for Marshal, where she will visit her  
brother.

Don't forget the dance and supper  
next Thursday evening. Everybody  
is invited.

Mrs. McColl and Miss Kitte Bush  
spent Wednesday with the latter's par-  
ents, at Twining.

Joseph Goupel returned Wednesday  
from Buffalo, where he had been with  
a car load of hogs.

Beginning next Tuesday the biggest  
bargains ever offered the people of this  
locality will be found at A. Blumen-  
au's.

Ambrose Schill began loading his  
sugar beets Monday, and it took him  
just four hours to load the first car.  
Pretty good work.

The school board decided Monday  
morning to close our schools for a few  
weeks on account of the prevalence of  
scarlet fever. It is to be hoped that  
the disease may soon be stamped out.

Miss Gertrude Goodwin Miller, a  
dramatic reader, will give an enter-  
tainment Friday night, November 13,  
under the auspices of the Ladies Aid  
Society, at the Forrester Hall. Ad-  
mission 25c.

## Alabaster Dust.

Hark! There is the whisper of a  
wedding, but, that's telling secrets.

Mrs. A. Kirkendal has come here to  
reside with her daughter, Mrs. Shaw.

Mesdames Chas. Dixon and Geo.  
Moore, of Tawas City, visited friends  
here Tuesday.

"The spirit of mischief prevailed  
here last Saturday night, many prac-  
tical jokes being perpetrated.

The infant child of Alfred Johnson  
died last Sunday. The funeral was  
held Tuesday and was attended by  
many sympathizing friends.

The supper held last Thursday was  
a decided success, the receipts being  
\$15.90. A dance was held after the  
supper, Grant Kirkendal furnishing  
the music. The "guessing cake"  
was won by Wm. Wilson.

The deer season opens next Sunday,  
and the hunters are already arriving.

Mrs. Douglas, of Canada, is the  
guest at the home of William Wilson.

A ten pound boy arrived at the home  
of Frank Bovia last Sunday morning.

## Doesn't Respect Old Age.

It's shameful when youth fails to  
show proper respect for old age, but  
just the contrary in the case of Dr.  
King's New Life Pills. They cut off  
maladies no matter how severe and  
irrespective of old age. Dyspepsia,  
Jaundice, Fever, Constipation, all  
yield to this perfect Pill. 25c, at G.  
S. Darling and J. E. Dillon Drug  
Stores.

## Beets Are Being Delivered.

Sugar beets have been the most  
prominent thing in the vicinity of the  
Tawas this week. They have been  
coming by train loads and wagon  
loads since early Monday morning, at  
which time the Tawas Sugar Co., be-  
gan to receive the crops from the  
farmers.

The honor of delivering the first  
beets to the new factory goes to John  
McInerney and Charles Campbell, while  
John Henry furnished the first car  
load from his farm in Sherman. It  
has been a continual string of teams  
from early morn until after dark each  
day this week.

Instead of delivering their beets di-  
rect to the factory several of the farm-  
ers near here are loading on cars at  
this station and shipping to the fac-  
tory. While it may seem strange to  
haul beets three or four miles to ship  
them two, the fact still remains that  
enough time can be saved by this pro-  
cess to make it a paying operation.

The beet crop as a whole in this sec-  
tion is not of the best this year, and  
the general opinion of the farmers  
seem to be that the profit will be very  
small, and in many cases actual loss  
will be sustained by the growers. This  
condition is caused by the extremely  
poor season.

One hundred and two loads of beets  
were delivered at the factory Monday,  
and the average daily delivery up to  
last night has been about 150 loads  
daily. In addition to this about 50  
car loads have been delivered.

## Wilbur.

Thomas Jewell is on the sick list.

Joe Brooks spent Sunday with his  
parents.

\* Will Nixon, of Toronto, is visiting  
friends here.

August Colger has finished the sea-  
son threshing.

Rev. and Mrs. King visited here a  
few days this week.

Era Becker has returned home after  
several months absence.

Mrs. Arthur Daws spent a few days  
in Tawas City last week.

Will Scott and Alfred Simmons  
spent Sunday at South Branch.

Misses Jennie Conley and Cora Mc-  
Murry of East Tawas, were the guests  
of Mrs. R. Brooks last week.

The experience social at Mr. Syme's  
on Tuesday evening was a decided suc-  
cess both socially and financially.

Mrs. Julia Dorey and children of  
Leviston, returned home last Satur-  
day, after a few weeks visit with  
friends.

Mrs. G. L. Stickle purchased a  
fine new organ recently, and also pre-  
sented her grand daughter, Miss Pearl  
Alda with one.

Last Monday the members of the  
Grange lodge, pulled and topped two  
acres of sugar beets, for the Cross  
boys, who are ill and unable to harvest  
them.

George Dawas has returned from  
Detroit where he has been success-  
fully treated for hernia. When Mr.  
Dawas went to Detroit he was in a  
very serious condition, but 26 days  
treatment has given him perfect health  
and he is well pleased over the results.

Hallow'een was celebrated last Sat-  
urday night by the general removal  
of gates, fences, wagons and other  
movable property. The roads were  
littered with logs and other obstruc-  
tions. The pranks were the result of  
what might have been a serious ac-  
cident. Mr. Cross was returning from  
town, where he had been for medicine  
for his sons, who are dangerously ill,  
and when near John McMullen's place  
his horse became frightened at obstruc-  
tions in the road. Mr. Cross was  
thrown out and quite badly injured  
and the buggy and harness were bro-  
ken.

## Sherman Shots.

Wm. Kohn was in Whittemore Tues-  
day.

old home in Ohio.

Chas. Schneider was in Prescott on  
business this week.

John Henry shipped the first car  
load of beets from this station Mon-  
day.

P. J. Schuster and sons were at  
Whittemore on business last Satur-  
day.

Everybody had an enjoyable time at  
the dance last Saturday night, except  
Fabe.

Miss Noma Stone, of Whittemore,  
spent last Sunday with her sister, Mrs.  
Will Pringle.

Rev. Fr. Kinney, of East Tawas,  
conducted Mass at the home of M.  
Schneider last week.

## Not A Sick Day Since.

"I was taken severely sick with  
kidney trouble. I tried all sorts of  
medicines, none of which relieved me.  
One day I saw an ad. of your Elec-  
tric Bitters and determined to try  
that. After taking a few doses I felt  
relieved, and soon thereafter was en-  
tirely cured, and have not seen a sick  
day since. Neighbors of mine have  
been cured of Rheumatism, Neuralgia,  
Liver and Kidney troubles and Gen-  
eral Debility." This is what B. F.  
Bass, of Fremont, N. C., writes. Only

lon, Druggists.

# THE GRANGE

Conducted by J. W. DARROW,  
Press Correspondent New York State  
Grange

F. A. DERTHICK.

Master Ohio State Grange and a  
Student Under Garfield.

F. A. Dertthick, the subject of this  
sketch, is master of the state grange of  
Ohio and was elected a member of the  
national grange executive com-  
mittee at its last meeting. He is  
a graduate of Hiram college  
of Ohio and was a pupil of Presi-  
dent James A. Garfield. He is  
a trustee of the college, and his  
elegant home is situated on Der-  
thick hill, overlooking the col-  
lege buildings.

F. A. DERTHICK.

His wife and five children are  
graduates of the same institution. Mr.  
Dertthick is one of the prosperous farm-  
ers of the Buckeye State who find  
time between planting and harvesting  
and harvesting and planting to devote  
considerable time to the agitation of  
those reforms which the grange be-  
lieves will work to the betterment of  
the farmers as a class. He resides at  
Mentor. He has a reputation as an  
orator and a writer, as well as a stu-  
dent of scientific farming. He has been  
connected for a number of years with  
the state agricultural department in the  
capacity of lecturer at farmers' insti-  
tutes and in this manner has attained  
a wide reputation in his own state as  
a leader in advanced ideas on technical  
farming. He has also studied the so-  
cial and educational problems of the  
rural communities. He is one of the  
strong members of the state and na-  
tional grange.

## TENT WORMS.

A Legal Warfare to Be Waged on  
These Pests by the Grange.

Dutchess county (N. Y.) Patrons are  
going to deal with the tent worms  
legally. All the granges in that county  
are to be asked to indorse the follow-  
ing act, which will be presented to the  
next state legislature for its approval  
and enactment into law:

An act for the destruction of tent worms  
and their nests or tents within the county  
of Dutchess.

Commissioners of highways in each town  
within the county of Dutchess shall at  
such time or times in each year as may  
be necessary destroy tent worms with  
their nests or tents in the trees on the  
public highways in their respective towns,  
and they may purchase all torches, im-  
plements or materials necessary and  
proper for such purpose, the cost of  
which, with the compensation of the  
highway commissioners at the rate of \$2  
per day each for the time spent on said  
work, shall be a town charge. The owner  
or occupant of all lands within the county  
of Dutchess at such time or times in each  
year as may be necessary and when the  
presence of such tent worms in the trees  
upon his land become apparent shall de-  
stroy the same with their nests or tents.

## A Center of Communication.

The Patrons of the Order in Pennsylv-  
ania have a sort of clearing house  
for surplus produce, which is in charge  
of Mr. S. B. Day of Washington, Pa.  
He styles it a "center of communication."

Patrons in any part of the state can  
write to the manager of the central  
bureau and give him the quantity of  
surplus products which they have for  
sale in their section. The central bu-  
reau, being in communication with all  
sections of the state, is enabled to in-  
form such parties where there may be  
a shortage of like articles and place  
them in communication with parties  
desiring the things which they have to  
sell. In other words, this bureau puts  
the producers and the consumers in  
communication with each other and  
they then transact their own business  
with one another.

There are numerous ways in which  
such a central bureau can be of service  
to Patrons of the Order and it seems  
to be a most excellent idea.

## Grange Literature.

The printed page is doing good work  
for the grange these days. Not only  
are the newspapers devoting much  
more space than formerly to the  
grange, but the state grange organ-  
izations, through the masters, lecturers  
and secretaries, are preparing and dis-  
seminating grange information by cir-  
culars, pamphlets and bulletins more  
widely than ever. This is well. The  
Order will feel the beneficial effects  
thereof in increased membership and  
in a better understanding of its prin-  
ciples and of what it is accomplishing  
for the farmers of the country. So far  
as our observation extends, the Michi-  
gan state grange leads its sister organ-  
izations in the effective use of grange  
literature.

## National Lecturer's Topics.

The topics announced by National  
Lecturer Bachelder for September to  
December, inclusive, are the following:  
September.—What farm crops are the  
most profitable in this locality?  
October.—What influence has home  
life upon the young in the formation  
of character?  
November.—What influence has the  
grange in the formation of character?  
December.—What should be the rela-  
tion of the grange and church?

Ceres, Pomona and Flora can find  
ample employment in promoting aes-  
thetic notions about the adornment of  
our lawns and outbuildings. A com-  
munity filled with beautiful homes has  
a high financial rating, to say nothing  
of the aesthetic.

Mr. Hawks said it was the usual yearly confab and, while he did not specify the changes, remarked that with fuel and labor higher, it was a bad time to reduce rates.—Bay City Times.

Miss Clara Shaw, teacher in the Benedict district, Beaver Creek, was not satisfied with bare walls and no sign of beauty in the school room, and to procure pictures for adornment conceived the idea of a social, which was held last Saturday evening. A happy crowd assembled and had an enjoyable evening, leaving over \$15.00 with the wideawake teacher to be expended as she judged best.—Grayling Avalanche.

The Detroit Free Press always aims to lead in the newspaper field, and its latest move is to install a mammoth four-color perfecting press, the first of its kind in the state. The Free Press is now in position to do the highest class of art color work and thus takes another step toward the top in modern journalism. The first edition on the new press was that of last Sunday and much improvement was noticeable.

In its laudable effort to determine if possible which birds are really harmful to man and his agricultural interests the department at Washington is offering to analyze the contents of any birds sent to it. So far its investigations show that the list of harmful birds is most surprisingly small, the facts showing that the mission of the birds as a whole is of the most beneficent character in ridding the crops of their insect enemies.

The Michigan World's Fair Commission desires to get ten to twenty-five bushels of apples to represent this county in their state display next year. The superintendent, M. L. Dean, of the Agricultural College, will be in the county soon to collect it and place the same in cold storage and will gladly call on parties who have good winter apples in one bushel lots or more. If parties will please notify this paper or drop a card to M. L. Dean he will gladly visit them in the near future.

Have you ever asked yourself, in your quieter moments, "What was the happiest day of my life?" A group of clever and celebrated women have formed a symposium for the December number of the New Idea Woman's Magazine and have given their several experiences during the one happiest day of their lives, and the result is exceedingly interesting. This issue is the Christmas number, and the spirit of the holiday season prevails in its pages.

C. V. Hicks, Domestic Machines,

STRAY STOCK.

STRAYED from my place in Alabaster township, about September 24th, 1903, a dark brown Bull calf with light nose, and a red and white Heifer calf. Send information to THOMAS MURPHY, P. O. Tawas City.

## Rev. Charles E. Ehle

We take pleasure in introducing to the readers of the Herald the new pastor of the Baptist church of this city, and that he may be readily recognized, we publish an engraving which will help to that end. Mr. Ehle

comes to this community from Kalamazoo county where he has held a pastorate since leaving Kalamazoo college. He was born in Woodstock, Ontario, coming with his parents to Sheridan, Montcalm county, in 1886. We trust that he and his family will meet with a warm welcome from the people of this community. We understand from Prof. Ellsworth that Mr. Ehle and his wife, who was Miss Viola Waynard prior to 1901, were pupils of his while teaching in Montcalm county.

### Business Rushing.

The stone quarry plant of the Michigan Alkali works, at Alpena, is a very large one," said President J. D. Hawks, who has just returned from Alpena, where he went to attend the annual meeting of the Detroit & Mackinac railroad. It has a stone crusher as large as an ordinary grain elevator. The company is now shipping sugar beet stone and stone for concreting purposes, and will soon begin shipping stone to the works of the company at Wyandotte. When completed the plant will have a capacity of 1,000 tons a day. A large portion of the total output will be shipped to Wyandotte via the Detroit & Mackinac and Michigan Central. The industrial activity in that portion of the country is noticeable. The building of the El Cajon Cement Co., is going up at Alpena. The Onaway Limestone Co., is working about seventy-five men at its big quarry at Black Lake. The Detroit & Mackinac reaches this plant by a five mile spur from Onaway. The quarry company is now shipping sugar beet stone and steam drills are being installed in the main quarry after which the output of the quarry will be heavy.

"The Cheboygan extension of the Detroit & Mackinac is making rapid progress. Track is now laid to within six miles of Cheboygan and will be up to the Cheboygan river in a few days. This is three miles from the city. The bridge has been promised by the Detroit Iron & Bridge works by the middle of November, and if this promise is kept the line will be in Cheboygan in the first part of December."—Free Press.

### At Emery's Photo Gallery, East Tawas.

Believing the people of this section to be interested in all that goes to raise the standard of art excellence in our city, we would call to your attention some very interesting and exquisite specimens of photographic art which we are offering as a specialty for the coming holiday season.

Recent advances in the manufacture of materials and in the methods of photographic portraiture enable us to present a collection of rare beauty and unquestionable taste and richness in a new line of Colloid-Carbon pictures which are remarkable for their fine texture and the manner in which all delicate tones and fine details are brought out. The fineness of texture and superior qualities of this new paper, make possible the richness of a platinum picture with greater detail, rendering it especially suitable for photographic portraiture under the methods employed in EMERY'S Studio, which we aim to make the most modern and perfect in all particulars.

We shall feel honored by an opportunity to show you specimens of this work, and trust we may be favored by an examination of it at your early convenience.

### Disastrous Wrecks.

Carelessness is responsible for many a railway wreck and the same causes are making human wrecks of sufferers from Throat and Lung troubles. But since the advent of Dr. King's New Discovery for Consumption, Coughs and Colds, even the worst cases can be cured, and hopeless resignations are no longer necessary. Mrs. Lois Cragg, of Dorchester, Mass., is one of many whose life was saved by Dr. King's New Discovery. This great remedy is guaranteed for all Throat and Lung diseases by G. S. Darling and J. E. Dillon, Druggists. Price 50c. and \$1.00. Trial bottles free.

## A Card.

On the termination of business connections and a ten years residence among the people of Iosco county, I wish to take this occasion to return to my friends and patrons my most cordial thanks for the liberal patronage bestowed upon me. It is with considerable regret that I sever the ties made during my residence here, and wherever I may be, the future Tawas City and Iosco county will hold many warm friends.

I have arranged that all accounts due me may be paid at the Tawas City Bank of W. F. Whittemore & Co. who are authorized to receipt for same.

A prosperous future for Tawas City and her people is my wish.
