Subscription Price \$1.00 Per Year, if Paid in Advance, Otherwise \$1.50 Per Year.

WHAT is the difference to you whether you are held up by a highwayman and relieved of your money, or held by private trusts and relieved of it?—*Jackson Patriot.*

In the American Monthly Review of Reviews, which publishes a front-piece portrait of Rear-Admiral Kautz the Samoan difficulty is reviewed by the editor in the department of "The Progress of the world."

THE beef investigating committee report that Gen. Miles failed to substantiate his charges relative to the beef furnished the soldiers. The evidence (?) of the beef trust was evidently of a more substantial kind, than that of the soldiers who tried to eat the beef.

A LAW has been passed by the Wisconsin legislature making it illegal for legislators, and State, county and city officials to ride on passes. No danger of such a law being passed in Michigan—just imagine one of our "statesmen" paying his way on a railroad!—*Echo.*

THE U. S. treasury receipts for April fell \$15,400,000 below those for March, while the expenditures were \$22,800,000 more than those for the month previous. These figures for the month shows a deficit of \$24,242,412 for the month. How long before more bonds will be issued?

JAILS are built of honest men's earnings. Courts are supported from peaceful men's property. Penitentiaries are built by the toil of the virtuous. Crime never pays its own way. Vice has no hands to work; no head to calculate. Its whole faculty is to corrupt and waste; and good men directly foot the bills.

The present republican legislature is very liberal with the taxpayers' money. They are increasing salaries with frequent regularity and creating new offices to make room for some hungry republican patriot. Truly, Pngresism and Republicanism, coming together, are a heavy burden, but the large republican majority in the state has decided we must have them.—*Mason Democrat.*

THE Toledo Journal man says he does not know the meaning of "civilized warfare." Huh! Must be a leather-head. Why, it's a Christian educated nation jumping on to a weaker nation and giving a good big sum to take its place to kill a lot of semi-barbarous, ignorant, heathens, who sought to throw off the yoke of Spanish oppression, which led an enlightened nation to interfere elsewhere. See!—*Adrian Press.*

THE Tawas Herald has an idea that it can get the sentiment of the taxpayers in the county in regard to the Loud tax cases by running in its columns a blank to be filled out and sent in to the Herald. Probably about one in ten of the taxpayers in the county would be willing to commit themselves in writing in this manner. Every taxpayer in the county in his own and the county's interest should favor a compromise. The county is paying out a lot of money needlessly.—*Oscoda Press.* The Press is evidently very anxious to scare the tax payers off, but it won't work. We are receiving replies in greater numbers than we expected. Full report will be given next week.

EVERY trust in the United States will vote the republican ticket in 1900, yet in that year we will hear the republican stump orators screeching themselves hoarse in denunciation of trusts in order to induce the people to vote the same ticket that the trusts are supporting. The trusts can not be beaten in that way. The only way that the trusts can be beaten is to elect the candidates that the trusts are opposing.—*National Watchman.*

It is estimated that there are 199,900,000 old-style copper pennies somewhere. Nobody knows what has become of them, except that once in a while a single specimen turns up in change. A few years ago 4,200,000 bronze 2 cent pieces were set afloat. Three million of them are still outstanding, but are never seen. A million 3-cent silver pieces are scattered over the United States, but it is very seldom that one comes across any of them. Of the 800,900 one half cent pieces not one has been returned to the government for coinage or is held by the treasury.

THE President will in a few days issue a proclamation giving effect to the new treaty between the United States and Mexico, President Diaz taking similar action in Mexico. The Mexican Embassy has been advised that the treaty was ratified by the Mexican senate, on April 12 last, and already has been ratified by the United States Senate, so that it will become effective as soon as proclaimed by the Presidents of the two countries. The next of the treaty has never been made known, but besides providing extradition for all crimes not political, its principal feature is in giving the treaty retroactive effect, so as to cover crimes committed while no treaty existed.

People who have once taken DeWitt's Little Early Risers will never have anything else. They are the "famous little pills" for torpid liver and all irregularities of the system. Dr. G. S. Darling.

BRYAN is growing in popularity in all sections of the country. He is in splendid health and spirits. The writer traveled over 15,000 miles with him during the campaign of 1897, and fails to see that Colonel Bryan has lost either in weight, good looks or force. In fact his oratory has gained in force in the field of discussion has widened. He expresses himself as entirely satisfied with the out look of 1900, and sees on every hand signs of deep and wide interest in all the great questions which are being brought before the people. The tremendous growth of trusts and other combinations of immense capital in the past two years has done the necessary work of awakening hundreds of thousands of men who voted for McKinley to the danger which threatens the country.—*Washington Correspondent.*

J. D. Bridge, editor and proprietor of the Democrat, Lancaster, N. H., says: "I would not be without One Minute Cough Cure for my boy, when troubled with a cough or cold. It is the best remedy for croup I ever used." Dr. G. S. Darling.

Weekly Climate and Crop Bulletin.

U. S. Department of Agriculture, Climate and Crop Bulletin of the Weather Bureau, Michigan Section, for the week ending April 29th, 1899.

The mean temperature for the week ended Saturday, April 29th, was 60.0 degrees, which is 12.3 degrees more than the normal. The average total precipitation, 0.38 of an inch, was 0.14 below the normal; the precipitation was heavy in the upper peninsula, where the average was over an inch, while in the lower peninsula no station reported more than 0.43 of an inch. The sunshine has averaged 56 per cent of the possible amount. The abnormally warm weather and small amount of rain has been rather unfavorable to wheat, although generally it shows some improvement over its condition of the previous week. Grass, rye and meadows have shown marked advancement and are reported in good condition. Pastures have greened up sufficiently to afford fodder to much stock and the warm dry weather has been very favorable for advancement of all kinds of farm work. Plowing for oats has been general in all sections of the state, and oat seeding is well advanced; in the extreme southern part of the state early sown oats have germinated finely and show above ground. Farmers are now preparing corn and bean land. A few correspondents report corn planting but it will not be general until the coming week. Barley and peas are being sown. Some correspondents continue to report that poor winter wheat is being plowed up for other crops. Reports regarding fruit are more encouraging than earlier in the season, and plums and pears are blossoming in the southern counties.

WHITTEMORE NEWS.

Arbor day was observed here quite extensively.

Robt. Dillenbeck has commenced work in the depot. He is learning to be a station agent.

Deputy Davey has been recruiting for the McCabe Tent K. O. T. M., and has secured 37 applications.

Mrs. Botz, of East Tawas, and Mrs. Rowland, of Prescott, spent Tuesday with their mother Mrs. Wm. Price.

The mother of Mrs. Kissler living in the south end of the township died Tuesday. She was over seventy years of age.

Murlin Beardslee has been promoted from the Saganing depot to West Harrisville. George Wakeman takes his place at Saganing. Both are of this village.

Never in the history of Whittemore has there been such a demand for houses to rent. Every house is full and people continue daily to look for houses to rent.

The Maccabee ladies gave a supper in the Curtis hall, and the Knights gave a ball in the Forester hall last Wednesday night. Both were largely attended.

Mrs. T. J. Brown died Wednesday morning of inflammation of the bowels. Funeral was held Friday from the M. E. church, under the auspices of the L. O. T. M., of which she was a member.

Gracie the 10 year old daughter of Fred E. Hess fell and hurt her side while playing at school last week. It was not supposed that she was much injured but she died Sunday night. The funeral took place Wednesday afternoon from the home, four miles south of here. Rev. Sanderson, of Prescott, delivered the sermon.

LOCAL NEWS.

New silk waist patters just opened, at Prescott's.

James Melstrip, of West Bay City, was in the city Saturday.

Prescott has a few of those nobby 47 cent laundred shirts left.

See the wonderful biography at the Congregational church tonight.

Always go to Friedman's, 'tis the best place in the state to trade.

For sale.—Two collie dogs, six months old, for farm use. Price \$5 each. M. MURPHY.

The dealers in agricultural implements are doing a rushing business these days.

Look where you will, price what you like, Friedman's prices are the lowest.

A list of the newly appointed city officials will be found in the council proceedings printed in this issue.

Mrs. R. M. Bell and little daughter, of Bay City, were the guests of Mr. and Mrs. Gust Berrie, this week.

Mr. and Mrs. V. H. Rodman, of Grant, went to Bay City yesterday.

Dont buy until you have examined and priced my wheels, I can save you money.

W. B. MURRAY.
East Tawas.

Grace, the ten-year-old daughter of Mr. and Mrs. F. E. Hess, of Burleigh, died Monday, after a brief illness. The funeral was held Wednesday.

C. L. Birney left Wednesday for New Orleans, as a delegate to the Inter-National meeting of the B. of R. T. He will be absent about twenty days.

There is nothing in the known world that possesses any claim to being an article of commerce that may not be successfully advertised.—*Agricultural Advertising.*

By allowing the accumulations in the bowels to remain, the entire system is poisoned. DeWitt's Little Early Risers regulate the bowels. Try them and you will always use them. Dr. G. S. Darling.

Miss Louise Oaks who has just finished a course in the Alpena Business College has accepted a position as stenographer in a real estate office in Detroit, where she will go after a week's visit at her home in East Tawas.

There is talk of building a bicycle path between these towns and Tawas this summer. It is probable that enough money could be raised here and at the Tawas to make a go of it if some energetic person should take it in hand.—*Oscoda Press.*

The St. Cecilia reception given at Mrs. Chamberlain's, Tuesday evening was a success in every respect. Miss Emery, who recently returned from New York City, where she has been taking lessons in vocal music, rendered several selections, which were greatly enjoyed by all.

Little, neglected scratches and wounds frequently result in blood-poisoning. Better heal them quickly with DeWitt's Witch Hazel Salve, a thoroughly anti-septic application with a record of always curing piles, old ulcers, sores, cuts, wounds and skin diseases. Dr. G. S. Darling.

The operators along the D. & M. had considerable difficulty in catching dispatches from the Tawas City office Monday and Tuesday, and were at loss to understand the cause, until it was learned that Agent Clough was the papa of a fine 10 pound boy, born Monday. Harry wears his new dignity with ease.

W. B. Murray, agent for the World bicycles, had on exhibition yesterday, the famous "World" Quint, which was built in 1896, and used by Tom Eck, as a pacing machine, in his races, in both this country and Europe during 1896-7. The famous old machine is valued at \$1,000 and holds several world's record. Outside of tires this machine has never cost one cent for repairs, which is an excellent record for the "World" wheel, for which Mr. Murray is agent.

If you are prompted to send an order for goods to a catalogue department house, you should first remember and consider well that they sell cheap and inferior grades of goods, which a reputable business man doing business in your own town can not afford to handle for several reasons. One of the reasons is that he would be liable to prosecution under the pure food laws of the state, and if you learned he was selling you a cheap grade of goods you would "drop him as a pig drops a hot potato" and trade elsewhere. Pay your home dealer the cash whenever it is possible and thereby assist him to meet the competition of the catalogue houses. In most cases you will find that the home price is the lower, or that you get a better article.

C. V. Hicks, Alpena, Pianos, Organs and Bicycles.

Tawas City, Mich.

Chicory.

A subscriber asks us for some information concerning chicory. Chicory is a plant, the root of which, dried, roasted and ground, was at one time very largely used in the adulteration of coffee.

Chicory may be grown in any northern state, and will grow on almost any soil. In some parts of the country it grows as a weed, but it does much better when cultivated on well-drained and fertile land.

When the crop is ready for harvesting a machine made for that purpose loosens the plants in the soil and they are pulled and topped and sent to the factory, or pitted as potatoes or beets would be.

In manufacturing it is sliced by machinery, roasted and ground and put into packages for sale.

Farmers' Songs.

The grandest product of the farm is the boys and girls it produces. In every avenue of life where thrift, capacity and energy are required, the man who pushes to the front is the son of the farmer.

They were born in him, on the farm. They were woven into his fibre by years of hard toil and self-denials on the old country homestead, where by very warp and woof of his young life developed energy and character for future possibilities.

The wife Should have free Access to the Family Purse.

The husband and wife are partners for life. If such a partnership does not go as deep as the pocketbook it is superficial, indeed.

The intelligent housemother understands the household needs as no one else does; she can, therefore, do the buying and selling for it with greater economy and more satisfactorily than any one else can.

It grows without saying that a man can expend for barn and field and orchard more wisely than his wife, because they are under his especial care.

This real partnership of husband and wife, each having charge of special branches of the business, would be impossible without freedom on both sides, in handling the money.

Economy and comfort are important, but they are small in comparison with independence and self-respect. For her own sake for the sake of her children's children, the housemother should be the most independent, the most self-respecting member of the household, to the end that she may be the most loved and honored.

The heifer with her first calf is but half a cow, and few are ready to buy her; yet if she is of good blood and well cared for, she will grow in value faster than any other stock on the farm.

Credit is the ruination of lots of men. If they had no credit and nobody would trust them they would get along better in the world. In many places certain lines of goods are sold almost exclusively on time and the extra charges made in such instances by dealers in order to make sure that they will come out alright in the end makes it almost impossible for the farmer to meet competition.

It makes no difference how bad the wound if you use DeWitt's Witch Hazel Salve; it will quickly heal and leave no scar.
