## Timely Topics

TERSELY TOLD

The long distance telephone has reached Roscommon.

The Arenac county fair will be held at Standish, Sept. 24-26.

It is estimated that it cost the New York Yacht Club \$1,000,000 to defend the cup this year.

The association of probate judges of Michigan will hold a meeting at Battle Creek, September 9 and 10.

Caleb Powers was found guilty at Georgetown, Ky., of complicity in the murder of Gov. Goebel and sentenced to death.

The new western Michigan normal school will be built at Kalamazoo, the state board of education having decided the matter last Friday.

On account of the inclement weather the pioneer picnic, which was to have been held at Twining last Saturday, was postponed until tomorrow, Saturday Sept. 5.

C. L. DeWaele, of Roscommon, has an apple tree in his garden that is a curio. The tree was set out in April and now has one apple on it and the tree is full bloom.

Twelve Cheboygan young women armed with baskets and pails crowded into a livery rig to go berrying. Two miles from town the rig broke down and they tramped home leading the horse.

The annual reunion of the Soldiers' and Sailors' Association of Northern Michigan will be held at West Branch next Wednesday, Thursday and Friday. A street fair will be held at the same time.

New York bankers have started a popular subscription to secure a testimonial to Sir Thomas Lipton and a committee is being formed to take the matter in hand. A silver service has been suggested.

Hillman is to have a new bank that will begin business about Oct. 1, in a fine new building erected for that purpose. Geo. J. Robinson, of Alpena, and C. H. Osgood, of Rogers City, are behind the institution.

Griff Lewis and M. Smart held a reunion at Bay City last Monday. They are the only surviving members of the band of the 16th U. S. infantry, that left Chicago 41 years previous, and served through the war with that regiment.

During the heavy north-easter last Thursday night the steamer John Duncan sprung a leak, while off Harrisville, and was beached near that village Friday noon, the Sturgeon Point life saving crew taking off the boat's crew of 19 people.

Keepers of bees say that this is a remarkable good season for the little honey-makers. There is a crop of white clover and other flowers for them to work upon and they are storing up honey at a lively rate. White clover honey is considered the finest that is produced.

Chicago, Aug. 29.—The first wireless telegram ever sent to Chicago from Lake Michigan was delivered to President Graham, of the Graham & Morton line. The message was sent from the steamer City of Milwaukee, 25 miles from shore, and was caught at the station in the tower of the Montgomery Ward building.

Riley Mack, living two miles south of Vassar, met a peculiar death Saturday night and foul play is suspected. The crew of an early morning freight train found his mangled body lying across the track. Those who know say he had a gold watch and \$5 when last seen alive, neither of which was found on his body. It is claimed he was in an intoxicated condition, and whether he was foully dealt with, and placed on the track to cover the crime, or sleeping off the effects of his jag on the track when struck by the train, are yet to be determined.

Edward Chevrier jumped from an AuSable & Northwestern train, near Glennie, Saturday, and sustained injuries which resulted in his death shortly after. He was a former resident of AuSable and a son-in-law of M. V. Saunders, of Baldwin township.

Both in official and revolutionary circles the opinion is freely held that that war between Bulgaria and Turkey is imminent and cannot be averted short of a miracle. It is expected that either government will formally declare hostilities, but the prevailing conditions will force on a war.

The 3-year-old daughter of Mrs. Henry McPeak, of West Bay City was disfigured for life Tuesday afternoon by a bull dog belonging to a relative with whom she was staying. The child had been teasing the animal, which was chained. It tore her face, chewing to the bone with its teeth, besides inflicting deep scratches with its claws. The owner promptly shot the animal.

### Human Devils.

It is a sad commentary upon poor human nature that in its worst aspects it goes infinitely lower than the brutes and far deeper down than the demons.

Imagination cannot picture darker depravity and savagery than that of a human being delighting in torture and applying it sometimes to those having strong claims upon affection and regards.

It is not a pleasant topic but it is sometimes necessary in this world to face things as they are because it will be centuries before they become what they ought to be. Consider the creature who tied that little boy at Detroit hand and foot, torturing the poor little fellow to death and horribly mutilating his corpse afterward; the fathers who assault their own little daughters, the men who mangle and kill their wives, the viler creatures if possible who use the love of confiding girls but to treat them with the most heartless cruelty. Think of the millions ingeniously tortured by fanatics in the name of religion, the other millions cut and killed cruelly on the slightest provocation or nothing at all. Of civilized mobs that burn and torture men, of the myriad forms in which devilish and malignant cruelties mark the intercourse between man and man. It does not tend to pride in the race when it is degenerate.

Of course the great majority is better, and a very large element noble and true, yet the fact that there are hundreds of thousands of the kind mentioned is sufficient to keep all thinking, and to convince the discerning that there is something yet lacking in the development of the human race. It is probably physiological as well as purely mental, for mere education does not abolish cruelty nor itself insure higher principles.

Would different punishment applied to criminals improve matters? Would different plans adopted and applied in the schools do it? Are many of the religious teachings too combative and therefore tending to arouse ill will where good will would be better? Is our food at fault as some hint, or are some of our drinks too exciting? There are deed problems to be solved despite the known-it-all assumption of superior wisdom by which many have claimed to understand. We have yet much to learn.—*Bay City Tribune.*

### Fearful Odds Again Him.

Bedridden alone and destitute. Such, in brief was the condition of an old soldier by name of J. J. Hayens, Versailles, O. ## New Heating Plant.

The contract for the new heating plant at the court house has been let, and work will be commenced at once. The plant will be installed in a new boiler house located between the court house and the barn. This building will be of cement and brick 14x24 feet in size, and will contain both the boiler room and store room for coal, the coal being carried above the boiler. The contract for the building has been let to Antime Valin for \$700.

The heating plant will be installed by the Saginaw Heating & Ventilating Co., the contract price being \$1,048.00. This includes the placing of pipes and radiators in the jail building and connections with the present piping in the court house.

The new plant when installed will make a big saving in fuel to the county, in that it will take but little, if any more to heat the two buildings than is now used to heat either one.

## What is Life?

In the last analysis nobody knows, but we do know that it is under strict law. Abuse that law even slightly, pain results. Irregular living means derangement of the organs, resulting in Constipation, Headache, or Liver trouble. Dr. King's New Life Pills quickly re-adjusts this. It's gentle, yet thorough. Only 25c at G. ## THE YACHT RACES.

The Cadillac Wins The Detroit Free Press Cup By A Narrow Margin

The Mistake, of Alpena, Takes The Race for the New D. & M. Cup.

The annual races of the Tawas Beach Yachting Association opened on Tawas Bay Tuesday with excellent weather and a large attendance of enthusiastic yachtsmen from all sections of the state, and one of the finest collection of boats ever gathered here. Of course the most interest was centered on the race between the crack yachts Detroit and Cadillac, of Detroit, two of the very best boats on the great lakes. The old favorites with Tawas people—the Sultana, of St. Clair, the Jennie and Aurora, of Bay City, and Mistake, of Alpena, were all on hand.

The first race, on Thursday morning was started with a very light wind but before the boats reached the first stake on the triangular course, a good whole sail breeze came from the south, and a fine race was the result. The Detroit and Cadillac were sent away first on their special race for the Detroit Free Press Cup and a purse of \$250. It was one of the prettiest races ever sailed on the bay, first one boat and then the other leading. The Cadillac won by the small margin of 12 seconds.

The free-for-all race was started 30 minutes later, and was won by the Myrta III, a Detroit boat, on time allowance. The Wave, of Bay City, was second, and the Jennie third. The surprize of the day was the defeat of the Aurora, which failed to get a place.

The Cadillac defeated the Detroit Wednesday in a beautiful race to the windward and return, by 58 seconds. Had not the Detroit met with an accident by the breaking of her center board the result might have been different, as she sailed a pretty race notwithstanding the accident. This race gave the Cadillac the Detroit Free Press cup and first money.

The D. & M. cup race proved the event of the regatta, the Mistake, of Alpena, capturing the cup after a hard fight with the Aurora, which boat finished 18 seconds ahead of her, but lost on time allowance. The Sultana finished first in this race, but was not eligible for the cup. The Jennie was fourth, Myrta fifth. The Wave, winner of last year's cup race was sixth. The day was an ideal one with a good steady breeze from the south.

Lots of excitement marked the closing day of the regatta. In the straight away race and return, the Mistake of Alpena, capsized when near the gas boy, and the crew were rescued by Commodore Fletcher's Steam Yacht Winijah, and the boat towed in. The race was won by the Whitecap, of Detroit, with the Sultan second, and the Myrta third.

The regatta was the best ever held on Tawas Bay, and speaks much for future events.

## A LITTLE NONSENSE.

His "Line" Was Brains, but He Carried Mighty Little.

A professor of a western university tells this story of a trip he made: "A traveling man boarded the train one day, took a seat beside me and remarked:

"Pleasant day, isn't it?"

"Umph—yes."

"Then the drummer said: 'Crops look fine, don't they? I guess we'll have a good season.'"

"Umph—yes."

"By this time the traveling man was annoyed and asked, 'What line are you in anyway?'"

"Irritated at his continued impertinencies, I replied, 'Brains.'"

"Well," said the drummer, 'you carry a mighty small sample case.'"

## THE GRANGE

Conducted by J. W. DARROW,  
Press Correspondent New York State Grange

W. N. GILES.

Secretary of New York State Grange.

The accomplished secretary of the New York state grange, W. N. Giles, is a resident of Skaneateles, N. Y. He has been connected with the order since 1877, when he joined Owasco grange, No. 271. He served as secretary of that grange for four years and master two years.

W. N. GILES.

In 1882 he transferred his membership to Skaneateles grange, and was its master for two years. He was a regular attendant upon the state grange meetings even before his election as secretary of that body in 1900. The duties of that office he has ever since filled in a most conscientious, painstaking and acceptable manner. As a public speaker he is in great demand at grange picnics and field meetings.

## QUESTIONS ON RITUAL.

Certain Requirements For Properly Conferring the Degrees.

We have submitted the following questions to Hon. George B. Horton, master of the Michigan state grange, who is an authority on the subjects, and the answers will doubtless be of general interest to members of the Order:

Q.—Is there any explanatory work or lectures in connection with the conferring of the unwritten work of the Order, and do you use and advise the same if there be any? A.—I know of no authorized lectures outside the ritual, which is very complete in itself. Extras are more liable to take from than to add to the impressiveness and strength of the work.

Q.—Can the fifth degree be conferred by obligation simply, and if so do you advise it? A.—The fifth degree cannot legally be conferred other than in full form. Grange law is plainly in opposition to any abridgement of degree forms.

Q.—Do you advise and do you use in your work in Michigan the field work in the first degree? A.—The single degree forms in the ritual are essential when a gentleman or lady is initiated singly. The field work is instructive and is essential to the completeness of the "laborer's" degree. Every grange should be equipped with well designed field work. From an object lesson point of view it is quite essential.

## Young People and the Grange.

The grange recognizes the value of social life to the farmer's family, and we ought to make our sessions so attractive that the children of our rural homes will want to be with us. Many a boy and girl have left the farm and gone down to disgrace and ruin on account of the lack of elevating amusements. We look to the boys and girls of our rural districts to carry on the grand and glorious work of our Order when we are gone, and it behooves us as true Patrons to use every legitimate means within our power to interest the young in our work. Are we doing it? In many places juvenile granges are organized for the children. This may not be practicable in every county, but each subordinate grange might have at least one day in the year on which the children should be welcomed and entertained. This would create in them an interest in grange work which would bear fruit in future years. Only get the children interested with us and there would be a different view taken of farm life. Sons and daughters would be inspired with more love for the farm, the careworn wife would enter upon her domestic duties with a lighter heart and the home ties would become stronger. To accomplish this would truly be an incentive to the grange for further achievements.—C. C. Wells.

## Co-operation Among Patrons.

It seems strange, says the Watertown Times, that more Patrons do not take advantage of their organization to purchase feed and other supplies on a cash basis and thus save a large margin from prices paid to retailers under the credit system. Reputable dealers are glad to make large discounts where car load lots are taken and cash paid. To illustrate, some farmers not far from Watertown formed an association to buy together feed in car load lots. Two of the enterprising milling concerns in the city sent agents to the first meeting these farmers held and offered to furnish them with the best grades of feeding stuff at wholesale prices for cash, which in some cases amounted to \$3, \$4 and even \$5 a ton saving from the retail price. Every grange can do the same thing if it will.

## Winners in a Desk Contest.

Worthy Master Horton of Michigan announced that the state grange would give to every subordinate grange in the state which received twenty or more new members during the quarter ending June 30, 1903, a well finished business desk for the use of grange officers. Seventy granges are reported by State Secretary Jennie Baell as successful in this contest. The total addition to membership in these granges is 1,021, an average of twenty-four.

Never let your zeal for membership overshadow the pride you have in the worth of the grange. The grange is destined to play a greater part in the drama of internal affairs in the next ten years than ever before in its history.

## OPTIMISM A VIRTUE

By United States Senator CHAUNCEY M. DEPEW...

WE ARE THE YOUNGEST of the great powers, we have a youthful and strenuous president, AND YET IT IS THE MATURE WISDOM OF AGE WHICH GOVERNS US.

The senate of the United States IS THE REAL POWER in our system. About four senators on each side, all past sixty and the majority over seventy, when in agreement have shaped the laws and settled the policy of the nation.

THE ACTIVITY AND LONGEVITY OF THESE STATESMEN and others whom we know who are eminent in literature, in the pulpit, on the bench, at the bar, in the management of great corporations and as successful men of business ARE EXAMPLES OF THE CULTIVATION OF CHEERFULNESS AND OF HOPE AND OF CONFIDENCE AND ABIDING FAITH IN THE CONTINUED PROGRESS, development, growth and expansion of our country. It is not the length of days which counts, but the harvest which they yield. We speak of poverty only as the deprivation of the comforts of life which comes from lack of money. BUT THERE IS A MORE SERIOUS POVERTY—OF THE SPIRIT, OF THE HEART AND OF THE MIND. There is success without pleasure or happiness.

The annual reunion of the Soldiers' and Sailors' Association of Northern Michigan will be held at West Branch next Wednesday, Thursday and Friday. A street fair will be held at the same time.

The races at the fair week after next, promise to be the best ever held here. A number of the best horses in this section of the state will be in attendance, and good sport may be looked for.

Mrs. Charles Harris, Jr., who has been at Mt. Clemens for the past three weeks, where her little son Bertram, has been taking baths, arrived home last Saturday. The boy is much improved in health.

Q. C. Martin, who recently purchased a tract of land near Emery Junction, was in the city last Saturday and purchased a quantity of lumber. He contemplates the erection of a store building.

Mrs. A. H. Wilson and children left for Detroit last Wednesday after a two weeks visit with her parents, Mr. and Mrs. E. G. Ash. She was accompanied by her sister Margaret, who will spend the winter with her.

The fair is near at hand. Are you preparing to make an exhibit? If not, why? Every farmer in the county should bring the best he has, and the result will be a fine showing which will be a credit to the county.

Mrs. Harbert and daughters, Misses Beryl and Pearl left Tuesday for Detroit and Cleveland, where she goes to buy her fall millinery goods. Miss Beryl will go to Tecumseh, where she will teach for the coming year.

Charles Dixon left Tuesday evening for Collinwood, O., to accept a position in the L. S. & M. S. Ry. shops. Mrs. D. accompanied him and will continue on to Clinton Mills, New York, where she will visit relatives.

Charles Schneider, of Sherman, was in the city Monday. He returned from the National Bee-Keepers convention at Los Angeles, Cal., last Saturday. He reports a fine trip and one of the very best conventions ever held by the bee men.

Friday evening, Sept. 11, the citizens of the Tawas will have an opportunity of witnessing one of the finest entertainments before the public, in Kiltain's life motion pictures representing Horitz Passion Play, which will occur at St. Joseph's church, East Tawas, under the auspices of the Ladies' Altar Society.

A horse belonging to John Robinson, of Alabaster, ran away last Sunday, throwing John and a companion out on the cement walk in front of Thomas Galbraith's store. It left the harness and buggy on a telephone pole down the shore, and was finally captured in Halletown. John had his face and hand badly bruised, and the buggy and harness was badly broken.

The Iosco county exhibit for the state fair leaves today for Pontiac. While a very fine exhibit, so far as quality is concerned, has been gathered together, the quantity is far less than it should have been. It is to be regretted that more of our farmers are not represented in this exhibit, as the larger and better the show the more benefit derived by the county.

Dr. Howell's family arrived the latter part of last week from Tawas and are comfortably located in the Hensel building. One daughter has a position in Onaway's schools this year while her sister is a musician of more than ordinary talent. Onaway's social circles will be greatly benefited by the Tawas loss.—*Onaway Outlook*
