The treat of the season will be the entertainment given at the Baptist church next Thursday evening by William Alt, the famous boy soprano, of Detroit. It is conceded that this child of eight years has one of the most wonderful voices ever known.

The Bay City Ship Yard ball team came up last Friday and defeated the D. & M. nine by a score of 13 to 1. This team is one of the very fastest semi-professional teams in the state, having won 24 out of 25 games played this year, and having met the very best teams out.

Service commenced on the two new rural routes from this postoffice last Tuesday morning, with George Laidlaw as carrier on No. 1 and John Brabon on No. 2. As soon as all the pitrons on these routes have secured their mail boxes about 250 families will be accommodated by having their mail delivered at their door every day.

There were nearly 3000 people in attendance at the Huron Shore Sunday School picnic at the Beach last Friday. It was voted to hold the next picnic at Harrisville. The following officers were elected for the ensuing year: President, C. B. Williams, Alpena; Vice-president, O. H. Smith, Harrisville; Secretary, Edwin Rawden, East Tawas; Treasurer, J. E. Whittemore, Tawas City.

The picnic at Sand Lake next Wednesday, under the auspices of the Farmers Institute Society and the Granges, promises to be a big day. Reports from different parts of the county indicate more than the ordinary amount of interest being manifested, and the prospects for a large attendance very good. N. K. Potter, of Bancroft, is one of the state speakers who will be in attendance. He is a practical farmer as well as a very entertaining speaker.

Miss Julia Felcher, the East Tawas milliner, announces to the ladies of the Tawas and vicinity that she has accepted the agency for the Standard Ladies Tailoring Co., of Chicago, one of the largest and most reliable institutions of its kind in the country. She has a full line of samples in stock and is prepared to take orders for suits, skirts, jackets, rain coats, shirt waist suits or anything in the line of ladies tailoring. Satisfaction as to quality, fit and price guaranteed.

Any contribution to the Isoco county exhibit at the state fair will be received and given the proper attention if left at the Herald office.

The ball game at Harrisville yesterday between the D. & M. team and Cheboygan club was an exciting affair and won by the boys from Cheboygan by a score of 4 to 2.

We have received the first number of the Tower Press which made its appearance last week. James E. Spencer is the publisher, which is sufficient guarantee that the paper is strictly up-to-date. It starts out with a liberal advertising patronage. We wish it success.

Woman is to Rule.

At the annual convention of the International Association of Factory Inspectors, at Detroit, the speech of Mr. W. L. Bodine, of Chicago, who is superintendent of compulsory education of Chicago, created a mild sensation among the delegates. The speaker produced federal statistics covering the past 20 years, showing that the industrial competition of women, children and labor was driving the men out of the large cities to fields of heavy manual labor in mining and agriculture. He declared that woman was destined to be the ruling sex in industrialism and continued:

"Man, like the Indian, is dying out and being driven out. In 1890, there were 3,914,571 women who were employed in gainful occupations in America. In 1900 the number had increased to 5,329,807. The birth rate among the female occupation is increasing and the death rate decreasing. It is just the reverse among the males. We are rapidly drifting to the age of the eternal feminine, when man will be a back number and forced to return to the soil and to those fields of labor where only his physical endurance will save him in the struggle for survival."

In discussing the competitive life for the leadership in society, the speaker said:

"Society is dying out at the top. It is a crystal maze of glass houses, where no occupant dares cast the first stone; the dangerous example; the academy of divorce. Society has mothers who are slaves to the siren calls of fashion and frivolity, who look more often into their mirrors than into the faces of their children. With a fashionable mother gadding about at social functions and a fashionable father at his club, the result will be that within a decade the question of the neglected children of the rich will become as great a social problem as that of the neglected children of the poor."

Fiendish Suffering

is often caused by sores, ulcers and cancers, that eat away your skin. Wm. Bedell, of Flat Rock, Mich., says, "I have used Bucklen's Arnica Salve, for ulcers, sores and cancers. It is the best healing dressing I ever found." Soothes and heals cuts, burns and scalds. 25c at G. S. Darling's and J. E. Dillon's drug stores; guaranteed.

TAWAS CITY, MICH., AUG. 18, 1905

The Pan-Lutheran conference of synods adjourned with the predestination proposition pending till the next meeting, which will be held in October 1906. The question for discussion then has been put in this form: "Does conduct of man enter into the question of his salvation, and, if so, in what sense?"

The ghost of the scheme for a Georgian bay canal to Lake Ontario is again abroad. This time the phantom has no less honorable advocate than James J. Hill. He says that with a canal 32 miles long grain could go to Montreal from Chicago at 2 1/2 cents. He also mentions the possibility of Chicago packers installing a refrigerator line of steamers for their meats destined for salt water.

The grand jury at Milwaukee, if it has done nothing else, has at least made clearer the political lines in that state. A list of the indictments reads like a list of vice presidents of an indignation meeting called to rebuke the men who are leading in politics in that state. Some of them have masqueraded as republicans and some as democrats, but now they seem to have been forced into common defense.

According to an act passed by the legislature, on and after September 16 1905, days of grace on all negotiable instruments, including sight and time drafts, acceptances and notes will be abolished and all such paper will be payable and subject to protest at the date fixed in the instrument. The law provides that when the day of maturity falls on Sunday or a legal holiday, the instrument is payable on the next succeeding day.

Statistics compiled by the bureau of statistics of the department of commerce and labor show that the exports of manufacturers in the fiscal year just ended amounted to \$543,620,297, as against \$452,415,921 in the preceding year, \$433,851,756 in 1900 and \$183,695,743 in 1895. The exports for the last fiscal year were "not only the largest on record but are in excess of the combined exports of all articles in the centennial year 1876 and nearly \$140,000,000 more than the total imports and exports of the country at the close of the civil war."

A magistrate in New York city got mad and said some mean things about men when there appeared before him in one day one hundred women who complained that their husbands had deserted them. The provocation was sufficient for almost any kind of talk. The situation, unless it has been terribly exaggerated, is distressing beyond all expression. But the remedy does not lie in the courts. One must go back to the origin of these marital misfits. Something is wrong at the foundation. The magistrate has done well to call attention, however, to what is evidently a growing evil, and out of this there may come some good.

Thomas A. Edison, the distinguished inventor, declares that he has at last perfected the electric storage battery so that it will be practicable for all purposes. This will be good news. Everyone has recognized the usefulness of the storage battery, and all are familiar with the fact that the only drawback to its use is that it is proportionately too heavy for the work expected of it. Automobiles driven with electric batteries sufficiently large to drive the machines they will be too heavy or travel too short a distance. So it is with other kinds of machinery. If Mr. Edison has made a battery which will hold the electricity in storage without being too heavy he has conferred a boon on mankind.

The Woman's Home Companion for September opens with the first in-

stallment of its new serial by A. Wilson Barrett. It is entitled "The Silver Pin," and promises to be one of the most absorbing detective stories ever written. Shorter fiction is not forgotten, and there are five tales which are complete in this number, among them one by Anne O'Hagan, a stirring tale of Western adventure, and another delightful in every way, by Fannie B. Rice, a new writer of much promise. There is also a fairy tale by Dr. Max Nordau. The new knitting department begins, and all the old departments are in place. Published by The Crowell Publishing Company, Springfield, Ohio; one dollar a year; ten cents a copy.

Free Trade for the Philippines.

The Taft party in the Philippines has gone from Manila to Iloilo, in the southern part of the archipelago, taking Governor Wright and other officials of the colony with them.

News from Manila is to the effect that as a result of the investigations the leading members of congress have become convinced that there should be free entry to the United States of the products of the Philippines. Congressman Grosvenor is quoted as saying that instead of the proposed reduction of 25 per cent in the tariff schedules it will be complete free trade.

Other reports are to the effect that the speech of Secretary Taft, which has been so warmly welcomed by the officials and Americans on the islands, has caused disappointment among the Filipinos and they are much dissatisfied. The sentiment in favor of independence for the islands at an early date is much stronger than supposed and the educated and cultured classes are desirous of securing the self-government for which they believe they are now fitted.

Announcement that there is to be no change in the situation soon and that it will be a year and a half before the proposal for a national assembly will be considered, has had a depressing effect on the natives.

My First Mail Order.

A correspondent to the Alpena Argus writes the following, which is applicable to this locality and worthy of careful study:

Well, I have sent my first mail order and the returns are in, showing a few things which I think no more than proper that I should relate to those who feel inclined to the mail order trade.

I procured a mail order catalogue, looked it over carefully, and finding several articles I was in need of listed, and the prices seeming to strike me favorably, I dropped into an Alpena store to see what the same goods would cost me here.—Result, \$26.35. So I again turned to the mail order on the same goods—as claimed—and found that I could buy the goods at the mail order house for \$22.59, a saving of \$3.76—quite a saving that.

Well, I sent for the goods; and I want to give my experience to the readers of the Argus, so I will itemize it here:

Postoffice money order,	\$22.59
Paid for order,	12
Postage,	02

Total,	\$22.73
--------	---------

I went home then, congratulating myself on my stroke of business and the saving I had made.

In due time my goods arrived, and I came to town to take them home. On my return, in unpacking the goods I found some of the articles broken, and of course, I had to stand the loss. Then, I had taken up two whole days, with team, in sending for and taking home my purchase, and putting this at the very low rate of \$2 a day for my own time and team, figures \$4.

Now here is the result:

Money order,	\$22.59
Paid for order,	12
Postage,	02
Two days with team,	4 00
Freight on goods,	2 70
Goods ruined by breakage,	4 21

Total,	\$33.64
--------	---------

Now this is the result of my first and last mail order. And, too, I found that some of the goods I got were inferior to those I had priced in Alpena.

Excuse me if you please; I do not want any more mail order goods. Home purchased articles, where I know what I am getting, and if goods do not come out all right, the loss will be made good. Oh, no; no more mail orders for me. CON. C. QUENCE.

Weekly Crop Bulletin.

The mean daily temperature for the week ending August 14 was 71.7 degrees, of 4.7 degrees above the normal; the average precipitation on was 0.32 of an inch, or 0.18 of an inch below the normal; the sunshine averaged 72 per cent of the possible amount.

The hot, humid weather of the past week has been very favorable to corn, which has made splendid growth. A general absence of precipitation, except a few light showers, has greatly forwarded field work, especially the cutting and securing of a very good oat crop. The condition of all outstanding crops is generally good. Sugar beets, late potatoes and beans are all in generally good condition. Buckwheat is much improved and in blossom. Late potatoes show quite a heavy top growth. Pastures in the southern counties are becoming rather short, but still afford considerable fodder and are in better condition than usual at this season.

Cultivation has been brought forward so that late corn, beans and potatoes are much less grassy. Plowing

far winter wheat and rye has been quite generally begun in the southern counties and some of the central.

Apples have continued to fall badly and deteriorate so that the prospect for the apple crop is quite poor. There is considerable plum rotting. Peaches and pears are quite plentiful. Garden truck, especially cucumbers and onions, are very good.

A Touching Story.

is the saving from death, of the baby girl of Geo. A. Eyer, Cumberland, Md. He writes: "At the age of 11 months, our little girl was in declining health, with serious throat trouble and two physicians gave her up. We were almost in despair, when we resolved to try Dr. King's New Discovery for consumption, coughs and colds. The first bottle gave relief; after taking four bottles she was cured, and is now in perfect health." Never fails to relieve and cure a cough or cold. At G. S. Darling's and J. E. Dillon's drug store; 50c and \$1.00 guaranteed. Trial bottle free.

NOTICE FOR PUBLICATION.

STATE OF MICHIGAN, The Probate Court for the County of Iosco.

At a session of said Court held at the Probate Office in the city of Tawas City in said county, on the 17th day of July, A. D. 1905.

Present, Hon. Alfred R. Weir, Judge of Probate. In the matter of the estate of George B. Lillian M. Roy L. and Howard Atkinson, minors.

Ellen Atkinson, guardian, having filed in this Court her petition praying that she may be empowered and licensed to sell the real estate of said minors at private sale.

It is ordered that the 25th day of August, A. D. 1905, at ten o'clock in the forenoon, at said probate office, be and hereby is appointed for hearing said petition.

It is further ordered, That public notice thereof be given by publication of a copy of this order for three successive weeks previous to said day of hearing, in the Tawas Herald, a newspaper printed and circulated in said county. A true copy. ALFRED R. WEIR,
Geo. L. CORNWELL, Judge of Probate, Register of Probate.

Public is Aroused.

The public is aroused to a knowledge of the curative merits of that great medicinal tonic, Electric Bitters for sick stomach, liver and kidneys. Mary H. Walters, of 546, St. Clair Ave., Columbus, O., writes: "For several months, I was given up to die. I had fever and ague, my nerves were wrecked; I could not sleep, and my stomach was so weak, from useless drugs, that I could not eat. Soon after beginning to take Electric Bitters, I obtained relief, and in a short time I was entirely cured." Guaranteed at Darling's and Dillon's drug stores; price 50c.

Proposals.

Sealed proposals will be received by the school board of fractional district No. 1, Reno and Grant townships, Iosco county, up to Aug. 21, 1905, for the building of an additional school room on the west end of the present school house, 22 feet six inches in width by 20 feet in length, to be built on the same plan of the present school house. A copy of the specifications can be had by calling on or writing to Thomas Jackson, director. All material and labor is to be furnished by the contractor. The building is to be completed by October 30, 1905. The school board reserve the right to reject any or all bids.
Dated, August 8th, 1905.
