John F. Bible, of Ionia, is announced  
as a candidate for the Democratic  
nomination for governor. We learned  
in Sunday school some years ago  
that the scriptures were an ever  
present help in time of need.

When you want a policy for Fire,  
Life or Accidental Insurance, call on  
H. F. Barbour, in the Bank Block,  
East Tawas. Only reliable companies  
represented and rates as low as con-  
sistent with reliable insurance.

The steamer Douglas, of the Thomp-  
son line, will be cut down this season  
into a steam barge, and engage in the  
lumber trade. Thus another of the  
old passenger steamers familiar here,  
gives way to more modern boats.

After praying for forty years for a  
baby a New Jersey couple placed a  
small want ad. in a newspaper and  
that same night a bouncing boy was  
left on their door step. Prayer is all  
right if you are not in a hurry, but  
for quick results use printer's ink.

Many people in Clare county are  
now learning the beauties(?) of buy-  
ing so-called steel ranges from travel-  
ing dealers, and the justices are reap-  
ing a rich harvest. The stove proved  
all most worthless, but the contracts  
were found to be good, consequently  
the buyers are paying the penalty.  
Let the experience of others be a  
lesson and when the steel range agent  
calls on you, set the dog on him.

In Chicago it has been decided to  
cut the salaries of the school teachers  
9 per cent. It would be better if the  
perquisites of political hangers-on  
could be cut 99 per cent. It is a bad  
sign when a city economizes in exact-  
ly the wrong place.

The Bay City Tribune says that the  
D. & M. Ry. will contribute \$6,000  
and the village of Au Gres a like  
amount and the rightofway, to aid ex-  
Judge Wright in building a railroad  
from Omer to Point Lookout, via Au-  
Gres. It has not yet been decided  
whether it will be steam or electric.

Ping-Pong, not, as its name would  
indicate, a Chinese game, but an  
English one. Americans call it parlor  
tennis. It is about as healthy, as an  
exercise, as Tiddledy Winks, and  
dudes and duesses can play the game  
for four consecutive minutes without  
becoming exhausted.

Standish suffered from a \$50,000  
fire last Monday morning, when both  
her hotels, the Sherman house and the  
Standish house, and six store build-  
ings were destroyed. There was only  
\$1,500 insurance on the entire prop-  
erty. The loss is a severe one, but it  
is reported that fire-proof buildings  
will replace those destroyed.

They are telling quite a joke on a  
certain married lady living right here  
in the Tawas. It is said that she  
sat up recently until 1 o'clock in the  
morning, waiting for her husband to  
come home. At last, weary and worn  
out with her lonely vigil, she went up  
stairs to retire, only to find the hus-  
band there, fast asleep. Instead of  
going down town he had stolen up  
stairs and crawled into bed, and it  
made his wife so mad that she would  
not speak to him for a week.

Not one person in ten understands  
that when he is driving on a public  
highway and some one drives up be-  
hind, that it is as much their duty to  
pull over and give half the road and  
let them pass as if you meet. This is  
the law on the subject and it is right  
in morals and etiquette when some  
other fellow wants to throw dirt in  
his eyes.

### The Farmer's Club.

We advise all tax payers to take  
the TAWAS HERALD, the only indepen-  
dent paper in the county, and to or-  
ganize a farmers' club in every town-  
ship.

AnSable has now had its charter  
about 12 years, and by a little figur-  
ing, it will be seen that they have had  
about \$3,500 worth of milk from the  
farmers' mulley cow to feed the "dead  
heads" on the board of supervisors.  
We may have more to say of this  
beautiful city in the future.

Now, what about the cities of East  
Tawas and Tawas City? East Tawas  
got the "big head" in 1895 and had  
to be a city, and Tawas City got the  
"grip,"—the city grip, jealousy, you  
know. But this was only a pretense,  
the object was to get more milk from  
the farmers' mulley cow. The "rip-  
pers" got a special act passed giving  
them three wards in each city, and a  
mayor and city attorney from East  
Tawas, placing eight more supervisors  
on the board as suckers. (Lookout  
for your mulley cow, farmers.) At  
the time of their incorporation East  
Tawas valuation was \$450,000 and  
that of Tawas City \$375,000. Previ-  
ous to that time two supervisors rep-  
resented the townships of Tawas and  
Baldwin including both Tawas.  
Some more to follow.

FRANK DUPLANTY, Pres.

### What is a Joke?

The Michigan beet sugar industry  
has advanced to a point where a Bay  
City chemical firm has closed a con-  
tract with the United States govern-  
ment to furnish it with 78,000 gallons  
of alcohol made from the refuse mol-  
lasses of the factories, to be used in  
the manufacture of smokeless pow-  
der. Such is "the irony of fate!"  
Just as the moonshine distilleries in  
Bay county were getting the busi-  
ness of evolving very strenuous and  
well sustained drinks from beet  
pulp down fine, up bobs a competi-  
tion for material that is likely to  
ruin an infant industry that is not  
yet able to stand alone. And this  
is a paternal government! Thus it  
falls out that while the benevolent  
pater is preparing with the aid of  
beet alcohol to shoot more of the  
paternal blessing into the hearts of  
the Filipinos, the beet pulp whisky  
distilleries of the Bay county woods  
are staggering for lack of support.  
Is there no protection for these  
"home industries," or is "paternal  
government" a mastodon joke?—  
Detroit Tribune.

### Could Not Breathe.

Coughs, colds, croup, grip, bron-  
chitis, other throat and lung troubles  
are quickly cured by One Minute  
Cough Cure. One Minute Cough  
Cure is not a mere expectorant,  
which gives only temporary relief.  
It softens and liquefies the mucous,  
draws out the inflammation and re-  
moves the cause of the disease. Ab-  
solutely safe. Acts at once. "One  
Minute Cough Cure will do all that  
is claimed for it," says Justice of the  
Peace, J. Q. Hood, Crosby, Miss.  
"My wife could not get her breath  
and was relieved by the first dose.  
It has been a benefit to all my fami-  
ly." Dr. C. A. Wakeman.

### Reduced Rates to the West.

Commencing March 1st and daily  
thereafter, until April 30th, 1902,  
the Wisconsin Central Ry. will sell  
settlers' tickets from Chicago to  
points in Montana, Idaho, Oregon  
Washington, and British Columbia  
at greatly reduced rates. For de-  
tailed information inquire of nearest  
Ticket Agent, or address H. W.  
Steinhoff, D. P. A., Saginaw (W.S.)  
Mich.; or Jas. C. Pound, Genl Pass-  
enger Agent, Milwaukee, Wis.

### For The Complexion.

The complexion always suffers  
from billousness or constipation.  
Unless the bowels are kept open the  
impurities from the body appear in  
the form of unsightly eruptions.  
DeWitt's Little Early Risers keep  
liver and bowels in healthy condi-  
tion and remove the cause of such  
troubles. C. E. Hooper, Albany,  
Ga, says: "I took DeWitt's Little  
Early Risers for billousness. They  
were just what I needed. I am feel-  
ing better now than in years. Never  
gripe or distress. Safe thorough and  
gentle. The very best pills. Dr. C.  
A. Wakeman.

His cankerous body should be filled with a few loads of shot, each one of which was saturated with the venom of the rattle snake, which this crawler most resembles.

The most incisive and most keenly analytical sketches of public men which have been prepared during the past two years have been those of William Allen White. In a decision in the United States circuit court Monday it was held that the ordinance enacted by the city government of Detroit arbitrarily reducing street car fares to three cents was irregular and without binding effect. The opinion was delivered by Justice Peckham and affirmed the opinion of the United States circuit court for the eastern district of Michigan.

The Indianapolis Sentinel speaks up with strenuous voice and purpose when it says: "We are glad to see that one United States official has spunk enough to resent the trucking of Great Britain by the present administration. J. W. Ivey, collector of customs at Sitka, notifies the officials at Washington that so long that he is in office he will not permit the violation of our laws by British authorities, or allow assertions of British sovereignty in an American port, no matter whether it strains our relations with Great Britain or not. A rare old plant is the Ivey. Would that he grew in Washington in the Hay field."

The eighteen months old son of Mr. and Mrs. John Fredrickson, of Tawas township, was fatally burned last Monday, by its clothing catching fire from the stove. It appears that the mother was at a neighbors and that the father went to the barn, leaving the little one and an older child in the house, and that the baby stuck a shaving into the front of the stove thereby igniting its dress. The father rushed in and extinguished the flames, but not before the child's little body was burned in a horrible manner. Dr. McIntosh dressed the wounds of the little suffer, who lingered for 24 hours, dying at 9 o'clock Tuesday morning. The funeral was held from the Townline church yesterday. The farmers of Michigan realize that in the beet sugar industry they have at last found something that will enable them to make a little certain money every year. Beet raising gives the farmer an opportunity to diversify his business. It gives him another article to sell. It gives him a little show to make money. No wonder that the farmer importunes the president and congress to kill the industry. —Lansing Journal
