Those wanting reserved seats for the season can get them at the Corner Grocery on and after Monday, Oct. 16, for 25 cents extra. Seats for the Myles' lecture only will be on sale Oct. 23d and 24th.
B. Milton Garfield, of Buffalo, arrived at East Tawas Wednesday, and will direct the presentation of the drama, "A Secret Enemy," at the opera house, next Wednesday evening, October 18. Mr. Garfield has presented several plays here in the past and always given the best of satisfaction. As usual he will be assisted by a strong company of local talent and an evening of solid enjoyment may be expected. The entertainment will be under the auspices of the Three P society.
For Sale Cheap:—A good organ and a few other articles; also a few white-faced Black Spanish cockrels. Inquire of Ira Odell, East Tawas.
Muncey Discharged.
Last Friday night Sheriff Curry arrested William Muncey, of AuSable, who has been stopping in this city for several weeks past, in connection with the robbery of Prescott's store. After Muncey's arrest young Bellenger again confessed, this time declaring that Muncey had nothing to do with the matter, and claiming to have done the job unassisted and telling the sheriff where the rest of the goods could be found. No evidence could be found against Muncey and at his examination Tuesday he was discharged. Young Bellenger had his examination Wednesday before Justice Kelly and pleaded guilty. He was held to the circuit court which convenes on the 19th inst. for sentence. It is quite evident that there are other people implicated in the matter and it is only a matter of time when they will be apprehended.
In Annual Session.
The county board of supervisors met in annual session last Monday, and have been industriously attending to the affairs of the county since. The annual settlement with the county treasurer and the equalization of the county assessment rolls have been completed.
Wednesday afternoon the board re-elected Malcolm McLeod as a member of the board of county poor commissioners, the Prof. Sutton, of AuSable, as a member of the board of county examiners.
Yesterday afternoon the board resolved itself into a committee of the Whole and visited the county farm, where they found everything in good condition under Supt. Brown.

DUEBER HAMPDEN WATCHES
We know just how our watches are made and just what they are made of. We have picked up some pointers about watches in the 15 years in wholesale and retail trade, buying and selling them. I will tell you what is in the watch I sell you because you have a right to know. I cannot afford financially to misrepresent my goods. To the watch buyer I offer a good many advantages that some other people can't afford and it costs no more to buy of me, for its Just Thrown In.

TAWAS CITY, MICH., Oct. 13, 1905

A Bay City dispatch to the Detroit papers announces that some of the republicans of that city who are dissatisfied with the result of the recent post-office fight there are grooming either E. B. Foss of that city or Judge Sharp of West Branch, as a candidate for the nomination for congress next year against Col. G. A. Loud. After they take a whirl out of the Colonel's machine they will probably realize that they have been up against something.

Under a new law passed by the last legislature it is now within the discretion of the probate judge as to holding a public sale of lands or other property under administrator, guardian or executor. Formerly property valued at over \$500 had to be sold at public sale and six weeks notice had to be given by publication, as well as posted notice. Now the court may appoint appraisers and determine the minimum value at which the property of heirs may be sold at.

The confession of the president of the New York Life that more than a million dollars has been spent by that one company in the matter of handling legislators and for heading off legislation that was regarded as vicious is indeed startling. And what makes it all the more important is that the legislative committee investigations show that some legislation was very much needed. Had legislation of the kind McCall says was for blackmailing purposes been passed in New York and other states years ago the graft would never have got in so deep.

Limit the Killing.

Hunters in quest of the game birds this year will not be able to cart away any great number of them to give to friends at home or to keep their families in game for weeks. A circular just issued by State Game and Fish Warden Chapman says that all birds transported anywhere must be carried in the hands, which will necessarily limit the number a man may wish to bring home to show his prowess with the gun.

The circular contains the recent legislative act reading, "No game birds shall be shipped by express, freight or in any other manner except as hand baggage." This of course means baggage carried in the hand, and which must accompany the owner in any public conveyance. It also states that after five days anyone having in his

possession any kind of game will be liable to arrest and must suffer the consequences. This applies also to hotel keepers, safe men and proprietors of road houses.

A Call to the Woods.

Tom Watson in his magazine for October says, "Mr. Busy Man, leave your task some day, let the shop take care of itself, let the mill go as it may, let the plow stand in the furrow—and take yourself into the depths of the solemn, shadowy woods. Call back, oh, call back the forgotten years, collect around you the old friends, the old thoughts, the old ambitions, the mistakes you have made, the faults you had, the wrongs you did or suffered—the opportunities wasted, the vain things you sought, the work that you sought, the work that you might have done and did not, the frowns that should have been smiles, the curses that might have been blessings, the tears that ought never to have been shed, the wounds that need never have been made.

Commune with yourself—your past, your present, your future—your crimes your weaknesses, your doubts, your fears, your hopes, your despair; and thus let conscience and the angels and your better self beat your soul into the prayer: "God be merciful to me a sinner!"

School Directors.

The new "Truant Law" makes it necessary for each director to leave with the teacher in his district a copy of the school census last taken by him. Each director should comply with this at once.

Each teacher must report to the school commissioner those children between 8 and 16 years of age who do not attend school continuously, with certain exceptions.

I have sent to each director a copy of the law governing truancy and recommend that each director call a special meeting of his district to discuss its provisions.

The law is far reaching in its provisions and I would advise any board deeming it necessary that certain children of above ages be kept home to assist in potato digging etc., declare a few days vacation until such labor be finished.

Announcement.

The State Library Commissioners wishes to announce that through a more generous appropriation of the last legislature, it has been possible to appoint a library organizer, who will act under the direction of the board in extending the library interests of the state. The work of this organizer will be to visit every county in the state for the purpose of investing library conditions and getting, so far as possible, correct statistics regarding school township and free public libraries, in order that the aid offered by the state may be better understood and more generally accepted.

The organizer hopes to work with the cooperation and under the advice of the county commissioners of schools in their respective counties, whose experience and familiarity with conditions will aid greatly in the work.

The organizer will attend the teachers' institutes, and demonstrate to the teachers the help which is offered to them by the state. Traveling libraries will be exhibited and explained, all attendant expenses being paid by the board.

At a meeting of the board held in Saginaw, Sept. 9, Roy C. Lyle, of Grand Rapids, was appointed library organizer. Work will commence in October and will be actively carried on.

During the school year Mr. Lyle will be at the service of the county commissioners of schools, and will appreciate the valuable aid which they can give him in connection with this important educational work.

James B. Peter, President.
Mary C. Spencer, Secretary.

Patriotism and the Woman's Club.

The woman's clubs have been accused of many things, and now it is discovered that they are the generators of aristocracy in this land of the free. Nevertheless, Miss Elizabeth Howard Westwood points out in the November number of the New Idea Woman's Magazine that they are fulfilling a noble function in preserving the memory of the past in this iconoclastic age. She says: The patriotic societies were introduced in 1890 by the Society of Colonial Dames. Soon after, the Daughters of the American Revolution, the Daughters of the Confederacy Colonial Wars, Huguenot Society and New England Society followed its lead. The immediate effect of this new style of club life was strenuous genealogical research, and an excellent thing it was. It is all very well for the free-born democratic American to hold in scorn the caste lines of an aristocracy, but it does not excuse her indifference to the history of her country and the deeds of her forebears. The passport to membership has been neither wealth, brains nor social standing, but an ancestor affiliated with the cause which the club commemorates. It is the nearest to the European nobility which this country has approached. The purpose has been far from the imitation of effete social systems, however. The clubs have formed a bodyguard about the nation's past to preserve it from the vandalism of materialism and to perpetuate it in the minds of succeeding generations. Nobly they have done their work. Their activities have been varied. They have encouraged the study of American history in the public schools. As the children of Israel wandering in the wilderness, collected piles of stones to mark events of their sojourn, they have marked historic spots with bronze tablets. It has been their privilege and care to purchase and restore buildings which have figured in history. In New York the old Fraunce Tavern has been bought and is soon to be fitted up as a museum."

The city attorney then introduced the following ordinance No. 50 being an ordinance known as the annual appropriation bill.

Moved by Hartingh, supported by Garber, that ordinance No. 50 be read by its title and passed to its first and second reading. Carried all voting yeas.

Moved by Brabon, supported by Marzinski that ordinance No. 50 be passed to its third reading. Carried all voting yeas.

Said ordinance No. 50 being as follows: An ordinance to be termed the annual appropriation bill, making provision for and appropriating the several amounts as required to defray the expenditures and liabilities of the corporation of the city of Tawas City, Michigan for the ensuing fiscal year.

The city of Tawas City ordains: That there shall be raised by general taxation upon all the taxable property of the city the following sums:

The sum of six hundred (\$600.00) which amount so raised shall be placed in and constitute the Contingent Fund of the city, also the sum of six hundred (\$600.00) dollars which amount so raised shall be placed in and constitute the Public Debt Fund of the city, also the sum of five hundred and seventy-five dollars which amount so raised shall be placed in and constitute the Light Fund of the city.

The party at the home of George Streeters last Friday evening was largely attended and all report a good time. Bring a few more buggies next time boys.

Out of twelve games that the Melvor Ball team played this season they won eight, among some they played were, Reno, Whittemore, Alabaster, Turner, and Hemlock. This is the first season for the Melvor team and six of the members never played ball before, not even practiced. We have reasons to believe that with plenty of practice they can make them all drop the timber.

City Council Proceedings.

Regular meeting of the common council of the city of Tawas City held in the council rooms Friday evening, Oct. 14th, 1905.

Called to order by Mayor Wuggazer. Present Aldermen Garber, Marzinski, Brabon, Brown and Clerk King. Quorum present.

Minutes of meeting of Sept. 15th, 1905, read and approved.

Following bills presented and referred to committee on claims and accounts: Wm. H. Kennedy repairs fire engine, \$1 00

Chas. Fowler labor 1/2 day 75

Moved by Brabon, supported by Brown that bill be allowed and orders drawn for the same. Motion carried. Yeas, Garber, Marzinski, Brabon, Brown. Nays, none.

Alderman Hartingh entering took his seat. Committee on Ways, Means and Finance then presented the following report:

Hon. Mayor and Council,
Your committee on Ways, Means and Finance recommends that the following amounts be raised by taxation upon the taxable property of the city of Tawas City for the ensuing fiscal year.

The total amount to be raised \$2450.00 and shall be apportioned as follows:
Contingent fund \$600 00
General street fund 600 00
Sewer indebtedness 575 00
Light Fund 675 00

\$2450 00
THOS. E. GARBER,
R. G. HARTINGH,
Geo. H. HADWIN,
Sept. 29, '05.

The city attorney then introduced the following ordinance No. 50 being an ordinance known as the annual appropriation bill.

Moved by Hartingh, supported by Garber, that ordinance No. 50 be read by its title and passed to its first and second reading. Carried all voting yeas.

Moved by Brabon, supported by Marzinski that ordinance No. 50 be passed to its third reading. Carried all voting yeas.

Said ordinance No. 50 being as follows: An ordinance to be termed the annual appropriation bill, making provision for and appropriating the several amounts as required to defray the expenditures and liabilities of the corporation of the city of Tawas City, Michigan for the ensuing fiscal year.

The city of Tawas City ordains: That there shall be raised by general taxation upon all the taxable property of the city the following sums:

The sum of six hundred (\$600.00) which amount so raised shall be placed in and constitute the Contingent Fund of the city, also the sum of six hundred (\$600.00) dollars which amount so raised shall be placed in and constitute the Public Debt Fund of the city, also the sum of five hundred and seventy-five dollars which amount so raised shall be placed in and constitute the Light Fund of the city.

Sec. 2—The foregoing appropriations and provisions are made and required to defray the expenditures and liabilities of the corporation of the city of Tawas City, Michigan, for the fiscal year beginning on the 1st day of January, 1906, and to be paid into the several funds, the object and purpose of which is herein before specified and set forth, together with the amounts appropriated for each object or purpose of each of the general funds.

This ordinance is made in conformance with chapter six of act No. 215 of the laws of 1895 as amended by laws of 1897-1899-1901.

Sec. 3—This ordinance is ordered to take immediate effect.
Jno. B. King, City Clerk. J. M. WUGGAZER, Mayor.

Moved by Garber, supported by Marzinski that ordinance No. 50 being the annual appropriation bill be passed. Carried, yeas, Garber, Hartingh, Marzinski, Brabon, Brown, Nays, none.

On motion council then adjourned.
Jno. B. King, City Clerk. J. M. WUGGAZER, Mayor.

Who among us doesn't like to be well-dressed?

Plenty of men would like to, but imagine that it necessitates

a tailor and a price which they can't afford. They have gone on from year to year buying the ordinary over-the-counter clothes—suits made in sweat shops, and designed by some inexperienced cutter at fifteen dollars a week.

Why not change all that. Why not at least take the trouble to try on a Clothcraft suit, and see for yourself if it isn't better?

When we tell you positively that Clothcraft Clothes are designed by high-priced designers, cut and handled by the most expert workmen that high

wages and a model factory can procure, and moreover made absolutely and exclusively from all-wool fabrics, remember that we are simply stating

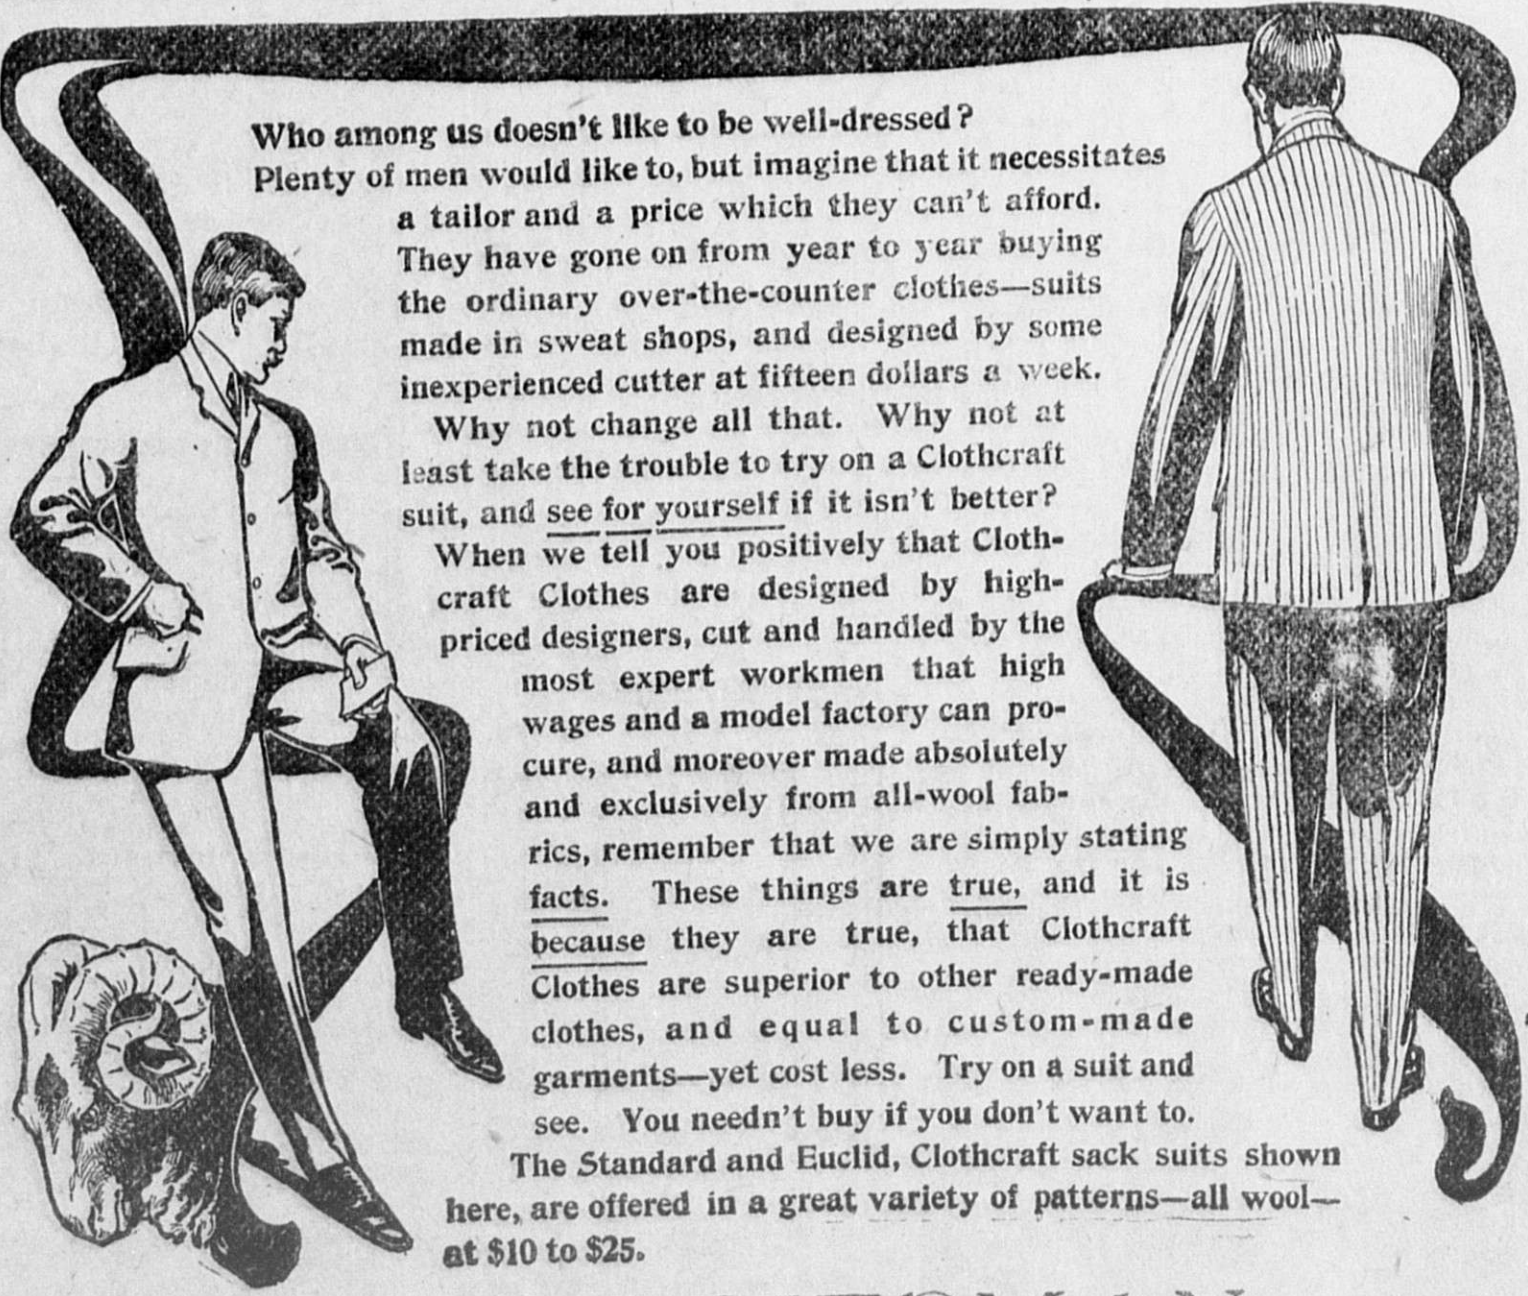

facts. These things are true, and it is because they are true, that Clothcraft Clothes are superior to other ready-made clothes, and equal to custom-made

garments—yet cost less. Try on a suit and see. You needn't buy if you don't want to.

The Standard and Euclid, Clothcraft sack suits shown here, are offered in a great variety of patterns—all wool—

at \$10 to \$25.

Notice to All Beet Growers

East Tawas, Mich., Oct. 4, 1905

The cars furnished by the Detroit and Mackinac Railway Company for the purpose of shipping beets to Bay City—Michigan Sugar Company's factory at Bay City are small cars and must be loaded to their full capacity in order to get on the amount of beets on which freight will have to be paid. The grower has to pay freight on fifteen tons of beets, whether the car contains that amount or not, and you will therefore see that if you only put ten to twelve tons of beets on the car you will have to pay freight on from three to five tons which you do not ship. Two or more parties may load in the same car by putting partition between beets with cards showing which end contains each contractor's beets.

These cars were purposely made small by the railroad company so that the grower would have ample time to load them within the time limit and thus save demurrage of one dollar per day. You will readily see that it costs the railroad company as much to haul a car which is only half loaded as it does to haul a full car load, and for that reason there must be a fixed tonnage upon which freight must be paid.

These sugar beet cars, which do not leave the D. & M. tracks for loading, will hold fifteen tons of beets if properly loaded and these cars with low side boards have been constructed so that, in addition to enabling the grower to load them without demurrage, they will be easy to fork beets into on account of not having the high side boards which coal racks and other gondola cars have.

The railroad company and the sugar company have done everything possible to make it convenient for the shipper, and now it is the duty of the shipper to load his cars properly so that he will not have to pay freight on more beets than he has in the car.

All contractors must order their own cars of their local agents. Do not expect the sugar company to order cars for you. No one knows when you want cars better than yourself. Be very careful in regard to contract number on shipping receipt. Send one shipping receipt to the Bay City—Michigan Company at Bay City and retain the other yourself.

Farmers having large contracts may commence harvesting as soon as they wish. Shipping bills and cards will be sent from Tawas Sugar Co.'s office at East Tawas.

We will receive wagon beets at Tawas Factory beginning Monday, October 16.

Cuts the Fuel Bill in Half For Soft Coal, Lignite or Hard Coal

As you know fully one-half the carbon available for heat in soft coal is gas, the entire gas supply used for fuel and illumination in many cities and towns being made from common soft coal. The ordinary stove in burning soft coal allows this gas half of the fuel to pass up the chimney unburned, thus wasting it as a heat producer.

Cole's Original Hot Blast Stove, by means of the patented Hot Blast draft and other patented features, distills this gas from the upper surface of the coal, utilizing it as a heat producer along with the fixed carbon or coke in the coal, thus burning all the coal. This is why

Cole's Original Hot Blast

Saves the Dollars and makes a ton of common \$3.00 soft coal or lignite do the work of \$9.00 worth of hard coal.

Your old stove and imitation Hot Blast are not air tight, do not save the escaping gases and do not give you a warm house at night. You cannot afford to say to yourself "My old stove will have to do this winter." The old stove is eating up the price of a new stove every year. Not only that, but on top of the cost is the unsatisfactory result it gives. It is always out the coldest morning.

Even Heat Day and Night—Fire Never Out

Cole's Hot Blast is so perfect in construction that fire keeps all night, and when the draft is opened in the morning will burn two or three hours with the fuel put in the night before. No other stove does this. Fire, therefore, never goes out, and the rooms are kept at an even temperature all the time.

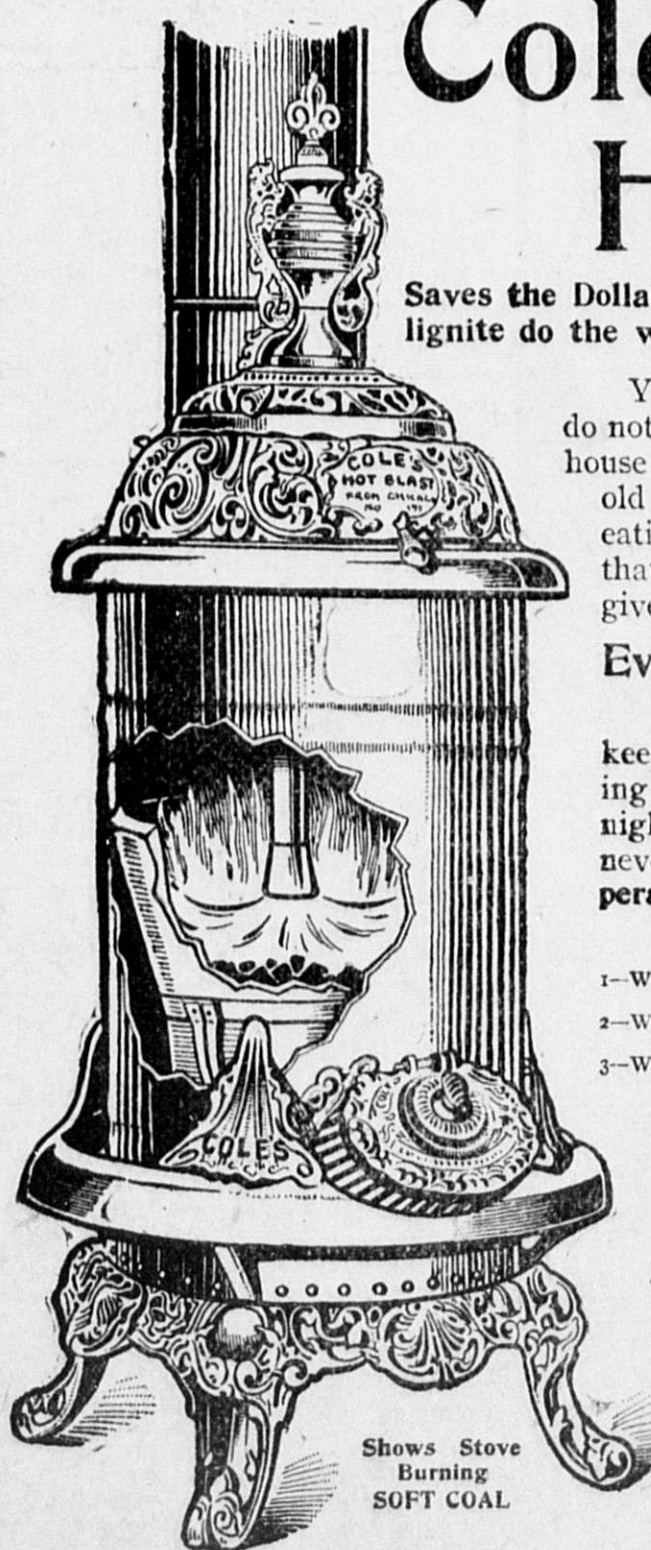

OUR GUARANTEE

- 1—We guarantee a saving of one-third in fuel over any lower draft stove of the same size, with soft coal or slack.
- 2—We guarantee Cole's Hot Blast to use less hard coal for heating a given space than any base burner made with same heating surface.
- 3—We guarantee that the rooms can be heated from one to two hours each morning, with the soft coal or hard coal put in the stove the evening before.
- 4—We guarantee that the stove will hold fire with soft coal 36 hours without attention.
- 5—We guarantee a uniform heat day and night, with soft coal, hard coal or lignite.
- 6—We guarantee every stove to remain absolutely air tight as long as used.
- 7—We guarantee the feed door to be smoke and dust proof.

For Hard-Coal—Saves Half

The perfect control over the drafts, the slow economical combustion and the large positive radiating surface make Cole's Original Hot Blast the most economical and the best Hard Coal stove made.

Cole's Hot Blast is the modern heater and will save its cost in fuel every winter. Buy one for your home now.

Shows Stove Burning SOFT COAL

Would You Lose \$50.00 in Fuel to Save \$1.00 on the Cost of Your Stove?

That is what you do when you buy a cheaply constructed, putty jointed, showy made imitation stove. Like all successful inventions, Cole's Original Hot Blast has many inferior imitations, avoid them.

They all lack the patented features and careful construction, which make the Original Hot Blast a great success. They do not stay tight and soon open seams and cracks which render them worthless as fire keepers. See the name "Cole's Hot Blast from Chicago" on the feed door. None genuine without it.
