Next Tuesday is flag day. Let the tars and stripes be exhibited.

Senator Farrbanks, of Indiana, has announced his willingness to accept the republican nomination for vicepresident. It is claimed his wife brought the necessary influence to bear.

The Illinois republicans nominated Charles S. Deneen for governor last Friday, on the 79th ballot, thus ending one of the most remarkable "deadlocks," ever held in a state convention.

The name of W. R. Burt, of Saginaw, is being brought forward as the democratic candidate for governor. He would prove a strong nominee, and would make an excellent executive.

There is anxiety in some quarters lest the democratic convention at St. Louis may be stampeded by a mere incidental mention of the name of Folk. The way he has knocked over the boodle-snatchers without regard to party is certainly calculated to attract attention and even admiration.

H. S. Karcher, of Rose City, is making a strong fight for the republican nomination for state senator from, ly interesting. You are invited to atthis district, against A. J.
