OUR COUNTY SCHOOLS

The following paper was given by Miss Mable Redhead, of the pinth grade of the Tawas City Public Schools at the Memorial Day exercises.

THE GRAND AREY OF THE REPUBLIC.

In no country, save our America, does there exist among the people, such a feeling of common brotherhood, and in no other association is this fraternal feeling more obvious, than in that of the Grand Army of the Republic.

When in 1861 President Lincoln called for volunteers, to help preserve our Union, men grom all over our land responded to that call, and went forth, as one man with one mind, to save the country or die. Many did die, as we all know, but the Union lived.

When the war was ended, and the brave soldiers had returned to their homes, an idea was suggested by Dr. B. F. Stephenson, of Springfield Ill., that all honorably discharged soldiers and sailors, of the army navy and marine corps, should unite in forming an organization for the purpose of keeping alive the brotherly feeling, that had bound them together in hours of peril, as well as in hours of triumph. And as still more worthy object, that o perpetuating the memory of their dead.

In order to effectually carry out this deaign, John A. Logan their second commander-in-chief originat ed the idea of establishing a day, to be known as Memorial Day, in which, year by year, they could manifest the reverence, in which they held the memory of their dead comrades.

They have made an effort also, to interest the children, in these expressions of loyalty; and how well they have succeeded, is plainly demonstrated, by the prompt manner, in which the boys grown to manhood under these influences, have of late answered the call of another president, to suppress another evi!.

We school children can testify to an evidence of their efforts to encourage patriotism. The flag of our Unfon, which floats over our school-houses, is there at the suggestion of the Grand Army of the Republic.

It is also interesting in having our text books on history reliable and accurate.

Charity as well as Fraternity and Loyalty is another of their laudable objects, as many of their own number and families of many deceased members can tell.

The membership of the Grand Army of the Republic, at their twenty-fifth national encampment. held Jan. 1. 1891, was estimated at 500,000; at their last reunion their number had fallen to 350,000. Reflection upon this fact, proves to us, that the Grand Army of the Republic is passing away. Comrades heroic brothers. The time will come, when there will be no soldiers of '61; when our children's children will know of no Memorial day, only as an historical fact.

day, should be especially sacred.

Today there are other soldiers in camp. Today we have other dead to

MEMORIAL DAY.

Most Appropriately Observed by the Tawases.

Monday was an ideal day for Memoral exercises. It was bright and comfortable, and the exercises in each city were largely attended.

At 9:15 a. m. the column was formed at the depot in this city, under Sberiff P. E. Shien, as marshal-ofthe day. The line was headed by the city officials in carriages, followed by the city band, Sons of Veterans, Grand Army of the Republic, school children, Womans' Relief Corps, and citizens. The line of march was taken up and porceeded to the cemetry, where the exercises were held.

The exercises at the cemetry consisted of the regular G. A. R. memoral service and recitations and songs bo the school, and was much enjoyed by the large attendance. The graves were decorated by the ladies of the W. R. C. and the salute fired by the S. of V.

Business was entirely suspended and all business places and many residences were appropriately decorated with American and Cuban colors.

In the afternoon exercises were conducted at the East Tawas cemetry and were attended by as equally as large a crowd.

The only complaint heard was owing to the long distance trayeled in order to reach the cemetries. It has been suggested, and we believe should be carried out in the future, that the exercises be conducted at some central place between the two cities, and details sent to the cemetries to do the decorating. We believe this would assure a large attendance at the exercises and furnish more time for addresses and other exercises.

A Sons of Veterans Regiment.

Michigan Division Sons of Vetrans are now recruiting a regiment to answer to the second call for troops. The state has been divided into districts and a company will be raised in each district. The local camps appoint a recruiting officer who receives and enlists all men who desire to go. The membership of this regiment is not confined to the memhers of the order, but any one eligible to membership in the order is taken. The age limit is between 18 and 45.

Len. J.Patterson has been appointed recruiting officer, and is now ready to receive volunteers. Anyone whose father holds an honorable discharge from service in the rebelion will be enrolled on application to him, providing they can pass the necessary examination,

The convention will also transact such other business as may come before it.

According to the rule adopted by the demo-cratic state convention held in Detroit in 1880, and since followed, every county in the state is entitled to one delegate for each 500 votes cast for governor at the last general election, and one additional delegate for a fraction of not less than 250 votes. But each county is entitled to at least two delegates. All delegates must be residents of the county which they represent.

The delegates from each congressional district will meet in caucus at 10 o'clock on the morning of June 22 at quarters to be hereafter designaled by the state central committee, and will select persons for recommendation to the convention for service upon the several commit-

tees of the convention. Each district will be entitled to one vice-president of the convention and one assistant secretary, and one member on each of the committees on credentials, permanent organization, and

order of business and resolutions. The secretary of each county convention is requested to foward to the secretary of the state centeral committee at Lansing by the earliest mail, after the delegates to the state convention have been chosen, a certified list of such delegates as are entitled to seats at said convention from their respective counties.

County chairman in calling county conventions to elect delegates to the state convention, are requested to include in the business to be transacted by the county convention (in all counties where applicable), the election of delegates to the congressional and state senatoral and

representative conventions, when called.
All electors who approve of the Chicago platform of 1896 are invited to participate in the Democratic primaries under this call.

The public have been fed on rumors long enough. The diet is getting stale.

One Spanish fleet is permanently located at least. It is at the bottom of Manila bay.

Did Dewey lay himself liable to court-martial when he worked the shell game on the Spaniards?

Spain seems to have something of a flying squadron of her own. It may have to fly if it gets out of Santiago.

Rear Admiral Dewey is said to be the finest tenor singer in the American navy. He is certainly proficient on the "high C."

The Seventh Michigan Infantry will hold its annual reunion at Jackson June 14 and the Fourth at North Adams on June 25.

THE Pontiac Post publishes as a matter of news that the battleship Hazen S. Pingree is stripped for action. This statement is misleading. This craft is always stripped for action. It has been cruising in Michigan waters for ten years and has been ready for action at any moment during that time.

THE Regents of the University of Michigan have purchased a flagstaff one hundred and fifth feet high for the center of the campus. Half of it will be of steel, and the other half a ship's mast. The flag is forty feet wide, and was the gift of the Chicago Alumni Assaociation, who purchased it at the World's Fair.

"The Progress of the World," the

editorial department of the Reviews, of Reviews, gives not only a complete history of the war to date, but also a full discussion of the collateral TAWAS CITY. issues involved, such as the acquistion of new territory and the proposed alliances with other powers.

THE call for the democratic county convention for the election of delegates to the state convention and for the purpose of electing a new county committee appears in this issue. This is an important convention and the democrats of the county are urged co see that their township is represented with a full delegation. Don't neglect this, but call your township and ward caucuses at once, and elect men as delegates who will attend.
