### Obituary.

Duncan Kennedy died at his home in Tawas township, on Thursday morning, Sept. 14, 1899, aged 64 years, 8 months and 14 days.

The deceased was born in Glengary county, Ontario, where he spent his boyhood and followed the occupation of a farmer until 1864, when he emigrated to the state of New York, and engaged in the lumber business for the Weaver Co. He then went to Ohio and remained one winter, and then came to Michigan in the fall of 1865, and was engaged as a scaler for J. C. Cameron, of Flint and Saginaw. During the summer of 1866 he came to Tawas, and in company with his twin brother, John, was engaged in the lumber business until the spring of 1877, when he purchased the farm on the Hemlock Road, which has since been his home. His brother, John, remained with him until September, 1878, when they returned to his old home in Glengary; and Hugh, a younger brother, came to live with Duncan. The two brothers, by their patient toil and honorable dealings, have cleared a fine farm and made a comfortable home.

By his honorable and kindly ways Mr. Kennedy made a large circle of friends, limited only by the extent of his acquaintance. None were more quick to respond to the aid of a friend or neighbor in distress, or to aid a worthy cause. During Mr. Kennedy's last illness friends came from far and near to call on him and to render such aid as lay in their power, and although the brothers have always lived alone he received the most tender care from friends and neighbors who did all possible to make him comfortable.

Mr. Kennedy was an exceptionally well posted man on the current events of the day, always having been a great reader, and one of the regrets of the last few weeks of his illness was the fact that he could not read the papers, of which he took a number.

The funeral services were conducted from St. Joseph's Catholic church last Saturday morning and was one of the largest ever held in Iosco county, over 70 vehicles being in the procession. The remains were interred in the Catholic cemetery at East Tawas.

### CARD OF THANKS.

We, the undersigned, brothers of the late Duncan Kennedy, through the columns of THE HERALD, desire to extend our most sincere thanks to the many kind friends and neighbors who so generously aided in making his last days comfortable by excellent care and acts of kindness, and to assure them that their efforts were not only appreciated by him, but by us as well.

JOHN KENNEDY.  
HUGH KENNEDY.  
DANIEL KENNEDY.

### Reno Grangers.

The Reno Patrons of Husbandry held a grange entertainment Friday evening, Sept. 15. An invitation had been extended to the Vine grange, and a goodly number responded. Our county organizer was also present. After the intellectual part of the program had been rendered and greatly enjoyed, all sat down to a bountiful repast, prepared by the ladies of Reno grange, which was heartily enjoyed. The affair was somewhat of a "new departure" for the Reno farmers, but is just as it should be.

We have but three of these organizations in Iosco county. Why? We have quite an up-to-date county in some things—summer resorts, excursions, etc. Why are we not on the same basis in grange matters? We hope our county organizer may cast around a little until occasions like the above may be very common occurrences.

If this does not find its way to the waste basket, your readers may again hear from

AN HONEST PATRON.

### Weekly Crop Bulletin.

U. S. Department of Agriculture, Climate and Crop Bulletin of the Weather Bureau, Michigan section, for the week ending Sept. 16.

The mean daily temperature for the week was 57.0 degrees, or four degrees below normal; the average total precipitation was 0.28 or an inch, or 0.34 of an inch below the normal; the sunshine averaged 60 per cent of the possible amount.

Generally dry, cool weather with hard, killing frosts have prevailed during the week; frosts of greater or lesser intensity have occurred in nearly all counties of the state. In the southern four tiers of counties the frosts were generally light and their damage confined to low lands, but over the remaining portion of the state they were heavy and killing. Late potatoes have suffered the most because they had made such slow progress during the drought of August that at the time of the frosts they were far from being mature. Corn cutting is nearly completed in all sections of the state, so that very little damage on the whole occurred to that crop. In the northern and central counties buckwheat harvest is in progress, but the yield is very poor, as is also the prospect in the southern counties; the crop was greatly shortened by the August drought. Fall plowing, preparations for seeding and the sowing of winter wheat and rye have been quite general, but such work has been greatly retarded by the dry condition of the soil. Rain is also necessary for the proper germination of the seeding. Sugar beets have made good progress and indicate a fair crop. Apple picking is in progress, but the fruit has fallen so badly that but little remains upon the trees; the yield is light and of poor quality.

This will be the last bulletin for the season of 1899.

In Iosco county, the frost on Thursday last did some damage to corn, late potatoes and garden truck; corn cutting is nearing completion; dry weather has retarded plowing and wheat seeding; pasturage very poor.

Koehl Dyspepsia Cure is a scientific compound having the endorsement of eminent physicians and the medical press. It digests what you eat and positively cures dyspepsia. M. A. Ketron, Bloomingdale, Ten., says it cured him of indigestion of ten years standing. Dr. Darling.

### Tribute from the South.

(From the New Orleans Times-Democrat.)  
Appropos of all this, and other news from Paris, we take this opportunity to express our admiration of the extremely able and interesting news service from Paris and from London which "The Chicago Tribune" has been running daily in its columns for several months past. Several of the New York dailies have excellent cable letters from London and sometimes other European capitals in their Sunday issues, but they appear as a rule only once a week, the brief dispatches which they get on the other days of the week not amounting to much in the way of an intelligible and adequate presentation of European news. "The Chicago Tribune's" foreign service, signed "Grace Cornwell" from Paris and "H. J. Whigham" from London, taking it all the week around, is a long way ahead of the foreign news service of any of the New York papers.

One or two of the New York papers have had for years a deservedly high reputation for presenting their readers with news of interest from foreign parts, and the public will not forget its indebtedness to them on that account. But it is beyond dispute that the star of journalism is Westward taking its way, and that the journalism of Chicago is beginning to be the metropolitan journalism of the present, and will certainly be, if things move as they are moving now, the metropolitan journalism of the future. We do not generally, if at all, approve the politics of "The Chicago Tribune," but apart from its politics, it is, in our opinion, superior to any of the New York papers. Not only is its foreign news service the best in the United States, but its home news service covers the country with a fullness to which the New York papers are strangers. "The Tribune's" edition last Sunday must have caused qualms of envy to the journalists of New York. It was a journalistic effort to which hitherto none of the Gotham papers has been equal.

There's always hope while there's One Minute Cough Cure. "An attack of pneumonia left my lungs in bad shape and I was near the first stages of consumption. One Minute Cough Cure completely cured me," writes Helen McHenry, Bismark, N. D. It gives instant relief. G. S. Darling.

## JAMES HAMILTON,

Tawas City, Mich.

The enormous increase in the state tax levy for this year has created a vast amount of comment. As compared with the levy of 1898 the increase is 72 per cent instead of 40 per cent, as erroneously stated a few days ago. The total levy this year is \$3,725,835.01, as compared with a total levy of \$2,158,770.67 in 1898. A few instances will show the increase in a more striking light. In 1898 the rate of taxation for state purposes was \$1.95 per \$1,000 valuation. This year it will be \$3.37. The equalized valuation this year is the same as that of 1898, so that the increased value of property, if there is any, does not affect these figures. Each county's proportion of the tax remains the same. The amount apportioned to Iosco county is \$6,742.98, as compared with \$3,906.92 for 1898. This, together with a probable increase in county taxes, will make for our citizens a heavy tax burden for this year. The enormous increase in the state taxes this year is principally due to the extravagant expenditures by the last legislature and increased expenses in the various state departments. The largest increase in any one fund is in the items for general purposes which this year reaches \$1,016,602.72. A careful study of the auditor general's report for the years of 1898-9 will be worth the attention of every tax payer of Michigan. This report will show to what purpose your money is put, and you will be prepared to say whether you approve of it or not.

For wounds, burns, sores, skin diseases and all irritating eruptions, nothing so soothing and healing as DeWitt's Witch Hazel Salve. Mrs. Emma Bolles, matron Englewood Nursery, Chicago, says of it: "When all else fails in healing our babies, it will cure." Dr. Darling.

The following may or may not have been original with the Lake City Plaiddealer, from which it is clipped, but any way it is good, sound sense, and the kind that Michigan people, especially those residing in the country ought to hear more than they do: "Highway commissioners desirous of leaving a good record behind them can do so by building half a mile of good road and building it so it will last than by spreading the same amount of work over four or five miles. People may kick at the time, but that half mile of good road will bear the name of the builder and be an enduring monument of his sound sense. Build well what you build. The time for 'opening' up new roads is past, and some enduring work should be done on those already existing."

DeWitt's Little Early Risers permanently cure chronic constipation, biliousness, nervousness and worn out feeling; cleanse and regulate the entire system. Small, pleasant and never gripe or sicken—"famous little pill." Dr. G. S. Darling.

Biggle Horse Book is as full of good sense as an egg is of meat. Its motto: "Always speak to a horse as you would to a gentleman," is the keynote of its treatment of the whole subject. There are 25 chapters, including advice on feeding and watering, stable management, whims and vices, ailments and their remedies, harness hints, about stables, colts' education, care of the feet, etc., many of the illustrations have been made from life. The book is handsomely printed and substantially bound in cloth. The price is 50c, free by mail; address the publishers, Wilmer Atkinson Co., Philadelphia.

Chester H. Brown, of Kalamazoo, says: "Kodol Dyspepsia Cure cured me of a severe case of indigestion; can recommend it to all dyspeptics." Digests what you eat without aid of the stomach, and cures dyspepsia. G. S.

The much needed rain came at last. Miss Maud Tompkins, who has been visiting friends at Hale Lake for the past few days returned home last Tuesday. Mrs. Elmer Dennis, of Hale, is spending a few days with friends in this place. One of our prominent young men has begun to visit Wilcox quite frequently. "I wonder why?" Mrs. G. Culham and daughter, Mae, attended the Baptist association at Prescott last week and report a fine time.

County Commissioner J. A. Campbell wishes us to announce that there will be no special examination of teachers in October unless a sufficient number request the holding of the same. Those desiring an examination are requested to address the commissioner, at Whittemore, before October 1.

E. E. Turner, Compton, Mo., was cured of piles by DeWitt's Witch Hazel Salve after suffering 17 years and trying over 20 remedies. Physicians and surgeons endorse it. Beware of dangerous counterfeits. G. S. Darling.

Don't growl because newspapers fail to give every scrap of news, so long as you take no trouble to give the editor or reporter information, says an exchange. We know readers who are greatly put out at times because we don't make a note of the arrival or departure of friends, or of social affairs, or the heaven-sent babies that visit their homes. The average newspaper man isn't a medium or mind reader, but gets most of his news as the milkman gets milk—by pumping.

The price of paper has advanced but we still have a few five-year subscriptions to the Farm Journal which we will give to those who pay \$1.00 for a year's subscription to THE HERALD.

"Best on the market for coughs and colds and all bronchial troubles; for croup it has no equal," writes H. R. Whitford, South Canaan, Conn., of One Minute Cough Cure. Dr. Darling.

Democrats must be up and doing. They must wage an unceasing war upon their enemies. In no better and more effective way can this be done than by the circulation of good, sound democratic newspapers.
