### Report of Tawas City Schools for Month of March, 1902.

#### FIRST PRIMARY.

WINNIFRED DUPRAW, Teacher.  
No. enrolled during the month, 48  
Average daily attendance, 43  
Average number belonging, 47  
Neither absent nor tardy during the month; Seaneth Boomer, Ada Farmer, Barbara Blust, Mildred Parmer, Howard Murphy, James Murphy, Willie Bradley, Elmer Bradley, Kenneth McCue, John Groff, Eddie Halleck, Rama Gauthier, Marshall Lighthouse, Willie Lighthouse and Collin Sawyer.

#### SECOND PRIMARY.

IDA REDHEAD, Teacher.  
No. enrolled during the month, 45  
Average daily attendance, 35  
Average number belonging, 43  
Neither absent nor tardy; Grace Wilson, Edward McGill, Lottie Halleck, Hazel Murphy, Stella Buswell, Henry Wingrove, Grover Sawyer, Sibley Wade, Leo Halleck, Kenneth Goldie, Effie Wilson, Edna Gates, Lottie VanHorn, Edith Boomer, Roy Redhead, Ellen-Buswell and Leroy Wade.

Highest average standing, Anna Sands, 94; Hazel Murphy, Maggie O'Brien, 91; Henry Wingrove, Grace Wilson, 90.

#### GRAMMER DEPARTMENT.

MARY BLACK, Teacher.  
No. enrolled during the month, 40  
Average daily attendance, 38  
Average number belonging, 40  
Neither absent nor tardy; Ethel Garber, Levina Cox, Victoria Green, Evelyn Brabant, Eva Ross, Charlotte Jahraus, Sybil Clark, Lorna Sawyer, Bert Stickney, Lloyd Van Horn, Audley Redhead, Nellie Murphy, Mattie Wilson.

Highest average standing; Ethel Garber, 95; Rhea Lowe, 91; Emil Bigden, Nellie Murphy, 90.

#### WARD SCHOOL, PRIMARY DEPARTMENT.

MARGARET MURPHY, Teacher.  
No. enrolled during the month, 38  
Average daily attendance, 35  
Average number belonging, 37  
Neither absent nor tardy; Edna McGarry, Martin Musoff, Clayton Baguley, Isadore Friedman, Dolphus Armstrong, Elsie Musoff, Ralph Brown, Don Garber, Edith Baguley, Georgie Baxter, Stephen Nisbet, Percy Smith, Bell McRae, Leslie Smith.

Highest average standing; Edith Baguley, Atlee Mark, Stephen Nisbet, 95; Luke Murry Elsie Musoff, Bernice Whittimore, 94; Georgie Baxter, Don Garber, Bell McRae, 93.

#### INTERMEDIATE DEPT.

TERESA SHAVER, Teacher.  
No. enrolled during the month, 27  
Average daily attendance, 26  
Average number belonging, 27  
Neither absent nor tardy; Mary McGary, Fred Suartz, Fern Mark, Marguerite Baguley, Maude Baxter, Blanche Wortz.

Highest average standing; Sophia Green, 97; Margurite Baguley, 95; James Mark, Fern Mark, 94; Mary McGary, Armita Brabant, 93; Lucile Smith, 92; Fred Suartz, 90.

#### HIGH SCHOOL DEPT.

EDYTH WALKER, Preceptress.  
No. enrolled during the month, 71  
Average daily attendance, 66  
Average number belonging, 70  
Neither absent nor tardy; Ina Bradley, Herold Brabant, Burnetta Bennet, Allie Bigelow, Archie Barry, Ivan Baguley, Nina Crandall, Edmund Connors, Grace Davison, Roy Goldie, Lois Garber, Agnes Galbraith, Anna Graf, Winnifred Hartingh, Effie Jacobs, Ernest Kasiechke, Lula Murphy, Will Myles, Maggie McRae, Gertie Moore, George Prescott, Mabel Ross, Grace Redhead, Lena Redhead, Floral Rammage, Cyrilla Ramage, Harlow Whittimore.

Highest average standing; Grace Redhead, 99; Agnes Galbraith, Mattie Galbraith, Archie Barry and Ida Katterman, 98; Lois Garber, Cyrilla Rammage and Gertie Moore, 97; Anna Graf, Harlow Whittimore and Mabel Ross, 96; Floral Rammage, Alice Saunders, Maggie McGill and

Lizzie McCue, 95; Nina Crandall, Ina Bradley, Minnie Smith and Grace McCue, 94; Pearl Harlburt and Burnetta Bennet, 93; Ida McCormick, 91, Lena Redhead, Hattie Wilcox, John Bradley, Harold Brabant, Grace Davison and August Blust, 90.  
Total enrollment, 269  
Average daily attendance, 243  
Average number belonging, 264  
A. A. ELLSWORTH, Supt.

#### Some Strange Facts.

There is a certain little fly that was observed to run three inches and make in doing it 440 steps—all in one half a second of time. To equal this, in proportion to his size, a man would have to run at the rate of 20 miles a minute.

The common flea leaps 200 times its own length. To show like agility a man six feet tall would have to leap a distance of 1,200 feet. The cheese mite is about one-quarter of an inch in length, yet it has been seen to take the tip of its tail in its mouth, and then, letting go with a jerk, to leap out of a vessel six inches in depth. To equal this a man would have to jump out of a well from a depth of 144 feet.

And equally strange things are found among the plants and vegetables. A well known student of nature once tried the growing force of a squash. When it was 18 days old, and measured 27 inches in circumference, he fixed a sort of harness around it, with a long lever attached. The power of the squash was measured by the weight it lifted, the weight being fixed to the lever. When it was twenty days old, two days after the harness was fixed on it, it lifted 60 pounds. On the nineteenth day it lifted 5,000 pounds.

The seed of the globe turnip is about the twentieth part of an inch in diameter, and yet in the course of a few months this seed will be enlarged by the soil and the air into 27,000,000 times its original bulk, and this in addition to a bunch of leaves. It has been found by experiment that a turnip seed will under certain conditions, increase its own weight fifteen times in a minute. Turnips growing in peat ground have been found to increase more than 15,000 the weight of their seeds in a day.—*Cleveland Leader.*

#### Shot in his Left Leg.

For all kinds of sores, burns, bruises, or other wounds DeWitt's Witch Hazel Salve is a sure cure. Skin diseases yield to it at once. Never fails in cases of piles. Cooling and healing. None genuine but DeWitt's. Beware of counterfeits. "I suffered for many years from a sore caused by a gun shot wound in my left leg," says A. S. Fuller, English, Ind. "It would not heal and gave me much trouble. I used all kinds of remedies to no purpose until I tried DeWitt's Witch Hazel Salve. A few boxes completely cured me."

#### Knew Where He Would Go.

"In Esquire Roberts' court recently," says the Fulton (Ky.) Leader, "a boy was put on the witness stand, and to ascertain if he knew the nature of an oath the justice interviewed him as follows: "Do you know the nature of an oath?" "Don't know whether I do or not." "Well, if you should tell a lie, do you know where you would go when you die?" "Yes, sir." "Where?" "Well, when we moved out here pap said if any of us lied he would take us back to Arkansas, and I reckon he'll be as good as his word."

#### A CARD.

We, the undersigned, do hereby agree to refund the money on a 50 cent bottle of Greene's warranted Syrup of Tar if it fails to cure your cough or cold. We also guarantee a 25 cent bottle to prove satisfactory or money refunded.

## WHITTEMORE.

George Armstrong has been very sick, but is slowly improving.

Mrs. Spurl and Mrs. Clary, who have been ill, are slowly recovering.

Edmond Goupil is confined to the house with rheumatism. He intended to return to Onaway this week.

The farmers are beginning spring sowing. They report the ground exceedingly dry for this time of the year.

The boys are catching lots of fish. Suckers are plentiful in the AuGres and its tributaries, and occasionally a fine mullet is caught.

Our village is somewhat dull since the excitement of election has subsided, but 17,500 pounds of freight was loaded and shipped from here after 7 o'clock Tuesday evening.

Dr. McColl is out again after short illness. There was fear that he might have small-pox, as he had been attending the cases in Sherman, but it proved to be only a severe cold.

The M. E. people of this village had a spiritual uplift this week. The third quarterly meeting was held Monday, closing in the evening with a fine song service by Miss Sweet, of Hale, and a soul stirring song by Presiding Elder Ward. Rev. Sheldon, of East Tawas, preached a powerful sermon in the afternoon, and in the evening Elder Ward preached one that was characteristic of the man, which is all the comment necessary for those who know him.

## WILBER ITEMS.

The farmers are commencing their spring work.

J. Syme has purchased a fine span of colts of Dr. Gates.

Mrs. Courter, of Little Rock, Ark., is visiting her son, Mr. Sibley.

Will Nixon, formerly of this place, called on friends here this week.

Now that election is passed everything again assumes the normal state.

The Ladies' Aid of the M. E. church will give a 15-cent social and tea at the parsonage next Tuesday evening.

John Westervelt's new store is nearing completion, and in but a short time it will be stocked with a full line of groceries, etc.

Mrs. Martindale, who has been spending a part of the winter with her parents, returned to her home at South Branch this week.

Rev. W. M. Ward preached to a large and attentive audience last Sabbath, and Mr. Sheldon, of East Tawas, preached Tuesday evening and held third-quarterly conference. A survey of the work showed aggressiveness.

## RENO RUMBLINGS.

(Received late for publication in last issue.)

Alva Hutchinson is recovering from the scarlet fever.

Arthur Decker, of West Branch, is clerking for E. E. Odell.

Emory Doune, of Rose City, spent Monday with friends a Siloam.

Charles Poole and family intend to move to Whittemore this week.

A car load of baled hay and straw was shipped to Onaway from Taft this week.

Mrs. Ned Latter and son have gone to Onaway, where they will spend the summer.

George Wilson, of Twining, is here building a house on the farm of Mrs. M. Wilson.

Another car load of seed peas arrived at Taft this week for the farmers in this vicinity.

John Mason, who has been visiting his brother here, was called to Bay City Wednesday, by the serious illness of his sister.

## HALE LAKE.

Miss Perl Moore is very sick.

Yawger has quit buying ties.

C. Livingstone is rushing the work on his new hotel.

Dave Cooper will move his mill from Reno to Hale this week.

Deputy Sheriff Chase was in our village on business Wednesday.

Mr. Peters, of Santiago, is now fireman at Esmond & Nunn's mill.

Mrs. John Love and daughter, visited her parents at Tawas last week.

Dr. Cowie has about twenty cases of measles under his care at Dease lake.

A. Lobdell has the material on the ground with which to build another house.

A good time was had at the social party at Harry Mansfield's last Friday evening.

Hale needs a good lawyer to keep her right side up, as fireside lawyers don't go.

C. A. Jahraus and Collie Johnson were in the village last Friday, and handled a few shingles for Ed Colgrove.

## Climate and Crop Bulletin.

U. S. Department of Agriculture, Climate and Crop Bulletin of the Weather Bureau, Michigan Section; for the week ending April 12, 1902.

This is the initial issue of the Weekly Climate and Crop Bulletin for Michigan for the year 1902; the bulletin will be issued each Tuesday noon during the planting, growing and harvesting seasons and will discuss the weather conditions of the State, the effect on staple crops and their general condition.

Bulletins may be obtained free on application to the U. S. Weather Bureau Office, Lansing, Mich.

The mean temperature for the week ending April 12 was 40.6 degrees, or just normal; the precipitation was 0.32 of an inch, 0.20 of an inch below normal; the sunshine averaged 42 percent of the possible amount.

In most counties the week has been cool and dry. Cold, freezing weather occurred early in the week, but did no damage because vegetation was not far enough advanced to be affected.

The advance of the season has been slow and at present is rather backward; correspondents quite generally report fall wheat and rye have wintered well; at present, wheat is smaller than usual but looks well and shows no signs of being infested Hessian fly; it is too early though to make any definite statement regarding this pest.

With the exception of some peaches in the extreme southwestern counties, all fruit seems to have wintered well; buds are advancing slowly and at present look very promising. Spring farm work has begun in all sections; plowing for oats, peas and barley has been quite general in nearly all counties, and in the extreme southern part of the State considerable plowing for corn is in progress.

Oat seeding has begun in nearly all counties and some barley and peas are being sown.

The dry winter and spring, coupled with the cool weather of April, has retarded the spring growth of wheat, rye; meadows and pastures, which are very slowly this year.

A warm rain is much needed to start meadows and pastures and improve winter wheat and rye; also to warm the seed-bed for oats which is otherwise in very good condition.

## Shot in his Left Leg.

For all kinds of sores, burns, bruises, or other wounds DeWitt's Witch Hazel Salve is a sure cure. Skinned cases yield to it at once. Never fails in cases of bites. Cooling and healing. None genuine but DeWitt's. Beware of counterfeits. "I suffered for many years from a sore caused by a gun shot wound in my left leg," says A. S. Fuller, English, Ind., "It would not heal and gave me much trouble. I used all kinds of remedies to no purpose until I tried DeWitt's Witch Hazel Salve. A few boxes completely cured me."

## Council Proceedings.

Adjourned regular meeting April 12, 1902, called to order by Mayor. Present: Mayor Hartingh, Ald. Moore, Walker, Stormer, W. Brown, Clerk Crandall, and Attorney Jahraus. Quorum present. Minutes of meeting of April 11, and adjourned meeting April 10, read, and correction being made by recording Atty. Jahraus present at April 1st meeting, were approved. The finance committee then submitted their report of settlement with City Treasurer, as follows: Tawas City, April 2, 1902. To the Mayor and Council of the city of Tawas City, Mich. We, the Finance Committee, have audited the accounts of this City with the City Treasurer and find as follows, on the second day of April, 1902. Thos. Committee reporting favorably on all above bills, motion made by Ald. Walker supported by Ald. Brown, that bills be allowed as read and orders drawn for same. Carried, all voting yes.

Resignation of Ald. Brown, of 1st ward, presented and accepted by the council by unanimous vote.

On motion council then adjourned. N. C. HARTINGH, Mayor. E. A. CRANDALL, City Clerk.

## ADJOURNED STATUTORY MEETING.

An adjourned statutory meeting of the common council of the city of Tawas City, held at the council chamber, Saturday evening, April 12th, 1902, for the purpose of canvassing the votes cast at the annual city election, held on Monday, the 7th day of April, A. D. 1902. Pursuant to adjournment April 10th, 1902, called to order by the Mayor. Present Mayor Hartingh, Ald. Moore, Walker, Stormer, W. Brown, Atty. Jahraus and Clerk Crandall. Absent, Ald. Livermore. Quorum present.

Protest of A. W. Lowe and T. J. Armstrong, protesting against the declaration of the annual city election, held April 7th, 1902, presented. Moved by Ald. Walker, supported by Ald. Stormer, that protest against declaration of election be received and placed on file. Carried, all voting yes.

The board of canvassers then submitted their report, of which the following is a true copy.

We find that for Mayor.	
Nicholas C. Hartingh received in the 1st ward.	24 votes.
Nicholas C. Hartingh received in the 2nd ward.	51 "

Frank Seiloff "	47 "
	84
For Constable of the Third ward.	
Joseph H. Wilson received.	42 votes.
John G. Phelps received.	27 "
	69

Moved by Ald. Moore, supported by Ald. Stormer, that: Nicholas C. Hartingh having received a majority of all the votes cast for the office of Mayor; Edgar A. Crandall having received a majority of the votes cast for the office of City Clerk; Peter E. Shien having received a majority of all the votes cast for the office of City Treasurer; William B. Kelly having received a majority of the votes cast for the office of Justice of the Peace; John M. Waterbury having received a majority of the votes cast for the office of Supervisor of the first ward; Leonard J. Patterson having received a majority of the votes cast for the office of Supervisor of the second ward; William W. Rammage having received a majority of the votes cast for the office of Supervisor of the third ward; Charles J. Dixon having received a majority of the votes cast for the office of Alderman of the First ward, full term; Thomas E. Garber

having received a majority of the votes cast for the office of Alderman of the First ward; to fill vacancy; Charles Kattman having received a majority of the votes cast for the office of Alderman of the Second ward; James M. Walker having received a majority of the votes cast for the office of Alderman of the Third ward; Frank M. King having a majority of all the votes cast for the office of Constable of the First ward; Frank Seiloff having received a majority of all the votes cast for the office of Constable of the Second ward; Joseph H. Wilson having received a majority of all the votes cast for the office of Constable of the Third ward; the same are hereby declared elected to their respective offices for the ensuing term. Carried, all voting yes.

The minutes of statutory meeting April 10th., adjourned regular meeting April 12 and above minutes were then read and on motion of Ald. Moore supported by Ald. W. Brown were approved as read.

On motion Council then adjourned, sine die. N. C. HARTINGH, Mayor. E. A. CRANDALL, City Clerk.

## REGULAR MEETING APRIL 15, 1902.

Called to order by the Mayor. Present, Mayor Hartingh, Ald. Walker, Stormer, Dixon, Katterman, Atty. Jahraus and Clerk Crandall. Absent, Ald. Brown and Garber. Quorum present.

Mayor Hartingh then appointed the following standing committees for the ensuing year. Ways, Means and Finance, and Claims and Accounts; J. M. Walker, C. Katterman and T. Garber.

Streets, Sidewalks and Public Improvements, and Street opening; W. Brown, C. Dixon and C. Stormer.

Licenses, Purchasing and Ordinances; C. Stormer, T. Garber and J. M. Walker.

Taxes; C. Katterman, C. Dixon and W. Brown.

Fire Dept.; T. Garber, C. Stormer and C. Katterman.

Nuisance; C. Dixon, J. M. Walker and W. Brown.

President pro tem, Carl Stormer.

Following bills presented and referred to committee on claims and accounts.

Wm. Murphy, "	2 25
C. H. Prescott & Sons, Lumber.	6 00

On Committee reporting favorably on all above bills, motion made by Ald. Walker, supported by Ald. Stormer, that bills be allowed as read and orders drawn for same. Carried, all voting yes.

Motion made by Ald. Walker supported by Ald. Stormer, that the bonds for ensuing year be fixed as follows: City Clerk's Bond \$ 500 00 City Treasurer's Bond 3000 00 Druggist's Bond 2000 00 Retail Liquor Dealer's Bond 5000 00 Carried, all voting yes.

On motion the council then adjourned to Tuesday evening, April 29, 1902.

N. C. HARTINGH, Mayor. E. A. CRANDALL, City Clerk.

## How to Have Early Dahlias.

The objection to the old dahlia was its lateness of bloom. By starting the roots early in a frame or in boxes which are covered up at night the plants may be had in flower earlier than usual. They may be started in April or at least three weeks in advance of planting time.

## The Umbrella Plant.

As a window plant for amateurs the umbrella plant, Cyperus alternifolius, offers several advantages. It is not only as ornamental as a palm, though of much more simple culture and rapid growth. It is comparatively free from insects and will thrive in a sunless window. An abundance of root moisture and the foliage kept free from dust are the prime requisites. The roots should never be allowed to become dry. A very satisfactory method of growing is to pot in rich, alluvial soil and inclose the porous clay pot in a jardiniere of water. Thus the necessary moisture is always at hand, says a correspondent of Meehan's Monthly.

## Wants to Help Others.

"I had stomach trouble all my life," says Edw. Mehler, proprietor of the Union Bottling Works, Erie, Pa., "and tried all kinds of remedies, went to several doctors and spent considerable money trying to get a moment's peace. Finally I read of Kodol Dyspepsia Cure and have been taking it to my great satisfaction. I never found its equal for stomach trouble and gladly recommend it in hope that I may help other sufferers." Kodol Dyspepsia Cure cures all stomach troubles. You don't have to diet. Kodol Dyspepsia Cure digests what you eat.

**Would You** knowingly buy unclean groceries for your table? How under the sun can bulk coffee—constantly exposed to dirt and dust—be clean?

**Lion Coffee** comes in sealed pound packages only, thus insuring freshness, strength, flavor and uniformity.

Ceresota flour makes the best bread. A million housekeepers say so by using it in preference to any other but we want you to try it and decide for yourself.

# Paint Economy.

The cost of a gallon of paint is not always indicated by the price of a gallon as it comes from the dealer. Some paints require oil for thinning, some won't take any, and some worse ones have oil to pour off. Every drop of oil you can add, decreases the cost per gallon to you. An Example. A customer this season added to a 5 gallon can of Sherwin-Williams Paint, one and one-half gallons of oil making the net cost of his paint, \$1.40 per gallon.

Buy the best. Take no other.

**THE SHERWIN-WILLIAMS PAINT**

Capt. Davis arrived Wednesday with the schooner Durkee, on his first trip of the season.

New hats, new suits, new dress goods and new shoes arriving every day at Friedman's.

Miss Edith Clements, of Bay City, is spending a few days with her sister, Miss Anna, at East Tawas.

Mrs. V. E. Rix of Osceola, was called here Monday by the illness of her brother, Elmer Whittemore.

If you want to buy a shoe that wears good, that fits good, and that feels good, go to Friedman's for it.

The L. L. C., of East Tawas, gave a most enjoyable social afternoon; at the home of Mrs. B. F. Oakes last Wednesday.

Last Wednesday evening Dr. and Mrs. C. A. Wakeman entertained at Pedro, and a most enjoyable evening was had by all.

Next Monday evening occurs the joint meeting of the L. and K. O. T. M., of this city. All members are requested to attend.

Elmer Whittemore has been seriously ill since last Saturday, but at this writing is slowly improving, and is believed to be out danger.

You can buy goods anywhere, but no where can you get as good goods for the money as at Friedman's.

What is home? What better description could be given than the following: The father's kingdom, the mother's world and the child's paradise.

Rev. Mr. Ward preached in the M. E. church last Sunday evening and held the third quarterly communion service. There was a large and attentive audience.

The grand state encampment of Odd Fellows will be held at Saginaw May 5-7. It is expected that 200 encampments will be represented and 500 delegates will be present.

Don't snub a boy, give him a chance. Remember that you were once a boy. Should the boy survive the snub and reach man's estate, he might soak you a few for the sake of Auld Lang Syne.

Thomas E. Garber left Monday evening, with R. G. Anschuetz, for Duluth, and will spend the next two months in the northwest, where Mr. A. is looking after the interests of Alger, Smith & Co.

G. K. Warren W. R. C. will give an entertainment at the G. A. R. hall, East Tawas, Friday evening, April 25. An admission fee of 10 cents will be charged, and the proceeds will be used to purchase flowers for Memorial Day.

During March there were 2,959 deaths in Michigan, according to the returns to the secretary of state, the death rate being 14.1 per cent per 1000 population, a slight increase over February. There were three deaths from small pox.

The steamer Pilgrim came in here Sunday morning on her first trip of the season. Until July the Thompson line boats will make but one trip per week to this port, arriving at 12 o'clock Thursday nights on up trips, and at 3:30 Saturday mornings on their way down.

A gang of swindlers are working in different portions of the state for so-called business directories and state gazetteers. They never publish anything. Their scheme is to collect money in advance or procure signatures to contracts, which by altering are converted into promissory notes.

The finest line of rents furnishing goods in the two cities at James LaBerge East Tawas.

For seed peas, seed oats, or seed barley (beardless), inquire of Thomas Davison or Thomas Galbraith, Tawas City.

The Victoria Company Ltd., of East Tawas, has a quantity of rutabagas which they offer to sell for feed, or exchange for potatoes to be delivered next fall.

A. F. Cholger, of Wilber, has a Huber Thresher, traction engine and a complete outfit in first class condition and ready for work, that he will sell cheap if taken at once. Cash or easy terms.

When you want a policy for Fire, Life or Accidental Insurance, call on H. F. Barbour, in the Bank Block, East Tawas. Only reliable companies represented and rates as low as consistent with reliable insurance.

Miss Margaret Donohue, daughter of Mrs. B. Donohue, of East Tawas, and Mr. Benjamin C. Wilkins, of Ashland, Wis., were united in marriage, at St. Joseph's church Tuesday morning, Rev. Fr. Kinney officiating. The many friends of the bride in the Tawas will unite with us in extending congratulations.

Services in the Tawas City M. E. church next Sunday will be as follows: morning sermon at 10.30 by the pastor, Subject—"The Holy Spirit's Relation to the Church." Sunday School at 11.45. Junior League at 3 p. m. Senior League at 6.30. Evening sermon by the pastor, Subject—"The Two Great Sins of the Age."

Fred E. Perrin has located in this city and will engage in the produce business, purchasing wool, potatoes and farm produce. He has rented John King's residence and moved his family here. Mr. Perrin has also leased 175 acres of land of the U. S. Gypsum Co., which he will farm during the coming season. This farm will be in charge of Howard Wilsie.

Deputy Game Warden Theo. Trudell, of Bay City, made a haul among the AuSable fishermen this week, having five of them before Justice Kelly, of this city Wednesday. Wm. Merkel paid \$34.95 fine and costs, and Jessie Dorrell \$25.50. Reuben Colbath, Harry and Frank Shirkey, each pleaded not guilty and their trial was set for April 23. Several hundred pounds of undersized white fish and pickerel were the cause of the trouble, all of which were confiscated by the game warden.

While talking with Col. S. B. Thatcher, of the Tuttle Farm, a few days ago, he chanced to mention the fact that he and Hon. Whitelaw Ried, were schoolmates in their boyhood days, both attending the school in Ohio, taught by Col. T.'s father. We also had the pleasure of reading letters from Mr. Ried, in one of which he announced the death of his mother at the advanced age of 92 years. Col. Thatcher thinks that, with the possible exception of Chauncey Depew, there is no other American so well qualified to represent our government at the coronation of King Edward.

The Michigan School for the Blind is a literary, musical and trade school for the education of the blind and those whose sight is too poor for them to attend the common schools. It is a State Institution, and is free to all who are eligible. There is no charge for tuition board, lodging, washing, mending, medicine, medical or nurse attendance. In case of inability to furnish clothing and traveling expenses these are also furnished by the State. If you know of a child who is out of school because of poor eyes please write to School for the Blind, Lansing, Mich.

A prominent merchant of our city tells us he has found a new way of economizing, and, what is unusual, he has found much fun in doing it, and incidentally in the comments of his acquaintances.

He appeared recently clad in a very stylish suit, and was asked by one of his friends, "Where did you get it?" He replied carelessly, "Oh, I had it made in New York—cost me forty dollars." It proved to be a Clothcraft suit from M. E. Friedman's store.

**Gaul-Moehring.**  
A very pretty wedding occurred at the home of Mr. and Mrs. Fred Gaul, of Tawas township, on Thursday evening, April 10, when in the presence of about sixty invited guests, their daughter, Miss Emma, was united in marriage with Mr. Herman Moehring, of Detroit, Rev. Emmel, of this city, officiating.  
The bride was handsomely attired in a dress of pink albatros, with chil-

four trimmings. She wore a white veil and white roses, and carried a bouquet of white roses. She was attended by Miss Minnie Leideke and Miss Lydia Woicheski, as bridesmaids, both of whom were gowned in white and carried bouquets of pink and white carnations. The groom was attended by his brother, Mr. Moehring, of Detroit, and Mr. Theodore Gaul, brother of the bride.

After the ceremony and congratulations the guests were invited to the dining room, which was beautifully decorated in pink and white, carnations being the flower decorations, where an elegant four course supper was served.

Mr. and Mrs. Moehring will reside in Detroit, for which place they took their departure Tuesday. The best wishes of their many friends go with the happy couple to their new home.

### A Modern, Scientific, Physician's Office.

The handsome new suit of rooms which have just been fitted up for Dr. Fredrick C. Thompson, of East Tawas are the most complete offices in this section of the state and without doubt the best equipped in Michigan outside the city of Detroit.

The reception room, which is 20x15 feet, is beautifully finished in natural wood. The doctor's private office, is 10x15, and finished in walnut. The examination and accident rooms are of mahogany and natural wood finish.

The examination room contains 315 feet floor space, all occupied by apparatus for examining and treating cases. Lights for examining the ear, throat, nose, and stomach; chemical apparatus; instruments for microscopical work; apparatus for examining the blood, etc.

The accident room is occupied by a table and a surgical cabinet containing the latest and most complete set of surgical instruments. The room is arranged for thorough antiseptic treatment.

Dr. Thompson purchase a portion of his medical apparatus while abroad studying in Germany, and the balance in this country.

### Obituary.

Mrs. Nellie May McDougald died at the home of her parents, Mr. and Mrs. S. M. Dillabough, in Grant township, Saturday, April 5, 1902. The deceased was born in Lapeer in 1873. At the age of five years she came to Tawas with her parents and a year later to Reno, where she grew to womanhood. Six years ago she was united in marriage to Niel McDougald, who with two little daughters and a son, are left to mourn her loss. But why should we mourn, when on her dying bed she gave us that beautiful evidence and christian hope that we would meet her in the great beyond. And as we watched her terrible sufferings, borne so patiently and without one murmur, surely we ought to say, "God is good in thus easing her pain and taking her to Himself."

### CARD OF THANKS.

We desire to extend our heartfelt thanks to the friends and neighbors, especially to the people of Grant township, for the sympathy and many acts of kindness rendered us during the illness and death of our loved one, Nellie. We sincerely assure them their kindness shall never be forgotten.  
NEIL McDOUGALD.  
MR. AND MRS. S. M. DILLABOUGH.  
MR. AND MRS. J. L. FRASER.

Write for your seed at once.

**West Bay City Sugar Co.,**  
west Bay City, Mich.

**By all odds the most satisfactory and economical method of developing a vein, where it can be adopted, is that known as the adit tunnel, says Popular Science News. This is a tunnel which, while it develops the vein itself and acts as a drain for the exit of water, at the same time is driven on the mineral. The sinking of the shaft on the vein is second in importance, and, in fact, until the character of the pay streak has been clearly determined it might be ranked first in order.**

**MINING SHOWING SHAFT, HORIZONTAL TUNNEL AND CROSSCUTS ON THE VEIN.**  
 have no one uncovered an attractive looking mineral lead than they at once begin to calculate how much easier it would be to remove the ore through a crosscut tunnel, the mouth of which is located at a long distance from the vein itself; hence the country mountain sides in certain districts are honey-combed with the vein results of this overconfidence in the continuance and continuity of mineral veins. After the pay streak has been clearly located and defined by means of a shaft, generally an inclined one, upon the vein it will do to sink a perpendicular shaft, crossing the vein at a given depth, crosscuts from which may be used in developing same.  
 The last and most questionable method of developing mining property in its initial stages is that of a crosscut tunnel, and yet when the continuity of the vein has been sufficiently established to give assurance that it continues to great depths the crosscut tunnel often becomes a very valuable factor in the economical removal of mineral and especially for drainage.

**Carriages in Turkey in Asia.**  
 Vice Consul Ojalvo writes from Erzerum that there is an opening for trade in carriages in that district. At present the Russian vehicle monopolizes the market, inasmuch as it is made strong enough to resist the rough roads of the country. The cost is from \$200 to \$250, delivered at the frontier. Petroleum automobiles, the vice consul thinks, can be readily introduced in that country if they are strongly made and cost about \$300 or \$400 for four seats.

**Luminous Fungi.**  
 The species of fungi that have been known to show luminosity are found by Professor D. McAlpine to number twenty-one, of which eleven belong to the genus Pleurotus, and five are peculiar to Australia. The luminosity is not due to phosphorescent bacteria, but to combustion, probably of excreted metabolic products, in the fungus itself. The light is thought to serve the fungus by attracting insects that scatter its spores.

People who are familiar with the hydraulic mining industry as conducted in California know that an extensive bank of sand and gravel can be eaten away at an astonishing rate by a powerful jet of water. The debris is often carried a considerable distance by the liberated fluid. Water thus performs a double mission. It cuts away in one place, and it deposits in another.  
 Engineers, says the New York Tribune, have recently made a number of applications of this agency to the objects they have in view. One of the latest and certainly one of the oddest is making water work for itself by the use of it in the construction of an irrigation canal. This service is sometimes performed by diverting part of the stream which is eventually to feed the canal and sometimes by obtaining a jet from another source. But in either case the same fluid is employed to dig which is afterward to flow in the channel thus created.  
 The cost of excavation by this process is far less than that by any other known agency, often being only from 2 cents to 4 cents a cubic yard. This difference depends upon the toughness of the material.  
 Great embankments have been built by hydraulic means along the line of the Canadian Pacific, the Northern Pacific and other transcontinental railroads. When work of this class is to be performed, the loose material carried by the water is conducted in large pipes to the desired spot and there allowed to escape. The stones and coarse material drop at once, and the lighter clays and sands remain in suspension for a time and float off before they settle out from the water. By a little care in manipulation the heavy stones are thus deposited on the outside of the bank being formed, and the clay is left in the center.

**Artificial Marble.**  
 Imitation marble is obtained by mixing oxide of magnesium with chloride of magnesium, the former being obtained by burning the mineral called "magnesite" and the latter by treating the oxide with hydrochloric acid. Artificial marble is also produced from ordinary plaster of paris hardened by an admixture of borax and certain other ingredients and agreeably colored with mineral oxides. For this purpose the oxides of iron and copper are sometimes employed.

**How Starch is Formed.**  
 Deheratin and Dupon in Nature announce their discovery of the method by which starch is formed in grain. They show that the stalks which remain green when the other parts of the plant have dried up decompose the carbonic acid of the atmosphere and form carbohydrates that accumulate in the grain as starch. This late production of starch is abundant if the stocks do not dry up prematurely.

**Electroplated Doors.**  
 Electroplated front doors are a new invention. You can have a front door that looks as if it were made of solid copper, brass or any other metal with bas-reliefs and fancy work all over it which will be cheaper, lighter and generally more desirable than it would if it were really solid. These doors are finished in wood first.

**A New Smoke Consumer.**  
 A new ingenious contrivance for consuming smoke is being utilized in Berlin. When applied to a furnace, it saves coal and consumes all the smoke. It has already been applied to several large engineering works in Germany with complete success. It is proposed to adopt the system throughout the naval service.

**The Queen's Messenger.**  
 Spider, spinner, you're very late! What do you think will be your fate Should the fairy queen and court arrive To find the tent you promised to spin Of the glistest web at precisely five Not ready for holding the dances in? She may change you into a tiny gnat Or a fly or something worse than that! There's only an hour before the ball To finish the room for our dance tonight, So that when the dew shall fall It will spangle all with silver light. You've wasted time in catching flies; I read the truth in your eight green eyes! To work with a will, for the sun is low, And soon the moon comes over the hill; The fairies begin to gather, you know, As soon as they hear the whippoorwill. Haste, then; spin, or you'll be too late. The fairy queen will never wait, And unless the pavilion shall be complete, The snug gray roof with dew pearls spread, The alk rug for the fairy feet, Oh, spider, you may quake with dread! —Tudor Jenks in St. Nicholas.

**What Pocket Gophers Like.**  
 Pocket gophers are said to be voracious of common potatoes, sweet potatoes, apples, raisins and prunes, not to mention alfalfa and clover. They also like a little sugar on their food.

**Saved Many a Time.**  
 Don't neglect coughs and colds even if it is spring. Such cases often result seriously at this season just because people are careless. A dose of One Minute Cough Cure will remove all danger. Absolutely safe. Acts at once. Sure cure for coughs, colds, croup, grip, bronchitis, and other throat and lung troubles. "I have used One Minute Cough Cure several years," says Postmaster C. O. Dawson, Barr, Ill. "It is the very best cough medicine on the market. It has saved me many a severe spell of sickness and I warmly recommend it. The children's favorite."

**To Cure a Cold in One Day.**

 Daisy Roller Mills: TAWAS CITY, MICH

**To Keep Ice in a Sickroom.**  
 A medical journal tells how a saucerful of shaved ice may be kept in a sickroom through a day and night, if need be, even with a fire in the room. Put the saucer holding the ice in a soup plate and cover it with another; then place the soup plate thus arranged on a good heavy pillow and cover it with another pillow, pressing the pillows so that the plates are completely imbedded in them. The paragraph adds that one of the best ice shavers is an old jackplane set deep. It should be turned bottom upward and the ice moved backward and forward over the cutter.

**Winter is the Patent Season.**  
 This is the busy season with the commissioner of patents. It is a fact not generally known, however, that the busy season in the patent office invariably occurs between December and April. Few would dream of a "busy season" in the matter of applications for patents and would naturally suppose that about the same number were filed one month as another, but such is not the case. By far the larger number of applications reach the commission during the aforesaid period.—Washington Star.

**Unconscious Humor.**  
 The London St. James Gazette draws attention to an unconscious piece of humor on the part of the British war office. Volunteers for South Africa are directed in certain circumstances to communicate with the war office by telegram, addressed "Fessitude, London." The dictionary explains the selection of this telegraphic address. Fessitude is interpreted as "weariness, obsolete."

**Wants to Help Others.**  
 "I had stomach trouble all my life," says Edw. Mehler, proprietor of the Union Bottling Works, Erie, Pa., "and tried all kinds of remedies, went to several doctors and spent considerable money trying to get a moment's peace. Finally I read of Kodol Dyspepsia Cure and have been taking it to my great satisfaction. I never found its equal for stomach trouble and gladly recommend it in hope that I may help other sufferers." Kodol Dyspepsia Cure cures all stomach troubles. You don't have to diet. Kodol Dyspepsia Cure digests what you eat.
