voting yes.

M. MURPHY, L. J. PATTERSON, Mayor.

### A New Way To Apply It.

The following which happened not many miles away, shows a new method used by a young lady in her endeavor to capture a young man, or in the other words, trying to show how she could do the act of cook, hoping by the endeavor to win one mark in his estimation.

It seemed that the father and mother of the young man in question were detained in town, and the son with the lady friend, who was staying there together with his little sister were left to look after the farm. Supper time came and the young lady turned her hand to getting supper. Everything went well, and the evening meal was placed on the table. After the meal had progressed some Mrs. Coyle has been very sick but snow slowly recovering.

the little sister turning up her nose as children do. said, "say"—(calling the young lady by her professional ane), these potatoes taste like solt soap! That was enough, the young man arose, left the house and deposited his potatoes outside.

The facts of the case are, that instead of using the dish that contained lard and fat meat for warming up potatoes, she used a dish very simular in apparence to that of the other but which contained soft soap, and the good impression that she hoped, was to leave "soft

Now girls, don't use "soft soap, when you are after a fellow," but if necessary apply it in the right

### \$1.00 Per Yearin Advance

If the Gazette's boom for George A. Loud should result in his nomination, he would probably find out how popular he is among the tax payers of Iosco county.

SINCE Cramp has shown an inclination to appoint all possible opponents to good federal jobs, the candidates for congressional honors among the republicans of the Tenth district, are springing from every four-corners and cross road.

IT will be amusing to see the Mancelona Herald and a few other anti-Pingree republican papers throughout the state in their efforts to get back into line next fall, when the wind-bag reformer walks away with the republican nomination for governor agam.

THE recent disgraceful senational fight in Onio is another strong argument in favor of the election of senators by a direct vote of the p ople. If the people had an opportunity to vote for senators, fewer such men as Mark Hanna would be able to purchase seats in the United States senate.

visers, it is said, are concerned over female complaints are using Royal Tea, the question of president Dole's rank, and find it a health-giving and beautywhich must be settled before the producing tonic. Sold by all druggists. character of his official reception can be determined. It may aid them to knov that as an Hawaiian sent free to any address. Mr. Dole will naturally expect to be entertained with a lunu, a feast South Bend Remedy Co. whereat Kanaka courtesy demands that the distinguished guest shall be regaled with por. baked puppy and twenty-me kinds of raw fish. -New Yoak World.

THE Canadians are bound to get even with the states for the levying of that lumber duty if it is possible. They are now talking of putting a duty on nickle. It is well known that nickle enters largely into the manufacture of armor plate and most of it comes from Canada. One American firm owns a mine over there which benefits the states about \$1,200, 000 every year. The Toronto Globe wants a duty placed on matte (raw nickle) and thus force the American owners to move their refineries from New Jersey over there. The Globe says that Toronto would probably get the refinery and that this large sum expended ther each year would go a long way towards the improvement of Toronto and calls upon the Dominion government to do its daty to the people of Canada.—Ex

IT appears that an attempt is being made by the Tammany organization of Greater New York, to again dictate the policy of the democracy and eventually name the candidate for 1900. This attempt also seems to have a backer in the Chicago Democracy lead by Mayor Harrison, who has aspiration to run for vice-president. The "snap" was partially given away last week when the New York Journal came out against W. J. Bryan for his persistency in clinging to the 16 to 1 ratio. It is none too early at this date to serve notice on all so called democrats who advocate any change in the financial plank of the party for the next campaign, that such action will not be tolerated by the rank and file of the party. William J. Bryan and the "free and unlimited coinage of silver at the ratio of 16 to 1," is the leader and motto, for 1900, and wee to those who attempt to tread on either the man or the principle. They will be consigned | \*\* to a deeper politial oblivion than a either Don. M. Dickerson or the fat fisherman from Buzzard's Bay.

If the silver forces of the country are thoroughly united, they can win. That has been admitted by anti-silver men. If the silver forces are not united, it will not be the fault of the men who are at the head of the National Committees of the three parties which advocate the free coinage of silver in the last National Campaign. As a result of a number of conferences between Chairman Jones, of the democratic national committee: Chairman Buther, of the populist national committee, and Chairman Towns, of the silver republican nat-ional committee, a joint address to the friends of silver has been prepared and will be widely circulated, with

a view to securing cooperative action in every congressional district in which there are organizations of two or more of these parties, in this year's campaign. In other words, the object is to secure the election of a silver representative in every congressional district which has a majority of silver voters. If the spirit of this address is accepted and put into practical effect by the voters, there is no doubt that a majority of the next house will be silver men.

BEAUTY is two-fold, that of form and face, each is pleasant and desirable, but neither is complete without the other.

Clears the Complexion and Develops the Form.

A few months trial of this simple tonic will convince any woman that there is a quick and delightful path to the possession of that beauty so admired by mankind and so desirable to all women.

The Royal Ten will positively give to any woman who uses it according to directions a perfect complexion, brilliant eyes, a full, rounded figure and perfect digestion, and will prevent and cradicate many of the disorders and weaknesses the female frame is heir to. Ladies who have not a fair share of beauty, those who would retain that which they have, PRESIDENT MCKINLEY and his ad- and those who seek freedom from all One half pound for \$1.00, half size 50 cents. ## PARMERS' INSTITUTE.

The Most Successful Yet Held in This County.

The third annual institute of the Iosco County Farmers' Institute Society was held at the court house in this city on Thursday and Friday of last week, and was the most successful yet held. The average attendance of progressive farmers was much larger than previous years, and was M. Walker, and Reuben Wade. predict that as the benefit of these institute become better known, our farmers' will become more enthusiastic in taking part there iu.

This institute was under the direction of A. E. Palmer, of Kalkaska one of the very best practical farmers in the state, and a man who has the ability to impart the knowledge obtained by actual experience, to his brother farmers in a clear and concise manner, so that they may be benefitted by that experience.

The institute was opened Thursday morning at 10 o'clock by an address of welcome by John W. King, which was responded to by Mr. Palmer, the conductor.

Prof. W. W. Fulton, of the Agricultural College, gave an address on "Soil moisture, a practical talk on proper cultivation." This subject proved very interesting and instructive, the speaker illustrating the

The afternoon session was opened by a vocal solo by Miss Nettie Dariing which was much appreciated.

the program, was handled in a satisfac- ed in the developments of Iosco countory manner by Mr. Palmer, and ty farming and his experiments will many good ideas resulted therefrom. be very valuable to our farmers.

Ruben Wade, one of the most successful potatoe-growers of our county then gave an excellent paper on "growing potatoes for the market," In the discussion of this paper, Mr. how Kalkaska county farmers handle | where. the potatoe question successfully, by market price for their potatoes.

"Soil Fertility" was a subject handled by Conductor Palmer, in an able manner, and while the HEARLD representative was not there to hear it, we are imformed that it was full of good points from first to last, and the only regret expressed is that every farmer in Iosco county was not present to hear it. Mr. Palmer has demonstrated by actual experience that it is much better and that more money can be made from a small farm well farmed than a large farm half farmed.

In the evening Mrs. Mattie A. Kennedy, of Slocums, gave a pleasing and instructive paper on "The Life we live." Mrs. Kennedy, is a lady of rare attainments and her paper was one that could not fail to bring much happiness to any home, either county or city, if the excellent advice was put in practice. If people as a rule would look on the bright side of life and learn to love what ever occupation they were called to. the world would be much better, and if some of our farmers would appeciate their wives and put them on an equal with themselves their farming would be more successful.

N. C. Hartingh gave an address on "Does the farm offer better busmess chances than the city for boys." Mr. Hartingh handled the subject in his usual forceable and able manner, and showed that the success of all was in charge, and her paper, "Being boys depended on the manner in a Helpmate," was replete with useful which they applied themselves.

which she demonstrated her ability as delivered in an excellent manner. an elocutionest, and which were warmly received.

Willie Koenig. The ability of this manners of children. young musican was much appreciated by all present.

ments of successful farming in this accomplished and pleasing lady. Northern Michigan' by conductor Palmer, The speaker brought out many valuable points.

This was followed by the regular business meeting and election of officers which resulted as follows.

President-J. M. Walker. Secretary-Len J. Patterson. Treasurer-John Sullivan.

Vice-presidents from the various townships as follows: Tawas, Thomas Curry; Tawas City, John W. King; East Tawas, A. C. Kay; Baldwin, Andy Arnold; Wilber, E. F. Abbott; AuSable, W. J. Angle; Oscoda, S Vaughn; AuSable City. C. R. Henry;

Alabaster, T.G. McCausland; Grant, F. W. Lathiam; Sherman, Nelson Johnson; Reno, Wm. Latter; Burleigh, M. Butts; Plainfield, John

Delegates to the Round-Up,-J.

The afternoon session was opened with a paper on "Every-day Dairying for Every-day Farmers," by J. W. Hutchins, of Jackson county. This speaker gave a plan of successful darrying for those following "mixed farming," that was full and complete, and not composed of theory, but from actual experience from one who has made it a success. Mr Hutchins gave instructions in care for cattle and milk, how to prepare feed and dispose of your finished product to the best advantage. He advised farmers to carefully study their cows and find out what was necessary for each individual cow, in order to secure the best returns. The discussion of the subject was led by Henry Drake, and many valuable pointers

"Tile Drainage," by John M. Waterbury, brought many good ideas which could not fail to be beneficial to the farmer.

effect of water upon the soil, and | Rev. A. C. Kay, of East Tawas, showing that by frequent cultivation gave an interesting talk on experithe soil moisture could be retained to ments, which he is making with difa large extent. The discussion of ferent seeds and exhibited a number this paper brought out many valua- of fine samples. The most interesting ble points and that each farmer must point in his talk was in regard to consider the peculiar conditions of his growing potatoes direct from the seed in order to secure a potato particularly adapted to our climate and soil. He exhibited a number of samples thus grown, from which he expects to raise a quantity of seed potatoes next The question box which was next on season. Mr. Kay is greatly interest-

Hon. Thomas Mars, of Berrien county, was present and talked to the farmers on the benefits of a Grange, and at the close of this session a Grange was organized by him, a re-Palmer gave the farmers an idea of port of which will be found else-

W. Hutchinson. The speaker detheir soil, and by this means have monstrated that the successful farmtaught outside buyers that they can er must from necessity keep fully insecure the best potatoes on the market | formed as to the progress of the world in that county, as a result buyers are by reading the agricultural and newson hand in large numbers each year papers and thus profit by the experiand the farmers secure the largest ence of others, also to profit by the reading of books on subjects of interest to his avocation. No farmer can be successful who fails to keep up his mental fertility as well as the fertility of his farm. Conductor Palmer. Mr. Mars and others brought out many good ideal along this educational line.

P. C. Goldie gave an interesting paper on the "Effects of Postal Sav ing Banks on the Country," which was discussed at considerable length.

In closing the institute, Mr. Palmer took occasion to comman! our farmers and our citizens in the warmest terms for the interest manifested and the kind and hospitable manner in which he and his associates had been entertained. Resolutions of thanks to the state board for sending such able and pleasing speakers here to conduct the Institute, were passed by the auidence, and the most successful Institute ever held in losco county was closed.

THE LADIES' SECTION.

Our report of the Institute would be very incomplete if we should leave out this important feature. While no men were allowed to attend this section and consequently the HERALD representative could not be present. we are informed that this meeting, which was held in the Baptist church Thursday afternoon, was one long to be remembered by the large audience present. Mrs. Mattie A. Kennedy and justructive ideas upon making a Mrs. Kennedy favored the au- home what it should be and necessity dience with a couple of selections, in of early training in children, and was

Mortgage Sale.

Notice is hereby given that default has been made in the payment of sums of money secured. to be paid by a certain mortgage made and executed by Mary A. Worth as mortgagor to Peter Delaney as mortgagee and bearing date the 9th day of November, 1896, and recorded in the office of the Register of Deeds for the county of Iosco, State of Michigan, on the 9th day of November, 1896, in liber 15 of mortgages, on page 31, that there is claimed to be due and payable on said mortgage at the date of this notice for principal and interest and taxes paid, the sum of one hundred and twenty-nine dollars. together with the attorney fee provided for by statute and the cost of these proceedings, that no proceedings at law have been instituted to recover the money secured by said mortgage or any part thereof; that there remains owing upon said mortgage, the sum of two hundred dollars with interest thereon from the 9th day of November, 1897, at the rate of six per cent, Now, therefore, by the virtue of the power of sale contained in said mortgage and the statute in such case made and provided. Notice is hereby given that on Tuesday the 19th day of April, 1898, at ten o'clock in the forenoon, I shall sell at public auction to the highest bidder at the front door of the court house, in Tawas City. county of Iosco, State of Michigan, that being the place where the circuit court of said county of Iosco is holden, the premises described in said mortgage to satisfy the said sum so due aforesaid, but subject however to the amount not due on said mortgage;' the said premises being described in said mortgage as that piece o parcel of land situated in the city of AuSable" count of Iosco, State of Michigan, described as lot 13, block "0" in Stockman's addition to the village (now city) of 'AuSable. Dated, January 13th, 1898.
