Teachers For Next Year. Several changes will occur in the list of teachers in our city schools for next year. Miss Willsey, who has been in charge of the county normal since its organization, has accepted a position as the head of the new normal in Cheboygan county. Her going will be greatly regretted as she is conceded to be one of the very best normal teachers in the state and her work here has been most satisfactory. Miss Carolyn Peterson, who has held the position of principal in the high school has also declined her position for next year. Her work has also been highly satisfactory, as has that of Miss Margaret Murphy, of the second primary, and Miss Rhoda Braddock, of the ward primary, who have also declined their positions for another year. In fact it is seldom that so efficient a corps of teachers is secured as has been in charge of the schools of this city during the past year.

The following is the list of teachers engaged for next year: Superintendent, Prof. C. B. Chaffee; normal, Miss Minnie Harding, of Charlevoix; principal of high school, Miss Ethel McCombs, of this city; grammar, Miss Elizabeth Rayburn; intermediate, Miss Nina Crandall; 2nd primary, Miss Grace Redhead; primary, Miss Louise Harper, of Ypsilanti; ward intermediate, Miss Florence McDonald; ward primary, Miss Letta M. Gortner, of Mt. Pleasant.

Munday Bound Over. Eugene Munday, charged with shooting Mrs. McKay, (or LaPlant), and Joseph Turcott, at Oscoda, on Wednesday evening of last week, was arraigned before Justice Hull, of that village, last Tuesday and bound over to the June term of circuit court without bail.

Sheriff Curry has worked most earnestly to unravel the mystery of the shooting and has succeeded in establishing a very strong case against the accused man. The shot gun which was stolen from the Oscoda water works a few days previous to the shooting and which was known to have been in Munday's possession has been located where he had hidden it between the walls of the house where he boarded. Other evidence which Sheriff Curry has secured leads the officers to believe they have the right man and they feel confident of a conviction. Thus far Munday has kept a bold front and protests his innocence, although his stories are badly mixed.

Turcott, who is at the Mercy hospital, Bay City, is still alive, but reports from there are that his chances for recovery are yet very slight.

Burleigh Board of Review. The board of review for the township of Burleigh will meet at the residence of Peter J. Hottis, supervisor of said township, on Tuesday, May 21st. Just So.

Its great to be crazy! Financial insanity is the plea which freed a bankrupt from a criminal charge in New York.

Brain storm has excused the shooting of many men since the trial of the Thaw case.

Kleptomaniacs is the apology for the petty thieving of the pilfering society woman.

Mental aberration is the excuse of Michigan school ma'ams who drop from sight for a time and cause no end of anxiety.

Next speed mania will excuse violations of the automobile ordinances. A hallucination of wealth will be the plea of those who live beyond their means until checked by the insistence of their creditors.

Spring insanity instead of spring fever will be the acceptable excuse for idling away May days.

"Everybody is crazy but me," says the asylum inmate. Maybe he's right. Maybe the time is coming when 'twere better to be insane than to be rational and there won't be enough of the evenly balanced left to pass upon the minds of the unbalanced.—Ex.

Those Neglected Letters.

In what various ways people look upon letter writing, and with what different emotions one welcomes the postman! To one he brings a message of love, to another hope, and to a third the depths of despair.

The generality of people are delighted to receive letters, but dislike answering them. Now, to neglect this duty is to bring unhappiness or keen disappointment to another, disappointment which we cannot perhaps for a moment conceive. Think of a brother in far-off lands eagerly watching every mail, or riding perhaps many miles for the home message, the delay of which causes him days of heart hunger and weary longing. Just a few minutes, and the letter breathing remembrance and encouragement, and having the power to cast away all gloom, would be well on its way; and yet the writing of this note of gladness is postponed for another day, and so it goes on until

time lapses into weeks, and then we excuse ourselves by saying we are ashamed to write.

A mother is waiting, and waiting. I have seen more than one whose chief delight was a letter from her absent son or daughter, but the son was busy and through his neglect to write made them thoroughly miserable.

Consider it a duty to write cheerful letters, and, if you haven't anything cheerful to say, hunt till you find something. You won't have a very long search. If the sun doesn't shine today it will tomorrow, or perhaps the day after, and if the winter is dull the summer will come in its own appointed season.—Ex.

Greater Use For The Schoolhouse.

Dr. Henry M. Leipziger, supervisor of lectures, New York City. "The schoolhouse must become not alone a place for the instruction of children, but a place of resort for the adolescents and a place of culture for men and women. Each schoolhouse, wherever situated, should become the center for educational and recreational purposes. What better place is there for the education of the social side of the human being than the schoolhouse?"

"Within the last fifteen years the attention of the people has been drawn to the fact that the schoolhouse is a plant costing a large amount of money, but was occupied for only five hours of the day, five days a week, forty weeks of the year. Is any industrial plant used to so limited an extent? With the constantly increasing population and with the inadequate places for gathering, it seemed as if so limited a use of so costly a plant was not justified, and with the appreciation of the additional problems of education additional uses to which the schoolhouse shall be put devised. Among the most notable of these was the establishment above five years ago of vacation schools.

"Our city has included in its conception of the school a provision for adults' education. Its underlying principle is that education must be unending. The city's prosperity and growth depend upon the intelligence of its citizens, and the adult who from necessity has remained a child in education needs continuous instruction.

"The use of the schoolhouse for a variety of purposes has also made demands for changes in school architecture in our best modern school buildings. There has been added a fine auditorium, with comfortable seats for adults, gymnasias that can be used not alone for the physical development of children during the day, but

for recreation purposes in the evening, and it has resulted in the greater care and decoration of the school buildings, both externally and internally."

New Special Delivery Law

The law recently passed permitting the transmission of letters and packages for special delivery where ten cents postage is added in addition to the ordinary postage, goes into effect July 1st. The intent of the law is to do away with the use of special delivery stamps, which it is often difficult to purchase. Besides using the stamps it will be necessary to write the words, "special delivery" on the envelope. At present if you desire a letter to be handled expeditiously you purchase a ten-cent delivery stamp and place it on the envelope in addition to the regular postage. Under the new law you simply attach ten cents worth of ordinary stamps besides the regular postage and mark "special" on the envelope and it will receive the same attention that it would with a special delivery stamp on it.

Wonderful Eczema Cure.

"Our little boy had eczema for five years," writes N. A. Adams, Henrietta, Pa. "Two of our home doctors said the case was hopeless, his lungs being affected. We then employed other doctors but no benefit resulted. By chance we read about Electric Bitters, bought a bottle and soon noticed improvement. We continued this medicine until several bottles were used, when our boy, was completely cured." Best of all blood medicines and body building health tonics. Guaranteed at G. S. Darling and J. M. Wuggazer & Co's. drug store 50c.

Game Warden Notice.

Having been appointed county game warden, I hereby give notice that I shall give careful attention to the enforcement of laws for the protection of the game and fish in all parts of the county. All complaints made to me will be promptly investigated.

A Narrow Escape

G. W. Cloyd, a merchant, of Plunk, Mo., had a narrow escape four years ago, when he ran a jimson bur into his thumb. He says: "The doctor wanted to amputate it but I would not consent. ### Rev. E. King Goes to Plymouth.

Rev. Edward King, pastor of Corunna avenue Methodist church, has been transferred to the church at Plymouth, to fill a vacancy caused by the resignation of Rev. Howard Goldie, who has gone to Colorado. Next Sunday will be his last in Owosso. The new church will be of the nature of a promotion for Rev. Mr. King, and his many Owosso friends are pleased at the advancement given him. The place came to him unsought.  
During his twenty months pastorate in Owosso, Rev. King has done a fine work among his people; the church has paid \$1,200 indebtedness, and spent \$800 more on improvement. The church membership has been increased over fifty per cent, and the conditions generally have been vastly improved. Although in point of years Rev. King is one of the youngest in the Detroit conference, he is one of the most successful ministers among the younger generation. For several years he has been secretary of the Detroit conference.—Owosso Times.

### To Build Autos.

A new automobile concern is soon to have its beginning in Pontiac, in a small way, under the direction of R. J. Goldie, of Detroit. Mr. Goldie is an experienced automobile man, having been connected with the Packard and Wayne factories in Detroit. He has interested A. H. Phinney, of South Saginaw street, in his car and hopes to soon incorporate a company under the name of The Merchant's Auto company.  
The distinctive features of the commercial car which Mr. Goldie contemplates manufacturing will be an air cooled engine, a friction drive, and high wheels. It will be built for delivery purposes.  
Mr. Goldie will make his headquarters at the plant of Howland & Son, on West Pike street, and much material has already been shipped here with which to commence work.—Pontiac Press Gazette.

Dated at Tawas City, May 9th, 1907.  
Jno. B. King, City Clerk.

### Getting to the Front.

Another Tawas boy who is getting to the front in his chosen profession is John B. Dimmick of East Tawas. Mr. Dimmick has been engaged as a civil engineer with the U. S. government and for the past few years located at Pittsburg, Pa. He was a graduate of the Michigan Agricultural College, with the class of '93, and the M. A. C. Record of last week says: John B. Dimmick of the U. S. Engineers Office, Pittsburg, is engaged in river and harbor improvement work. He recently had some strenuous work to do at Dam No. 3 of the Allegheny river, of which he is in charge. An abutment failed in some unaccountable manner during a flood, and threatened to wipe out a small town together with a large plate glass works. In order to limit the damage it was necessary to blow out a section of the dam in the center of the river, and then arrange protection for the bank. For his promptness and efficiency in this emergency work, he was given a substantial increase in salary. 25,000 pounds of dynamite were used to blow out about 400 feet of dam.

### Pentecostal Services.

Pentecostal services will be held in both of the Lutheran churches in this city next Sunday morning. In the evening and also on Monday Rev. Sievers will preach at Keystone, Omer and AuGres. The Lutheran congregations of Tawas City will hold joint services next Monday morning in Immanuel church, Rev. Henning officiating.

Holy Ghost, with light divine  
Shine upon this heart of mine!  
Chase the shades of night away,  
Turn the darkness into day.  
Holy Ghost, with power divine  
Cleanse this guilty heart of mine;  
In thy mercy pity me,  
From sin's bondage set me free.  
Holy Ghost, with joy divine  
Cheer this saddened heart of mine;  
Yield a sacred, settled peace,  
Let it grow and still increase.  
Holy Spirit, all divine,  
Dwell within this heart of mine,  
Cast down every idol throne,  
Reign supreme and reign alone.  
REV. FREDERIC SIEVERS.

### Wheat Not Good.

The Michigan crop report for April, issued last Friday, says the condition of wheat is not as promising now as it was April 1. Many correspondents claim that a large percentage of the acreage would be plowed up, were it not for the seeding to clover and timothy.

The average condition of wheat in the southern counties is 74, in the central counties, 70, and in the northern counties 79. Weather conditions during April greatly retarded the sowing of oats. The reported acreage sown is undoubtedly much below the actual amount, as considerable seeding will be done in May.  
Fruit correspondents throughout the state generally complain of trees being badly damaged by the freeze last October, also that the mild temperature of March followed by the severe frost and cold wave of April injured fruit buds extensively. This, coupled with the damage done by San Jose scale and other pests, makes the prospects for the fruit crop rather discouraging.

### Obituary.

Mrs. Mary McNally, wife of John McNally of the township of Sherman, after a lingering illness covering several years, resulting in Bright's disease, died at 8 o'clock Tuesday evening, April 30. Her remains, at her own request, were interred in the Alabaster cemetery, and under ceremonies of the Catholic church, May 4, 1907.

Deceased was 62 years and one day old. She was born April 29, 1845, in Marblehead, Ohio. Her family emigrated to Ontario, where they remained for several years, then came to Kelly's Island, Ohio. In 1864, at Sandusky, Ohio, she was united in marriage to Mr. John McCue, a widower with two sons, the present James McCue of Alabaster, and John McCue of Grand Rapids. To this union were born five children, all of whom survive her, as follows: Sarah (Mrs. S. E. May of Cleveland, Ohio.) Grace (widow of late Henry McKiddie of Alabaster.) Anna (Mrs. B. F. Clover of Chicago.) Maud (Mrs. John Brown of Ann Arbor, Mich.) and

William Joseph McCue, of Grand Rapids, Mich.

About 40 years ago the McCue family located at Alabaster, where Mr. McCue died five years later, leaving the widow with the above family of seven young children without a competence or other means. By her industry and good management, and the excellent manner in which she raised, schooled and provided for that growing family won for her the respect and endearment of the community at large and all with whom she came in contact.

At Bay City, in 1883, she was united in marriage with Mr. John McNally, and one child was born, Miss Martha McNally. After a few years' residence in Alabaster, they moved to Mr. McNally's farm in Sherman about 20 years ago.

Mrs. McNally leaves to mourn her deceased the above named eight children, the husband, 17 grand-children and one great-grand-child; also three sisters and one brother: Mrs. Henry Maple, Mrs. F. A. Fry, Mrs. William Calder, and Eugene Ticknor, all of Bellevue, Ohio.—Com.

CARD OF THANKS—We desire to thank all the neighbors and friends of the late Mrs. John McNally for the many kindnesses shown her during the last days of her long illness, and also for assistance at the time of the funeral, both at the home in Sherman and at the cemetery in Alabaster; also for beautiful floral offerings. We shall long cherish the manifestations of loving-kindness.

JOHN McNALLY,  
MISS MARTHA McNALLY,  
MRS. GRACE McKIDDIE,  
MR. JAMES McCUE.
