After hearty congratulations all repaired to the dining room where a sumptuous dinner was served. The couple received several beautiful presents.—Onaway Inter-Lake.

The board of supervisors adjourned yesterday afternoon after a four days session. A large amount of important business was transacted, including the equalization of the county assessment rolls, which had to be done at this time for the benefit of the state board of equalization which meets next month. There was a warm debate over the equalization and most of the townships were given a substantial increase. While the equalization as made may not be fair in all respects, it was evidently as fair as could have been adopted by the board. Want of time prevents us from giving the equalization as made in this issue.
We heard one of our young men making sport of religion the other day. His moustache had just begun to sprout and judging from his talk his mental faculties were not as well developed as his moustache. During our brief stay upon this earth we have seen many just such men cold in death. We have seen the atheist at rest in his casket, but before being consigned to their last resting place they have all been carried through the doors of a church and had prayers said over them. This young man could scoff at religion in his strength and beauty of health, but if the dark angel should get after him he would instinctively regret what he said and look into the future with fear and trembling. When one stands before the open door of eternity his desire to scoff at religion vanishes. We admit there are bad men in the church, but even these black sheep in the flock might be blacker if they were outside. No young man, or old one either, should condemn the noble efforts which the army of Christian men and women are making towards bettering the condition of things, and whether we attend church or not but few of us would care to live in a community where there was no church. Young man, in the future, if you must scoff at religion, please get a little further from our office if you do not want to see your name in print.

The society have raised sufficient funds and will have electric lights installed in the church. The work will be done at once.

Deadly Serpent Bites.
are as common in India as are stomach and liver disorders with us. For the latter however there is a sure remedy, Electric Bitters, the great restorative medicine, of which S. A. Brown, of Bennettsville, S. C., says: "They restored my wife to perfect health, after years of suffering with dyspepsia and a chronically torpid liver." Electric Bitters cure chills and fever, malaria, biliousness, lame back, kidney troubles and bladder disorders. Sold on guarantee by G. S. Darling and J. M. Wuggazer & Co., druggists. Price 50c.

For the Fourth

Children between 5 and 12 years half fare.

TAWAS CITY, MICH., JUNE 29, 1906

Arthur Hill has bowed to the will of the machine and will not ask the republican state convention to name the candidate for U. S. senator.

The republican papers are very busy selecting a successor to Prof. Ferris. They might save their exertion as the work will be done by the state convention on Aug. 2, and without doubt in a satisfactory manner to the party.

It is only duty and justice to encourage your home paper, extend to it the nourishment to which it is entitled. Pay your subscription promptly, and send a few extra copies to your relatives and friends at a distance. They will appreciate the favor and so will we.

Under the primary law the democratic state central committee is empowered to fill the place on the state ticket, made vacant by the resignation of the gubernatorial nominee. However, the democracy will not apply the rule of machine politics as would the republican organization under the same conditions, and the nomination will be made at the coming state convention, being ratified by the committee as required by the law. The committee, however, will take no part in booming any of the many candidates for state offices.

W. N. Ferris has declined the nomination for governor unanimously tendered him by the democracy of Michigan. Fortunately the democra-

cy of the state are well supplied with good material for this position and the names of many have been brought forward. The selection of some good conservative man who has made a business success will place the party before the voters of the state in a position to win a great victory next fall. The nomination of E. O. Wood, of Flint, J. L. Hudson or Alfred Lacking, of Detroit, would be a wise choice. While none of these men are radicals, all are honest and would use every effort to give the state an economical administration, and see that many of the desired reforms demanded by the people were instituted, if in their power to do so.

Even conservative people have come to the democratic contention that fining corporations for breaking the law of the land has but little effect and that nothing short of imprisonment of the officials will compel obedience of the law. The enforcement of law, says the New York Post, is becoming a hobby of executive officers and district attorneys. The news of the day is full of specific instances. Certain officials of the department of justice at Washington are predicting that there will soon be "wholesale suits" against the Standard Oil Company and the railroads for violating the Elkins Anti-Rebate law. If, as well-informed men assert, the Garfield investigations have uncovered 2,000 illegal shipments over a single road, there may be fines running into the millions—fines that will make the \$60,000 recently exacted by the court from the Chicago, Burlington and Quincy, a mere trifle. The fines may be salutatory, but for our part we believe that the penalty of imprisonment—which may be imposed in the discretion of the judge—would do much more to inspire among shippers and common carriers a wholesome respect for the statutes.

THE SLATE GOES THROUGH.

The Republican County Convention Nominated Candidates for County Officials.

The republican county convention met at the court house last Saturday for the purpose of nominating candidates for county officials. The convention this year was something of a departure from the usual way of doing things, in that it is held about two months earlier than usual. The action does not meet with the approval of many of the republicans of the county, and it claimed to have been for the benefit of some of the present office holders who wished to be doubly sure of a re-nomination, and thought this could be best accomplished if the convention was held before other possible candidates were in the race.

The convention was most harmonious as it had been most carefully planned, the only contest being for the nomination of treasurer. A ballot on this nomination and one for coroner were the only ones required to nominate the entire ticket.

The convention was called to order at eleven o'clock and John McFarlane, of AuSable elected temporary chairman, and Will McGillvary, of Oscoda, temporary secretary. After the appointment of the usual committees, the convention took an adjournment until 1 o'clock.

On reconvening the temporary officers were made permanent. The committee on resolutions reported a set of resolutions "pointing with pride" to the various officials from Teddy down which were adopted with slight enthusiasm. C. A. Pinkerton, of East Tawas, and James Quinn, of AuSable, were appointed tellers, and the convention proceeded to the nomination of candidates. The rules were suspended and the nominations made by acclamation in each case except on treasurer and the first coroner. For the position of treasurer the names of Horace D. Stockman, of AuSable, (which stands for that of Harry W. Stockman, the present incumbent, who is ineligible for a re-election having held the office for two terms), and that of Joseph G. Dimmick, of East Tawas, were presented. The ballot resulted in 25 for Stockman and 15 for Dimmick.

For the first nominee for coroner the contest was between John Armstrong, of this city, and John W. Tait, of East Tawas. The ballot gave Armstrong 32 and Tait 8.

The nominees of the convention are as follows:
Sheriff—Charles Curry.
Clerk—John A. Mark.
Treasurer—Horace D. Stockman.
Register of Deeds—Edgar A. Crandall.
Pros. Attorney—Edwin Rawden.

Circuit Court Commissioner—Albert W. Black.

Surveyor—Howard M. Belknap.
Coroners—John Armstrong, L. D. Gagniers.

On the election of a chairman for the county committee the names of John McFarlane, of AuSable, and Reuben Wade, of Tawas township, were presented. McFarlane won by a vote of 20 to 18. Will McGillvary, of Oscoda, was elected secretary of the committee by acclamation.

New Train on the D. & M. Ry.

The Detroit & Mackinac Ry. will put their summer train schedule into effect on June 25th. The usual summer trains will be run between Bay City and AuGres (Point Lookout); also between Bay City and Linwood Park and Tawas Beach; the other trains will run about on the same schedule as at present, except that the schedule on train seven will be greatly shortened up so as to make it the fastest north bound night train from southern Michigan to the northern resorts, including Mackinac Island, Point Aux Pins (Bois Blanc Island), Les Cheneaux Islands, St. Ignace, Mackinaw City, "the Soo" and Georgian Bay; this train will leave Detroit at 9 p. m. arriving at Cheboygan boat docks at 6:30 a. m. and will carry, as at present, a through sleeper, from Detroit to Cheboygan. This train will connect at Detroit with solid train from Cincinnati, which in turn receives connections at Toledo and other places from many roads in Ohio, Indiana, Pennsylvania and Illinois, as well as from St. Louis and other points.

The Detroit & Mackinac Ry. and Pere Marquette Lines are making an aggressive campaign for northern resort travel and they expect to receive a large share of the business. One thing that will be in their favor is that their trains arrive at and depart from Cheboygan boat docks within twenty-five feet of where all the steamers make their landings. The D. & M. people claim they are in better shape to make fast time than any of the north and south roads in Michigan in view of the fact that their road is 94 per cent a straight line with practically no grades; their rails weighing 80, 85 and 90 pounds to the yard. The new passenger locomotives weigh 92 tons and have six 73 inch drivers, and are therefore able to rise to and emergency in the way of speed that they may be called upon to perform.

The Alpena Argus was 35 years old last week. Under the management of James Collins many improvements are being made in the paper, and its editorial columns are among the very ablest edited in the state.

The Cash Buyer's Union, one of the biggest of the Chicago mail order houses, has failed and thousands of country customers lose heavily in the crash. It's safer, and cheaper, too, to buy of the reliable home dealers.

The man who went out to milk and sat down on a boulder in the middle of the pasture and waited for the cow to back up, was a brother to the man who kept a store and wouldn't advertise because he reasoned that the purchasing public would back up to his place of business, when it wanted something.

If every business man in our town could do business on a strictly cash system, it would be a blessing to us all. If we all had to pay cash we would learn to live within our means. It would save business men the expense of bookkeepers and the loss of bad debts, all of which someone has to pay for. If our town could gradually work into a strictly cash system it would be better for us all.

We are pleased to see so many of our citizens taking pride in their homes. The word "home," next to that of "mother," is the greatest ever uttered by human tongue. What a refuge the home is when the darkness gathers! How glad one is to get a glimpse of home when time and space have separated him from it, if even but for a brief period! There seems to be a good natured rivalry here in an effort to make "our home" look a little neater and thus be more inviting to the occupants than all others. Such rivalry is certainly pardonable.

Yes, our garden beds we rake and all manner of pains we take, to have them slick and nice and neat, in fact they simply can't be beat. We turn our backs and walk away and view them on the coming day—Horror! those beds so span and spick are clawed and wallered—we raise a kick, our neighbor's chickens running loose and garden making's but little use, and those old hens our garden looting, may tempt us yet to do some shooting, and to alleviate our wrath we'll make our dinner on chicken broth.

Biggle Horse Book is as full of good sense as an egg is of meat. Its motto: "Always speak to a horse as you would to a gentleman." is the keynote of its treatment of the whole subject. There is twenty-five chapters, including advice on feeding and watering, stable management, and whims and vices, ailments and their remedies, harness hints, about stables, colts' education, care of the feet, etc. Many of the illustrations have been made from life. The book is handsomely printed and substantially bound in cloth. The price is 50 cents, free by mail; address the publishers, Wilmer Atkinson Co., Philadelphia.

A patent has just been granted by the patent office for a curious invention, which, it is claimed, will revolutionize the silk industry. It is for a process for the manufacture of imitation silk. A piece of linen or cotton fabric is given a coat of varnish, or other adhesive, and then is sprinkled with very minute glass globules. These tiny grains of glass sink into the varnish, leaving only their upper parts exposed, and the varnish is allowed to dry. The surface thus produced has all the appearance of the most costly silk. When the surface of the linen is first stamped in colors, in any pattern, and the glass is then applied, a perfect imitation of embroidered silk is obtained.

Friday will be Home Comer's Day and a feature will be a procession of Home Comers by states. On this day also will take place the log rolling contest and there will be a speech by J. Adam Bede, of Minn., the humorist of the national house of representatives. Saturday will be the Thumb day. The Harbor Beach ball team will play on that day. The D. A.
