About ten priests are expected to be in attendance.

ED. A. KINSEY.

### Things Political.

On next Tuesday the republicans of the tenth district will make their nomination for congress. Whether it will be George A. Load, the present incumbent, L. G. Datoe, of Alpena, or Frank L. Edinborough, of Bay City, remains to be seen.

For county treasurer Harry W. Stockman apparently has the republican nomination won. He has elected nine from north end of the county, four from Tawas City, one from Alabaster, one from Sherman and one from the city of Whittimore making 16, the necessary majority for him.

Joseph G. Dimmick assures his friends that the prospects for his nomination as county treasurer at the republican convention are growing brighter every day. At the caucuses already held he has made unexpected gains, and with those yet to be held the chances look most favorable for him.

It now looks as if Geo. Hadwin for sheriff would be nominated at the republican county convention on the first ballot. He succeeded in getting the entire eight delegates of the Tawasites at the caucuses last Saturday evening, these with five from Aasable and one from Whittimore gives him 14 already elected. His nomination is assured beyond all doubt.

At the solicitation of his friends, and after due consideration of the questions, Judge A. R. Wier announces himself as a candidate for a re-nomination for probate judge at the coming republican convention and solicits the support of all. Judge Wier's administration of the affairs of this important office has been highly satisfactory to all who have been called upon to do business with him. Ever courteous and painstaking a more desirable official in this position would be hard to find.

### Rates to Michigan State Fair.

### Announcement.

Mr. A. W. Black desires to make it known, through our columns, that he has withdrawn from the contest for the nomination of prosecuting attorney of this county. This action on his part is caused by the circumstances and political condition in the city of East Tawas at the present time. It is well known that there are several candidates for county offices in this city and as Mr. Black feels that there are some others entitled to consideration at the present time he has liberally consented to reduce the number of candidates by the withdrawal of himself, thereby promoting the peace and harmony of his party and being of some assistance to his friends.

Mr. Black also makes the statement that two years from this time

he will again be candidate for the office of prosecuting attorney and wishes to thank every friend and acquaintance throughout the county that has assisted him during the past few months and assures his friends that his action at the present time is based upon his own judgment of conditions and that he sincerely trusts that all persons favorable to him will take this view of the situation.

### Primary Enrollment.

The new primary law requires that a primary election be held in every voting precinct in Michigan on the first Tuesday in September for the nomination by each political party of candidates for Governor and Lieutenant Governor, also for the nomination of such other officers of the several political parties as are to be nominated by direct vote. It also provides that the Boards of Registration of every precinct in Michigan shall set as a Boards of Enrollment on the Saturday preceding primary election, September 1st 1908; therefore notice is hereby given that enrollment boards of the city of Tawas City, State of Michigan, will be in session on Saturday, August 29, '08 from 8 o'clock in the forenoon until 8 o'clock in the afternoon of said day, at the city hall in the third ward, (in accordance with a special act of the legislature of 1899) for the purpose of enrolling the names of all legal voters, members of whatever political party, who may make proper application for enrollment.

How application must be made. There two way in which proper application for enrollment can be made:

First—A written application can be made and signed by the voter desiring enrollment in his own handwriting and presented in person to any member of the board of enrollment, on any day before the day of enrollment. Blanks for this purpose can be had from any member of said board of enrollment.

Second—On the day of enrollment application must be made in person to the board of enrollment.

It shall not be necessary for electors who were enrolled under act No. 181, public acts of 1905, to again enroll under the provisions of this act if they reside in the same voting precinct.

Any person duly enrolled who has changed his residence to another voting precinct may be enrolled in the new voting precinct and vote therein, provided he has resided in the precinct twenty days and obtain from a member of the new enrollment board where he formerly resided a certificate stating that he was duly enrolled in such district and is entitled to enrollment in the new district.

Dated this 18th day of August, A. D. 1908.

JOHN B. KING,

Clerk of said City.

Next Tuesday the republicans of Iosco county will be called upon to express their choice for candidates for governor, lieutenant governor and congressman, these three being all who come under the primary law in this county. For governor they have the choice of three men, the present governor, Fred M. Warner, Dr. J. B. Bradley, who at present is auditor general of the state, and Horatio S. Earle, state highway commissioner. For the past three months Gov. Warner has been devoting his time telling people of the state why they should give him the third term, and Dr. Bradley has been telling of Fred's mistakes and failures as the chief executive, while Earle has been branding both Warner and Bradley as ring politicians and men unworthy of the support of the people. It brings forcibly to mind the old saying of, "when rogues fall out honest men get their dues." If the half that has been told is true, Lawton T. Hemans, the democratic candidate should be elected governor this fall by 250,000 majority.

### Judge Not in Ridicule.

The following clipping from a paper more than 20 years old is republished by request:

"Don't laugh at the drunken man reeling through the street, however ludicrous the sight may be. Just stop to think he is going home to some tender heart that will throb with intense agony; some doting mother will perhaps grieve over the downfall of her once sinless boy; or it may be a fond wife whose heart will almost burst with grief as she views the destruction of her idol; or it may be a loving sister who will shed bitter tears over the degradation of her brother who is shorn of his manliness and self respect. Rather drop a tear in silent sympathy with those hearts so keenly sensitive and tender, yet so proud and loyal that they cannot accept sympathy tendered them either in look or word, although it may fall upon their crushed and wounded hearts as refreshing as the summer dew upon the withered plants."

### A Glimpse of The Tropics.

A striking feature of the Horticultural Department at the State Fair, this year, will be the exhibit of tropical fruit-bearing trees and foliage plants. Supt. L. R. Taft, of this department, says that oranges and lemons will be seen growing on the trees, along with luscious mangoes, sapodillas and pineapple plants in bearing, and dozens of other tropical fruits, and a wealth of tropical foliage.

The fruit display is one of unusual merit. This is owing to the appearance of many new exhibitors of prominence, and the holding of the fair a week later, which will improve the size and color of the specimens. Comparison between the products of a number of states will be afforded through the exhibits which have been promised from Ohio and New York.

Detroit will contribute rare and beautiful plants from its famous Belle Isle conservatory, and the florists of the city and vicinity will be on hand with an extensive display of greenhouse plants and cut flowers.

Ladies will be interested in the exhibits of canned fruits and vegetables, pickles and jellies, which promises to be of unusual excellence.

### Mr Hemans' "Platform."

"I do not regard the matters contained in the so called platforms of the three republican candidates (for governor) as the vital political questions confronting Michigan. It is not so much a problem of specific changes as of general governmental reform.

"Michigan is afflicted with excessive prolongation of one-party rule, and the evils against which complaint is made, and about which the republican candidates have so much to say by way of promise to eradicate, are the result of this top-heavy party control.

"For eighteen years these evils have been forming under continuous republican administration, and the fact of most consequence to the thinking people of the state is that in this time there has not been enough conscience and independence within the party to purge it of the vices, overthrow those responsible and eliminate them from control of public affairs. "The obtaining of these results is the vital question before the people, and I think a change in party administration is the sure and effective method."—Lawton T. Hemans' announcement of the position he will take in his campaign for election as governor.

Mr. Hemans states the situation clearly and accurately. It might be elaborated upon, but it could not be better defined. Take the platforms of the three republican candidates. Against whom are the charges of riotous extravagance, malfeasance and misfeasance in the state capital directed by Dr. Bradley? Surely not the democrats. Whom does he refer to when he charges favoritism to public service corporations and burdensome, unfair taxation laws? Surely not a democratic governor nor a democratic legislature. Whom is Warner striving to defeat and whom does he accuse of political corruption, betrayal of public interests, obstruction of popular demands, emasculation of primary reform, unholy alliances with corporations and the most contemptible use of machine methods? Who are the "boxers" that are declared to be a menace to decent government? Who were the "immortal nineteen" serators that disgraced Michigan, and the band of politicians that helped them and whose acts still leaves a cloud on the legislature and governor's office? Who are responsible for the failure to enact reforms that Bradley, Warner and Earle each is clamoring for, and for the abuses they are denouncing? Who, indeed, but republican politicians and republican office holders including some of those now up for election?

Will the election of a single republican candidate now asking for a state office help to change conditions? Have they been changed materially in recent years? Haven't those candidates for office in the past promised exactly what each of the present republican aspirants for governor is today promising?

A rotation of machine government and a change of office holders of the type Michigan has been afflicted with for many years and which still reign will do no good. And there is no other prospect at the hands of republicans. The conscience and independence in the party that should assert itself and rebuke and overthrow these public malefactors, has been lulled into indifference and subservience by 1000,000 majorities, solid one-party legislatures and uninterrupted republican control.

What would a party change state administration and in the legislature mean for Michigan? What would it mean for office holding grafters, machine tricksters and undependable legislatures? Don't you think, with Mr. Hemans, that it would be an altogether wholesome event for the state?—Saginaw News.

### The Advantage of the Unexpected.

It is a great mistake to do the obvious thing when we are snubbed or slighted or sharply attacked. The obvious and expected thing, under the circumstances, is to "give as good as we get," with a fine show of heat and resentment. But anybody can do that, and almost everybody does do it. It is only a commonplace way to act, and no one really wants to be commonplace. The better way is to disappoint our opponent by doing the unexpected,—which means doing nothing. The man who can pleasantly and persistently ignore every slur and slight that is thrust upon him is impregnable. And when we know that we are in the right, and that the attack is unjustified, that is the time of all times to ignore it; for only one who is sure of his position can safely afford to take this high ground.—Sunday School Times.

### Another Tree Pest to Fight.

The fall web-worm, one of worst tree pests, is making its appearance, and unless active steps are now taken the worm will make trees most unsightly.

The pest is not particular upon what variety of tree it settles, all kinds of tree foliage seeming to suit its appetite.

Never in many seasons has this worm made its appearance so early or in such numbers, already its untidy looking nests are seen in nearly every tree, especially the apple tree, the foliage and fruit both of which are effected.

A special bulletin issued from the entomological department of the M. A. C. has the following to say in regard to the fall-web worm:

"During the latter part of the season one often sees the large forbidding web of the web-worm, sometimes three feet in length and including leaves and branches. Inside the nest is the colony of caterpillars, each when full grown more than an inch in length and covered with long straight white hairs. The members of a colony comes from a single cluster of eggs laid on a leaf. The caterpillars descend, when full grown, to the ground and either burrow slightly under the surface, or else, hide in rubbish and spin cocoons in which to pupate.

"Paris green applied early usually keeps the tree clear, but after the nest is well under way it must be removed by hand or burned out. A tassel made of rags, wired to a long pole and saturated with kerosene will prove just the thing. It should be held some distance under the nest in order to cook the caterpillars and destroy the nest without injuring the branch. If placed too near the nest, at first, the nest will burn like a flash and allow the larve to drop to the ground unhurt."

### Republican County Convention.

Oseoda, Mich., August 8, 1908

In accordance with the action of the republican state central committee a republican county convention for the county is hereby called to meet at the court house in the city of Tawas City, on Tuesday, September 8, 1908, at 10 o'clock in the forenoon, for the election of 4 delegates to the republican state convention, and for the selection of delegates to the republican district conventions to be hereafter called.

### Excellent Health Advice.

Mrs. M. M. Davison, of No. 379 Gifford Ave., San Jose, Cal., says: "The worth of Electric Bitters as a general family remedy, for headache, biliousness and torpor of the liver and bowels is so pronounced that I am prompted to say a word in its favor, for the benefit of those seeking relief from such afflictions. There is more health for the digestive organs in a bottle of Electric Bitters than in any other remedy I know of." Sold under guarantee at Jas. E. Dillon's and G. S. Darling's drug stores 50c.

## HON. GEORGE A. LOUD

The RECORD presents above the familiar face of our popular congressman, Hon. George A. Loud, who has so faithfully represented his district that his renomination is conceded. Congressman Loud has become deservedly popular in his district, for the reason that he has been faithful to the interests of his people.

Three terms in congress have fitted him to secure for the Tenth congressional district the recognition which its importance demands. Always approachable, ready to listen to the wants and wishes of his constituents and to serve them in every possible way, desiring to faithfully represent them, having the fullest confidence of the administration, the respect of his associates in congress and the intimate friendship of the next president of the United States, no more ideal representative of the district could be secured.

Married, at the M. E. parsonage, in this city, by Rev. G. W. Gilroy, Mr. John O'Farrell to Miss Belle Mills. The popular young people have the congratulations of hosts of friends.  
Over 300 people gathered last Saturday to see the greatest ball game of the season, when the stouts and the slims met in battle array, and it was certainly a battle worth going to see. The Gladiators lined up eleven men on each side and for nine innings they fought for victory, first one side leading and then the other, but when time was finally called and the score-keeper footed up the points it was found that half a hundred scores had been made and that each side had 25. The question was argued for some time, each side claiming the victory, the slims especially protesting the umpire's decisions and claiming that he had robbed them, but without avail. Dr. McColl umpired the game with dignity becoming his high office of mayor of the city, and his decisions went. The "features" of the game were so numerous that we are unable to enumerate them for lack of space, and the costumes worn by the slims should also receive special notice. The wrestling match between Campbell of the slims and Dutton of the stouts was a specialty and no extra charge was made for it.

## SICK PEOPLE SHOULD INVESTIGATE

I Know the Diseases of Both Sexes Like an Open Book. I have Been Curing Them for 49 Years. In Fact, My Entire Life Has Been Devoted to Curing Where Others Have Failed.

I Have Changed Hundreds Upon Hundreds of Nervous Wrecks Into Fine, Strong Men and Women. I Accept No Case I Cannot Cure.

ESPECIALLY invite all discouraged and dissatisfied ones who have been treated without a cure to write me fully and frankly about their case. It will cost you nothing to write me, and I will gladly tell you your condition, truthfully, honestly—accepting no case that I cannot cure—holding out no false promises. I have spent my whole life in the study and cure of chronic diseases, and my study and investigation have been blessed by the discovery of many new and marvelous methods of treating disease. Forty-nine years ago I graduated from the Western Homoeopathic Medical College of Cleveland, O., for two years, Head Physician at the Anna Sanitarium, AuSable, Mich. I have spent many long years as a specialist, treating chronic diseases of all kinds with wonderful success, and am now owner of one of the largest sanitariums in the country, giving my entire time to the treatment of Nervous Diseases of both sexes. I cure the worst forms of Epilepsy, St. Vitus Dance, Paralysis, etc.

My long experience in diagnosing cases and my understandings of the different diseases that I treat enable me in almost every case to prescribe by mail a perfect, thorough cure. All correspondence in plain envelopes and secretly confidential.

**I CURE NERVOUS TROUBLES**—Wasting Away, Loss of Vitality in Both Sexes. Whether from excess or overwork, I promptly and positively cure, no matter of how long standing.

**I CURE BLOOD POISON**—I cure Blood Poison in the first, second and third stages—driving the poison from the system, the taint from the blood; curing pimples, copper spots, sores in the mouth, tumors and ulcers.

**I CURE FITS**—Epilepsy, St. Vitus Dance, Paralysis, etc., by striking direct at the cause, restoring the diseased nerves to perfect health.

**I CURE PILES**—in 30 days to stay cured and to never return.

**I CURE CONSUMPTION**, the Great White Plague, in the first and second stages. Have made a special study of this disease for fifty years. Have cured hundreds given up by home Doctors. Those I cannot treat at home by seeing or by mail, I will take to my Sanitarium, where best of medical skill, nursing and private rooms are given, for Ten Dollars a week.

**I GUARANTEE TO CURE**, to stay cured, liquor, morphine, cocaine, nicotine or cigarette habits. Most cases treated at home.

Call and see me or write to either Sanitarium as below.

No matter what disease you are suffering from, write me fully today. I will answer at once, and my advice, which costs you nothing, may be worth hundreds of dollars—life itself—to you. If I cannot cure you I will tell you so. **WRITE TODAY.**

Faithfully yours,  
**ANDREW B. SPINNEY, M. D.**  
Belding Sanitarium and Retreat, Belding, Mich., or  
Smyrna Sanitarium, Smyrna, Mich.
