Remember this Sale Begins Saturday Evening, Oct. 14, and Continues One Week.

M. E. FRIEDMAN,

LEADER OF LOW PRICES.

Tawas City, Michigan.

TWO SAD ACCIDENTS.

Henry Dupraw Drowned Saturday and Samuel McMurray Shot Sunday.

Last Saturday afternoon the two cities were shocked by the announcement that Henry, the 12-year-old son of Mr. and Mrs. L. H. Dupraw, had been drowned at Ottawa Point. It appears that Henry, in company with Miss Hattie Wharham, had ridden to the Point on their wheels and were at the Life Saving Station boat house looking at the life boats. As they started to leave the boat house Henry, in some manner, fell through a hole in the floor into the water, which is about 12 ft. deep. From the marks it is evident that he struck his head in falling which stunned him so that he was unable to aid himself. The screams of Miss Wharham were heard by the lookout at the station and the crew immediately went to the rescue, but unable to locate the body, which was not recovered for about two and a half hours.

Henry was born in this city, December 30, 1886, and was the only child of Mr. and Mrs. Dupraw, and his sad and untimely death came as a great shock to his parents, especially the mother, who had been ill for several days.

The funeral was conducted from the M. E. church, in this city, on Tuesday afternoon, by Rev. Howard Goldie, and was one of the largest ever held, the church not being large enough to accommodate the people. The remains were interred in the Tawas City cemetery.

The bereaved parents have the sympathy of the entire community in their sad bereavement.

Another distressing fatal accident occurred Sunday afternoon at the Thompson farm, near South Branch. Samuel, the 17-year-old son of Wm. McMurray, of East Tawas, who has been at work for Mr. Thompson, and in company with others, went out hunting. He attempted to draw his gun toward him muzzle first, when it was discharged and the entire charge struck him in the side, killing him almost instantly. Word was sent to his relatives at East Tawas and the body was brought home Tuesday. The remains were interred in East Tawas cemetery.

Home From Manila.

Fred Wilkins, son of Mr. and Mrs. Wm. Wilkins, surprised his parents and friends last Saturday by dropping in on them, when they supposed he was in the Philippines fighting the insurgents. Fred enlisted in the 19th Infantry, in May, 1898, and a few months later was transferred to Co. A, 23d Infantry, and went with them to Manila. While in the Philippines his company was stationed at Manila and afterward at Ceou Island and saw much active service.

In accordance with an order from the war department, the recruits who enlisted in the regulars for the Spanish war were offered their discharges. Fred received his the last of August and arrived home Saturday. He says that the Philippines is no place for a white man, but is a good "nigger" country; that the war is very unpopular, and that General Otis is most cordially detested by the rank and file. The men all refuse to reenlist and are anxious to get home as soon as possible. Fred is looking exceedingly well and has not been sick during his enlistment. His many friends are glad to welcome him home.

"When our boys were almost dead from whooping cough our doctor gave One Minute Cough Cure. They recovered rapidly," writes P. B. Balles, Argyle, Pa. It cures coughs, colds, grippe and all throat and lung troubles. G. S. Darling.

Be sure and read our great offer of THE HERALD for a year and the Farm Journal for the balance of 1899 and all of 1900, 1901, 1902 and 1903, nearly five years, all for the

A FINE PLANT.

Is That of the National Milling and Evaporating Co. of East Tawas.

A representative THE HERALD visited the new plant of the National Milling and Evaporating Co. one day last week and was shown through the place by General Manager Emery and was agreeably surprised at the magnitude of this new industry.

The company will be ready to begin operations within a few days, the machinery being nearly all in place now. The main building 100x323 ft., with a frost proof potato cellar 180 ft. long. This cellar contains 48 bins, which will hold 70,000 bushels of potatoes, and by utilizing the other floor space 100,000 bushels can be taken care of.

The mill contains all new machinery of the most modern make. There are four large dry kilns, in which there are 6,100 feet of steam pipe, and everything from the big potato washer to the packing room is arranged in the most convenient manner.

In addition to potato flour the company will manufacture evaporated potatoes and nearly every kind of evaporated vegetables. They will use squash, carrots, onions, etc. Mr. Emery informs us that they also expect to prepare chicory for the eastern market and may later add machinery to make the finished product.

The farmers who made contracts with the company last spring to grow potatoes are now delivering their crop, but owing to the poor season the company will not have a full season's work.

The institution cannot fail to be a great advantage to the agricultural interests of the county, as it furnishes a home market for an unlimited amount of vegetables, and our farmers should be quick to discern the advantages offered and avail themselves of this opportunity to make a much larger profit from their farms than heretofore. One of the main points in growing vegetables for this company is that the crop can be delivered direct from the field to the factory, thus saving extra hauling, which means much to the farmer.

County Legislature.

The board of supervisors met in annual session last Monday and it will probably take them a part of next to finish up their business.

Wednesday afternoon occurred the election of a county school examiner and superintendent of the poor. Prof. C. M. Jansky, of AuSable, was elected school examiner to succeed Mr. M. H. French, on the first ballot, receiving 13 votes to 8 for Mr. French. For superintendent of the poor, to succeed John Sullivan, Thos. Galbraith, of this city, was elected after about a dozen ballots. The other candidates were Mr. Sullivan and F. F. Taylor, of East Tawas. When Mr. Sullivan shall have retired from the board next January he will have completed 12 successive years as superintendent of the poor, and it is conceded by all that he has made one of the most careful and economical commissioners the county has ever had.

Card of Thanks.

We wish to express our heartfelt thanks to the many kind friends and neighbors who so freely extended their sympathy and assistance during the sickness and death of our beloved father. Such acts of kindness will some day receive their just reward.

A. CATALINE, JR., AND FAMILY.
