If you are a business man,

did you ever think of the field

of opportunity that advertising opens to you? There is almost no limit to the possibilities of your business if you study how to turn trade into your store. If you are not getting your share of the business of your community there's a reason. People go where they are attracted - where they know what they can get and how much it is sold for. If you make direct statements in your advertising see to it that you are able to fulfill every promise you make. You will add to your business reputation and hold your customers. It will not cost as much to run your ad in this paper as you think. It is the persistent advertiser who gets there. Have something in the paper every issue, no matter how small. We will be pleased to quote you our advertising rates, particularly on the year's busi-
