The object of the society which he represents is to care for and supply good homes for all needy orphans or other children who are homeless.
A very enjoyable social affair took place at the home of Mr. and Mrs. Otto Kobs, in Tawas Township last Tuesday evening. It was reported to us as being a wedding reception, but when we came to make enquiries as to when and where the ceremony was performed Joe declared it a hoax and threatened to put a head on us if we mentioned it, so we are mum.
Ernest Flintoff, a brother of Conductor George Flintoff, of East Tawas, was seriously injured at Standish last Saturday evening by being shot through the lungs with a 38 caliber revolver. He and another man young man were fooling with the gun when it was accidentally discharged. The young man is about 21 years old and employed as a lineman on the State Telephone Line.
Rev. and Mrs. E. King took their departure last week for their new home at Owosso, where Mr. King will have charge of the Coruna Avenue church. During their four years labor with the church of this city much has been accomplished and the church is in as prosperous a condition as at any time in its history. The numerous friends of Mr. and Mrs. King unite in wishing them Godspeed in their new home.
Carson, Ealy & Co. will take possession of the Tawas City Bank next Tuesday, October 10. This bank will be conducted on the same plan as all other banks of this firm, and not as a branch of the East Tawas bank, and will transact a general banking business. We understand that the firm are already contemplating the erection of a new building for the accommodation of the bank, and as they are in the habit of doing these things right we may anticipate something that will be a credit to our city.
The case of Joseph E. Light against Selig Solomon for slander was given to the jury last Saturday forenoon, and after a deliberation of several hours they returned a verdict in favor of Light for \$2,500. This case grew out of certain charges which Solomon made against Light in connection with the shipment of a cargo of lumber. The case was stubbornly fought by both sides and occupied the attention of the court for three days. It will undoubtedly be carried to the supreme court. Court adjourned Saturday afternoon to October 19.
For Sale.—For a few days I will offer for sale ten or twenty acres of land at Tawas City, Mich., a desirable cow pasture; also ten or twenty acres of woods land. Write or see me at the Bay Side. J. C. BARBER, Tawas City.

We know just how our watches are made and just what they are made of. We have picked up some pointers about watches in the 15 years in wholesale and retail trade, buying and selling them. I will tell you what is in the watch I sell you because you have a right to know. I cannot afford financially to misrepresent my goods. To the watch buyer I offer a good many advantages that some other people can't afford and it costs no more to buy of me, for its Just Thrown In.

TAWAS CITY, MICH., Oct. 6, 1905

Just now the planets say there is to be trouble in the world. Yellow fever is all over the south, cholera has spread in Europe, especially in Germany, typhoid fever prevails all over the north. Grafting is prevalent everywhere. "Ever the right comes uppermost, and ever is justice done."

A law enacted by the last legislature at its recent session provides that all boys who are pupils of the public schools shall be excluded from tobacco stores and billiard rooms, the penalty for an offense under the new statute being placed at a fine of not less than \$25 or imprisonment in jail.

An exchange says "e" is the most unfortunate letter in the English alphabet, because it is always out of cash forever in debt, never out of danger, and in hell all the time. Our exchange forgets that the aforesaid letter is never in war and always in peace. It is the beginning of existence, the commencement of ease and the end of trouble. Without it there would be no meat, no life and no heaven.

The total receipts for the state fair up to date accounted for aggregate upward of \$90,000, \$71,000 of which were for admissions and grandstand tickets. A large proportion of this will be to the good and already the officers have started in to make the grounds another Belle Isle, and in addition to the buildings on the grounds will erect several more, among them one large enough for a hall for national political conventions.

The business world has no use for a loafer. If a young man would succeed he must occupy his time as though it was of some value. Sitting around on dry goods boxes, playing cards in the back room of the boozery, smoking cigarettes, and wearing one's hat jauntily poised on either ear, these are passports of certain failure in life. Employers of labor are looking for earnest, conscientious, faithful workers and such are either working or looking for work when others are loafing or looking for a soft snap.—Ex.

Commissioner Richards, of the general land office, Saturday forwarded to the secretary of the interior his annual report covering the fiscal year ending June 30 last. It shows that during the year 16,979,075 acres of the public lands and 77,546 acres of Indian lands were disposed of, the total exceeding that for 1904 by 650,800 acres. Of the public lands disposed of, 12,895,572 acres were entered under the homestead law, 696,677 under the timber and stone law, 711,124 under the desert land law and 585,507 acres of swamp lands patented.

A certain newspaper man in another county relates an experience that might shed some light on the mail order business. He was at the town depot and saw a farmer receive a set of harness from Chicago. He attempted to prove to the latter that he was making a mistake, as any of the local dealers would furnish him with the same or better goods just as cheap, and the profit would be kept at home. "But," said the farmer, "this is the first time I have heard that there was a harness shop in this town. I have taken your paper for five years and have never seen a line of advertising in it about such an institution in all that time. You can bet Chicago has kept me posted."

Boys who get tired of going to school should read the following written by Superintendent Adams of Fayette College: "The average educated man gets a salary of \$1,000 per year. He works 40 years making a total of \$40,000 in a life-time. The average day laborer gets \$1.50 per day, 300 days in the year, or \$450 in a year. In forty years he earns \$18,000. The difference, or \$22,000 equals the value

of an education. To acquire this earning capacity requires twelve years at school of 180 days each, or 2,160 days. Divide \$22,000, the value of an education, by 2,160, number of days required in getting it, we find that each day at school is worth a little more than \$10 to a pupil."—North Amherst Reporter.

Our Entertainment Course.

The Tawas City entertainment course for the winter of 1905-06 contains only four numbers, but these four are without question the very best that has ever been given. Each number is well worthy of as large attendance as possible and everyone who patronizes the course can rest assured that they will receive full value for their money.

The first number will be a lecture by Robert Parker Miles, of New York, on the evening of October 24. Mr. Miles needs no introduction to many of our citizens, as his lecture, "Tallow Dips" in the course of last season was pronounced by all who heard him as the very best in that line ever delivered here. His remarkable power of portrayal must be heard to be appreciated.

Ellsworth Plumstead, who comes December 22, gives one of those high class entertainments that are always appreciated by any audience. Of all the character impersonators on the American platform none stand higher in the estimation of the general public than he.

The Chicago Glee Club, which comes February 3, is conceded by the best critics to stand among the very first male quartets before the public, and our local committee were indeed fortunate in securing them for one of our numbers. Their renditions are largely original and unique.

The closing number of the course will occur April 13, when the famous Ariel Quartette, of Boston will give one of their classic entertainments. No ladies quartette have a better reputation than this, and their appearance here will be a fitting close for one of the very best series of entertainments ever given in a city of this size.

Bannan—Boomer.

At East Tawas, Monday evening, October 23, took place, under the happiest auspices the marriage of Mr. Grant L. W. Boomer, a merchant of Dowagiac, and Miss Mable C. Bannan, Rev. A. C. Kay officiating. Both young people have spent a large part of their lives in the Tawas. Mr. Boomer has for some time been associated with his father in the mercantile business in the southern part of the state, and for several years Miss Bannan has successfully taught in East Tawas schools, for the last year with equal success she taught in the Memominee schools. Miss Bannan has long been one of the model and earnest Christian workers of our neighborhood. She was the recipient of numerous presents from her many friends. She leaves here with the heartiest good will and most earnest wishes for her welfare. Long may they live and prosper and their Heavenly Father's blessing be with them, the blessing which maketh rich and addeth no sorrow. Early on Tuesday morning the happy couple left for their future residence in Dowagiac. *

The Gazette and the Farmer.

Wilber, Sept. 28, '05.
Editor of Herald:—I would like to say a word in regard to an article in a recent issue of the Iosco County Gazette, the great big paper bearing the name of our county, which it booms (!) right along, yes, especially the farmers and our agricultural productiveness. I believe that we have proven to the people of the state what our county can produce by taking two first prizes at the state fair in 1904, and a second in 1905, notwithstanding that our exhibit was delayed in arriving by a railroad wreck, and the unfinished condition of the buildings on the grounds prevented our representatives from securing sufficient space to show all our exhibit. All things considered I think we should appreciate their diligent efforts and be thankful that we have the honor of a second prize.

And while some people are, as Editor Jackson says, inquiring and I presume pondering in their minds if it pays to expend the public money in sending a county exhibit to the state fair, I know of some others who are pondering in their mind if it is really a profitable and wise investment for them to pay \$1.00 or \$1.50 a year for a county paper whose editor is ever ready with a slur of some kind to throw at that rather necessary nuisance, the farmer. Several of them were heard to remark that perhaps if they were to club together and raise sugar beets and potatoes they might at least raise enough

to fill up the vacant place in the croaker so we would hear no more croaking. There are always two sides of a question and we should look at all things with an unprejudiced eye. So far there has been but one side published, and that is the side of those who bought and manufactured the sugar beets and potatoes. Not a word from those who did the hard work to secure a crop of beets, the culture of which was new to all and had to be learned by experience. While some lost on the crop others made a good thing. But as the plant has been sold and will soon be removed I suppose it is of no use to discuss the project.

TEACHERS.

The examinations in reading for the year beginning July 1, 1904 will be based on the following selections.

October, 1905, "Oration at the Laying of the Corner Stone on Bunker Hill Monument"—Webster.

J. A. CAMPBELL.

Full of Tragic Meaning

are these lines from J. H. Simmons, of Casey, Ia. Think what might result from his terrible cough if he had not taken the medicine about which he writes: "I had a fearful cough, that disturbed my night's rest. I tried everything, but nothing would relieve it, until I took Dr. King's New Discovery for consumption, coughs and colds, which completely cured me." Instantly relieves and permanently cures all throat and lung diseases; prevents grip and pneumonia At G. S. Darling's and J. E. Dillon's drug store; guaranteed, 50c and \$1.00. Trial bottle free.

Teachers Examination.

The next teachers examination will be held at the court-house in Tawas City, Thursday and Friday, Oct. 19-20.

J. A. CAMPBELL.

Twining Street Fair.

D. & M. Ry. will sell excursion tickets at low rates on Oct. 6 and 7, good to return any time up to and including Sunday, Oct. 8th. This event will be most interesting in every respect and large crowds will be in attendance.

Don't Borrow Trouble.

It is a bad habit to borrow anything but the worst thing you can possibly borrow is trouble. When sick, sore, heavy, weary and worn out by the pains and poisons of dyspepsia, biliousness, brights disease, and similar internal disorders, don't sit down and brood over your symptoms, but fly for relief to Electric Bitters. Here you will find sure and permanent forgetfulness of all your troubles, and your body will not be burdened by a load of debt disease. At G. S. Darling's and J. E. Dillon's drug stores. Price 50c. Guaranteed.

Cole's Hot Blast

WILL SAVE \$25.00 IN FUEL THIS WINTER

Cole's Hot Blast is a great value. We sell it under a positive guarantee. It burns soft coal, lignite coal, coke, hard coal, wood or any fuel without any change in the stove. You only need one stove for the entire year, Spring, Fall or dead of Winter. Strikes or coal combines cease to be a terror if you have a Cole's Hot Blast.

Fire Never Out

It is the only stove that keeps the house warm all night and gives the family a warm breakfast room in the morning without kindling a new fire. Guaranteed to hold fire from Saturday night to Monday morning.

Saves the Dollars

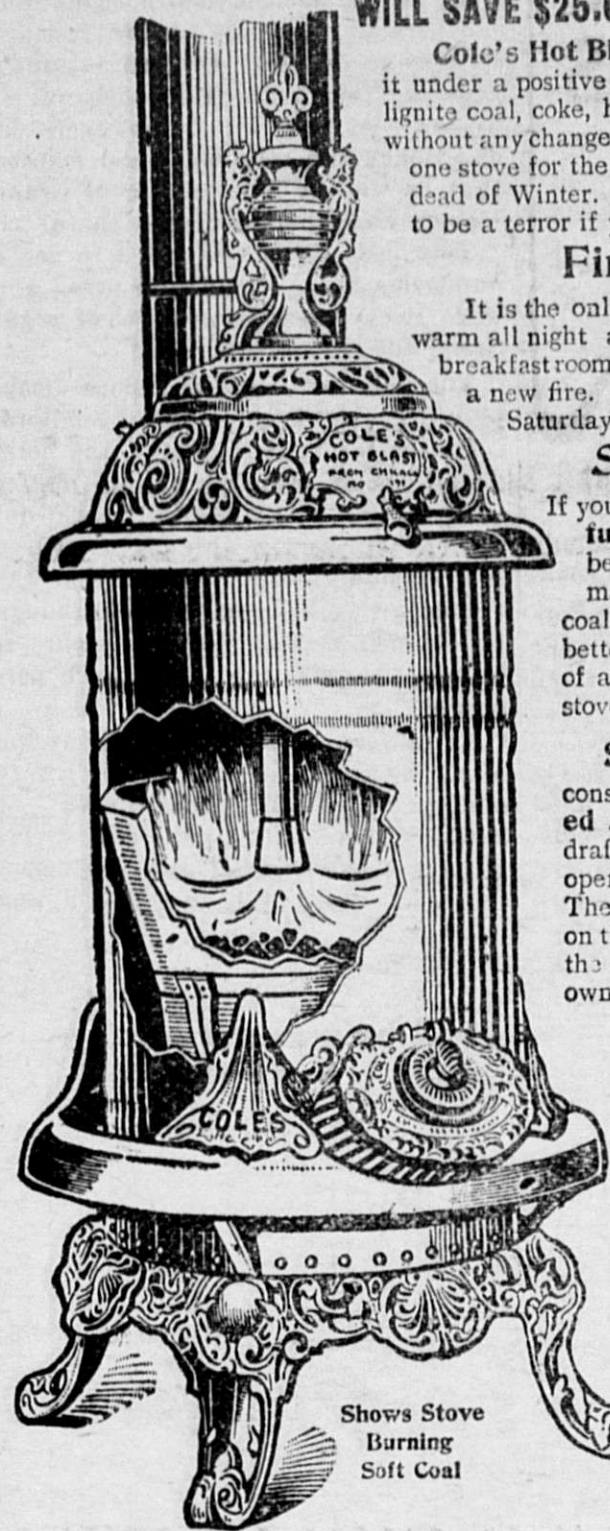

If you feel poor it saves half your fuel bill, while giving the above beautiful results. It will even make a ton of cheap slack soft coal, do more work and hold fire better than your neighbor gets out of a ton of hard coal in his \$50.00 stove.

Scientific and Air-tight

construction throughout. A patented steel collar connects the elbow draft to the stove body and cannot open by action of the fiercest heat. The patented compound hinge on the lower draft cannot warp and the draft door closes air-tight by its own weight. The guaranteed smoke-proof feed door prevents smoke, dust or gas escaping when fuel is put in the stove. Perfect results, therefore, from any fuel. The heavy fire box protects the points where other stoves burn out first, and insures great durability.

Ask to see the patented dustless ash cover for removing ashes. Our method is the only clean way.

Cole's Hot Blast makes \$5.00 worth of fuel give more heat than \$10.00 worth in any other stove. Sold on a positive guarantee. Investigate today.

Shows Stove Burning Soft Coal

CAUTION

See the words, "Cole's Hot Blast from Chicago" on the feed door of each stove. None genuine without it.

Wooden Beds Are Unhealthy

Disease Germs, Bugs, Dust and Filth lodge in the crevices, cracks and joints of all wooden beds. Thousands thoughtlessly continue to sleep in unhealthy wooded beds, regardless of the great risk they take. Physicians and people who value their health, sleep in and enjoy, and urge the use of those most sanitary and healthful. See our line of

Sanitaire Iron Beds, \$2 to \$25

Our Undertaking Rooms are Open Night and Day.

Notice to Beet Growers.

East Tawas, Sept. 15, 1905.

Owing to the small beet acreage obtained for the Tawas Sugar Company, the management have decided it will not pay to operate the factory, but will ship the beets to the Bay City-Michigan Sugar Company, at Bay City.

Mr. A. C. Carton, Agriculturalist for the Tawas Sugar Company, will be in charge of all shipments, and will notify you after your beets are ripe how and when to ship.

The freight charged to you on beets will be the same as to the Tawas Sugar factory. Any excess will be paid by the Bay City-Michigan Sugar Company. Wagon haul beets will be received at the Tawas factory and there weighed and tared.

This advertisement has two prongs, like a fork. It is designed to catch you on one of them.

You either get your clothes from a clothing dealer, or you have them made by a tailor.

If you get them ready-made you should certainly get Clothcraft Clothes.

If you get them tailor-made you should stop it—and get Clothcraft Clothes.

The reasons in both cases are the same. Clothcraft Clothes are absolutely equal in design, style, fit and finish, to the work of good custom tailors. They are made from absolutely all-wool fabrics, and will wear better and retain their shape longer than nine-tenths of the custom-made clothing—and cost a good deal less.

The Clothcraft suit shown in the illustration is the Cornell, an exceedingly swell double-breasted creation that has already taken the fancy of thousands of careful dressers, everywhere. All-wool, in patterns to please every fancy, at \$10 to \$25.
