LOUD CONVENTION.

A Hot Fight was Made for the County Clerkship, Fortysix Ballotts being Required.

The republicans held their county at 75 cents, at Friedman's. convention at the court house Tuesday and every township in the county was represented with a full delegation except Alabaster. Maynard Butts, of Whittemore, was elected tempoary chairman, W. H. Bradley, of Oscoda, tempoary secretary. After the appointment of the usual committees a recess of 30 minutes was taken to give them time to report. On reassembling the committees made their reports which were adopted. The temporary officers were made permanent. We did not hear the resolutions but understand that they endorsed everything republican from the administra. tion down. After the reports of the committees had been adopted the convention took a recess until one o'clock.

On being called to order after -dinner, the first business taken up was the nomination of a candidate for sheriff, and Peter E. Shien was renominated by acclimation.

The next thing on the program was the nomination for county clerk, and it proyed a battle royal. The first hallot gave John A. Marks 17, Frank F. Taylor, 15; Thomas Galbraith, 8; William H. Warren, 5; Gust Karus, 1. The balloting continued with very little change until the 42d socalled informal ballot when Mark received the required 24 votes, Taylor getting 19 and Galbraith 1. A motion was then mad to proceed to a "formal" ballot, which resulted in Mark receiving 23, Taylor 20, and two scattering. Two more ballots were then taken each of which were "stuffed." The 46th ballot nominated Mark, he receiving 25 to 21 for F. F. Taylor.

Richards was renominated by acclamation. The next nomination was that of prosecuting attorney, which brought out three candidates. A. E. Sharpe, C. A. Jahraus and C. S. Pierce. The first ballot resulted in the nomination of C. A. Jahraus, he receiving 24, Sharpe 19, and Pierce 2. In accepting the nomination Mr. Jahraus said that he had no excuses to offer for being in a republican convention, that when some of his republican friends urged him to accept the republican nomination for prosecuting attorney he concluded to do so. The scilence that followed Charlie's remarks was so oppressive that it took some time for the convention to re-

For a dead issue the silver question is receiving a lot of attention from the republican press.

WILL some of the republican papers explain to the farmers how it | ful farmer and much interested in the happens that wheat is worth only about 57 cents today, under the Dingley tariff bill, while two years ago it was bringing 70 cents or better.

If the next congress is controlled by members whose political views do public fund, he cast his let with the not impel them to apply whitewash to the records of corrupt officials who twelve years has been an active supassisted in those vast swindles, there will be an investigation that will never been a seeker after office, alcause dry bones to rattle. Surely though four years ago, at the earnest such a congressional investigation is as badly needed as one, that will fix the responsibility, for the blunders, neglect and incompetency in War Department affair .- Akron Democrats.

REPUBLICAN journals that profess ing of the soldiers are the same that on the war record of the McKinley administration.—Ex.

THE investigation of the administration by the administration will not result in a mixture of whitewash, sufficiently strong, to stop the sense of smell. The political corruption of republican party leader-ship, will continue to emit a rauseous odor for several generations yet unborn.

Two years ago the Vermont Democracy failed to give unqualified indorsement to the Chicago platform. The result was that Vermont's Democracy was buried from sight. This year the Vermont Democracy stood squarely upon the Chicago platform and the result was the smallest Republican victory in many years. And yet there are some gold advocates who have deluded themselves into the belief that silver is a dead issue .-World-Herald.

One of the cardinal principles of the democratic party is that the rich should pay equally with the poor for the support of the government which gives them protection. It was and is for this reason that the decocrats favor an income tax. As taxes are laid at present under the yaller administration of the rich and pompous trusts, the rich people of this country are practically exempt from taxation in proportion to their wealth and incomes. The war tax has come to stay -its a necessity so long as the Dingly abortion exists-and it's the poor men and women that are paying the oig end of the tax. The democrat party has eyer stood for equal and exact justice to all .- Grand Island Democrat.

THE faculty of the department of law is now considering plans for the dedication of the handsome new structure which will henceforth be its home. Thus far neither the precise date nor the details of the programe have been fully decided upon. It may, however, be said in a general way that the exercises will include three main features. First, there will be an address, probably in the afternoon, in the University Hall, by some distinguished speaker. This will be open to the public, and the public will also be invited to share in the second feature of the program, which will be an inspection of the new building. In the evening there will be a reception of the dean and faculty of the law department, to which the officers and senate of the University, members of the bar, friends of the University, and others will be invited.

Isaac S. Minthorn,

The democratic-union-silver nominee for state senator from the 28th district, comes from good old revolutionary stock. His father and one brother served in the war for American independence, being natives of Connecticut. The present candidate for senator was born in 1834, and settled in Michigan in 1868, taking up a tract of wild land in St. Clair county, where he hewed out a comfortable home. As his family grew up he required more room and so came to Iosco county about fifteen years ago, settling in Wilber township, where he resided for a number of years. Mr. Minthorn has always been a successagricultural developments of the

He is in favor of legislation that will be of benefit to the laboring and farming classes. If elected, he will represent the interests of his constituents and not those of the monopolists and trusts. The voters of the twentyeighty district will cast their yotes for Isaac S. Minthorn if they wish to have a man in the state senate who is there to represent them.

THE FAIR.

The Most Successful held in a Number of Years,

The 24th annual fair of the Iosco County Agricultural Society closed last Friday and from a financial point was the most successful held in several years. Some of the exhibits were not as large as in previous years, while others were much better. In quality they were equal to any ever had. The entries in the line of grain and root crops was yery light, as was also that in the cattle, swine and sheep departments. The entries in the horse department was the best ever had, both as to the number and quality, The display of fruit was the largest and best that has ever been seen here, and we predict that no better can be found in the state. The entries in the poultry department were up to the usual standard in excellence.

The races were the best had for some time. On Thursday afternoon occured the three minute race, which was won in straight heats by W. O. Emery's "Jay Sphynx." Cody's "Sprague" second, and E. D. Benedict's "Vine" third.

The colt race proved to be the most exciting of the day. It brought out four starters, and was won by "Klondyke," owned by John Kinney, of Alabaster "Ingot," owned by Harry Traxler. of this city, won second, and "Michigan Belle," owned by Thomas Lowe, of Grant, secured third.

Friday occured the "farmer's race," and Will Arn's horse won first, E Traxler's second, and Ed. Colgrove's third. There were six entries in this race.

The running race between Anker's brown mare and the Clough horse proved the exciting race of the fair. Considerable money was won and lost on the result. The race was won by the Clough horse in two straight heats. The last heat was an evelash finish.

The bicycle was won by Corwin Drake, of AuSable. Tom Dean and Rasty Babcock, of East Tawas, deyided second money.

The gross proceeds of the fair was about \$600.
