Miss Farley, of Detroit, will have charge of the trimming department of Mrs. Francis Goodale's millinery parlors this season. The young lady comes with the highest recommendations as an experienced trimmer.

The past week has developed three new candidates for judge of probate. James M. Walker, of this city has been making an active canvass of the delegates thus far elected, and has received much encouragement. Two other new candidates are John W. Tait and C. R. Jackson, both of East Tawas.

Miss Stanley, of Grand Rapids, an expert millinery trimmer has been engaged by Mesdames, Nelem & Misener, of East Tawas, for the season. The lady comes recommended as one of the best, and the ladies of the Tawas are invited to call on the new millinery store, before purchasing their new fall hats.

Democratic caucuses have been called for this city, for the purpose of electing delegates to the county convention in this city on Sept. 15, as follows: First ward, Monday evening, Sept. 7, at the Herald office; Second ward, Tuesday evening Sept. 8, at the court house; Third ward Wednesday evening, Sept. 9, at the city hall.

The 29th annual encampment of the Northern Michigan Soldiers and Sailors Association will be held in Rosecommon September 16, 17 and 18. This event is being looked forward to as one of the biggest events ever held by the association. There are about ten G. A. R. posts in the organization and all have promised to send large delegations.

Next week the Herald will resume the publication of our county school column, and we invite every teacher in the county to contribute items of interest thereto. Regular contributions will result in awakening additional interest in school work throughout the county. The only condition we make as to the use of this department is that all communications reach us not later than Tuesday of each week.

The special school meeting Monday evening was not very largely attended. The board recommended building an addition at an expense of \$1500 and the recommendations were adopted subject to the approval of another meeting to be held Saturday evening, Sept. 12 for the purpose of raising the money. Every tax payer in the district should attend this meeting and give their approval or disapproval of the action. At this meeting the question of moving the ward school building will also be considered.

Mrs. Francis Goodale, of East Tawas, announces her opening of fall and winter millinery goods for Tuesday, Wednesday and Thursday, September 15th, 16th and 17th. She has one of the very finest lines of new and stylish millinery goods ever shown in the Tawas and invites the ladies to come and inspect them. You will find an exceptionally fine line of the new and stylish pattern hats, which this season excel anything ever shown before. Her trimming department will be in charge of Miss Farley, a trimmer of large experience and exceptional ability. Your patronage is solicited and satisfaction guaranteed.

Result of the Primary.

The primary election held Tuesday has apparently resulted in the nomination of Dr. James E. Bradley as the republican candidate for governor, over Gov. Warner by a plurality of about 800. Patrick H. Kelly was renominated as lieutenant governor without opposition.

In the tenth congressional district Congressman Loud was renominated over Dafoe and Edinborough by over 4,000.

Lawton T. Hemans was nominated for governor by the democrats without opposition.

In Isosco county Bradley received 301 votes, Warner 267, Earle 137, Loud 611, Dafoe 85 and Edinborough 28. Only 80 democrats voted in the county, all of whom cast their votes for Hemans.

The Farmer's Interest.

A Cadillac, Mich., reader of The Commoner writes: "The farmers should be with us on the tariff and trust questions. Around here the farmers are getting four and one-half cents a pound for hides against eleven cents a year ago. Yet the price of leather is as high as it was last year and no immediate promise of a reduction, and his shoes and harness are costing him fully as much as a year ago. This year our farmers received fifteen cents for wool against a price of twenty-four a year ago, yet the American Woolen company that controls about 70 per cent of the leading woolen mills of the country is charging as much for woolen cloth as a year ago and the farmer must pay as much for his clothing as he did last year and he is lucky if he does not get more cotten in his clothes than he does wool. Let us direct our efforts to convince the farmers and laborers that their interests lie with us. Along that line lies the road to victory."

Yes, and the farmers should be with us on the question of an economical administration. They should be with us in the protest against the exercise of arbitrary power by the speaker whereby the house of representatives has ceased to be the popular branch of government.

They should be with us in the condemnation of the misuse of patronage; in the demand for railroad regulation that will regulate; in the advocacy of publicity for campaign contributions before election day.

They should be with us in the opposition to that centralization which would destroy our system of government and ultimately make it necessary for the farmer, as well as other citizens, to look to the national capital, rather than to the state capital and the county seat, when seeking relief from corporation abuses.

They should be with us for the popular election of senators; for the income tax; for the guarantee to the laboring men, as well as to all men, the right of trial by jury; for the farmer has a deep concern in the welfare of the laboring man who is the consumer of the farmer's products.

They should be with us on the guarantee of bank deposits; for what shall it profit a farmer if he obtain high prices for his product and then have no place where he may, with absolute confidence, deposit his hard earned money?

They should be with us upon the great question "shall the people rule" for the farmer has a deep and abiding interest in popular government, and if he does not already know it, investigation will reveal to him the fact that in the language of the democratic national platform "shall the people rule" is the overshadowing issue which manifests itself in all the questions now under discussion.—The Commoner.

A Pajama Investment.

Mr. John White, of 38 Highland Ave., Houlton, Maine, says: "Have been troubled with a cough every winter and spring. Last winter I tried many advertised remedies, but the cough continued until I bought a 50c bottle of Dr. King's New Discovery; before that was half gone, the cough was all gone. This winter the same happy result has followed, a few doses once more banished the annual cough. I am now convinced that Dr. King's New Discovery is the best of all cough and lung remedies." Sold under guarantee at Jas. E. Dillon's and G. S. Darling's drug stores 50c and \$1.00. Trial bottle free.

The Boy That Wins.

There was an office boy, red-headed, freckled, and grotesquely homely. His features seemed to be a joke that nature had perpetrated on him in his defenceless infancy. To have loved him would have meant to turn topsy-turvy every tenet of the law of affection. It would have proved that love takes no notice of looks. Maybe he was unloved, but as an office boy his name was Johnny, and he was always on the job.

He reached the office first in the morning and he had his luncheon with him. He stayed in the office lunch hour and kept busy. He found something to do every minute of every day, and he did not keep union hours.

The man who paid the salaries for that business and worried about receipts and heavy disbursements—who really knows no business hours—soon noticed that whenever he called the office there was some one there to respond. Early or late, noon hour, or holiday, ever and always, the same voice greeted him. He called an office one holiday and Johnny answered the telephone.

Why are you there today, Johnny? said the proprietor. Oh I had some work to do and I thought something important might turn up, answered Johnny. That was the reason he was there. He was on the job, waiting an opportunity to further the interest of the business.

Do you suppose that a boy like that, working for a business man of average intelligence, would be permitted to quit? Do you suppose he would have to go out on a strike to get an increase in salary? Don't you know that kind of service commands the highest salary that the business will justify, and ultimately reaches the highest pinnacle of success, that pertinacious, intelligent efforts can achieve?

Stay on the job. Something may turn up. The business may need you and the man who pays the salary will appreciate the fact that you are there. If you never expect to climb a step higher on the ladder, ignore this advice. It is meant for him who, by sheer force, would raise himself higher and higher toward the summit, not for him who is satisfied with eight hours a day and the paltry salary that eight hours' service will bring. Stay on your job and think about your business. Try to help the business and the man who runs it in every possible way compatible with honor. Excellence can be reached in no way save by hard work. Stay on the job and keep busy. Your promotion will take care of itself.—Spare Moments.

Republican County Convention.

Oscoda, Mich., August 8, 1908
In accordance with the action of the republican state central committee a republican county convention for the county is hereby called to meet at the court house in the city of Tawas City, on Tuesday, September 8, 1908, at 10 o'clock in the forenoon, for the election of 4 delegates to the republican state convention, and for the selection of delegates to the republican district conventions to be hereafter called.

Farmers' Club and Gleaners.

Tents have been provided by the Michigan State Fair management for the use of the State Association of Farmers' Clubs and Ancient Order of Gleaners, and both organizations will have their headquarters just south of the Administration building. Officers of the Association of Farmers' Clubs are arranging for a program of speaking in their tent, and it is probable that a number of valuable addresses will be heard during the fair. Members of either organization who come to the fair should visit their respective headquarters and greet fellow members from various parts of the state. These tents should prove a convenient place to meet friends.

Large Gold Exports.

In the month of May \$26,555,913 in gold was exported from this country and \$2,069,492 was imported, making a net export of \$24,486,421. In May last year there was a net export of \$1,823,281, the outward movement being \$1,505,444 and the inward \$2,682,163, but in May, 1906, there was a net import of \$29,188,859. The export of last month followed one of \$14,476,341 in April, making nearly \$40,000,000 in the two months.

Quick Trip Around the World.

The shortest time around the world is claimed to have been made by Lieut. Col. Burnley Campbell, who left Liverpool on May 2, 1907, and on his return landed at Dover on June 13, 1907, covering the circuit in 49 days and 19 1/2 hours. If he had caught the St. Petersburg express at Berlin he would have reduced this time by several hours.

Superstitious Welsh Miners.

For many years a curious superstition has prevailed in the Carnarvonshire slate quarries with regard to ascension day. Fatal accidents frequently happened in the quarries on that day, and the men would not venture into the workings, and for many years the day, known locally as "Holy Thursday," was observed as a holiday. While the superstition has lost some of its hold on the bulk of the quarrymen, some hundreds of them would not go near the quarries this year.

Male and Female Appetites.

"Do men eat less than women, or do they buy more economically?" asked a convert to sociology. "The questions are suggested by a comparison of the grocery bills run up by men students and bachelor girls who have clubbed together to cut down expenses. In every case where tables for comparison are given the men's menu for the week costs less than that of the women. Both seem to have reduced the food allowance to the lowest possible equation, but in footing up the amount spent the women have run into certain extravagances avoided by the men. Maybe women really don't know how to shop after all, but the more likely supposition is that no matter how strict the regimen, the feminine nature requires certain luxuries that man can get along without."

Old Grand Army Woman Dead.

Mrs. Emily E. Woodley, who was said to be the only woman ever regularly commissioned an officer in the United States army, died the other day in Philadelphia at the age of 79. She was the last of the 35 young women from Philadelphia who enlisted as nurses in the civil war. She was a widow of 26 when she offered her services as a nurse in 1861, and for her bravery and good work President Lincoln conferred on her a commission as captain in the army. She was later decorated with a gold medal by Secretary of War Stanton. For a number of years she was president of the National Association of Army Nurses of the Civil War, which she organized, and was the only woman member of the Grand Army of the Republic.

Look Up!

The ship you have been expecting so long has arrived. Times are as good as they ever will be, and nature is doing as much for the people as she ever does. A good many people will continue to sit in the gloaming and long and wish and build castles, but they will waste their time. They are the poetry sort of people, who are always expecting the impossible to happen. Living is a matter-of-fact sort of a business, and those who accept it as such succeed best and live most contentedly.—Atchison Globe.

Proof of Australian Thrift.

Consul General John P. Bray of Melbourne reports that during the last five years the deposits in the government savings banks in Australia have increased largely. In the year 1902-'03 the total depositors' balance was \$175,024,855, which by 1906-'07 had grown to \$204,871,324, making \$162.75 the average amount to the credit of each depositor, and representing \$49.55 per head of the total population of Australia. The annual amount paid in interest to depositors in these banks in 1906-'07 was \$5,508,104, against \$4,256,346 in 1902-'03.

JOHN ARMSTRONG OF TAWAS CITY

Announces his candidacy for a renomination as Coroner at the republican county convention and solicits the support of the delegates.

How to get Strong.

P. J. Daly, of 1247 W. Congress St., Chicago tells of a way to become strong: He says: "My mother, who is old and was very feeble, is deriving so much benefit from Electric Bitters, that I feel it's my duty to tell those who need a tonic and strengthening medicine about it. In my mother's case a marked gain in flesh has resulted, insomnia has been overcome, and she is steadily growing stronger." Electric Bitters quickly remedy stomach, liver and kidney complaints. Sold under guarantee at Jas. E. Dillon's and G. S. Darling's drug stores, 50c.

Does it pay to be careless? Does it pay to be dirty in and around the dairy? It may be argued that the dirt on a cow and the filth in the milk does not lessen the ability of the cow to produce milk or the butterfat content of the milk. This is really the truth? The answer is not comfortable in filth—at least we have too good an opinion of the dairy cow to admit of thinking that she does not appreciate cleanly surroundings.

Even granting that the argument is sound, there is another reason why it does not pay to run a dirty dairy. The man who is careless and slovenly in his dairy work does his work in this manner because he is a careless and slovenly farmer, and we all know that such farmers almost always make a dismal failure. In view of the fact that the good cow will respond to good treatment very readily, it follows that she will just as readily fail to respond when she doesn't receive that kind of care, and the man who allows his dairy and his cows to become filthy will be just as careless in feeding and providing for their comfort.

It doesn't pay to run a filthy dairy because a good farmer can't run such a dairy, and he is the only one who can make a success of any branch of farming.

If the air becomes foul about the dairy because of poor drainage, or the milk house troubles you for the same reason, try using a good disinfectant. A little unsaturated lime thrown about occasionally is very effective and is cheap. The writer gave lime as a disinfectant a very severe test one time and the results were so excellent that we greatly favor it. We were operating a creamery and during the winter the drain was closed by freezing and, owing to the location of the creamery, it was necessary to let the drainage run under the creamery. We expected serious trouble the following summer, but as soon as the drain was repaired in the spring we bought two barrels of lime and used it during the summer at frequent intervals. Air was allowed to circulate freely, and as a result no trace of a bad odor was discovered coming from underneath the creamery, not even during the hottest weather. Lime is a great disinfectant and should be more generally used in the dairy.—Selected

A Sure-enough Knocker.

J. C. Goodwin, of Reidsville, N. C., says: "Bucklen's Arnica Salve is a sure-enough knocker for ulcers. A bad one came on my leg last summer, but that wonderful salve knocked it out in a few rounds. Not even a scar remained." Guaranteed for piles, sores, burns etc. 25c at Jas. E. Dillon's and G. S. Darling's drug stores.

SICK PEOPLE SHOULD INVESTIGATE

I Know the Diseases of Both Sexes Like an Open Book. I have Been Curing Them for 49 Years. In fact, My Entire Life Has Been Devoted to Curing Where Others Have Failed.

I Have Changed Hundreds Upon Hundreds of Nervous Wrecks Into Fine, Strong Men and Women. I Accept No Case I Cannot Cure.

ESPECIALLY invite all discouraged and despondent ones who have been treated without a cure to write me fully and frankly about their case. It will cost you nothing to write me, and I will gladly tell you your condition, truthfully, honestly—accepting no case that I cannot cure—holding out no false promises. I have spent my whole life in the study and cure of chronic diseases, and my study and investigation have been blessed by the discovery of many new and marvellous methods of treating disease. Forty-nine years ago I graduated from the Western Homeopathic Medical College of Cleveland, O., for two years. Head Physician at the Alma Sanitarium, Alma, Mich. I have spent many long years as a specialist, treating chronic diseases of all kinds with wonderful success, and am now owner of one of the best sanitariums in the country, giving my entire time to the treatment of Nervous Diseases of both sexes. I cure the worst forms of Epilepsy, St. Vitus Dance, Paralysis, etc.

My long experience in diagnosing cases and my understanding of the different diseases that I treat enable me in almost every case to prescribe by mail a perfect, thorough cure. All correspondence in plain envelopes and sacredly confidential.

I CURE NERVOUS TROUBLES—Weakness, Loss of Vitality in Both Sexes. Whether from excess or overwork, or promptly and positively cure, no matter of how long standing.

I CURE BLOOD POISON—I cure Blood Poison in the first, second and third stages—driving the poison from the system, the full from the blood; curing pimples, copper spots, sores in the mouth, humors and ulcers.

I CURE FITS—Epilepsy, St. Vitus Dance, convulsions, etc., by striking direct at the cause, restoring the diseased nerves to perfect health.

I CURE PILES—in 30 days to stay cured and never return.

I CURE CONSUMPTION, the Great White Plague, in the first and second stages. Have made a special study of this disease for fifty years. Have cured hundreds given up by home Doctors. Those I cannot treat at home by seeing or by mail, I will take to my Sanitarium, where best of medical skill, nursing and private rooms are given for Ten Dollars a week.

I GUARANTEE TO CURE, in 30 days to stay cured, liquor, morphine, cocaine, nicotine or cigarette habits. Most cases treated at home.

Call and see me or write to either Sanitarium as below.

No matter what disease you are suffering from, write me fully today. I will answer at once, and my advice, which costs you nothing, may save you hundreds of dollars—life itself—to you. If I cannot cure you I will tell you so. **WRITE TODAY.**

Jessie May, the three-month-old daughter of Mr. and Mrs. Ernest Crego died on Friday last. The funeral was held from the home Monday. The bereaved parents have the sympathy of all.

The democrats of Barleich township will hold their caucus at the Hictos school house Saturday afternoon, Sept. 3, at 1 o'clock, and the republicans will hold theirs at the same place Saturday evening.

Any ladies wishing to send with Mrs. Gorset to the Gingham Factory for gingham, by the yard or bundle, blankets, bedspreads, table clothes, or sheeting, will please leave their orders, with the money, with Miss Matie Gates, at the bakery, opposite the postoffice, by Sept. 25.

The ball game last Saturday between the farmers of Reno and Barleich brought another large crowd to town and was a star attraction. The Reno fellows proved to be the "old leaguers" and won the game by a score of 24 to 7. The battery work of Pe and Allen of the Reno bunch was easily the feature of the game. Dntap and Chips were the battery for the Barleich boys.

Estray Notice—There came into my inclosure, one mile north of Whittemore, about April 1, 1908, a red and white steer, which owner can have by proving property and paying charges. THOS. WHITFORD.

South Branch.

Forest fires are raging and considerable damage is being done.

Jack Watts, of the Hemlock road, has been at South Branch this week.

Charles Taber attended the funeral of W. A. Weeks, at West Branch, last Sunday.

Walter Herron gave a birthday dance at the hall last Monday evening, which was well attended.

William Charters and daughter, Miss George D., are guests at the home of D. R. Stewart this week.

Mrs. Clara Gix returned to her home, at Muskegon, last Saturday, after spending the summer with her sister, Mrs. Frank Trudell.

White's Camp.

The bark is all peeled and shipped away. It is sold by weight and requires 2,250 pounds for a cord.

Our crew has been greatly reduced, but some of the men have returned and are going to work.

Gene Sauve has returned from Valparaiso, Ind., where he has been attending school. He is at present with the surveying party on the Au-Sable river. Miss Sauve is expected home from Bay City soon. No place like home.

The raspberries are gone, but blackberries are very plentiful. Wild currants and gooseberries are now on, while June berries are delicious.

Albert E. Rowe has sold his farm and gone to Ohio to live.

Mike Nugent from Big Rapids is doing the chores and Jim Miller has returned from Tawas. Mr. Wheeler is one of the cookees.

Mr. White and family have gone to their home in Tawas. Mr. White has a brother who is superintendent of another lumber industry.

William Herron has gone with his family to St. Ignace, where he has a sister living.

An indian, Mr. Jackson from Mt. Pleasant, has returned to his home.

Mr. Green was down from Robinson's last Sunday. They soon expect to move from the mill to their camp in the woods.

Quite a number of men in and around this camp have unfortunately cut themselves with axes this season.

It is presumed that the mill here will be repaired and stocked with valuable timber. This company has 6,000,000 feet to lumber before

finishing the contract. A large number of men and teams will be employed this winter.

Mr. Williams, a Kentuckian, is here working for Mr. Lawrence. He is from the central part of that state and says times are desperate there. From 30 to 70 men will ride up and demand that the planters destroy their tobacco, and it has to be done or die. It is estimated that \$3,000,000 worth of barns and tobacco have been destroyed. He is a married man and expects his wife and child to come here.

The weather is very fine indeed. Five saws are now running with a timber fire ahead of each one, and over nine hundred logs were cut in one day. Skidding will commence in about two weeks.

About a mile south of our camp is a cold spring of mineral water which we drink when working in that direction, and it is very healthy. One will get used to the taste after a time.

Joe Johnson, the sealer, is away. He used to conduct lumber camps and worked for one firm fifteen years. He is a first rate fellow and has been supervisor of his township.

Flies and mosquitoes seem to be necessary evils, and I will be heartily glad when the snow is coming down, and then I will know they are ended for this year. It is now getting late and I must finish this writing some other time.

We still sleep in the tent and eat dinner in the woods. Two good springs of pure water are at our service. The company have two more winters to lumber their timber here. The firm will be better prepared the following winters than they were last winter.

The stage comes in every night from South Branch to Gates' camp, and sometimes Mr. White and others are passengers in it. The conveyance is very convenient for those who cannot come to the noon train.

Fire caught among the logs stacked at Gates' camp and destroyed 100,000 feet. A spark from a railroad engine caused it.

Wm. Mook from Robinson's camp is here driving team. Several years ago he was caught among some logs and lost one of his feet. He is a good teamster and is well liked in camp.

William O'Brien has returned from the Hemlock Road. The writer worked with him nearly ten year ago at Stee Lake, and Thomas Crozier worked at Maltby 21 years ago when Jim Miller was cooking for a lumber company there. So it goes, we are separated and again reunited.

C. H. Prescott has built entire new camp on a new tract of land overgrown with splendid timber. Neil McDonald is still superintendent and Mr. Vignass foreman.

This company has closed a deal for timber in Newfoundland and will undoubtedly operate there in less than two years.

SICK PEOPLE SHOULD INVESTIGATE

I Know the Diseases of Both Sexes Like an Open Book. I have Been Curing Them for 49 Years. In fact, My Entire Life Has Been Devoted to Curing Where Others Have Failed.

I Have Changed Hundreds Upon Hundreds of Nervous Wrecks Into Fine, Strong Men and Women. I Accept No Case I Cannot Cure.

ESPECIALLY invite all discouraged and disappointed ones who have been treated without a cure to write me fully and frankly about their case. It will cost you nothing to write me, and I will gladly tell you your condition, truthfully, honestly—accepting no case that I cannot cure—holding out no false promises. I have spent my whole life in the study and cure of chronic diseases, and my study and investigation have been blessed by the discovery of many new and marvellous remedies for treating disease. Forty-nine years ago I graduated from the Western Homeopathic Medical College of Cleveland, O., for two years. Head Physician at the Alma Sanitarium, Alma, Mich. I have spent many long years as a specialist, treating chronic diseases of all kinds with wonderful success, and am now owner of one of the largest sanitariums in the country, giving my entire time to the treatment of Nervous Diseases of both sexes. I cure the worst forms of Epilepsy, St. Vitus Dance, Paralysis, etc.

My long experience in diagnosing cases and my understandings of the different diseases that I treat enable me in almost every case to prescribe by mail a perfect thorough cure. All correspondence in plain envelopes and strictly confidential.

I CURE NERVOUS TROUBLES.—Weird fancies, Loss of Vitality in Both Sexes, Whether from excess or overwork, promptly and positively cured, no matter of how long standing.

I CURE BLOOD POISON.—I cure Blood Poison in the first, second and third stages—driving the poison from the blood, the last from the blood, curing pimples, copper spots, sore throats, skin, itches and ulcers.

I CURE FITS.—Epilepsy, St. Vitus Dance, etc., by striking direct at the cause, restoring the diseased nerves to perfect health.

I CURE PILES.—In 30 days to stay cured and to never return.

I CURE CONSUMPTION.—The Great White Plague in the first and second stages. Have made a special study of this disease for fifty years. Have cured hundreds, given up by home doctors. Those I cannot treat at home by sending of my mail, I will take to my Sanitarium, where best of medical skill, nursing and private rooms are given for free during a week.

I GUARANTEE TO CURE.—To stay cured, liquor, morphine, cocaine, nicotine or cigarette habits. Most cases treated at home.

Call and see me or write to either Sanitarium as below. No matter what disease you are suffering from, write me fully today. I will answer at once, and my advice, which costs you nothing, may save you hundreds of dollars—**write today.** If I cannot cure you I will tell you so.
