James R. Snody left for Onaway again. He says we have not got enough snow to suit him. The fact is, he got a new pair of long legged boots and the snow is not deep enough to use them.
Whittemore Mutual Improvement Association is advancing rapidly. Members who are coming in lately say it is worth twenty five cents each meeting to attend. New members are steadily increasing and more enthusiasm is being shown by its old ones. All are invited to attend our meetings Friday evenings, and no one can afford to be absent.
Robert Winkins returned Tuesday, accompanied by his partner, Mrs. Daily, to whom he was united in the holy bonds of matrimony about a week ago. One peculiar feature was that the wedding supper was served at the home of A. Wilsie

Circuit Court.

The case of John Sullivan vs Christ Westman, et. al. was commenced Friday morning. This is the case where in Mr. Sullivan brings action for damage against fifteen of the signers of a petition to the board of supervisors, which petition it is claimed is liable, in that it contains charges against Mr. Sullivan as superintendent of the poor, for spending the public funds in an extravagant manner and upon person unworthy of public aid, etc. Main J. Connine and Charles A. Jahraus, appeal for Sullivan and Albert E. Sharp and Charles R. Henry, for the defendants. Friday and Saturday was devoted to taking testimony, when the case was put over until Tuesday morning.
Monday was devoted to the hearing of the chancery case of Eugene Efield vs James Hamelton, et. al. The judge has not yet rendered his decision in this case.
Tuesday morning the Sullivan damage suit was again taken up and the taking of the testimony lasted until Wednesday noon. The afternoon was devoted to the arguments and the case was given to the jury at about 6 o'clock. The jury were out all night and at 11 o'clock Thursday they came into court and announced that they had agreed upon a verdict. When the verdict was called for, Foreman Kennedy announced that they had "agreed to disagree." The Judge informed them that that was not a verdict and ordered them back to the jury room. At 1 o'clock the jury announced that they had agreed and rendered a verdict, holding the defendants guilty as charged, and assessed the damages at \$100.00, in favor of the plaintiff, John Sullivan. The attorneys for the defense asked the customary privilege of a stay of proceedings to prepare an appeal.
The case of Joshua W. Minthorn v. The Oscoda Boom Co., to recover damage for flooding his farm and injury to crops, was commenced Thursday morning, and is occupying the attention of the court as we go to press.
The case of the City of AuSable vs. the Board of Supervisors, which was on trial last Thursday, is still pending.

Obituary.

Jennie H., eldest daughter of Mr. and Mrs. William Myles, of this city, died Friday, February 4, 1898, of miliary tuberculosis, aged 17 years, 1 month and 12 days. The deceased has been a patient suffer for several months passed and death came to her as a welcome relief. She was a student of our city high school and an active member of the Christian Endeavor society, and leaves beside her immediate family a large circle of young associates and friends to mourn her untimely death. The funeral services were conducted from the M. E. church at 2 o'clock Sunday afternoon, Rev. Schofield officiating, and were largely attended. The remains were interred in the Tawas City cemetery.

Resolutions.

The following Resolutions were adopted by G. K. Warren Post, No. 63, Grand Army of the Republic, at their regular meeting, Tuesday, February 8th:

WHEREAS, Our comrade, Joseph Bayard, has passed from thores of time to the boundless eternity; from the deep and ever deepening shades of dotage and helplessness, to the eternal light and glory of the farther shore, where the troubles of earth can never come.
THEREFORE, we, his surviving comrades, cannot be unmindful of the fact that in as much as the reaper has again broken our line and called for his own, that our earth life is but a shadow, and is at any moment subject to the Great Commander's call. While we again with saddened hearts close our ranks, again "touch the elbow," we hope "by the mercies of God" to meet our comrade on the farther shore, divested of all that pertains to the earthly life and invested with the robes of the heavenly, and may the sharer of his joys and sorrows, who is left to mourn, find, even in her affliction "the peace of God, which passeth understanding."

RESOLVED, That the foregoing be spread on our record and published in the Iosco County Gazette and TAWAS HERALD, and a copy furnished the surviving friends of the deceased.

Republican Hypocrisy Exposed By Teller.

There is no doubt whatever that two thirds of the voters in 1896 were in favor of the restoration of silver coinage.

The reason why so many silver men voted against Bryan was because they believed that the republican party was a silver party. Time and again the party had adopted platforms favorable to silver, had condemned Grover Cleveland for his opposition to silver and subviency to English gold monometalism, and McKinley had not only voted for free silver but had bitterly denounced Cleveland and the democrats for opposing it.

Under these circumstances the declaration in the St. Louis platform in favor of silver, coupled with a pledge of international bimetalism, deceived the great majority of the republican voters. Teller, Towne, and the gallant band of free silver republicans who refused to be carried over into Grover Cleveland's camp, saw that the pretense of the republicans was a hollow sham, but the rank and file of the party still trusted their leaders.

Now, however, there is no longer any chance for deception. The mask has been torn off. The republican administration and the republican party both stand pledged to carry out Grover Cleveland's infamous financial policy. The republican party has confessed that it no longer abides by old-time republican principles, and those who wish to vote for the principles of the republican party of the past will have to cut loose from the party.

The hypocrisy of the republican leaders has been exposed by Senator Teller. He called up in the senate the Matthews resolution which passed almost a solid republican vote in 1868, and which declares that all government bonds and obligations are payable either in silver or gold at the option of the government, and that it is not in derogation of public faith to pay such obligations in silver of the present weight and fineness.

The resolution passed the senate by a two thirds vote, but in the house Speaker Reed rallied his forces and the resolution was defeated by a strict party vote, only one republican voting for it and one dodging. As the resolution simply reaffirmed what is already the law of the land its passage or defeat was of no importance except to show where the republican leaders stand, and this Senator Teller has accomplished so successfully that many republican papers say that from this time on all pretense of friendliness to silver must be dropped. The Grand Rapids Herald, which only a short time ago gave the most positive assurances that the republicans would restore silver coinage, now says:

"The republicans who fail to come out squarely for the gold standard are making a mistake. They know the party is committed to the gold standard, and it is now too late to take even one backward step. To talk further of international bimetalism is to waste time that may be valuable."

Now that the party has repudiated its principles, what will silver men who voted for McKinley do about it?—*Petoskey Democrat.*

Township Boards Are Required to Publish Annual Reports.

Sections 1, 2 and 3 of Act 262, page 394, of public Acts of 1897, provide as follows:

Sec 1: The people of the state of Michigan enact, That the township board of the several townships of the state shall make and cause to be published annually, immediately upon the settlement of the township board, an itemized statement of first, the amount of money in the hands of the township treasurer at the beginning of the fiscal year, specifying the amount in the several funds; second, the amount and source of all money placed to the credit of the township and the fund to which the same has been accredited; third, all bills audited and allowed by them; fourth, all disbursements of money made by them, and for what purpose and from what fund the same has been paid; fifth, all outstanding unpaid claims and to what fund the same are charged; sixth, the balance of money remaining to the credit of the town

ship, specifying the amount in the several funds. The said itemized statement shall be written or printed and distributed in numbers not less than five nor to exceed fifty copies and also post three copies of said statement in conspicuous places, said distributing and posting to be made at the polls of every annual township meeting, at the commencement of the opening of the polls.

SEC. 2. That the expense of carrying out the provisions of this act shall be a charge against and shall be allowed by the township board and paid out of the general fund of such township.

SEC. 3. The failure on the part of the township board to comply with the provisions of this act, shall be deemed to be a misdemeanor on the part of all the individual members of such township board not voting therefore, and shall be punished by a fine of not more than twenty-five dollars, or by imprisonment in the county jail for a period of not more than thirty days, or both such fine and imprisonment in the discretion of the court, upon the complaint of any taxpayer within such township.

WASHINGTON LETTER.

FEBRUARY, 7th, 1898.

Bossing is catching. Mr. McKinley is now trying his hand at bossing congress, or to be more exact, the republicans in congress. Each republican has been notified that the administration does not intend to recognize the belligerence of the Cubans, nor to intervene, either peaceably or by force, so long as present conditions continue to exist in Cuba, and that every republican who seeks in any manner to agitate the question in congress will be considered an anti-administration man, and be so treated by the president. How is that for a bit of high-handed muzzling? Senator Mason, of Illinois, is one of the republicans who doesn't intend to be muzzled on the Cuban question. He says he will this week offer a resolution instructing the president to demand peace in Cuba, which he believes can bring about at once, and he added: "Something must be done, and I will at least give the senate a chance to do a lot of talking. It is a shame that our government permits such a state of affairs to exist in Cuba."

There is a probability that Mr. McKinley and the Czar of the house may lock horns over the latter's program for the house. Mr. McKinley wishes the house to pass a financial bill carrying out some of the recommendations of his message, and Mr. Reed has said that the house should not pass a financial bill. If Mr. McKinley doesn't back down, there is likely to be a hot time in the old house.

Czar Reed will soon have another fight on his hands. He has said that no river and harbor bill should be passed by the house at this session, but the committee is going right ahead preparing a bill and by a judicious distribution of appropriations, it is believed that enough votes can be secured to pass the bill regardless of the Czar, and its members say the attempt to do so will certainly be made.

Representative Terry, of Arkansas, tersely stated a great truth, during the little debate in the house which accompanied the attempt by democrats to get action upon a bill to compel the administration to bid up to the full indebtedness, principal and interest, of the Kansas Pacific railway, when it is sold, when in reply to a taunt from Representative Dalzell, of Pa., that he only wanted to have government ownership of railroads, he said: "We had better have government ownership of railroads, than railroad ownership of government." During the same debate, Representative Bailey, of Texas, said: "On this side we believe the government can collect the debt, and as a prudent creditor that it should collect every dollar of it." The republicans oppose this legislation on the ground that the president already has sufficient power. It is to prevent the abuse of the that power by a settlement that will not include full payment of principal and interest that the democrats desire the legislation.

At a conference of silver republicans and populists; attended by every senator and representative of both parties, the plan for a general co-operation in the congressional campaign with the democrats was unanimously ratified. It was also the unanimous sentiment that Mr. Bryan was the logical candidate of the allied silver forces in 1900. It was also decided that ex-Representative Towne, chairman of the silver republican national committee, should be sent to Oregon where the congressional election will be held in June, to aid in carrying out the co-operation plans in that state.

Every enterprising man is a help to his town. The more money he makes if he uses it, the better for the community. A place cannot build up without him, and a wide awake, growing town is a benefit to the surrounding country. Hence, it is to the advantage of all to encourage enterprising men in all walks of life and frown on the efforts of the pretty, envious individuals who are ever ready to thrust their more successful neighbors in the back on the slightest provocation in attempts to injure them and destroy their usefulness.

Crop Report.

The following crop report was issued by the secretary of state Wednesday:

There was very little precipitation in Michigan in December until about the 12th of the month. The average depth of snow on the 15th, was in the southern counties 1.54 inches, in the central 1.84 inches, and in the northern counties and upper peninsula from 9 to 12 inches. Soon after the 15th snow fell generally throughout the state, and on the 31st the average depth in the southern counties was 7.89 inches, and north of this section from 14 to 21 inches.

The prevailing opinion of correspondents is that wheat has not been damaged.

In reply to the question, "Has wheat during January suffered injury from any cause?" 71 correspondents in the southern counties answer "Yes," and 373 "No." In the central counties 30 correspondents answer "Yes," and 115 "No," and in the northern 1 answers "Yes," and 73 "No."

The total number of bushels of wheat reported marketed by farmers' in January is 1,229,810, and in the six months, August-January, 10,263,864. The amount marketed in the six months, August-January, is more than two-fifths of the crop of 1897, and is 3,058,089 bushels more than reported marketed in the same months last year.

At 78 elevators, stations and mills from which reports have been received there was no wheat marketed during January.

Live stalk throughout the state is in good condition.

The State "Round-up" Farmers' Institute will be held at the Agricultural College, Michigan, Wednesday, Thursday and Friday, February 23, 24 and 25, 1898. We have seen the program prepared for this meeting, and can say that it is one of the finest programs of the kind ever offered in this state. Some of the topics to be discussed are, "Sugar beet growing in Michigan;" "Keeping up soil fertility;" "The development of northern Michigan;" "Markets and marketing;" "Stock feeding and breeding;" "Fruit growing." All of these topics will be handled by masters. All of the state Institute speakers will be present, such men as Hon. J. H. Brigham, Asst. Secretary of Agriculture; T. B. Terry, of Ohio; Hon. Geo. McKerron Supt. of institutes, of Wisconsin, and one of the leading sheep breeders of country; Pres. Hutchins; of the University; Dairy and Food commissioner Grosvenor; Railroad Commissioner Wesselius; Gov. Hazen S. Pingree. There will be a Woman's session each afternoon, beginning with Wednesday which will be addressed by Mrs. Mary A. Mayo, Mrs. Mattie A. Kennedy, Mrs. Ella E. Rockwood, Mrs. Irma T. Jones, Mrs. Belle M. Perry and Dr. Mary Wood-Allen.

The railroad rates for this meeting will be a fare and a third for the round trip, on the certificate plan. Hotel rates will be very low, so that the best accommodations can be had for from \$1.00 to \$1.25 per day. For this occasion street car fare to the College will be 5c each way. Cars run every half hour.

County Institute societies, Granges, Farmers, Clubs, agricultural and horticultural societies, woman's clubs, are invited to send delegates. Go and take your wife. We advise you to send for the full program, which can be obtained by dropping a postal card, making the request, to superintendent of of institutes, Kenyon L. Butterfield, Agricultural College, Mich.

At last the important news comes that the great literary work contributed to by the Rt. Hon. William E. Gladstone and his seventeen scholarly conferees has been placed by the publisher on the general book market and is now within the easy reach of everyone in this community. We refer to the People's Bible History. It is well worth while looking this over just to see the great names in all denominations of faith who have been laboring in this notable undertaking and to realize the comprehensive way in which they have carried out the plan of producing a thoroughly complete and modern presentation of the Bible in its historical aspects. Whether judged from the literary or typographical point of view, it may very properly be called the most monumental production from the press in recent years. Its value to the reading public is certainly only equaled by the encyclopedias and other great works of reference. There is no book that we know of that has received such general and unqualified approval from the clergy and the press. As the publisher provides the work in so many editions there ought to be no trouble about being suited either as to bindings or payments. Two editions are offered at popular prices, as well as two in more sumptuous style to suit the more fastidious book-lovers. The most acceptable style for the great majority, however, will undoubtedly be the quarto edition in sixteen parts, bound in stiff paper covers and convenient for easy handling. This is issued especially to bring the work within the reach of all classes. As everyone who pretends to have any kind of a good private library, no matter how small, must have the People's Bible History on his shelves. Our booksellers will doubtless find a ready sale for it among the thinking people of our midst. HENRY O. SHEPARD, publisher, 212-214 Monroe Street, Chicago, Illinois. (11-25.)
