We are again obliged to call the attention of our correspondents to the fact that their communications must reach us by Wednesday of each week.

Rev. Frederic Sievers, pastor of Zion Lutheran church, who has been very ill for several months, is recovering very slowly, and as yet is entirely unable to resume his pastoral work.

Dr. W. N. Yeager, the dentist, will be at his office in this city next Tuesday from 10:30 a. m., until Wednesday noon. If you have any dental work make an early appointment with him.

Rev. C. C. Henning, of the Emmanuel church, will preach at the Zion Lutheran church next Sunday afternoon at 2 o'clock. After the devotional service the monthly meeting of the Ladies' Society will be held at the church.

County Clerk Mark reports that there were 81 marriage licenses issued in this county during 1907, an increase of two over 1906. John says he hopes the girls will take advantage of leap year and that he will be able to report a big increase for 1908.

"Simple Neglect, no Escape From Consequences," and "What is Hell?" will suggest the lines of discussion of Rev. A. A. Griffes' discourse Sunday morning at 10:30. You are invited to this evangelistic sermon. Service also at Alabaster at 3:30 p. m.

"Are You An Elk?" one of the latest and best motion picture entertainments at the Maccabee-building, East Tawas, Saturday evening. These pictures are in colors and for genuine fun this is one of the best of the season. Do not miss this evening of social enjoyment. Admission 10 cents.

In the matter of internal revenue receipts Bay City is second only to Detroit in Michigan. Deputy Revenue Collector H. L. Warren reports that the receipts for December amounted to \$340,318.87 and for the year 1907 amounted to the sum of \$2,033,200.45.

The county road institute for Iosco county will be held at Whittemore, next Tuesday, Jan. 14, 1908, begin at 10:00 a. m. Highway commissioners in attendance will receive their expenses and one day's pay. Everyone interested in the question of good roads is invited to attend. The sessions will be held in connection with the Farmers' Institute.

Pack my box with five dozen liquor jugs." Here is a sentence containing eight words and thirty two letters. Only four letters are duplicated, e, i, o, and u, and the sentence contains all the letters of the alphabet. Who will beat it.—*Ex.*—That's easy. A correspondent furnishes the following: "John quickly extemporized five tow bags." Only i, o, and e duplicated and only six words.

Miss Fannie Meads, teacher in the ward school, who was obliged to give up her work about December 1, on account of ill health, has not improved and was obliged to tender her resignation. Much regret is felt by the patrons as during the short time she was here she demonstrated her worth as a teacher of ability and made a large circle of friends. Miss Faunce, of the Mt. Pleasant Normal, has been engaged to fill the vacancy, and began her duties Monday.

### Death of a Former Teacher.

The following from the Dundee Reporter refers to a former principal of our city schools and the many friends of Miss Galloway in this city will read it with much regret, as during the year she taught here she made a large circle of friends:

Miss Lucy Galloway, who for many years has spent much of her time at the home of her aunt, Mrs. G. W. Hurd, came Saturday evening intending to spend the holidays here, as was her usual wont. Soon after arriving here, she complained of some little indisposition, and that she might resume her work as teacher in the schools at Muskegon Heights, the coming week, a physician was called. No one considered her case at all alarming and hence no one was prepared for the news early Christmas morning, that that young and beautiful life had ebbed out the night previous. Miss Galloway was an only child of Mr. and Mrs. Duane Galloway of Adrian. Since the death of her mother some thirteen years ago, Mrs. Hurd had exercised a maternal care over her niece, and it was in her home that Miss Lucy delighted to spend much of her time. The deceased was a graduate of the Adrian high school and also of the M. S. N. C. It was the desire of her heart to be a teacher of young people and it was to this end that her education was directed. During the past five years she has seen, in a measure, the fulfillment of that desire, and it was this work that lay nearest and dearest to her heart. She leaves many grief stricken relatives and friends to mourn her untimely demise. A short funeral service will be held from the house this morning at 9 o'clock and the burial will be in Adrian beside her mother. The wealth of floral tributes testified to the esteem of a wide circle of friends, both here and elsewhere.

### Farmers' Institute Prizes.

At the farmers' institute to be held at Whittemore next Tuesday and Wednesday, Jan. 14-15, the following excellent list of prizes will be given by the officers. The contest is confined to children under 16 years of age who are attending school, and the articles exhibited must be grown by the exhibitor or their parents. The recitations, also the needlework, bread and butter must be made by the exhibitor. Either the competitor or their parents must be members of the society. Anyone can become a member of the society on the payment of 25 cents:

- For the six largest potatoes, \$1.25, and 75 cents for the second.
- For the six largest red carrots, \$1.25, and 75 cents for second.
- For the six largest mangels, \$1.25, and 75 cents for second.
- For the best plate of winter apples, \$1.25, and 75 cents for second.
- For the best recitation, \$2 and \$1 for the second.
- For the best needlework, \$1.25, and 75 cents for second.
- For the best loaf of bread \$2.50, for the second \$1.50 and for the third \$1.00.
- For the best roll of butter \$1, for the second 60 cents and for the third 40 cents.
- For the best twelve ears of corn \$2.50, for the second \$1.50 and for the third \$1.00.

### A Higher Health Level.

"I have reached a higher health level since I began using Dr. King's New Life Pills," writes Jacob Springer, of West Franklin, Maine. "They keep my stomach, liver and bowels working just right." If these pills disappoint you on trial, money will be refunded at G. S. Darling's and J. E. Dillon's drug stores. 25.

### Notice to Tax Payers.

Notice is hereby given that the tax rolls of the various wards of the city of Tawas City for the year 1907 are in my hands for collection. I can be found at my residence on Bay street by those desiring to pay taxes. JAMES H. NESBITT, City Treasurer.

### Greenwood Grange.

The next regular meeting of Greenwood Grange, No. 1077, will be held Saturday evening, January 11, at which time the following newly elected officers will be installed:

- W. M.—E. W. Latham.
- O.—S. S. Bamberger.
- Lecturer—Mrs. Geo. Hall.
- S.—George Bamberger.
- A. S.—N. C. Miller.
- Chap.—Jesse Carpenter.
- Treasurer—Herman Brown.
- Secretary—Chas. Demming.
- G. K.—Geo. Hall.
- C.—Ida Farrand.
- P.—Mary Bamberger.
- F.—Edith Smith.
- L. A. S.—Mrs. C. Demming.
- Insurance Director—Chas. Demming.

Let every member be present at this meeting and bring their lunch baskets.

### Baptist Church.

Preaching Sunday morning and evening by the pastor.

Morning theme: "Can we know we are Saved?" Evening theme: "Who Can be Saved?" Special music. Everybody cordially welcome.

Sunday school at 11:30 a. m. Prayer meeting Friday 7:30 p. m. Preaching at Hemlock road church 3:00 p. m.

### A Cure for Misery.

"I have found a cure for the misery malaria poison produces," says R. M. James, of Louellen, S. C. "It's called Electric Bitters, and comes in 50 cent bottles. It breaks up a case of chills or a bilious attack in almost no time; and it puts yellow jaundice clean out or commissions." This great medicine and blood purifier gives quick relief in all stomach, liver and kidney complaints and the misery of lame back. Sold under guarantee at G. S. Darling's and J. E. Dillon's drug stores.

**Senator Knox on Memory Training.** Senator Philander Case Knox was driving a friend from the railroad station to his farm at Valley Forge when an incident occurred which called to mind a certain passage from Pope's "Essay on Man." The visitor quoted the lines, and Senator Knox, much to the surprise of his guest, took it up and gave the lines following.

"How did you happen to know that?" he was asked. "If you will repeat any line from the Essay," said the senator, "I can give you the context, for I know every word of it. I have paid particular attention all my life to memory training and when I was quite young I received a prize for committing to memory 1,000 verses from the Bible."

### A Warm Allusion.

"Do you see that man across the street?" "Yes; who is he?" "The greatest fellow for giving you hot air you ever came across." "Oh, a bluffer." "Not at all. He is at the head of a big heating company."

### A Little Mixed.

Mr. Smart—"Don't you think Poeticus weakens his work by so much alliteration?" Mrs. Malaprop—"Yes, but in these ingenious days you can't get anything that is pure or strong. People alliterate everything."

### It Does The Business.

Mr. E. Chamberlain, of Chilton, Maine, says of Bucklen's Arnica Salve: "It does the business; I have used it for piles and it cured them. Used it for chapped hands and it cured them. Applied it to an old sore and it healed it without leaving a scar behind." 25c. at G. S. Darling's and J. E. Dillon's drug stores.

Health—Economy

### A Great Lecture at Baptist Church.

Rev. B. H. Thomas, of Bay City, will give a stereopticon lecture on his "Trip Through Palestine and Syria," at the Tawas City Baptist church Wednesday evening, Jan. 15, at 8 o'clock. These pictures are said to be among the very finest ever shown on this wonderfully interesting country. This will be a treat to all bible students and all Sunday school workers and pupils. You can't afford to miss it.

### Richest Woman Secretary.

Miss Katherine T. Harrison is probably the wealthiest woman secretary in the world. Her wealth is estimated at \$1,000,000. She is H. H. Rogers' "right hand man," so to speak, and her business acumen is said to be equal to that of any of the organizers of the standard oil company. Every morning she goes from her home in Brooklyn to 26 Broadway in a blue electric brougham. Like all important business people of the "street," she does not put in many hours at the office, usually returning in the auto before 3 o'clock. Those who know her say that she is keen, strong-minded and independent, and that she doesn't have a very high opinion of the male sex.

### Rank Foolishness.

"When attacked by a cough or a cold, or when your throat is sore, it is rank foolishness to take any other medicine than Dr. King's New Discovery," says C. O. Eldridge, of Empire, Ga. "I have used New Discovery for seven years and I know it is the best remedy on earth for coughs and colds, croup, and all throat and lung troubles. My children are subject to croup, but New Discovery quickly cures every attack." Known the world over as the King of throat and lung remedies. Sold under guarantee at G. S. Darling's and J. E. Dillon's drug stores. 50c and \$1.00. Trial bottle free.

**Wanted.**—Homes for two dependent children. A boy 12 years old and a girl 7 years old. Children are clean and hearty, have been well cared for. For information address J. M. Walker, county agent, Tawas City, Mich.

### Cash for Subscriptions.

"A reasonable time will be allowed publishers to secure renewals of subscriptions, but unless subscriptions are expressly renewed after the term for which they are paid, within the following periods: weeklies within one year, they shall not be counted in the legitimate list of subscribers, and copies mailed on account thereof shall not be accepted for mailing at the second class rate."

The postmaster general has issued the above order taking effect January 1st, 1908. It means that all subscriptions to weekly papers must be renewed within one year from the date of their expiration, or the publishers must drop them from their lists or forfeit their mailing privilege. Publishers have no choice in the matter. The government says so and publishers must obey.

Fortunately for the Herald we have but very few subscriptions which are affected by this ruling, and it is not our desire to drop those who are thus in arrears as they want the paper and we know it is their desire to pay for it as soon as possible. But we have no alternative.

We shall notify all those of our subscribers who come under this ruling within a very short time, but in the meantime, if you know you are behind will you not come in and arrange it so that we will not have to discontinue sending you the paper in order to comply with the law.

The idea of placing the pay of the average legislator of this state at about \$12 a day for actual time he

put in during his term could never have originated anywhere but in the heads of some of the 10 cent members of the present con-con who are drawing \$10 per.

The name of Governor John M. Johnson, of Minnesota, is being prominently mentioned as the democratic nominee for the presidency. He is being put forward by the eastern democrats who are not wholly reconciled to Bryan. In the nomination of either Bryan or Johnson the democracy will have a candidate worthy of the confidence and votes of the people, and the election of either would insure a continuation of Roosevelt's efforts to restore the government to the hands of the people.

The con-con seems determined to kill every possible chance for the adoption of the new constitution which they are drafting. If the proposition to pay state legislators \$600 per year—\$1,200 per term—and traveling expenses, is included, there would not be a chance in a thousand of securing the necessary votes to adopt. The people of the state will stand for anything reasonable, but when they pay \$1,200 for an average of 100 days work it will be for better men than those usually sent to the legislature.

A recent report from the United States consul at Collingwood, Ont., throws some light on the making of "champagne" in some parts of France. The consul says: "A firm from Rochester, N. Y., has an apple evaporating establishment at Collingwood and another at Greenore. They bought 10,000 barrels at \$1 a barrel delivered at the factory. The whole output of evaporated apples has been sold by this firm at 8 cents a pound, and will be shipped to the northwest. The waste, such as the core and parings, is dried, barreled and shipped to France, where it is used for making 'champagne'."

Through the blunder of someone, the state of Michigan has lost its suit against the Crucible Steel company to collect penalties of \$61,000 for the failure of the company to file

its articles of incorporation, and pay a franchise fee to the state for transacting business within its borders. Other suits to collect penalties aggregating many thousands of dollars must also fail because of the blunder. A great many of these blunders might be avoided if state officers would more frequently consult with the attorney general's department before presenting bills to the legislature.—*Lansing Journal.*

### TIME TO ADVERTISE

"We continue to do things—ridiculous things—because our fathers did them," remarked a man today, "and we go on doing them year after year without asking ourselves why we do so. A case in point is the matter of necessity in the business world. If you will notice it you will find that the average business man in periods of dullness and financial depression begins to retrench in the matter of his expense account by curtailing his advertising. He does it because his father did it and because he argues that he can lop it off and restore it again with less inconvenience than he can other expenses. But if he will think for a minute and weigh the matter as a cold business proposition involving dollars and cents he is bound to admit his retrenchment had best begin at another point.

"If advertising is a good business practice at any time surely it is most valuable when the people are buying least, for if its object is to attract the purchaser and get him into the store, naturally there must be greater efforts expended in that direction when the public is buying least. No matter how severe periods of depression are, and how stringent the money market may be, people will spend what they must, and naturally they are at such times more quickly attracted by the offerings of advertisers, as they are eager to have their expenditures bring the best results."

### IN COMPARISON.

The foreign commerce of the United States in 1907 makes a new record both as to imports and exports. While but eleven months' figures are yet available, the record for

that period so far exceeds that of any corresponding period of earlier years as to justify the statement that the total of both imports and exports will be larger for the calendar year 1907 than in any preceding year in the history of our commerce. For the first time the monthly export record has crossed the 100 million line, a total for November, 1907, being \$24,444,854, while the import record of \$133,110,170, made in March, is the largest total of importations in any single month in the history of our commerce. The figures at hand justify the estimate that the imports of the full year will exceed 1,400 million dollars and that the exports will probably exceed 1,900 million dollars. If to this we add the trade with the non-contiguous territories of the United States, the value of the merchandise entering the ports of the continental United States would aggregate nearly one and one-half billions of dollars, and the merchandise leaving the ports of the continental United States would aggregate nearly two billions of dollars.

The growth in the foreign commerce occurs chiefly in manufacturers' materials and manufactures. In imports, crude material for use in manufacturing shows for the ten months for which figures are available an increase of about forty million dollars over the corresponding period of last year, and manufacturing shows an increase of about twenty-nine million dollars, while manufacturers ready for consumption show an increase for the period named of forty-six million dollars. On the export side, raw materials for use in manufacturing show an increase of forty-eight million dollars, manufacturers for further use in manufacturing an increase of thirteen million dollars, and manufacturers ready for consumption an increase of twenty-nine million dollars. In foodstuffs there is a slight increase in the importations, but a decrease in exportations, as measured by values. Foodstuffs in a crude condition imported show an increase of about twenty million dollars, and foodstuffs partly or wholly manufactured an increase of seven million dollars. On the export side, crude stuffs in a crude condition

show a reduction of about half a million dollars and foodstuffs partly or wholly manufactured a reduction of about three million dollars, these figures covering only the ten months ending with October, the analysis for the eleven months not being yet available.

### SEASON ON LAKES

Washington, Jan. 2.—In spite of the panic during the close of the season, the freight business on the great lakes for 1907 shows an increase over previous years and even the November tonnage was greater than in the same month of other years.

Total freight reported to have passed through the canals during the season ending November is stated as 57,085,567 net tons compared with 59,192,835 net tons reported for the corresponding periods in 1906 and 43,000,473 net tons in 1905. Assuming a tonnage of a million and a half for the two weeks in December, during which the canals were open, the total freight tonnage for the 1907 season would be in excess of 58½ million net tons for the 1907 season.

Of the total freight for the season ending November, 44,832,834 net tons was eastbound and 12,252,734 net tons westbound. The iron ore movement, 39,445,498 net tons, constituting over 88 per cent of the total eastward freight movement for the season, shows a 12 per cent and 22 per cent gain over corresponding 1906 and 1905 figures. The wheat movement, 84,660,779 bushels, likewise shows a considerable gain over the corresponding 1906 and 1905 figures of 73,371,203 bushels and 54,831,751 bushels. The flour movement to December 1, 6,163,876 barrels, shows but a slight gain over the corresponding 1906 figures, while the movement of other grains, 39,374,131 bushels, chiefly because of the smaller shipment of oats, shows a heavy decline as compared with the preceding year's figures. The total eastward lumber movement 644,758,000 feet was 27 per cent and 32 per cent below the corresponding 1906 and 1905 figures. Over 78 per cent of the total westward freight movement for the season to December 1, or 9,559,914 net tons, was represented by soft coal, the figures for the present season being 22 per cent and 44 per cent in excess of like 1906 and 1905 totals. The eastward movement of hard coal, 1,438,769 net tons, also show a considerable gain over like figures of 1906 and 1905, while the total eastward movement of general merchandise, 901,704 net tons, is slightly below the like total for 1906.

The total number of vessel passages for November, 2,141, comprising a tonnage of 5,918,354 net tons registered, is somewhat below the corresponding 1906 figure of 2,250, though the tonnage for the present season is 8 per cent larger than the tonnage for the 1906 season. The same is true of the season figures of vessel passages, 20,124, which were below the corresponding 1906 number of 21,712, though the tonnage represented, 43,450,307 net tons, was 7 per cent and 18 per cent larger than the corresponding 1906 and 1905 tonnage.

### Communication.

The following communication has been received with the request to publish. We do so without comment at this time:

EDITOR OF TAWAS HERALD:

I see that at the annual meeting of the board of supervisors, held in October, there were resolutions introduced, that the offices of the county officers in the court house be used exclusively by said county officers. This motion, no doubt, was aimed at the law firm of Jahraus & Rawden who as far as I can learn have no other law office except in the prosecuting attorney's office in the court house.

I have but the kindest feeling for the law firm of Jahraus & Rawden, but as a tax payer I would like to ask Supervisors Alda, Brown, Carleton, Ely, Featherston, Hottis, Jordan, Karus, King, Latham, Hitchcock, McFarlane, Muncy, J. H. Robinson, Rollin and Williams why they voted to kill the motion? Is there any more reason why this county should furnish the firm of Jahraus & Rawden with office room, fuel and lights, telephone conveniences and with a janitor to do their work than that they should furnish A. W. Black who is circuit court commissioner with the same? He could move in with the county treasurer, N. C. Hartingh, who is court stenographer, could move his real estate business in with the register of deeds, and John A. Campbell who is county school commissioner could fix a nest in with County Clerk Mark. Then when any citizen of the county had any business with the above named officers they would know right where to find them, and would there not be a happy family in the court house? But seriously, I would ask the voters of this county when the next spring caucuses are called, to nominate township officers to insist upon an explanation from the above named supervisors of their vote in regard to this matter.

TAX PAYER.

# BLUMENAU'S JANUARY CLEARING SALE

This store has never before had so large a stock of new, up-to-date goods, and never before offered such values as it will during this, its greatest sale. You cannot afford to miss it.

Having just completed taking Inventory we find ourselves with an unusually large stock of winter goods on hand, and owing to the backward season and money stringency we find ourselves compelled to place our entire stock of merchandise on sale at Slaughter Prices for Ten Days in order to turn it into cash as quickly as possible. We must have the money, and our loss is your gain. Don't miss your opportunity. Every department in this store is swept by the merciless bargain blast of our Great January Clearing Sale. The Greatest in the history of this money saving store. Prices are stripped of profit in this whirlwind of reductions, original costs are invaded, and high qualities encroached upon in our efforts to clean the stocks immediately of all winter goods; Space will not suffice to give detail prices, but the following are enough to induce you to come and learn the unusual money saving opportunities of this great sale.

## County Schools

### TAWAS CITY SCHOOLS

Edna McGarry and Edith Wells are back to school.

Elmer Wells and Louis Libka were absent Monday.

Frank Blust and Roy Clark have re-entered school.

The fifth and sixth grades are using supplementary readers.

School opened Monday morning after two weeks vacation.

The fourth grade has started the study of the United States.

No cases of tardiness in the intermediate room during December.

Tillie Blust ranked one in the sixth grade and Luanna Kulaszewski in the fifth.

Henry Brown is again in school, after three weeks absence owing to illness.

Hazel Deaschene has left the sixth grade, owing to the family removing from town.

Bert Crandall ranked one in the fourth grade and Lillie Noble in the third grade.

The senior class is holding class meetings nearly every day. Watch out for business.

Most of the boys and girls of the primary room have returned after the holidays ready for the winter term.

The children of the primary room were invited, into Miss Crandall's room Tuesday morning to listen to Mr. Sudobothan's talk on the boys and girls of Korea, which they enjoyed very much.

The following papers have just been added to our reading table: The Success, Word of Today, and Review of Reviews. In addition to these we have the Moderator Topics, Scientific American, and last but not least, the Tawas Herald.

Tuesday morning the pupils of the grammar and normal rooms assembled in the high school room and listened to an interesting address on Korea by Mr. R. H. Stehlichman. He discussed the school systems marriage customs, and Japanese domination, closing with hints of the possible outcome of the eastern question.

The second meeting of the junior class of 1908 was called to order by President James F. Mark, Jan. 6th, and Lois Taylor was elected editor for the following term. Then the class colors, green and white were chosen.

Friday, December 20, the high school room spent a very enjoyable afternoon. The first thing on the program was a spelling match. Alice Mark carried off the prizes which were a volume of "Tommy's Idylls of the King," and a box of bonbons. After the spelling match the pupils were treated to peanuts and candy. We hope to have another spelling match in the near future.

Those of the 4th grade: Rank 1, Genevieve Gardner; rank 2, Orah Putnam; rank 3, Ella Hart.

## ECZEMA

Cured in less than four weeks.

Those who have had experience with this skin disease can hardly believe at first that Wonderful Dream Salve can and does cure Eczema.

There is no doubt about the matter either. A great many letters are on file in our office from grateful patients, telling of the quick and easy way in which Wonderful Dream Salve has removed all traces of this torturing skin affliction.

Mr. John T. Kealey, a well-known business man, located in the Stevens Bldg., Detroit, Mich., was recently cured of a bad case of Eczema of fourteen years' standing. After treating with many doctors and taking many remedies without relief, Mr. Kealey was induced to try Wonderful Dream Salve, and in four weeks was entirely cured.

"I certainly consider this a remarkable cure, inasmuch as I have spent hundreds of dollars in the fourteen years of annoyance with this troublesome itching skin ailment. I have since the cure of my case heard of other cures, some of them even more remarkable than mine, which go toward demonstrating the value of Wonderful Dream Salve as a great skin healer."

If you have Eczema, why not try a box of Wonderful Dream Salve. If it fails, your druggist will refund your money. Can't that fair enough? Keep it in your home for Chills, Chapped hands, Piles, Cuts, Burns, Frost-bites, Bolls and Sores of any kind. You will never use anything else. 25c a box at your druggist or mailed pre-paid direct.

**ECZEMA**

Cured in less than four weeks.

Those who have had experience with this stubborn disease can hardly believe at first that Wonderful Dream Salve can and does cure Eczema.

There is no doubt about the matter whatever. A great many letters are on file in our office from grateful patients, telling of the quick and easy way in which Wonderful Dream Salve has removed all traces of this torturing skin affliction.

Mr. John T. Kealey, a well-known business man, located in the Stevens Bldg., Detroit, Mich., was recently cured of a bad case of Eczema of fourteen years' standing. After treating with many doctors and taking many remedies without relief, Mr. Kealey was induced to try Wonderful Dream Salve, and in four weeks was entirely cured.

He says: "I certainly consider this a remarkable cure, inasmuch as I have spent hundreds of dollars in the fourteen years of annoyance, with this troublesome itching skin ailment. I have since the cure of my case heard of other cures, some of them even more remarkable than mine, which go toward demonstrating the value of Wonderful Dream Salve as a great skin healer."

If you have Eczema, why not try a box of Wonderful Dream Salve. If it fails, your druggist will refund your money. Isn't that fair enough? Keep it in your home for Chills, Croup, Crouped hands, Piles, Cuts, Burns, Frost-bites, Boils and Sores of any kind. You will never use anything else.
