Rev. E. B. Griffith, of Hillsdale, preached at the Baptist church last Sunday and made a most pleasing impression. He is an entertaining speaker and his sermons were very impressive. A call has been extended him to become pastor of the church and it is expected he will accept.

Peter Shampine, who has been at South Branch since last fall, came home Tuesday. During the winter Pete had several glove contests and has proven the winner in all but the last one, when Jake Husted, of West Branch, was given the decision. Pete has issued a challenge to Husted for another contest, but as yet it has not been accepted.
When you go to the poles next Monday do not forget that you have a state and county ticket to vote. And in that connection we wish to call the attention of our readers to the democratic candidate for county road commissioner, Thomas F. Robinson, of Alabaster. In Mr. Robinson the people of the county have a man who will be a credit to the commission, one who will use his very best efforts for an economical expenditure of the county road fund and the putting of the same to a practical use. You will make no mistake in voting for him.
Don't have pictures enlarged by agents, for they are rarely satisfactory. Our's are guaranteed.

Better Highways.
At the coming spring election the voters of Michigan will have an opportunity to vote on the proposition to amend the constitution of Michigan so that this state can accept the appropriation from the national government for the benefit of our highways.
The senate joint resolution No. 41, which submits to the voters at the spring election, means that, if this amendment carries, the state of Michigan will participate in moneys which may be distributed by the United States among the different states for highway purposes.
A bill to do this has been reported favorably by the Agricultural Committee of the United States Senate. Under this bill Michigan would receive \$702,000.00, provided this joint resolution to amend the constitution of the State of Michigan is carried at the spring election. Of course there are many apparent reasons why more public money should be used for the benefit of the highways of the United States.
When we stop to think of the large amount of money annually spent for Michigan waterways, there is no reason why the highways should be entirely neglected.
There is no question but what this is a move in the right direction and that we will never have satisfactory highways until this matter is taken in charge by the national and state governments.

The best product is that of well paid, contented workmen under congenial conditions and in cheerful surroundings.
Clothcraft Clothes are made in a model plant. There is light, air and every modern improvement.
There are separate dining rooms for men and women and hot tea and coffee are served each meal.
The toilet and dressing rooms are bright, attractive and amply large.
No philanthropy about it—just business. The Clothcrafters want the best work in the world in Clothcraft Clothes and that means that the best workers must make them. They want their people to be comfortable and in good health for their mutual good.
Every Clothcraft garment is made in the Clothcraft Plant. Nothing is "farmed out." Clothcraft quality cannot be produced by the sweat-shop method.
Clothcraft has a dozen distinct features not found in any other ready-for-service clothing and the big feature is that all the cloth used is wool, all wool and nothing but wool. And this is true of no other line on earth.

Our entire line of Spring and Summer Dry Goods, Furnishing Goods, Shoes, Etc., is of the very highest class as to style, material and make, and when it comes to prices, we guarantee to save you from 15 to 25 per cent. on every dollar you spend at our store.

Thursday and Friday,
April 6th and 7th,
are our next Special Sale Days, and on those days we will give you with each purchase amounting to \$2.00

Supt. A. A. Ellsworth,
Tawas City, Mich.
Dear Sir:
By vote of the faculty, your high school has been placed upon the accredited list of the college for the year 1905. We hope that during the year we may become better acquainted with the school either by a visit from some member of the faculty or by the presence of some of your graduates at the college. We shall be obliged for any announcement of this relation that you may think best to make to your students. Very truly yours,
A. R. CHITTENDEN

City Nominations.

The democratic caucuses and city convention were held last Monday evening, which completed the list of candidates to be voted for in this city next Monday. Both parties have made good selections in nearly all cases and it is now up to the voters to choose whom they will have conduct the affairs of the city for the ensuing year. Below is a complete list of the candidates selected:

REPUBLICAN.

Mayor—J. M. Wuggazer.
Clerk—John B. King.
Treasurer—Thomas J. Moore.
Supervisors—First ward, S. C. Williams; 2d ward, W. F. Whittemore; 3d ward, Collie Johnson.
Aldermen—First ward, Thomas E. Garber; 2d ward, F. W. Marzinski; 3d ward, John Brabon.
Constables—First ward, P. E. Shien; 2d ward, Thos. N. McGill; 3d ward, John Wood.

DEMOCRATIC.

Mayor—William Schlechte.
Clerk—Nelson Brabant.
Treasurer—Carl Stahmer.
Supervisors—First ward, Luke Murray; 2d ward, Edward M. Schlechte; 3d ward, Joseph W. Minor.
Aldermen—First ward, George L. Wakeman; 2d ward, Charles Zink Sr.; 3d ward, Wilfred Grise.
Constables—First ward, Edward McGary; 2d ward, Michael McGary; 3d ward, Mike Sass.

Guide Boards.

The appearance of the guide boards reminds one of a paragraph in "Saturday Night Talks" written by Brick Pomeroy nearly forty years ago: "Did you notice the guide board we just passed, my boy? For years has it stood there, truthfully pointing the way. No harm has it ever done. Some wanton fool, from a kicking old gun, sent a charge of shot, marring, peppering, and searing its truthful face. As fools with loaded guns passed, unable to find game, each one let fly one or both barrels, to see if he could not add a few black marks to the honest board. There was no cause for this wantonness. Make the comparison, my boy. Many a man—many an honored woman—has stood for years, the target of slander, yet swerved not from the strict line of right and honor. It seems, my boy, as if every prominent object, animate or inanimate, must be the mark for fools to fire at.

Consumption Camps.

The tuberculosis specialists are pretty well agreed that medical science as yet has nothing better to prescribe for the victim of "the great white plague" than life in open, with plenty of plain food and exercise, preferably in an altitude of exceeding a thousand feet above sea level, where malaria is not prevalent, and the drier and milder the climate the better. The consumptive cannot stand extremes of heat or cold, and to be out of doors all the time the climate must be equable.

Recognizing the practicability of this method of treatment, a number of states have established mountain retreats for consumptives. Pennsylvania has one in the Alleghenics that is bringing scores of invalids back to health, and New York has one in the Adirondacks. But the best results are obtained in the high, dry climate of the Rocky mountains or on the plateau farther south. One of the greatest of these camps is now being projected by the fraternal orders of the country united in this great work of humanity. The plan is to establish in New Mexico a camp for the treatment of 50,000 sufferers.

This is a noble work, than which a better could not be engaged in by our great fraternal societies. One of the interesting features of the national tuberculosis congress to be held in Atlanta next month will be the reading of authoritative papers showing the progress that has been made by the various consumption camps of the country and the desirability of that natural method of treatment.

Strikes Hidden Rocks.

When your ship of health strikes the hidden rocks of consumption, pneumonia, etc., you are lost, if you don't get help from Dr. King's New Discovery for consumption. J. W. McKinnon, of Talladega Springs, Ala., writes: "I had been very ill with pneumonia, under the care of two doctors, but was getting no better when I began to take Dr. King's New Discovery. The first dose gave relief and one bottle cured me." Sure cure for sore throat, bronchitis, coughs and colds. Guaranteed at G. S. Darling, and J. E. Cillon's drug stores, price 50c and \$1.00. Trial bottle free.

TEACHERS.

The examinations in reading for the year beginning July 1, 1904 will be based on the following selections.

June 1905, Legend of "Sleepy Hollow."

August, 1905, "Prisoner of Chillon"—Byron.

October, 1905, "Oration at the Laying of the Corner Stone on Bunker Hill Monument"—Webster.

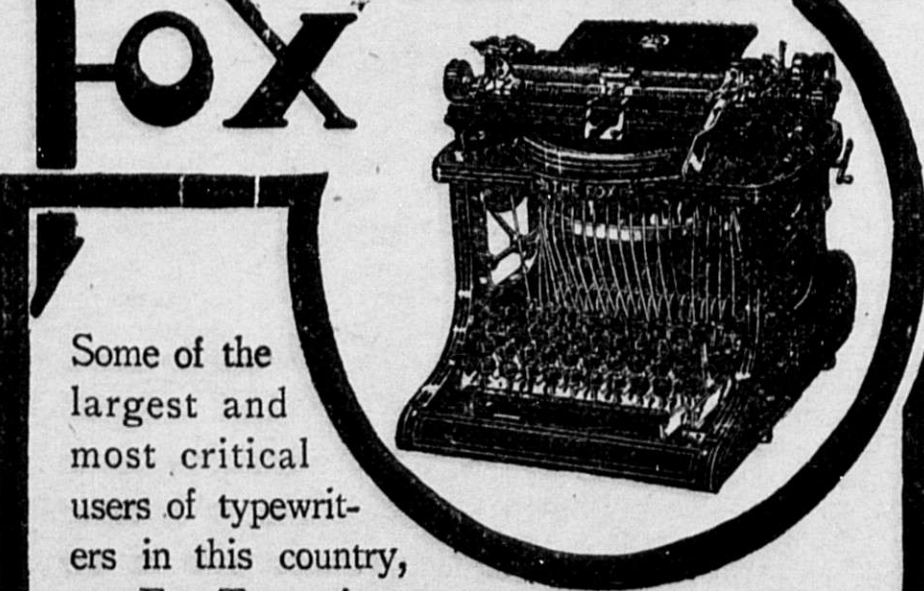

EIGHTH GRADE.

May, 1905, "Barefoot Boy"—Whitier. Very respectfully,
J. A. CAMPBELL.

Startling Mortality.

Statistics show startling mortality, from appendicitis and peritonitis. To prevent and cure these awful diseases, there is just one reliable remedy—Dr. King's New Life Pills. M. Flannery, of 14 Customs House Place, Chicago, says: "They have no equal for constipation and biliousness." See at G. S. Darling and J. E. Dillon's drug store.
