Miss Hobson, teacher of the kindergarten department of the East Tawas schools contributes an excellent article on kindergarten work to our school department this week. It should be read by all.

Miss Edith, the adopted daughter of Mr. and Mrs. Henry Fournier, of East Tawas, died last Saturday afternoon, after an illness of several months duration. The deceased was one of the most highly respected young ladies of that city and her death is most sincerely mourned by a large circle of friends. The funeral was held from the St. Joseph church Tuesday morning and was largely attended.

A Sudden Death.

The announcement that Mrs. Luce, wife of Superintendent C. W. Luce, of the D. & M. Ry., had died very suddenly at the family home in East Tawas, at 8 o'clock last Sunday evening, came as a shock to the people of the Tawas. She had been suffering for a few days from an attack of neuralgia but at no time considered in a serious condition, in fact had not been confined to her bed at all, and a sudden attack of the heart resulted in death.

During her years of residence in that city she had endeared herself to a large circle of friends who unite in extending to the bereaved family most sincere sympathy. The husband, two sons, Herbert and Walter, and three daughters, Misses Edna, Beulah and Gertrude, are left to mourn the loss of a kind wife and affectionate mother.

Funeral services were held from the home Tuesday afternoon, and the remains were taken to Detroit for interment in the Evergreen cemetery.

A Union Mission Society.

The Presbyterian ladies of this city and East Tawas met at the parsonage last Thursday and organized a Ladies' Home and Foreign Mission Society, of the two churches. The following officers were elected, President—Mrs. A. A. Griffes. 1st Vice Pres.—Mrs. F. E. Dease. 2nd Vice Pres.—Mrs. McCombs. Treasurer—Mrs. C. A. Pinkerton. Secretary—Mrs. E. R. Babcock. Committee on constitution and by-laws—Mrs. Kelly, Mrs. North, Mrs. Taylor, Mrs. Cobbett. Committee on program—Mrs. Botz, Mrs. Downer, Mrs. Trudell, Mrs. Nisbet.

The officers and members of committees are equally divided between the ladies of the two towns and the meetings will alternate monthly.

Baptist Church.

A Hard Debt to Pay.

"I owe a debt of gratitude that can never be paid off," writes G. S. Clark, of Westfield, Iowa, "for my rescue from death, by Dr. King's New Discovery. Both lungs were so seriously affected that death seemed imminent, when I commenced taking New Discovery. The ominous dry, hacking cough quit before the first bottle was used, and two more bottles made a complete cure." Nothing has ever equalled New Discovery for coughs, colds and all throat and lung complaints. Guaranteed by G. S. Darling and J. E. Dillon, druggists, 50c and \$1.00. Trial bottle free.

TAWAS CITY, MICH., Nov. 29, 1907

Frank L. Edinborough, of Bay City, seems to be the man whom the republicans of that city are grooming for the congressional nomination against Congressman Loud.

President Roosevelt has addressed a letter to the members of his cabinet requesting them to inform the federal employees in their various departments that it is his orders that they refrain from political activity wherein the object is to secure a renomination of the president for a third term.

The Onaway Inter-Lake man had a fit last week because the Herald recently stated that all the tax sale papers of the state were opposed to the nomination of Gov. Warner for a third term and intimated that we were sore because we were not favored with the tax sale graft. Far from it, brother. The Herald never has had the chance of feeding on "public pap," and while we may not look quite so sleek as some of our "bap fed" contemporaries we are very well satisfied with the legitimate patronage afforded us by the people of our county.

The Tariff Graft.

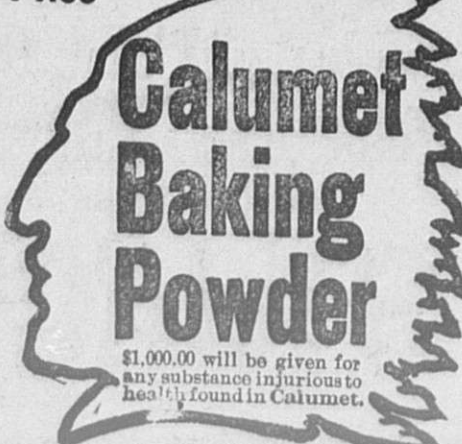

In the current issue of the American Industries, a trade journal which is the organ of the National Association of Manufacturers, is a strong arraignment of high protection inequities written by H. E. Miles, president of the National Association of Implement and Vehicle Manufacturers, himself a beneficiary of the tariff. His article commences with the frank admission that "I have made money every year out of the tariff graft," but those who supply his industry with material appear to have made even more, for he says:

"Under this tariff, those who supply the factories I am interested in with their material, have consolidated or formed trusts and have raised the price 25 to 50 per cent. All those years I have, as before, made my sales price on a percentage of costs, and when the tariff pets raised their prices, as they did, \$50,000 to me, I made the charge against the jobber \$60,000, and I know beyond question that he also figured on a percentage basis and charged more than \$70,000 for the \$60,000 he paid me. The product went through one or two other hands before reaching the consumer. The \$50,000 which I paid becomes about \$100,000 to the agricultural consumer."

The "tariff pets" he refers to are the special interest seekers who were on hand when the Dingley law was being framed and received about what they asked for. The vehicle and implement men, Mr. Miles says, remained at home like honest, disinterested citizens, and were rewarded by having the articles they manufactured put into an omnibus section of the act applying a tariff of 45 per cent, which, he says, they have no use for and which many of them are ignorant about. Mr. Miles is of the opinion that a tariff of 20 to 25 per cent is ample for his industry, and that anything above that can be made to bring to those engaged in the industry either as manufacturers of the finished product or furnishers of the raw material, \$50,000,000 or so extra a year, every dollar of which comes out of the pockets of consumers as an extortionate charge. The position of the steel interests in regard to the tariff, as stated by Mr. Miles, is also interesting. He says:

"I will not talk about steel. I know too much about it, as do most others. I note with pride and joy that not only did steel men go to Washington when the last schedule was made, and complained bitterly because it

Moderate Price

was so high, but the very best men in the steel industry today, those whose names quickest come to mind the country over, if not the world over—those who are responsible for the greatest industry in the world, and that an American industry—those men who said repeatedly that they want the tariff lowered at once, both in the interest of the steel industry and of the republican party, of which they are members. They said this in Washington one or two years ago. One of them said it again within a month, and another to me within two weeks, and I must be respected for wholly agreeing with them."

In round figures Mr. Miles estimates that the people of the United States are forced to pay annually \$500,000,000 in undue and illegitimate profits to the protected interests because of the high tariffs under the Dingley law. What do the people think of our tariff act after admissions of the above character from one of its leading beneficiaries?—Saginaw News.

State Land Grants.

It is easily possible that Representative J. T. Bennett of this city by the introduction of his land bill at the last session of the legislature started a movement which will end only with a complete remodeling of the existing laws governing the disposal of lands held for delinquent taxes. Representative Bennett's efforts in behalf of his bill brought to light some facts that were startling in their character and his subsequent investigations thoroughly bears out his contention that the present system of handling the lands in question is wrong and one that offers strong temptations for fraud and graft. Strong intimations that private individuals who are in the business of picking up state lands, sold for taxes, have access to information designed for the benefit of the state land department alone, are continually heard up here where large tracts of lands are constantly being sold for taxes. Where there is so much smoke, there undoubtedly is some fire, a probability that gains increased acceptance when the ease with which fraud may be practiced on the state is recognized. Under the present system men employed by the state land department are sent out into counties to look the tracts which are to be sold and thus secure information of value to the land department in disposing of the lands. How tempting is the chance for these land lookers to tip off "for a consideration" advance information to a man who wants to pick up bargains in tax lands. That this is repeatedly done, there seems to be but little doubt.—Soo News.

Regarding the D. & M. Annual Fall Excursion.

The continued success of the Detroit & Mackinac Ry. annual fall excursion to Bay City, Detroit, Toledo, also to points in Ohio and Indiana, has made it necessary to inaugurate some betterments that will prove beneficial both to patrons and the railroad company. Next year a train consisting of high-back seat coaches with parlor cars will start from Cheboygan and pick up passengers to Alpena inclusive, and then run through to Detroit with a twenty minute stop at Saginaw for lunch, a second train will leave Alpena and pick up at all stations south thereof to Bay City, stopping twenty minutes at Saginaw for lunch, then running through to Detroit without stops. This year both the D. & M. specials were combined at Bay City and made into one long train, but this was found to be more or less unsatisfactory and hereafter the specials will run through to Detroit regardless of each other and on a much faster schedule than heretofore.

Estray Sheep.

There came to my enclosure in Grant township, about Oct. 26, last, five sheep. The owner can have the same by proving property and paying charges. WILLIAM ALLEN.

He Fought at Gettysburg.

David Parker, of Fayette, N. Y., who lost a foot at Gettysburg, writes: "Electric Bitters have done me more good than any medicine I ever took. For several years I had stomach trouble, and paid out much money for medicine to little purpose, until I began taking Electric Bitters. I would not take \$500 for what they have done for me." Grand tonic for the aged and for female weakness. Great alternative and body builder; best of all for lame back and weak kidneys. Guaranteed by G. S. Darling and J. E. Dillon, druggists, 50c.

Give Us the Michigan Product.

Owing to the fight made against the Chicago frankfurters on "win-nies," this article of food so far as the Chicago packers are concerned is out of the market in this state. The article was condemned under the pure food law and by withdrawing from the fight the manufacturers admitted their guilt although they bluffed the state authorities for a few weeks. The frankfurters are supposed to be made of meat, the truth is that a large portion of the contents of the casings was pea flour upon which the manufacturer was making nearly a thousand per cent profit. Frankfurters of Michigan manufacture are on the market, but they are guaranteed to be free from hog feed.

The people of Hale were much shocked last Saturday evening to learn of the sudden death of our much respected citizen Norman Ballard. Mr. Ballard and son Charles were on the plains hunting and when on their

way home Mr. Ballard suddenly fell, never regaining consciousness. The decease was 77 years of age, and has been a resident of Hale nearly five years. He owned considerable real estate and did much toward improving our village. He was a man of sterling qualities and will be much missed. He leaves to mourn his death a wife, two sons and a daughter, besides a host of friends. The funeral was held Tuesday, and Wednesday morning the remains, accompanied by the family, were taken to the old home at St. Charles for interment.

Reno Kumbings.

Episcopalians of Reno are most enthusiastic over a visit from Bishop Williams, last Thursday. Services were held in the school house and the bishop confirmed Miss Ruth McDougald and Miss Eva McDougald. Although the weather was unfavorable, the room was crowded, and the bishop's sermon on the real meaning of a christian life carried conviction to more than one heart.

Genial arch-deacon Sayres was warmly welcomed and spent Thursday afternoon and part of Friday paying calls. Three more baptisms were reported, this making just twenty, seventeen having been baptised on Dr. Sayres last visit to Reno in September. There was a celebration of the Holy Communion on Friday morning at ten o'clock.

Bishop Williams and Dr. Sayres left on the afternoon train for Rose City.

Church people are looking forward to the time when regular service will be held here and a decided interest is being revived. Dr. Sayres will return about December thirtieth.

Miss Turner who has been in Reno since last spring in the interest of the Episcopal church will leave this week for Detroit, Chicago and Hamilton, Ont., on a three months vacation.
