The contract for wiring the court house and jail for electric lights has been awarded to the King Electrical Co., of Bay City, and the work has been commenced. In about ten days our county buildings will be lighted in an up-to-date manner.

Rev. and Mrs. Thomas Hafer, of Vermont, and Rev. and Mrs. A. W. Brown, of Grand Rapids, are the guests of Mr. and Mrs. L. H. Braddock. Mrs. Hafer is a sister of Mrs. Braddock, and was a former teacher in our public schools. Mr. Brown is a brother of the ladies.

Miss Mary Black, teacher in the grammar department of our public school, has tendered her resignation and will not return next year. Miss Rayburn, who was to teach the ward primary, has been assigned to the vacancy and another teacher will be hired for her position.

It is expected there will be a demonstration of approval at the East Tawas opera house, Thursday evening, August 16, when the comedy drama "Just Struck Town" will be presented. From a scenic standpoint the show promises to give us something out of the ordinary. The play is said to tell a good story of Indiana life and comedy characters are numerous which should insure lively action.

Our magazine supplement and the general improvement to the Herald has received many compliments from our readers and the general public. This is most gratifying to the publisher; at the same time we wish to impress on the people of Iosco county that these improvements have cost us money and if you thoroughly appreciate our efforts to make the paper a credit to the city and county you will show it by giving us your support both as to subscriptions, advertising and job work. You will not help us any by having this work done elsewhere.

C. V. Hicks Pianos, and Organs.

Charles T. Prescott has been entertaining a jolly house party this week. The guests are Miss Webster, Miss Gregory, Miss Hargrave and Miss Fitzhugh, of Bay City, Walter Laird, of Pittsburgh, Pa., and Harry Courtright, of Bay City.

Arthur Wuggazer who has been spending the summer in this city, leaves today for Auburn for a visit with his father, before going to White Creek, Wis., where he will have charge of the Lutheran church for the coming year. Arthur's many friends here unite in wishing him success in this, his first charge, as a minister of the gospel.

C. A. Britt, of Sherman, was in the city Wednesday and made the Herald a pleasant call. Mr. Britt and his father, W. W. Britt, are new settlers in our county having come here last year from LeRoy, N. Y., and settled on some land they owned on the county line in Sherman. The gentlemen are more than pleased with this part of the country. They own 650 acres in Sherman and Burleigh townships, and are engaged in stock feeding. They have also introduced a new industry into our county which promises a big success. Last year they raised an acre of cabbage for the market, which proved a good investment. As a result of this experiment they have five acres of fine cabbage this year, while there are over 20 acres of cabbage being raised in that neighborhood this year. These gentlemen have had large experience in cabbage culture in New York and the adaptability of the land here at once appealed to them and the experiment was successful. The profit in growing this crop is large and it promises to be a good thing for the farmers. Mr. Britt provided for regular visits of the Herald for the coming year.

Installed Their New Pastor.

Rev. Frederick Seivers the new pastor of the Zion Lutheran church of this city was formally installed last Sunday. The installation services were conducted by Rev. Andres, of Bay City, assisted by Rev. August Schlechte, city missionary, of Chicago. The services were largely attended by the members of that denomination and were most impressive.

Rev. and Mrs. Seivers arrived last Friday from Minneapolis, Minn., his former charge. The new pastor is a man of many years in the ministerial work and comes to his new charge with the best of recommendations. May his work here be productive of successful results is the wish of all.

Rev. Seivers will preach his inaugural sermon next Sunday morning at the usual hour of service.

Death of Mrs. Bearinger.

Mrs. Margaret Bearinger, the beloved wife of William Bearinger, died at her home four and a half miles northwest of Inlay City, July 24, last. The deceased was born in Pennsylvania, and at an early age removed to Canada, where she was married to William Bearinger in 1822. Early in the fifties they moved to Lapeer county. Eleven children were born to Mr. and Mrs. Bearinger, seven of whom survive her. They are, Frank, of Ely, Minn., Will, of Inlay City, Elijah, of Saginaw, Janette, of Detroit, Nancy and Grace, of Inlay City and Margaret of Hale. She was a devoted wife and mother and leaves besides the aged husband and children a large circle of friends to mourn her death.

Mrs. Bearinger was at the time of her death 82 years, 6 months and 24 days of age.

Death Dealing Gale.

For the first time in the history of the Tawas Bay Yachting Association the pleasures were this year marred by a fatal accident. Nearly all the boats took part in the regatta of the Bay City Boat Club which closed at Wenona Beach last Saturday. Between 9 and 10 o'clock Sunday morning the boats left Bay City for a race to Tawas Beach, for two handsome cups which had been offered. At the start the breeze was light but favorable, blowing out of the southwest, but increasing as the day lengthened.

About 3:30 in the afternoon, while the fleet was off Point Lookout, it was caught in a severe rain squall. The sky was black the rain fell in torrents and the wind blew a gale, and when it cleared away it was found that the Pastime, of East Tawas, and the Wrinkle, of Toledo were capsized, and that the St. Claire, of Detroit had lost one of her crew, Laurence K. True, of Chicago.

Mr. True was engaged in taking in the balloon jib when the squall struck them and was blown overboard. A life preserver was thrown him and the boat at once put about to his rescue, but in the storm it was impossible to locate him. The life preserver was found later but no trace of the unfortunate young man was had. Every effort was made to recover the body, several of the power boats and the Tawas Point Life Saving Crew having spent all day Monday dragging. The young man was a member of the senior law class of the U. of M., and belonged to one of the best known families of Chicago.

Walter Croakley, of the Toledo, was also blown overboard but was rescued.

The Wrinkle, of Toledo, was leading the fleet by two miles when she was capsized. The Aurora, of Bay City, was nearest to her and went to her assistance, rescuing the crew and assisting in righting the boat, which then came through by her own canvas.

The Pastime, which is owned and sailed by the Pastime club, of East Tawas, and was formerly known as the Mistake, of Alpena, went over with all canvas set. The crew were all rescued and the boat towed to Point Lookout by the Cornelia, of Saginaw. She arrived home Monday afternoon in tow of a tug and minus her spar.

Every boat in the fleet was carrying all possible sail at the time the storm struck them, and it was only by rapid work and good seamanship that more of them did not go over.

The sad fatality cast a gloom over the sport for the T. B. Y. A. meet, which has taken away the enjoyment of the occasion.

The Yacht Race.

The annual regatta of the Tawas Bay Yachting Association closed yesterday. But for the sad accident of Sunday the meet would have been greatest and most successful in the history of the Association. It was finest fleet of boats ever gathered on the bay. The program was carried out and nearly every race was full of excitement.

The Flo of Alpena won the 16-foot class on Monday.

In the power boat race Tuesday morning the Two Howards of Bay City won, the Genevieve was second, and the Secret third. Considerably dissatisfaction is expressed over the handicap rules, which were the cause of the Secret's defeat.

In the D. & M. cup race Tuesday afternoon, the Spray, of Detroit, was first, the Toledo, of Toledo, second, the St. Elmo of Bay City third. This gives the St. Elmo the second heat for the cup.

In the special cruising race for 21-footers, sailed Wednesday morning, the Otisketa of Detroit won, the Spray was second, the Toledo third, and the St. Elmo fourth.

In the afternoon the Sabrina won from the Aurora. The Pastime and the Ottawa did not finish.

The race Thursday morning was won by the Spray, the Otisketa was second and the Toledo third.

J. Martin won the fish boat race, Jim Brown second, Mattison third, and Sawyer fourth.

TAWAS CITY MICH., AUG. 10, 1906

In the coming revision of the state constitution the people of Michigan will be wise if they pattern after Oregon and insist on the adoption of the initiative and referendum.

The new star in the flag, on account of Oklahoma's coming admission into the union, will be placed by the army and navy authorities in the lower right hand corner, and all other flag makers will naturally follow this example.

The action of some of the would-be leading democratic papers of the state, who are making a kick because their particular candidate was not nominated for governor, does not add any to the chance of that party's success for next fall. But "bucking" and "bolting" of candidates is one of the causes of the party's present unorganized condition.

One of the ridiculous features of the Michigan primary law has come to light in Macomb county, where the county is put to the expense of holding primaries in every precinct in order that the prohibition party of the seventh congressional district may nominate a candidate for congress, that being the only party that petitioned for nominations under the law in that county.

The next primaries all over this state will be held Tuesday, September 4. The petitions for the printing of a candidate's name on the ballots must be filed with the county clerk before 4 o'clock of the fifteenth day preceding the primary, which means that all candidates will have until August 20 to circulate their petitions and secure the required number of names which is two per cent enrolled voters of the vote on governor in the specified county or district.

For the first time in its history Illinois this year nominated all of its candidates for state office and United States senator by direct vote, and despite the fact that the ballot was light the process gave general satisfaction throughout the state. Illinois has one of the best primary election laws of all the states, and, while still incomplete and containing some defects, it is recognized already, after a single trial, as vastly superior to the old method of making nominations by caucuses and conventions.

Secretary Shaw has rushed to the rescue of Wall street and deposited \$4,500,000 of government money in about 25 national banks throughout the country, for the purpose of improving the market price of the outstanding 2 per cent consols. A remarkable feature of the secretary's financial operations is that after this deposit of millions was made the banks were allowed a week in which to raise the collateral security. Suppose the banks had defaulted in the interim? The best that can be said is that the treasury department at Washington has come to be merely an auxiliary of Wall street. A blind man can see who is running this government.—*Appeal to Reason.*

Democratic State Ticket.

The democratic state convention held at Detroit on Thursday of last week was a rather lively affair and succeeded in nominating a ticket composed of good reliable men, chosen rather for their known business ability than for their political strength. The convention platform arraigns the republican party "for conferring privileges upon corporations at the expense of the common people;" indorses Bryan for president in 1908; declares for the nomination of all candidates by direct vote, including railroad and tax commissioners and United States senators, for a referendum on all public franchises, for the repeal of the indeterminate sentence law, for the abolition of the state pardon board, for a uniform two-cent railroad fare in the lower peninsula and three cents in the upper, for the election of delegates to the forthcoming constitutional convention by non-partisan method; for amending the state election law so that a cross must be put opposite every name instead of at the head of the ticket, and for \$1 subscriptions for a campaign fund; and making it a criminal offense for a legislator to accept a railroad pass.

John T. Winship was re-elected state chairman and A. R. Canfield state secretary.

The following is the ticket nominated.

Governor—Charles H. Kimmerle, Cassopolis.

Lieutenant Governor—Rush Culver, Marquette.

Secretary of State—P. J. Devine, Stanton.

Treasurer—Charles Wellman, Port Huron.

Attorney General—Judge E. J. Doyle, Grand Rapids.

Superintendent of Public Instruction—Elmer R. Webster, Pontiac.

Auditor General—John Yuill, Vanderbilt.

State Land Commissioner—C. L. Sheldon, Bay City.

State Board of Education—Jas. E. Sullivan, Muskegon.

Does Your Boy Obey?

A woman was lately heard to remark: "When my boy is old enough I shall proceed to make him mind." The young hopeful had already seen some three or four summers, but, in the estimation of this well-meaning mother, was not old enough to be made to know what law and order is. What very grave mistakes mothers often make in this regard. They frequently carry the idea that to force upon a young child the full value of the word "No" is bringing cruelty into its life. This is truly the gravest of mistakes. For a mother to allow her offspring to run rampant and without regard to every command is to do her child the greatest injustice. Every exhibition of insubordination on the part of a child tends to make it less loved by its mother's friends and neighbors, and when it becomes old enough to take up school work its troubles are multiplied. A child can and should be taught the full significance of the word "No" when six months of age, and from then until the time when it reaches the age of discretion the parent should constantly be prepared to pass judgement on its every act and be ready to say and enforce that word "No" when necessary.

Democratic County Convention.

The Democratic County Convention for the county of Iosco will be held at the court house in the city of Tawas City on Friday, August 10, at ten o'clock in the forenoon, for the purpose of placing in nomination candidates for county officials to be voted for at the coming November election and for the transaction of such other business as may come before the convention. The several townships and wards will be entitled to the following number of delegates respectively, same to be elected by the several precincts at the caucuses to be called by the city and township committees:

Alabaster, 1; AuSable, 3; AuSable City, 1st ward, 1; 2nd ward, 2; 3rd ward, 1; Baldwin, 1; Burleigh, 3; East Tawas, 1st ward, 2; 2nd ward, 3; 3rd ward, 3; Grant, 1; Osceola, 4; Plainfield, 2; Reno, 2; Sherman, 2; Tawas, 3; Tawas City, 1st ward, 1; 2nd ward, 2; 3rd ward, 2; Wilbur, 1. Total, 40.

BREAD BEST OF FOOD.

Said to Be More Valuable Than Meat as a Yielder of Energy.

According to Dr. Robert Hutchinson of the London hospital, who supplied evidence regarding food supply to a royal commission, bread is the most important of all the common foods of the people. As a yielder of energy a pound of bread is more valuable than a pound of meat. Its chief deficiency, however, is its poverty in nitrogenous matter, and it therefore has to be supplemented with articles that remedy this defect. Life could be sustained for long periods on a diet of bread, with a few beans or a little cheese.

A man in time of scarcity of general food could subsist upon two pounds of bread a day, says Dr. Hutchinson. He would begin to suffer from lack of energy if he got less, but could go considerably below the two pounds for a bare subsistence in times of great urgency, such as garrisons undergo in time of siege. Under these conditions it is disease that carries men off rather than starvation.

One interesting point on which Dr. Hutchinson insists is the value of ordinary white bread. Rye, he states, is lower in nutritive value than wheat.

The next most important article of diet as a source of energy is sugar. In commenting on this Dr. Hutchinson makes an interesting statement on the duties of food.

"The unfortunate thing about sugar is that it contains no nitrogenous matter at all," says the expert. "Bread does contain some. Without nitrogenous matter one cannot get on at all. It is absolutely necessary.

"There are two sorts of food. The two things that food does are, first, it keeps the body in repair; and, second, it supplies it with energy. Some foods can supply it with energy, but cannot do anything to keep it in repair. Bread can do both, but it is better as a source of energy than as a repairer."

Among nitrogenous foods instanced as good adjuncts in supplying the defects of bread are beans, cheese and fish. The white of an egg is stated to be a very essential element of food. If no meat is available at any time bread, sugar and eggs are all that is wanted for "a very respectable support for the body." Under conditions of comparative scarcity if a child is given its slice of bread with molasses "we are doing as well as we can for the child."

Another illustration of the marvelous value of bread as a food is given by Dr. Hutchinson. "One pound of beef," he states, "is only about half as valuable as a source of energy as an equal quantity of cheese, while a given weight of bread yields a third more energy than its equivalent in beef."

The amount of food required by an ordinary person is somewhat remarkable when comparison is made with an engine. A man requires to be supplied with about 4,600 foot tons of energy a day. That is to say, his food, if consumed in an engine, would raise 4,600 tons weight one foot high every day. This does not allow for waste.

"The human body is rather a wasteful machine," says Dr. Hutchinson. "That is to say, an enormous amount of energy is not turned out as work, but is lost in heat." Considered as a heat machine, the human body is described as being more effective than the best engine.—*New York Mail and Express.*

The Meaning of Different Colors.

Colors have a language of their own. White, for instance, which is a reunion of the seven primitive colors, is the symbol of power, divine wisdom, purity, candor, innocence and chastity. Red represents fire. It is therefore symbolic of passion, power and riches; hence kings and the powerful rulers of the earth wore red mantles. It is also emblematic of hardness and cruelty, being the color worn by the executioners of old and by the members of the inquisition.

Blue denotes fidelity, sweetness, tenderness, loyalty, a spotless reputation. With the ancients yellow denoted glory and fortune. Now it is called the color of infidelity and shame. How is it that yellow has become the emblem of infidelity, perfidy and misfortune? Because Jews were forced to wear yellow during the middle ages, and the house doors of traitors were smeared with the yolk of eggs.

Green is the color of hope and joy and the emblem of youth. Black denotes sadness. Pink denotes health, youth, pleasure, love, violet the color allowed to faith. Orange means divine inspiration and poetry. The muses are all represented clad in orange colored draperies. Orange was also the color of Hymen. Brides once wore orange colored veils called flammeum, and they could not pronounce their vows unless covered with the flammeum.

The Keystone State.

More than one reason is given for the name Keystone State, which has long been used for Pennsylvania. When the vote adopting the Declaration of Independence was taken by the states at Philadelphia in 1776 six of the original thirteen states had voted in the affirmative and six in the negative. The delegates from Pennsylvania then came in, and John Morton cast the deciding vote in favor of independence. This decision of the great issue is one reason for the title the Keystone State.

It is also said that in building a bridge between Pennsylvania avenue and Georgetown, Washington, a single arch was made of stones left from building the walls of the capitol. On the thirteen arch stones the names of the thirteen states were engraved, and as the stone marked Pennsylvania formed the keystone that state became still more widely known as the Keystone State. Probably the two reasons are not mutually exclusive.

Frank Crowley, of Bay City, a well known M. C. brakeman, fell between the cars at West Branch Sunday night and both legs were cut off. He died a few hours later.

The big manufacturing plant of the Herzog Table Co., at Saginaw, was destroyed by fire Tuesday night, entailing a loss of \$90,000, and throwing 100 men out of employment.

The Tower Press was a year old last week and Editor Spencer says he is so much encouraged that he will spit on his hands and take another grip. Here's hoping the Press will prosper for years to come.

It is said that a new patent medicine will soon be placed on the market that is guaranteed to make homely women pretty. It will not find much of a sale here, as Tawas girls are all good to look upon now.

A team belonging to John Fredrickson, of the Townline, caused considerable excitement on the lower end of Lake street last Saturday afternoon by running away. A badly demolished buggy was the most damage done.

Mrs. A. Humphreys, Mrs. A. L. McKee, Leo and Margaret Humphreys, who were the guests of Mrs. A. C. Hebel, of Alabaster, returned to their home at Ionia last Friday. Herbert Humphreys accompanied them home, returning Monday.

Mr. and Mrs. David Thomas, of St. Charles left their four children at home alone last Saturday night while they attended an Adventist camp meeting. A lamp exploded and set fire to the house. The four-year-old baby was burned to death. It was only through the heroism of the 12 year old son that any of the children were saved.

The city of Standish put up \$10,000 two or three years ago to secure the location of the Central Implement Co's plant in that city, and has now commenced suit to recover the bonds. The company agreed to run a certain number of years and employ a large force of men. It failed to do so and is now in the hands of a receiver.

The "home coming" at AuSable-Oscoda closed last Saturday. A more successful reunion than this was never held in the state. The people of those two towns passed all business up for a week and everyone devoted their time to making the affair a success, and they succeeded to the entire satisfaction of the several thousand visitors.

When we picked up the Onaway Inter-Lake last week we were at once attracted by its generally improved appearance, and on turning to the editorial page we found the name of Ned P. Keyes as editor and publisher. It is evident that the new editor is a newspaper man. He promises his readers the best paper in Presque Isle county and if he continues as he starts out he will certainly make his promise good.

When you want a good job of printing done just take your copy to printer and tell him to do you a good job and he will. If you think you know more about the business than he does and select your paper and instruct him what type to use and all the little details, you will get a botch job. A printer working under instructions from one who knows nothing about the business, no matter if he is an expert, cannot get out a neat job.

Judge Biggle not only knows a great deal about horses, but what is more important, he knows how to impart his information in a way that will be understood. One does not have to wade through a great mass of undigested, unimportant matter. The Biggle books are models of clearness and conciseness. They are advertised in another column. The price is 50 cents, free by mail; address the publishers, Wilmer Atkinson Co., Philadelphia.

On Thursday, August 23d, Knights of Columbus from Saginaw, Bay City, Alpena and Cheboygan, will enjoy their fourth annual outing at Tawas Beach. Great preparations are being made all along the line for this outing. Among other things, there will be a variety of athletic sports, and many prizes will be won and lost; and the athletes are now in training. There will be foot races, sack races, barrel races, tugs of war, and putting the heavy shot. There will be a baseball match between Alpena and Bay City.

Girls Wanted.—To work in the silk factories. Clean, light work, good wages, steady employment. Mills are well lighted and ventilated. Private boarding houses for girls only have all conveniences. For particulars address

Belding, Mich.

Again Defeat Turner.

The Tawas City ball team went to Turner last Saturday and played a return game with the team of that village, and came back victors by a score of 4 to 3. It was a well played game, and much credit is due our boys as they were away from home and without even one friendly "rooter" on the grounds. Nordstrom pitched a fine game and received almost perfect support. Doe, a new man, was in the box for Turner and pitched good ball. Wuggazer caught his usual good game and did not allow a Turnerite to steal second during the game. The score by innings is as follows:

	1	2	3	4	5	6	7	8	9
Tawas	1	0	3	0	0	0	0	0	0
Turner	0	0	1	2	0	0	0	0	0

She Goes Some.

One of the interesting boats at the yacht races here this week has been the Secret, the phenomenal speed launch owned by Charles Trudell, of Bay City. This wonderful little boat is today the fastest thing in her class or anywhere near her class. She was built by Mr. Trudell and is equipped with a 15 horse power Smalley gasoline marine engine, and her hull is in an unfinished condition. At the Bay City Boat Club races last week she made over 25 miles an hour, which is the fastest time ever made by any boat of that class. Last Sunday she made the 55 miles between here and Bay City in two and a half hours.

The Bay City Tribune says that the eastern representatives of the Smalley Co., telegraphed to have the boat sent to Alexandria, N. Y., this week to take part in the national power boat races, but as the boat was here she could not be sent.

Rural Carriers to Have Vacation.

Rural letter carriers of the United States will, after the first of January next, enjoy the privilege of fifteen days annual leave with pay, as is now accorded the city letter carriers, says a Washington, D. C., dispatch. The amendment as it originally passed the senate was exclusive of all legal holidays. Mr. Overstreet of Indiana and other members of the house would not agree to the proposition unless the holidays were included. This means that every day, whether Sunday or legal holiday, taken on annual vacation will go to make the fifteen days. This was the only piece of legislation in the post bill affecting the rural carriers, and will be greatly appreciated by them.

A Mystery Solved.

"How to keep off periodic attacks of biliousness and habitual constipation was a mystery that Dr. King's New Life Pills solved for me," writes John N. Pleasant, of Moguolia, Ind. The only pills that are guaranteed to give perfect satisfaction to everybody or money refunded. Only 25c at G. S. Darling's and J. M. Wuggazer & Co. drug stores.

The Public vs. Mail Order Houses.

The Brighton (Ill.), News recently says: When the catalog comes from a mail order house, draw an easy chair to the table where the light will shine full upon the page, and put on your glasses that no bargain may escape your eye.

What a wonderful book it is, to be sure? Wonderful for what it does not contain as well as what it does. You will miss some things you would be glad to see.

Where is their offer to pay cash or exchange goods for your wheat, oats, corn, beans, butter, eggs, and hay?

How much do they pay for cattle, sheep and hogs, f. o. b. at your depot?

How much tax will they pay to support your schools and educate your children—for improving roads and bridges; the support of the poor of the county, for the expense of running the township, county and state?

On what page is their offer to contribute money to the church?

What line of credit will they extend to you when your crops are poor and money gone—when though illness or misfortune, you are not able to send "cash with order" for your groceries, dry goods, clothing, farm tools and crockery? Also stoves and ranges.
