TAWAS CITY'S CHOICE!

Main J. Connine is Unanimously Endorsed for Circuit Judge.

As the result of a strong feeling upon the subject among our business men, a meeting of the business men and tax payers of the city was held at the council chambers Wednesday evening to consider the matter of a choice of a candidate for Circuit Judge at the coming spring election. When the meeting was called to order at eight o'clock, the council chamber was crowded to its full capacity with taxpayers. With one or two exceptions every business man in the city was present, and those not there were detained at home by sickness. The meeting was composed of republicans, democrats, silverites, goldites and prohibitionists.

Remarks were called for and while all present as will be seen by the resolutions, expressed the most kindly feeling for Judge Simpson, the present incumbent, and fully endorsed his administration as circuit judge for the past twelve years, it was evident after some fifteen or twenty had spoken, it was concluded that there was but one candidate in the field, so far as Tawas City was concerned, an every man heartily endorsed Main J. Connine, for the important position.

The following resolutions were offered, every person in the meeting voted for their adoption.

WHEREAS the time has again arrived when a candidate must be selected by the people to fill the important and honorable position of Circuit Judge of this circuit, which has been for so many years in the past, and is now filled so ably and honorably by the gentleman whose term is about to expire, and

WHEREAS, it is essential, if a change shall be made, for the interests of the county, that the very best material should be used in selecting a man for the position who possesses undoubted ability, a spotless reputation and unquestioned integrity and honesty of purpose, when chosen as Judge of the 24th Judicial Circuit, of which this county forms a part, and

WHEREAS, public sentiment in this circuit, has in a great measure crystallized and centered itself upon a gentleman, whose high standing at the bar, long residence in the county, large experience in the practice of the law, and learning and ability and recognized judicial qualifications, have made him the natural selection of the people of this circuit, we are thereby impelled to join in such recognition of Main J. Connine, of AuSable, as a man possessing in a pre-eminent degree the above qualifications, and best fitted for the high position of Judge of this circuit.

THEREFORE, we, business men and citizens of Tawas City, believe it our duty, in order to maintain an as high and honorable a plane the office and duties of Circuit Judge, as the same has heretofore enjoyed, to endorse hereby candidacy of Main J. Connine for such office, and we hereby pledge him our support and promise to use all honorable means in our power to secure his nomination and election.

It would be impossible to get a better expression of the voters of this city—previous to election—than that expressed at this meeting. The people of Tawas City have spoken, and their choice for Circuit Judge of the 25th judicial circuit for the ensuing six years is Main J. Connine.

The meeting was very enthusiastic, every person present desiring to make himself heard as a supporter of Mr. Connine, and the fact that Mr. Connine knew nothing of the meeting or its purport shows the strong hold he has upon the people of this section.

ROSE CITY.

Zero weather.
Good sleighing and those that are able are hustling

Eli Barba has severed his connection with Jas. Monahan's general store.

Several are still sick with la grippe and many have recovered so as to be out again.

Justice Cumming is able to be out again, and is once more at his old stand administering justice to the aggrieved.

Rev. Johnson is still sick, and has not been able to attend services for the past two weeks. He is reported to be on the mend.

Alex and Charles McCool, of Oscoda, with their families are in town, called here by the serious illness of their mother, Mrs. Snooks.

T. W. Campbell did not find it profitable to run his mill during such cold weather, so closed down until the mercury shows a warmer hand.

Anna Montgomery, of Northvill, is home with her parents Mr. and Mrs. Wm. Montgomery. She was called here by the death of her sister Mrs. Geo. Campbell.

Several sad deaths have occurred in our midst this winter but none seems so sad and touching to the hearts of so many as the death of the wife of our esteemed townsman Gen. Campbell, which occurred at 1 o'clock last Saturday morning, aged 23 years. This bright young lady was the youngest daughter of Mr. and Mrs. Wm. Montgomery and known by nearly every one for miles around.

They were married about 7 years ago and it looked to those of their most intimate acquaintances that a rainbow of sunshine would be theirs to enjoy for years to come. Young as they were Mr. Campbell had early in life set out to obtain a home and his fine farm and buildings are evidence of his industry and energy. To hear the young wife plead to live to care for her two little ones was pathetic in the extreme. Her aged mother's condition, arose from a sick bed and with that mother's love that knows no bounds flew to her side only to see her pass from earth to one beyond. Many were the tears that mingled with the grief stricken husband, parents, brother and sister as Lizzie was laid to rest. Services were held at the F. M. church. A. R. see presiding.

Seized for Taxes.

Sheriff Shien, who is collecting the taxes of AuSable township, and G. H. Cosgrove, treasurer of Oscoda township, yesterday made seizures of property belonging to the Loud firm for the 1898 taxes of said firm, still unpaid, and advertised the same for sale. We are informed that the H. M. Loud Sons Co. will replevy the property seized, on the grounds that this new firm cannot be held for the H. M. Loud & Sons' taxes. The property was assessed to the latter firm which has since been reorganized under the name of H. M. Loud Sons Co.

The amount of taxes in the two townships is about \$6,500. The firm have paid the taxes on certain parts of their property, but from the present indications intend to evade, if possible, the major portion of the tax assessed.

Circuit Court.

The regular February term of circuit court convened Tuesday, Hon. W. H. Simpson, presiding.

There were only five cases on the calendar and it was found the jury would not be needed and they were discharged.

The case against Alex Wickland for a violation of the liquor law, was the only criminal case and that was discontinued, on the payment of the cost by the defendant.

Elizabeth Leonard was granted a divorce from Peter Leonard.

Tax matters was then taken up for the balance of the day, when court adjourned until next Monday.

Democratic State Convention

The democrats of Michigan will meet in State Convention at the Academy of Music, in the city of Kalamazoo, on Wednesday, March 29th, 1899, at 10 o'clock noon, for the purpose of nominating a candidate for the office of Justice of the Supreme Court of Michigan, and two Regents of the University, and to transact such other business as may properly come before the convention.

According to the rules adopted by the Democratic State Convention held in Detroit in 1890, and since followed, every county in the state is entitled to one delegate to the State Convention for each 500 votes cast for governor at the last general election, and one additional delegate for a fraction of not less than 25 votes. But each county is entitled to at least two delegates. All delegates must be residents of the counties they represent.

The delegates from the several congressional districts are requested to meet in caucus at ten o'clock on the day of the convention in such places as may hereafter be designated by the State Central Committee, for the purpose of selecting a delegate for representation to the convention for the following named positions, to-wit: One chairman of the District Delegation; one vice-president of the Convention; one member of the Committee on Credentials; one member of the Committee on Preamble and Resolutions; and one member of the Committee on Resolutions.

In view of the increasing diversity which menaces our country and its institutions, we appeal to all patriotic people, regardless of party, to far and near, to unite in their efforts to protect the rights and liberties of the people from the encroachments of organized monopoly. We believe that the efforts of reform would be more effective if they were given an essential preliminary work, and we believe that their efforts in different political organizations. Therefore we cordially invite the members of the Union Silver and People's Parties, all those who have voted in the past with the Democratic Party, all those who subscribe to the principles set forth in the Chicago Platform, and all others who are desirous of associating with the party in the future to participate in the election for the election of delegates to this convention.

DANIEL J. CAMPBELL, Chairman.
CHARLES S. HANCOCK, Secretary.
E. G. CONROY, Assistant Secretary.

Under the above call for a District Delegation will be entitled to representation of three delegates each.

W. C. JOHNSON, senior vice-commander-in-chief of the G. A. R., will succeed the commander-in-chief, Col. James A. Sexton, of Chicago, who died Sunday morning.

Two inspectors general at Havana has discovered a lot of rotten meat in the supplies sent him. This particular inspector general should keep still and say nothing about the beef, else he may be court-martialed.

The house judiciary committee has reported a resolution declaring that Gen. Wheeler, Col. Campbell, Col. Colson and Major Robbins vacated their seats in the house when they accepted commissions in the army.

FIFTY FOUR American soldiers were killed and 200 wounded in the scrap at Manila on Sunday. The Philippines seem to be an expensive article they are costing a good many lives and a pile of money.—Albany Echo.

WHAT better recommend can M. J. Connine have for the position of Circuit Judge than the fact that he has been retained for 10 years in every important case which one of the largest firms in this section of the state have had?

When Judge Simpson was elected 12 years ago, he had for years been the attorney of several of the largest lumber firms and engaged in fighting the collection of taxes. Yet as

circuit judge he has made a record not equaled by any Judge in the state for enforcing the collection of taxes.

COMMISSIONS in the cavalry branch of the regular army, are vainly sought after by many West Pointers, but James Fuller Mc Kinley, son of Abner, and nephew of the president, whose only military experience consisted of a few weeks service as a private in the 8th Ohio Volunteers, has been nominated to be a 2d Lieut. in the cavalry branch of the regular army. The nomination is likely to be confirmed, simply because there is nothing against the young man personally, but all the same it ought not to be.

MR. KEEGAN, a representative of the International Mechanics Union, who was among those heard by the senate committee on education and labor, on the eight hour bill, made some startling charges. He charged that the Cramp Shipbuilding Company and the Maxim-Nordenfeldt Gun Company, being unable to fill at the price specified contracts for guns and gun carriages, awarded them by the government, had had the work performed by Government employes at the Washing Navy Yard, and received in cash, the difference between the cost of making and the contract price. He charged that under the arrangement specified, the Cramp Company had received \$17,000, as the difference between the cost of making the gun carriage and the contract price, and that the Maxim-Nordenfeldt Co. had received \$2,400 each for guns which were made by government employes, at a cost of \$1,000 each, thus pocketing a profit of \$1400 on each gun, without engaging in the work of making them. Senator Kyle has been directed to personally investigate these charges.

THE HERALD'S stand on the Land tax cases is well known to the larger portion of the voters of Iosco county. We are emphatically in favor of forcing the collection of taxes, not only against this firm, but against all others. We wish to say however, that we are not of the opinion that a man is disqualified for the position of Circuit Judge because he has been an attorney for a firm in their cases to resist the payment of taxes. It is legitimate business for an attorney to accept a retainer from either side in a tax case, and is no bar from holding a public office. We are thoroughly convinced that there is no better recommend for the election of Main J. Connine as circuit judge, than the fact that he has been retained by a firm for years, who are constantly in litigation. Unless he had the ability he could not secure a retainer from such a firm. When the people of this circuit have elected Mr. Connine to the position of Circuit Judge, they will find him just as conscientious and impartial in trying cases for the people as he is now to the interests of his clients.

Fertilizing the Garden.

There is no better way to fertilize the garden than to haul fresh manure from the stables and spread over the surface during the winter. Contrary to common belief there is never a time when manure is so rich in plant food as the day it is made, and the sooner after that it can be got to the place where it is to be used the more value will it add to the soil.

It is almost impossible to put too much manure on a garden. We would not hesitate to put it a foot thick on the surface, for it will leach only so much more plant food into the soil, and by plowing time next spring will be settled down until it can easily be plowed under to furnish humus for the betterment of the physical condition of the soil.

Wood ashes make an excellent fertilizer for the garden, but they should be saved and applied on top of the soil after it is plowed in the spring, as potash is one of the plant foods that may be wash-

ed too deeply into the soil to be reached by the roots of garden plants, many of which are shallow rooted.

Coal ashes contain no plant food of any kind, but if the soil is a little heavy they may be used with benefit to make it friable and more easily worked.

Perfect drainage, while it does not add to the store of plant food, brings into use that which is in the soil by preventing the packing of the soil in such a manner as to lock up the plant food where the rootlets cannot reach it.

We must get away from the notion that under drainage is practiced solely to get the water out of the soil. One of its greatest benefits is to allow the air to get into the soil, the drains acting as air pipes, which allow free circulation of air, and from this air the nitrogen is extracted which goes to make a thrifty growth.—Ex.

The Grip.

(From Detroit Journal.)

If you feel the cold chills creeping
Up and down your spinal bone,
If your feet feel like ice-burgs
Coming from the Frigid Zone,
If your head feels like a saw-log
Sawing beneath the brain deep,
If you toss upon your pillow
Vainly wishing restful sleep,
If hot flashes cross you over,
Lies claim you're in the city,
If you ache in every muscle
Till you're sure that you will die,
Then you've got the grip, I'll wager!
And you're in it with the style,
So let that thought instantly be,
Bear it patiently and smile!

"Do you know," said a well known Northville gentleman to the Record, "that boys are more particular who they go with than girls? You may think it a strange statement, but it is so. A girl will go on the street in open day with a boy who gets drunk but if a boy found out that a girl got drunk he wouldn't go with her. I wish our girls would be as particular with whom they go as the boys are."

Mr. S. A. Fackler, Editor of the Micanopy (Fla.) Hustler, with his wife and children, suffered terribly from La Grippe. One Minute Cough Cure was the only remedy that helped them. It acted quickly. Thousands of others use this remedy as a specific for La Grippe, and its exhausting after effects.

The smallest things may exert the greatest influence. De Witt's Little Early Risers are unequalled for overcoming constipation and liver troubles. Small pill, best pill, safe pill.

An exchange says: "Boys with hats on the backs of their heads and long hair hanging down over their foreheads and cigarettes and smutty words in their mouths are cheaper stuff than an old worn-out shoe; nobody wants them at any price. Men will not employ them and girls will not marry them. They are not worth their keeping to any one, and they will never be able to keep themselves. If any boy happens to read this description, let him take a look at himself and then do what his conscience tells him to do."

To insure a happy new year, keep the liver clear and the body vigorous by using De Witt's Little Early Risers, the famous little pills for constipation and liver troubles. Dr. G. S. Darling.

The following has been sent us by a poor fellow who undoubtedly has had his trouble lately: How few of us are really our own boss. The married men are subject to their sweethearts, the old mudd enter to their cats and puddles, while all of us bow to that weak thing called public opinion. We come to the world without our consent, we leave it against our protest, and while here kick at everything that crosses our path, but all to no purpose. The old world wags on, not caring whether we live or die, laugh or cry, shout or sing, not caring a curthing why, till we turn up our toes and may be to freeze or fry.

Horrible agony is caused by Piles Burns and skin Diseases. These are immediately relieved and quickly cured by De Witt's Witch Hazel Salve. Beware of worthless imitations. Dr. G. S. Darling.

A preacher comes at a newspaper man in this way: "You dare not tell the truth. If you did you could not live; your newspaper would be a failure." The editor said: You are right, and the minister who at all times and under all circumstances tells the truth about all members, alive or dead, will not occupy his pulpit more than one Sunday, and will then find it necessary to leave town in a hurry. The press and the pulpit go hand and hand with white wash brushes and pleasant words magnifying the little virtues into big ones. The pulpit, the pen and the grave-stone are the great triumvirat. And the minister went away looking very serious, while the editor turned to his work and wrote about the surpassing beauty of the bride and her wealth of glossy hair.—Ex.

Food Value of an Egg.

Six large eggs will weigh about one pound. As a flesh producer, one pound of eggs is equal to one pound of beef. About one third of the weight of an egg is solid nutriment, which is more than can be said of meat. There are no bones and tough pieces that have to be laid aside. Practically an egg is animal food; and yet there is none of the disagreeable work of the butcher necessary to obtain it. Eggs at average prices are among the cheapest and most nutritious article of diet. Like milk, an egg is complete food in itself, containing everything that is necessary for the development of a perfect animal. It is also easily digested, if not damaged in cooking.—Presbyterian Banner.

VICK'S SEEDS

Bulbs and Plants have gone to thousands of satisfied Customers for a half century and to celebrate the 50th year in business we have issued a Special **VICK'S GARDEN AND FLORAL GUIDE**, Golden Wedding Edition of which is a work of art. It has 24 pages in colors, 4 pages souvenir, and nearly 100 pages filled with handsome half-tone illustrations of Flowers, Vegetables, Plants, Fruits, etc., elegantly bound in white and gold. A marvel in Catalogue making; an authority on all subjects pertaining to the garden, with care for the same, and a descriptive catalogue of all that is desirable. It is too expensive to give away indiscriminately, but we want everyone interested in a good garden to have a copy, therefore we will send the Guide with a Dose Bill for 25 cents. It tells how credit is given for full amount of purchase of seeds for only 15 cts. It tells how credit is given for full amount of purchase of seeds for only 15 cts. A perfect little gem of a price list. It is simply the Guide condensed, finely illustrated, and in handy shape.

Vick's Little Gem Catalogue, enlarged, improved and up to date on all subjects relating to Gardening, Horticulture, etc., 50 cents a year. Advance 1000 copies—the Magazine one year and Vick's Garden and Floral Guide, for 25 cents.

Our new plan of selling vegetable seeds gives more for your money than any other Seed House in America.
