A Significant Prayer.
"May the Lord help you make Bucklen's Arnica Salve known to all," writes J. G. Jenkins, of Chapel Hill, N. C. It quickly took the pain out of a felon for me and cured it in a wonderfully short time." Best on earth for sores, burns and wounds. 25c at G. S. Darling's and J. E. Dillon's drug stores.

Ferdinand O. Dettmer and Miss Martha A., daughter of Mr. and Mrs. Albert Timreck, of Tawas township, were united in marriage Wednesday afternoon, at the Emanuel Lutheran church, in this city, by Rev. Carl C. Henning. The young people have a host of friends in this locality who unite in extending them the best wishes for a long, happy and prosperous married life.

The Union Thanksgiving service in this city will be held next Thursday evening at 7:30 o'clock, in place of in the morning, so as not to interfere with the Thanksgiving dinners. The services will be held in the Methodist church and Rev. A. Arthur Griffes will preach the sermon. The entire community should heed the president's and governor's proclamation and worship God that day.

John H. Robinson, of Alabaster, left Monday morning for Union Springs, N. Y., where he goes to accept the position of superintendent of one of the plants of the U. S. Gypsum Co. Mr. Robinson has been foreman of the quarry at Alabaster for the past five years and his advancement comes as a proof of his executive ability. While his many friends in this section regret his departure they all unite in extending congratulations on his promotion.

Elijah Bearinger, a former well known resident of this city, died at Mercy hospital, Saginaw, last Tuesday evening from the effects of a fall he received a few days previous. He was found unconscious at the foot of some stairs in the rear of a store on Thursday evening of last week and removed to the hospital. He never regained the use of his mental powers sufficient to tell how the accident happened. Mr. Bearinger was born at Hamilton, Ont., Nov. 2, 1849, and for a number of years was a resident of the Tawas, where he was engaged as filer in the various mills. He removed to Saginaw about ten years ago. A wife and one daughter survive him.

During the severe storm which swept the lakes Wednesday night the barge G. K. Jackson, in tow of the steamer Langell Boys, and bound for Bay City with lumber, water-logged when about four miles northeast of Tawas Point. A seaman named Theron Kent was washed over board and drowned. The tow succeeded in reaching the bay where Capt. Small and his crew took off the crew. The Jackson sank in about 18 feet of water at the Tawas Beach dock. The body of Kent was recovered yesterday afternoon at Fish Point by the L. S. S. crew. The Langell Boys cleared for Bay City yesterday afternoon. Capt. Small and his gallant crew did excellent work in the face of one of the worst storms ever experienced on the bay.

Died at Detroit
Word was received here Monday morning announcing that Mrs. Geo. E. Redhead had died Sunday evening at Harper's hospital, Detroit, where she was taken on Thursday of last week for an operation. The news of her death cast a gloom over the entire city where she was highly respected. The remains arrived here Monday afternoon. The funeral was held from the M. E. church Wednesday afternoon, Rev. E. King, of Plymouth, officiating. A large concourse of sorrowing friends gathered to pay their last respects to one much beloved.

Myrtle S. Gardner was born July 31, 1855, at DePoyster, N. Y. She was united in marriage to George E. Redhead, July 4, 1874, and has been a resident of this city for about 12 years. The bereaved husband, four daughters, Mrs. W. H. Hartley, of Lincoln, Neb. Mrs. Lott Jacobs, Misses Edith and Grace, and two sons, Audley and Roy, all of this city, are left to mourn the loss of a devoted wife and mother.

TAWAS CITY, MICH., Nov. 22, 1907

The Union is now composed of 46 states, Oklahoma having been admitted to the Union on Saturday last when President Roosevelt signed the proclamation.

The name of Senator A. C. Carton, of East Tawas, is being mentioned in connection with the republican nomination for commissioner of the state land next fall, conditionally that his brother, Hon. John J. Carton, of Flint, is not prevailed on to accept the republican nomination for governor.

The production of aluminum in the United States has increased in the last twenty years from 18,000 pounds annually to a production during 1906 of 14,910,000 pounds. This increase in production is accompanied with a large decrease in price, from \$15 a pound some eighteen years ago to 37 cents at present.

The estimated population of continental United States in 1905 and 1906, according to a census bulletin, was 82,574,195 and 83,941,510, respectively. Including Alaska and the insular possessions the population in 1906 was 93,182,240. The increase in population from 1900 to 1905 was 6,579,620.

President Roosevelt has invited the governors of the state and territories to meet him at the White House May 13, 14 and 15 next to discuss the question of means to conserve the natural resources of the country. Invitations are to be extended to the members of both houses of congress and to the inland waterways commission.

Dr. Koch the celebrated German scientist, who has been over 18 months in Central Africa studying sleeping sickness, has achieved such wide-spread fame that the tribesmen regard him as a wizard. In one large village near Lake Victoria, where Dr. Koch, with his assistants, went, the chief erected commodious huts, treated the white visitors as deities and even paid reverence to the instruments.

"You will be pressed for money often because you have no advertising bill to pay than because you have," observes an exchange. "Big advertising bills and bank balances grow together, out of the same publicity campaigns." The merchant who holds down his expense account by cutting out advertising saves money just the way the railroads would if they stop buying coal for their locomotives. Without coal the wheels won't turn; without publicity trade comes to a standstill. It pays to throw silver out of the window so that gold may come in at the door.

Virtue as Its Own Reward.

A delegate to the constitutional convention of Michigan has gained ephemeral fame by proposing that citizens failing to vote shall be penalized and those doing their duty shall be rewarded.

The idea is old. It exists uselessly in the unenforced laws, in some states, providing for the discharge of poll tax by voting.

All human experience points to virtue being its own reward.

Virtue that must be rewarded is not virtue!

There is only one effectual method of dealing with the problem of the otherwise good citizen who neglects to vote.

It is to make it actually and literally treasonable to vote falsely.

So long as intelligent citizens feel that their ballots may be offset by fraudulent ballots they will experience a cynical indisposition to vote.

And, truly, it is exasperating to go to the time and troubles of registering and standing in line to vote if some political mercenary can cast two or three ballots to your one!

There is only one way to bring out the stay-at-home vote, and that is to make the fraudulent vote treasonable and inflict the penalties mercilessly!—*New York American.*

A Handmade Language.

One of the favorite dreams of the ages is that of a universal language. We have all wanted one speech to prevail in the uttermost parts of the earth; usually we have preferred that our own tongue do the prevailing.

"Our beautiful language," sputters a red-faced German, "is so simple that even an Englishman could learn to speak it."

"The speech of the future," a dapper little person announces, with the aid of his nose and eyes and both arms, will be the French."

The willful perversity of every other nation and tribe, but our particular own has thus far prevented the adoption of a universal talking scheme.—Therefore, every international convention sounds like a meeting of the brick layers' union of the Tower of Babel. Therefore, the stranger in the land, trustingly asking for bread, is given a tack hammer or a bucket of coal.

Esperanto is designed to remedy the difficulty. It is made up of equal parts of Italian, French, German, Spanish, English, Greek and Latin with a dash of Swedish and a pinch of Russian to make it look hard. There have been attempts at universal language before, but never before have so many people been interested, so many and different dictionaries been printed, or such loud conventions held. If the determination of the disciples of Esperanto has its just reward, there is a glad time coming when the whole world will mis-spell the same words and disregard the same grammatical rules. The American tourist will no longer call the unoffending Paris cabman a pig, or inform the wondering German waiter that the dog of his uncle's sister is in a box in the garden. One will be able to go all over New York in perfect understanding. Let us welcome Esperanto even if it sounds like the filing of a saw and looks like the mutterings of a decrepit typewriter.—*Exchange.*

Remember the dates—Dec. 1-10.

Regarding the D. & M. Annual Fall Excursion.

The continued success of the Detroit & Mackinac Ry. annual fall excursion to Bay City, Detroit, Toledo, also to points in Ohio and Indiana, has made it necessary to inaugurate some betterments that will prove beneficial both to patrons and the railroad company. Next year a train consisting of high-back seat coaches with parlor cars will start from Cheboygan and pick up passengers to Alpena inclusive, and then run through to Detroit with a twenty minute stop at Saginaw for lunch, a second train will leave Alpena and pick up at all stations south thereof to Bay City, stopping twenty minutes at Saginaw for lunch, then running through to Detroit without stops. This year both the D. & M. specials were combined at Bay City and made into one long train, but this was found to be more or less unsatisfactory and hereafter the specials will run through to Detroit regardless of each other and on a much faster schedule than heretofore.

They are of interest to you Dec 1-10.

ECZEMA
Cured in less than four weeks.

Those who have had experience with this stubborn disease can hardly believe at first that **Wonderful Dream Salve** can and does cure Eczema.

There is no doubt about the matter whatever. A great many letters are on file in our office from grateful patients, telling of the quick and easy way in which **Wonderful Dream Salve** has removed all traces of this torturing skin affliction.

Mr. John T. Kealey, a well-known business man, located in the Stevens Bldg., Detroit, Mich., was recently cured of a bad case of Eczema of fourteen years' standing. After treating with many doctors and taking many remedies without relief, Mr. Kealey was induced to try **Wonderful Dream Salve**, and in four weeks was entirely cured. He says:

"I certainly consider this a remarkable cure, inasmuch as I have spent hundreds of dollars in the fourteen years of annoyance with this troublesome itching skin ailment. I have since the cure of my case heard of other cures, some of them even more remarkable than mine, which go toward demonstrating the value of **Wonderful Dream Salve** as a great skin healer."

If you have Eczema, why not try a box of **Wonderful Dream Salve**. If it fails, your druggist will refund your money. Isn't that fair enough? Keep it in your home for Chilblains, Chapped hands, Piles, Cuts, Burns, Frost-bites, Boils and Sores of any kind. You will never use anything else. 25c a box at your druggist or mailed prepaid direct.

There has been a great many absent in the primary room this week on account of sickness.

Miss Margaret Murphy has charge of the second primary during Miss Redhead's absence.

American literature class have finished "Snow Bound," and Tuesday wrote an essay on the "Courtship of Miles Standish."

The teachers and pupils all unite in extending heartfelt sympathy to Roy Miss Grace Redhead and family in their great bereavement.

Hon. H. R. Pattengill considered the November calendar which Effie Wilson, of the grammar department, placed on the board last week, worthy of favorable mention in the Moderator Topics.

The children of the primary room are illustrating the story of Our Pilgrim Fathers, by using the sand table. Now, the table pictures Plymouth as the Pilgrims first found it, later in the week a log cabin will appear and some Puritan boys and girls.

The pupils of the zoology class are studying the crayfish, its life history, methods of locomotion, its enemies, its method of escape, its usefulness etc. The eye of the crayfish like that of insects is compound, but the facets or parts of the eye are square instead of hexagon.

COUNTY NORMAL DIXITS.

Early to bed, early to rise, Eva.

We began our work in charcoal Tuesday.

Mr. Highley called at the normal room Friday.

Cora Parker taught at the ward school Thursday and Friday.

The normal girls occasionally hear from their departed schoolmate.

Josie Bristol and Margaret Kinney taught in Miss Redhead's room Monday.

We were disappointed in not being able to go into the high school for singing exercises Tuesday morning.

HALE SCHOOL.

Grant Shattuck is again in school.

Charles Shotwell was absent Tuesday.

Lottie Pearlman was absent Monday.

Lettie VanWormer began school Monday.

The sixth grade is learning the poem "Country Life."

Some very fine historical maps were drawn by the seventh grade this week.

Some fine maps of South America were drawn by the fifth and sixth grades this week.

Our school room looks much better now, as the windows and curtains have been washed.

"The Adventures of an Umbrella," is the composition subject for the sixth and seventh grades Friday.

"Aurora," a portrait by an Italian painter of the 16th century, was the theme subject for the tenth grade Tuesday. Such subjects are certainly brain expanders.

RENO DISTRICT NO. ONE.

The third grade began short division this week.

This is the week of reviews and examinations.

The first grade pupils are learning to tell time by the clock.

The primary department now has paper chain all around the room.

Maps of the township are being drawn by the fourth grade geography class.

Those neat calendars in the advanced room were drawn by the fifth grade.

The third grade pupils are memorizing Longfellow's "The Arrow and the Song."

The fourth grade is memorizing Longfellow's "The Reaper and the Flowers."

We are reading "Black Beauty" in the advanced room, and find it very interesting.

Making white paper baskets, trimmed with colors, is the busy work for the little folks Friday afternoon this week.

HOTTOIS SCHOOL.

We now have 33 pupils enrolled.

Mrs. Frank Hottis was a caller at our school last week.

The relative pronoun is being deeply discussed by the 8th grade this week.

Roy Hickingbottom and Blanche Wheeler are new enrolled pupils this week.

P. J. Hottis made a visit to the school last week. Visitors always welcome.

The Burlough educational association of this school held a geography contest last Friday and the losing side gave a social entertainment at the school house Tuesday evening for the school. Before adjournment it was voted to have a spelling contest the next Friday.

Neither tardy nor absent: Anna Hottis, Mary Wood, Dora Ellsworth, Emma Hottis, Clara Sheffer, Amy Sheffer, Laurel Hess, Muriel Sheffer, Myrtle Osborne, Oscar Hess, Eva Stone, Grace Chippis, Alvia Chippis, Leo McLean, Ethel Chippis, and Roy Hickingbottom.

Holiday Entertainments.

Are you going to give a party for your children, or for your friends of your own age during the coming Christmas holidays? Do you want some ideas which no one has had a chance to try before? Get the December number of the New Idea Woman's Magazine and read "Mrs. Santa Claus at Home," and "Christmas Frolics for the Youngsters." Send your friends one of the original invitations illustrated in an article on this subject and make the affair complete. We publish this month words and music for a charming Christmas carol which the children can learn, as well as for programs for amateur musical entertainments. "Good Housekeeping" is full of good recipes, not only for the dainty things such as Christmas cakes, sweatmeats and puddings, but the method of cooking steak and fish on a wooden plank—a method not known to many housewives—is also discussed. "Marketing for Small Families will help all those who have to make the best of a small income.

Tell your friends in Ohio, Indiana and Southern Michigan about the rates and lands.

Dec. 1st to 10th.

The Fortune Telling Rose.

From red or pink tissue paper cut large, medium and small rose leaves until you have enough to make an immense full blown rose that will fit in a large salad bowl. Arrange these to make the flower as perfect as possible. To as many of the leaves as there are guests tie green baby ribbon, which must hang over the outside of the bowl. At the bottom of each leaf thus prepared fasten a slip of paper on which is written a prophecy of some kind. For instance, on one write, "You will have a long, happy life," on another, "You will soon go on a journey across water."

A pretty fancy is to have a ring fastened to one of them which will fall to the one who receives the slip of paper on which is written, "All things that are good fall to you."

When these are all arranged each guest takes one of the tiny ribbons hanging at the side of the bowl, and they give a quick pull all together, which scatters the leaves in all directions, leaving them dangling in the hands of those who hold the ribbon at the other end.

The mottoes may be comic or sentimental. In either case they afford plenty of fun, as they must be read aloud.

Boats With Eyes.

In China, where so many hundreds of people live their entire lives on boats, there is a very strange idea that an eye must be painted on the bow of the boat that it may see its way through the water.

An Englishman traveling in China sat in the front of a small boat with his feet hanging over the painted eye. The owner became very much excited and begged the traveler not to cover the eye of the boat, as it must see its way.

When the first railroad was built through China the native workmen were anxious to paint an eye on the front of the locomotive. They thought it was not safe to allow such a fierce looking creature as an engine to run about blind.

Bottle and Nail Contest.

For a jolly contest get a bottle partly filled with water and a generous supply of thin nails. Have each guest write down on a piece of paper or a blackboard the number of nails he thinks it will take to make the water overflow. Each guess should have the name of the guesser written beside it. When all have guessed, the hostess begins dropping the nails, one by one, into the water. When the first water runs over the edge she stops, and the various guesses are examined. The boy or girl whose prophecy hits or comes closest to the real number of nails wins a point or a prize.

A Pet Baby Rhino.

The house of the governor of north Borneo is near a jungle, and from it strayed a baby rhinoceros. Captured as a curiosity, he at once became tame and refused to return to his native wilds. He consumes sixteen quarts of milk a day and on this diet thrives and grows fat. He might be mistaken for a queer sort of hog were it not for the horn in the middle of his face. He is devoted to his mistress and follows her about like a dog.

A Hard Debt to Pay.

"I owe a debt of gratitude that can never be paid off," writes G. S. Clark, of Westfield, Iowa, "for my rescue from death, by Dr. King's New Discovery. Both lungs were so seriously affected that death seemed imminent, when I commenced taking New Discovery. The ominous dry, hacking cough quit before the first bottle was used, and two more bottles made a complete cure." Nothing has ever equalled New Discovery for coughs, colds and all throat and lung complaints. Guaranteed by G. S. Darling and J. E. Dillon, druggists, 50c and \$1.00. Trial bottle free.

Estray Calves.

Strayed from my farm in Baldwin, six calves, from three to five months old. Four red with white spots and two white with red spots. Anyone seeing these calves is requested to take them up and notify me. I will pay charges. Andrew Sass, East Tawas, Mich.

A Significant Prayer.

"May the Lord help you make Bucklen's Armea Salve known to all," writes J. G. Jenkins, of Chapel Hill, N. C. It quickly took the pain out of a felon for me and cured it in a wonderfully short time." Best on earth for sores, burns and wounds. 25c at G. S. Darling's and J. E. Dillon's drug stores.

Council Proceedings.

Regular session of the common council of the city of Tawas City, held in the council room Friday evening, Nov. 15th, 1907. Called to order by Mayor Taylor. Present—Aldermen Musolf, Stark, Davison, Waggazer and Clerk King. Quorum present. Mayor Taylor appointed Alexander McRae as special police. By Davison and Musolf. Monday, Oct. 21, 1907.

The board of supervisors of the county of Iosco met in annual session in the court house in the city of Tawas City on Monday, the 21st day of October, 1907, pursuant to adjournment from Saturday, Oct. 19.

Present—Supervisors Alda, Brown, Carleton, Featherston, Hottis, Jordan, Karus, King, Laidlaw, Latham, Market, Hitechock, Macfarlane, McDonald, Muncey, Black, Richards, Robinson, J. H.; Robinson, W. J.; Rollin, Sutherland, Williams—22. Quorum present.

The clerk read the proceedings of Saturday's session and there being no objection they were declared by the chairman unanimously approved.
On order of the chairman the com on finance and apportionment retired to their duties and balance of board was given a recess subject to call of chair.
Board called to order at 11:30 a. m. and on motion took a recess until 1 p. m.
Afternoon Session.
Board called to order at 1:30 p. m. by chairman George Sutherland. Quorum present.
To the Board of Supervisors:
Gentlemen—The writer has carefully looked over the heating system now in use for warming your court house and jail and we offer the following:
We propose using two distinct heating plants, one for the court house and one for the jail—the boilers for same to be located in the buildings they are in.
We find that the chimney flues in the court house are not large enough for a heating boiler suitable for this building and that if a boiler is located in this building for heating same, it will be necessary to rebuild one of the chimneys so as to get a flue at least 12x12 inches on inside. We find that it will be necessary to replace the court house plant in order to circulate steam for warming it without the aid of excessive pressure. We find that the boiler in the jail is not up-to-date, and that if a suitable boiler is installed in that building in a proper manner, it will give fairly good results. In connection with above we make you the following proposition:
We will furnish all material and labor in connection with installing two boilers in both the court house and the jail, furnishing all necessary piping in order to complete the new heating system in the court house without disturbing the old system; re-over all the steam piping above the water line in the boiler, and complete the plant ready for use and without disturbing the old plant to any extent, giving you the use of it while the new plant is being installed; together with installing the boiler in the jail complete and ready for use, all for the sum of twelve hundred and five dollars (\$1,265.00). In connection with this proposition we do not include a new chimney nor do we include any mason work in connection with patching places where steam pipes will pass through, nor do we include any carpenter work, any is required, in patching floors, etc. where it may be necessary to change the piping now in the building. We propose installing a Low Pressure Merton Steam boiler for the court house and a Low Pressure Ideal or Spencer steam boiler for the jail and residence, and it will be necessary to take down any walls to get the boilers into the basements.
We guarantee the two plants will properly warm the buildings, and if operated according to directions furnished by us, will do so in minimum amount of fuel.
Hoping to secure your order for doing above work, and that if you give it to us, it will receive our best attention, we are,
Yours truly,
Eddy Engineering Co.
W. M. Eddy, Manager.
Alpena, Mich.

Moved by McFarlane supported by McDonald that committee on public buildings, supplies and repairs be authorized to enter into a contract with the Eddy Eng. Co. to install heating plant as per the above offer.

Carried. Yeas—Alda, Brown, Laidlaw, McFarlane, McDonald—5. Nays—Carleton, Featherston, Hottis, Jordan, Karus, King, Latham, Market, Hitechock, Muncey, Richards, Robinson, J. H.; Robinson, W. J.; Rollin, Williams—15.
On order of the chairman the com on finance and apportionment retired to their duties and balance of board was given a recess subject to call of the chair.
Board called to order by chairman at 2:30 p. m.
To the Hon. Board of Supervisors:
Your committee on finance and apportionment respectfully report that they have examined the certificates of the clerks of the several townships and cities in said county certifying the several amounts of money to be raised by taxation therein respectively and recommend that the following amounts of taxes for the purposes heretofore set forth be raised by taxation upon the taxable property real and personal of the said several townships and cities in said county respectively and that the supervisors of the several townships and wards of said cities be and are hereby authorized, empowered and ordered to spread and levy the several taxes as herein set forth upon their several respective assessment rolls for the year 1907, that the following amounts be spread on the assessment rolls:
