### Look Out for Fever.

Billousness and liver disorders at this season may be prevented by cleansing the system with De Witt's Little Early Risers. These famous little pills do not gripe. They move the bowels gently, but copiously, and by reason of the tonic properties, give tone and strength to the glands.

### State Sunday School Association.

The executive committee of the Michigan Sunday School Association held its quarterly meeting in Lansing Sept. 26, at which the program for the coming annual convention, to be held in that city November 18, 19 and 20, was under consideration and adopted. From present indications, this program will furnish a veritable feast of practical information along modern Sunday school lines and several new features will be introduced.

Speakers of national and international reputation have been secured, who will interest and instruct Sunday school officers and teachers desiring more practical results in the work of their county, township and school.

Among the speakers are: Mr. Marion Lawrence, Toledo, international general secretary; Mr. Charles D. Meigs, St. Louis, Mo., associate editor S. S. Evangel, and who is known as the "S. S. Hustler," both of whom have been heard in Michigan in former years with great delight and profit.

Mr. Hugh Cook, Philadelphia, Pa., general secretary of the Pennsylvania S. S. Association, and Miss Finie M. Burton, kindergarten instructress of Louisville, Ky., and Prof. E. O. Excell, the famous convention leader and apostle of Sunday school song, has been secured to conduct the singing.

The complete program with full particulars, will be published in the October and November issues of the Sunday School Advance.

The Michigan Passenger Association have granted a one-fare rate for the round trip, as in former years.

At the committee meeting, General Secretary, Mr. Alfred Day reported a prevailing desire for closer relations with the state association in convention work. He found a most serious hindrance, however, in the failure to secure co-operation from many county officers in planning for their annual conventions far enough in advance to enable an itinerary of dates convenient alike to county and state, and arranged in the form, that he might reach all the counties without changes or conflict of dates.

State treasurer, H. H. Simpson, of Bad Axe, reported that if all the counties and individuals pay their pledges in full by Nov. 1, the date on which his books will be closed for the year, there will be sufficient funds to meet all obligations.

Mr. C. J. Burnett, of Lansing, is chairman of the committee of arrangements.

### Natural Anxiety.

Mothers regard approaching winter with uneasiness, children take cold so easily. No disease costs more little lives than croup. Its attack is so sudden that the sufferer is often beyond human aid before the doctor arrives. Such cases yield to One Minute Cough Cure. Liquefies the mucus, allays inflammation, remove danger. Absolutely safe. Acts immediately. Cures coughs, colds, grip, bronchitis, all throat and lung trouble. F. S. McMahon, Hampton, Ga. "A bad cold rendered me voiceless just before an oratorical contest. I intended to withdraw but took One Minute Cough Cure. It restored my voice in time to win the medal."

### Teachers Attention!

The next teacher's examination will be held in the court house, Tawas City, Oct. 16 and 17. J. A. Campbell, Commissioner.

**MICHAEL O'BRIEN.**

**Democratic Candidate for Congress in this District a Friend of Labor.**

Hon. Michael O'Brien, democratic candidate for congress in this district began his career at the foot of the ladder and made his progress a round at a time—no pyrotechnic ascent was his but on the contrary slow and toilsome. He began as a shoemaker. His initial place of business in that beautiful city of which he is now mayor, was a small shoe shop, where for fourteen years he toiled on the bench at his trade. He was a union man, even in those days when unionism was young and less advantageous or popular than now. He assisted in the organization of unions in his city which have since been of great service to the cause of local laborers. He was an ardent advocate of the cause and a willing worker in the ranks. He was a member of the knights of labor. He was never an agitator, but a union man of the practical type. By thrift and industry he saved his earnings in his little shop sufficient to start in business on a small scale. He did so, but was unfortunate in that one of the great fires that visited the city destroyed his shop and stock. Unable to re-establish himself in business again, he returned to the bench, but was there but a short time when his friends procured his nomination for county clerk and elected him. He was repeatedly re-elected to this office holding it for four terms. During his tenure as clerk he studied and attended night school, in this manner fitting himself to teach school, also as a book-keeper. He also made a study of law being admitted to practice in 1887, since which time he has been actively engaged in practice of the profession. In 1890 he was elected mayor of Alpena and served until 1892, when he declined a re-nomination. In 1900, he was again elected mayor and succeeded himself in 1902. His present term as mayor will not expire until 1904. He has not attained great wealth, but he holds the greatest friendship of the wealth producers, the masses. He has no "barrel" with which to counter his opponent's appeal for votes and would disdain to use it if he had. Candidate Michael O'Brien should get the united support of all laboring men in general and of union men in particular throughout the entire district. The Alpena Argus says of him: Michael O'Brien is one of the cleanest, most honorable, straightforward and open-and-above-board candidates of any political party ever placed in nomination as a representative of the people. He is a true representative of the better elements in politics, and if he is elected, the people will have the satisfaction of having a representative who cannot be bought, bulldozed or bullied. He would be the right man in the right place, and an honor to his district.

**Forty years Torture.**

To be relieved from a torturing disease after 40 years' torture might well cause the gratitude of anyone. That is what DeWitt's Hazel Salve did for C. Haney, Geneva, O. He says: "DeWitt's Witch Hazel Salve cured me of piles after I had suffered 40 years." Cures cuts, burns wounds skin diseases, Beware of counterfeits.

Price, a former resident of this place, but of late years a grocer at Oseoda, has been appointed postmaster as Mr. Adam Cataline has lately resigned. Rev. Johnston, who has been sent here as pastor of the M. E. church, commenced a series of meetings on Monday evening of this week, to continue indefinitely.

W. A. Sperl was down from Onaway for a few days last week to look for hay and oats. He purchased a car load of hay of Joseph Goupel, and one hundred bushel of oats of the Osborn Bros. Howard Belknap has a garden to be proud of. He dug 117 bushels of potatoes off 1/4 acre, besides raising more vegetables of every kind than he can eat all winter. Charles Titus, after many years absence has decided to locate in our town again. He goes into the commission business and handles all kinds of farm produce. Rev. Chaney Wood, of Cedar Lake, has rented a house of J. W. Curtis and will hereafter be a resident of our bustling village. We understand that Mr. Wood is an Advent missionary. Mrs. Julia Peters, of Schenectady, N. Y., who has been the guest of her niece, Mrs. E. Dutton for the past four months, returned home on Wednesday. A large number of friends gathered at L. C. Dutton's hall on Tuesday and tendered her a farewell reception. Rev. J. W. Osborn who has been visiting with his family here since the M. E. conference, returned to his work in the Upper Peninsula, Wednesday. His wife accompanied him as far as Bay City. He goes via Chicago where he will stop to receive his ordination. John Mooney and family received startling news of the death of their nephew, Frank Sherman, of Perryville, Ohio, one day last week. Their daughter Emma started on a visit to Mr. Sherman and he with his little daughter, three years, of age met her in Toledo, but she had decided to remain a day or two with a friend in the city, Mr. Sherman took a trolley car for home, but while changing cars he stepped in front of a swiftly moving car and was crushed to death instantly, while his little daughter escaped without injury. Miss Mooney telegraphed her father here at once. Mr. Mooney went as far as Saginaw when on learning that the remains had been taken to Canada for immediate burial he returned home. CARD—We wish to publicly thank our many friends for the acts of kindness shown us during the sickness and death of our mother, Mrs. L. L. Emmons. MR. and MRS. EDWIN HOWE. **RENO RUMBLINGS.** A car load of fat cattle were shipped from Anderson's ranch this week. David Cooper is wearing a very happy smile since last Wednesday. It's a boy. Mrs. James Charters has returned from a pleasant month's visit with friends in Canada. Many of our citizens have signed the petition to have J. P. Colvin appointed postmaster at Siloam. The young people had a very enjoyable time at the home of William West last Monday evening at a social dance. The work of fencing the Bently & Varey cattle ranch is being rapidly completed under the direction of Mr. Parker. Mrs. E. E. Odell, accompanied by Dr. Lewis and Nurse Miller, returned to the Lewis hospital, at Bay City, Monday. John Jackson is moving his house from the Lindsay farm to his own place on the State Road. C. A. Curry is doing the work. Mesdames Kindall, of Millbrook, and Mires, of Duluth, attended the funeral of their brother E. E. Odell, here last Saturday. Elmer E. Odell, died Wednesday evening, October 1. While he had

been ill for several weeks his death was unexpected and came as a shock to his many friends. The deceased was born in Fulton county, Ohio, March 8, 1864. After a high school course he entered the Normal school at Valparizo, Ind., where he graduated with high honors. He afterwards studied law with W. K. Bush, of Meecosta, and was admitted to the bar, but never practiced. He was an expert book-keeper and followed the business until about five years ago, when he engaged in the mercantile business at Siloam, where he was also postmaster. He also served a term as a clerk of Reno township. As a public official he always gave satisfaction. He leaves a wife and three sisters to mourn the death of an affectionate brother and husband. The bereaved ones have the sympathy of all. The funeral was held last Saturday, from the Baptist church, Rev. A. Waterbury officiating, and was under the auspices of the Orange Lodge, of which the deceased was a member. The remains were laid at rest in the Reno cemetery.

Out of the one thousand Indians who lived on the Kawkawin river a half century ago there remain only ten families. The leader of the inhabitants is James Cloud, a minister of the Methodist faith, who conducts a small farm two miles from the river's mouth. He says he can remember his father telling of the battle between the Chippewas and Osaukenons at Skull island in Saginaw river, two miles south of Bay City. The Osaukenons were almost annihilated, and the Chippewas, taking their skulls, made a circle around the island with them. Originally the Chippewas had a reservation of six townships, but gradually they disposed of their possessions until they only own the few little farms on the banks of the Kawkawin.

### THE SUGAR FACTORY.

Last week a committee of the business men of the Tawas went to Detroit and secured from capitalists of undoubted ability a written agreement to build a sugar factory at East Tawas upon the securing of 5000 acres of sugar beets from the farmers, and \$100,000 worth of stock in the enterprise. The factory is to cost at least \$600,000. The committee also secured from the D. & M. Ry. Co. an agreement to carry beets to the factory for any distance up to 40 miles at 40 cents per ton, and from any where on their line at 50 cents a ton, with no switching charges, and beets unloaded free of charge at the factory by the sugar company. The Sugar Company also agrees to advance up to \$10 an acre on growing beets, according to the condition of the crop, to assist the farmer to pay for labor, if desired, to all who contract to raise five acres or more.

These are the best and most favorable terms ever granted to a town by a Sugar Company or a railroad company in the state. The \$100,000 local capital has already been subscribed and is assured; therefore it is now up to the farmers of this and the adjoining counties to subscribe the acreage and raise the beets. The company wants 10,000 acres, but will build the factory at once, not next year, but begin by the 15th of this October, if we secure the 5,000 acres of beets.

It is not a question to the farmers whether they will make any money the first year or not. There is money in beet raising, although there may be an occasional poor year, as with all other crops. The question now is: Will the farmers put their shoulders to the beet wagon and help get a factory, now! We trust that none will fail, but that all will do what they can, and the best they can to help the cause.

### Kodol Dyspepsia Cure

Digests what you eat.

### The worst Form.

Multitudes are arising the praises of Kodol, the new discovery which is making so many sick people well and weak people strong by digesting what they eat, by cleansing and sweetening the stomach and by transforming their food into the kind of pure, rich, red blood that makes you feel good all over. Mrs. Cranfill, of Troy, I. T., writes: For a number of years I was troubled indigestion and dyspepsia which grew into the worst form. Finally I was induced to use Kodol and after using four bottles I am entirely cured. I heartily recommend Kodol to all sufferers from indigestion and dyspepsia. Take a dose after meals. It digests what you eat.
