Death of Rev. A. C. Kay.

"Elder Kay is dead," were the words that passed from mouth to mouth the early part of the week and brought real sorrow to many hearts. Probably no man in this county was more thoroughly beloved by the people than Rev. Alexander C. Kay, who for the past twenty-two years has passed among the people of this section in happiness and in sorrow. He has doctored the sick, buried the dead and ministered in many ways regardless of creed. Few indeed knew of his serious illness and the announcement of his death came as a shock to all.

Alexander Kay was born near Edinburgh, Scotland, and was a graduate of the university of that city, both as a doctor of divinity and a doctor of medicine. He came to this country about twenty-five years ago and for the past twenty-two years has been a resident of East Tawas, making his home with Mr. and Mrs. Alexander Gordon, where his death occurred last Sunday morning. He organized the Presbyterian society of the Tawas and for years was the pastor. The funeral was held Tuesday afternoon, under the auspices of Baldwin Lodge F. & A. M., of which he was a member. Rev. Wallace and Rev. Fleming, of Saginaw, were the officiating clergymen. The remains were followed to their last resting place in the East Tawas cemetery by a large number of sorrowing friends.

TAWAS CITY, MICH., Oct. 9 1908

In his personal abuse of Mr. Bryan, Judge Taft seems to have abandoned further defence of his platform, and all legitimate discussion of the issues of this campaign. He is probably trying to forget them.

President Roosevelt always enjoyed a letter writing controversy, and has usually been able to hold his own with nature fakers and others, but when he attacked William J. Bryan he found a different proposition and has been nicely trimmed.

The democratic congressional convention at Bay City last Friday, named Hon. L. P. Coumans, of that city, as the candidate for congress from the tenth district. Mr. Coumans is one of the ablest attorneys of the Bay county bar, and for years has been a student of national affairs. He is well qualified to represent the varied interests of the tenth district in the halls of congress.

### A Republican Opinion.

The Jackson Citizen-Press, rep. says: Lawton T. Hemans, democratic candidate for governor, spoke at the Masonic temple last evening. No one who heard Mr. Hemans could help being strongly and favorably impressed with his power, dignity and happy manner of speaking to a popular audience. Compared with Governor Warner's appearance upon the platform, or upon the seat of an automobile, Mr. Hemans soars like an American eagle, while Fred Warner screeches like a jay bird.

Mr. Hemans is a big man mentally, and is popular in Mason and Lansing, where he is best known, as is Congressman Townsend in this region.

It was a pleasure to hear Mr. Hemans. The democrats have occasion to be proud of their nominee.

### When an Oklahoma Bank Failed.

The guarantee of bank deposits plan recently had a test as to its workability in our new state of Oklahoma. A bank at Guthrie failed, it being the first failure under the new law, which provides a guarantee to the depositors by the state. The bank's deposits amounted to \$38,000, and the fund was called upon for \$22,000. Every depositor was paid in full within 10 days from the time the bank closed its doors.

The state banking department is liquidating the assets of the bank to reimburse the fund for the outlay. There was little or no excitement over this failure, except that caused by the most unusual circumstance of depositors getting their money almost as quickly as would have been the case if the bank had been solvent and they had wanted their money.

We hear of no runs on other banks in that locality, no failures of business houses, nor suicides of individual depositors, and it does appear as if the friends of this plan for national banks are really advocating an amendment to our national bank act that is worthy of most serious consideration.—Success Magazine.

Under the laws of the state a general registration of voters is required every four years, and this is the time. The old poll lists are of no value for the general election November 3, as new books are provided and must be made out according to law. It does not matter how long a voter has resided in a ward—his name must be registered again this year or he will lose his vote, unless he was out of the city or sick.

The October Review of Reviews has three important illustrated articles dealing with the presidential contest.—"Mr. Bryan's Third Campaign," by Josephus Daniels, chairman of the democratic National Committee's press bureau; "The Management of the Taft Campaign," by Walter Wellman; "Chairman Frank Harris Hitchcock," by Snell Smith.

### A Healthy Family.

"Our whole family has enjoyed good health since we began using Dr. King's New Life pills, three years ago," says L. A. Bartlet, of rural route 1, Guilford, Maine. They cleanse and tone the system in a gentle way that does you good 25¢ at G. S. Darling's and Jas. E. Dillon's drug stores.

### Personnel of the Democratic Ticket

The state ticket presented by the democratic party in Michigan this year is an unusually strong one and ought to appeal to men of all parties who feel that there should be a break in the long line of rule which has dominated at Lansing for so many years.

The candidate for governor, Lawton T. Hemans, is too well known to need extended notice at any time. He is unquestionably at this time the best equipped man in Michigan for the gubernatorial position.

Samuel D. Williams, nominee for lieutenant governor, is a Detroit lawyer, of fine ability and a brilliant speaker. He is the editor of the official monthly journal of the Knights of the Modern Maccabees. Frank T. McDonald, nominated for secretary of state, is 32 years old, a graduate of the state university and a strong lawyer. The nominee for auditor general, William F. Montague, is a well-to-do farmer a few miles from Kalamazoo. From 1889 to 1893 he was sheriff of Kalamazoo county. James G. Tucker, the convention's choice for attorney general, was for six years judge of the Macomb circuit, four years prosecuting attorney. William J. Terney, who stands for land commissioner is an extensive real estate operator at Rosebush. He is one of the directors of the Michigan State Fair association. Robert E. Whaley, the choice for state treasurer, is president of the Citizens' Savings bank at Flint, a prominent stock farmer in the Flint district and for 25 years has been national treasurer of the Knights of the Modern Maccabees, in which capacity he has received and distributed over \$10,000,000. He is one of Flint's wealthiest and most reliable citizens.

The supreme court justice nominee, Mark Norris, is one of the ablest lawyers of the Grand Rapids bar. He is about 45 and has lived in Grand Rapids over 40 years.

W. Sherman Lister, the nominee for superintendent of public instruction is a widely known educator, at present superintendent of schools at Ionia. Justin R. Whiting, the nominee for member of the state board of education is the son of the late Justin R. Whiting, one of Michigan's most beloved men through long years of public life.

### What's Your Price.

A bunch of us were standing in a store a night or two ago, when one of the men dropped a dime on the floor. The coin rolled toward a hot-air register, but before it reached its danger point he slapped his big foot down on it thus stopping it before it got out of his reach. He then carefully picked up the dime and put it in a safe place. That man doesn't live here, but has been visiting in the city for the past four months. He has with him a part of the time two boys and a girl, all of whom have started on a toboggan, and one of them seems determined to go to the devil. The funniest part of the thing is, that old man thinks it's rather funny, if not actually smart, the way they are going. When someone remarked about it he replied, "You can't put old heads on young shoulders," when if you would slap those number eights down there, like he did on that dime, he might head them off from the hot-air register and get them in a safe place. Is it possible that the old man thinks more of the dime than he does of his boy.—Selected.

### Democratic Representative Convention.

The Democratic Representative Convention for the Iosco district, for the purpose of placing in nomination a candidate for Representative in the State Legislature and for the transaction of such other business as may properly come before it, will be held in Tawas City, Iosco county, on the tenth day of October, A. D. 1908, at eleven o'clock in the forenoon.

The various counties of the district are entitled to representatives as follows:

Alcona,	3 delegates

Ogenaw,	5 "

### The Political Situation.

Wm. J. Bryan is making another whirlwind campaign—a more effective one than was his historic campaign of 1896. If he were not a physical, as well as an intellectual giant, he could never do the work. Since 1896, his popularity has evidently increased, and he now stands much higher in public confidence than he has ever stood prior to this campaign. He has with him today what he did not have in his two previous campaigns: He has the united democracy of the nation at his back. There are no anti-Bryan democrats in this campaign. He has the labor elements with him as he never had them before. He has the farmers with him, a power which heretofore was always against him. And thousands of "old line" republicans will vote for Bryan on November 3rd, this year.

Farmers are mostly republicans, but they cannot understand why Mr. Taft is opposed to guarantee security for bank deposits. They have heard and considered Mr. Taft's reasons for his position, but such reasons are not satisfactory.

Mr. Taft's opposition to jury trials for violators of injunctions, whose contempt are not committed in the presence of the court, has lost him the labor vote of the country. Whether Mr. Taft is right or wrong on this question, is a matter of opinion, but whether right or wrong, organized labor seems to be against him.

Even many of the great corporations of the country are not now afraid of Mr. Bryan, as president of the United States. They consider him a safer man, as the nations executive, than either Roosevelt or Taft. They know that Mr. Bryan is honest, competent and as firm as a rock. They know that all he would ask of them is to obey the law, and that violators of the law will not be fined, but imprisoned, without the alternative of a fine. Many of the trusts and great corporations are willing to obey the law, if they must, as soon as they have assurance of what the law is.

Mr. Bryan has another advantage in this campaign—the advantage of a republican panic; and the history of this country says it is difficult for any administration, with a panic on its hands, to elect a president. And Mr. Bryan has another advantage: Many consistent and honest republicans are commencing to think that their party has been in power too long.

On the other hand, Mr. Taft has the support of the national administration and of all its officers and employes, who are volunteer workers, not for principle or love of the cause, but to hold their jobs. Such is the advantage of the administration candidate.—Alpena Argus.

### Republican Senatorial Convention

The Republican Senatorial convention for the 28th Senatorial District will be held at the Court House in the city of Standish, Arenac County, Michigan, on the 15th day of October, 1908, at 1 o'clock, p. m., for the purpose of placing in nomination a candidate for senator for the said 28th district, and for the transaction of such other business as may lawfully come before the convention.

The several counties in the district will be entitled to the following representation on the basis of one delegate for each 200 votes and the money thereof, cast for senator at the election in 1906.

Alcona,	779 votes,	4 delegates
Arenac,	1884 "	8 "
Clare,	1309 "	7 "
Crawford,	690 "	3 "
Gladwin,	726 "	4 "

Oscoda,	343 "	2 "
Oscoda,	1782 "	9 "
Iosco,	1260 "	6 "
Rosebush,	411 "	2 "

By order of Senatorial Committee  
Dated, October 2, 1908.

EDWIN RAWDEN, Chairman.  
GUY E. SMITH, Secretary.

### Hindu Gods.

The theology of the Hindus is simply a mystery to the occidental intelligence. They believe in a million gods and in as many "hells" and "heavens." The wild labyrinth of ideas going to make up the Brahmin faith is quite beyond the ability of a white person to follow. The thought of it is bewildering, and once in the midst of it you could no more get out of it than a six-months-old baby could get out of an Amazonian forest.—Exchange.

### Probate Order

STATE OF MICHIGAN—The Probate Court for the county of Iosco.

At a session of said court held at the probate office in the City of Tawas City, in the county of Iosco, on the 25th day of September, A. D. 1908.

Present, Hon. Alfred R. Weir, Judge of Probate.

In the matter of the petition of the county drain commissioner asking for the appointment of a special county drain commissioner in relation to the Gregory Drain, in the township of Sherman in said Iosco county.

Whereas there has been filed in the court a petition signed by the county drain commissioner of said Iosco county in relation to the establishing of a certain drain known as the Gregory Drain situated and located in the township of Sherman in said Iosco county, in which it appears that the said county drain commissioner of said county is disqualified from acting in the premises in relation to such drain and petitioning the said court for the appointment of a special drain commissioner.

Therefore it is ordered that the 30th day of October, A. ### Long Lake.

About 800 people took advantage of the excursion to Long Lake last Saturday to visit that new town. The political part of the program consisted of speeches by Gov. Warner, Congressman Loud, State Railroad Commissioner Glasgow and Postmaster Cook, and were given good attention by those present.

The people of the new town showed themselves to be progressive by furnishing their guests ample entertainment and a days solid enjoyment.

The past three years has seen great improvements all around the lake, but what the future hold for it is yet to be seen. It is certainly an ideal spot for a summer resort as well as a good location for a country town when the thousands of acres of excellent farming lands around it are settled and developed. At the present time there are two general stores.

Frank Elymer, the pioneer merchant and postmaster, has a nice store and a good stock, while in the new site at Hygoia, Henry Ballard has a fine new store well stocked with new and up-to-date goods. The new hotel building is not yet completed, but when finished will be a credit to that or any other town. Mr. Kohn also conducts a good hotel and other business places are being finished.

We were unable to secure an interview with the promoters of the new townsite and learn what their plans for the future were but that they are planning for more and larger developments is evidenced by the material on the grounds.

### Would Mortgage the Farm.

A farmer on rural route 2, Empire, Ga., W. A. Floyd by name, says: "Bucklen's Arnica Salve cured the two worst sores I ever saw: one on my hand and one on my leg. It is worth more than its weight in gold. I would not be without it if I had to mortgage the farm to get it." Only 25c at G. S. Darling's and Jas. E. Dillon's drug stores.

### For Sale.

Three nice colts, one year old, and one two years old, coming two and three years old next spring. Four good brood sows, and eleven nice pigs.

### Mortgage Sale.

Now, therefore, notice is hereby given, that by virtue of said power of sale, and in pursuance thereof, and of the statute in such case made and provided, the said mortgage will be foreclosed by a sale of the mortgage premises, at public vendue, to the highest bidder, at the front door of the court house, at Tawas City, in said county of Iosco, on the 15th day of December, 1908, at ten o'clock in the forenoon; the description of the premises contained in said mortgage is as follows:—The n. 1/2 of the n. w. 1/4 of sec. 36, town 21 north, of range 5 east, Michigan.

### Cured in less than four weeks.

Those who have had experience with this stubborn disease can hardly believe at first that **Wonderful Dream Salve** can and does cure Eczema.

After treating with many doctors and taking many remedies without relief, Mr. Kealey was induced to try **Wonderful Dream Salve**, and in four weeks was entirely cured. He says:

# DEMOCRATIC COUNTY TICKET

The following gentlemen solicit the support of the voters of the county at the polls on November 3rd, next

**JAMES LaBERGE**, the democratic candidate for Judge of probate, was born in Beauharnois, Quebec, July 22, 1852. He served three years as apprentice in learning the boot and shoe trade. In 1869 he moved to Bay City, Mich., where he worked at his trade for two years, coming to Tawas City in 1871. After two years in Tawas City he located in East Tawas where he has since lived and conducted a boot and shoe and gent's furnishing goods business. Mr. LaBerge has been called upon to fill various offices of trust, being at the present time mayor of East Tawas and a member of the board of supervisors.

**WARREN P. VAUGHN**, the nominee for sheriff, is well-known to the voters of the county, having made a wonderful run for the same office two years ago when he was defeated by only about 60 votes. He is a native of Oscoda township, having been born there in 1872, and residing there all his life except a couple of years spent on the Pacific coast. His personal popularity is well shown by the fact that he carried the north end of the county, where he is best known, two years ago by 391 majority, and this in the face of the fact that the normal republican majority is nearly 300.

**JAMES A. HULL**, our nominee for county clerk, is one of the best known young men of the village of Oscoda, having lived there practically all his life. Altho not yet 27 years of age, Mr. Hull's worth has been recognized by his selection to fill several important village and township offices, including those of justice of the peace and supervisor, the latter of which he now holds. He is a graduate from the Oscoda public schools and the Detroit Business University. Since 1899 he has been continually in the employ of the Hull & Ely Lumber Co. as book-keeper. His family is composed of Mrs. Hull, two sons and a daughter.

**WILLIAM K. DILLON**, the candidate for treasurer, was born in Canada in 1862. He came with his parents to East Tawas in 1870. His education was secured in the East Tawas schools. At an early age he was employed by the railroad company and was the first train dispatcher of what is now the D. & M. Ry. He left the service of the company in 1897, having been admitted to the practice of law in Michigan and Wisconsin. For three years he practiced his profession before Judge J. K. Parish, of Ashland County, Wisconsin, when failing health caused him to relinquish the law, and he returned to East Tawas. He has held several minor offices in East Tawas when that city was a part of Baldwin township. He has never asked for or run for a county office before, but is peculiarly fitted for the office of county treasurer and his selection will be a credit to the county.

**ALBERT WIDDIS**, our candidate for prosecuting attorney, was born in the town of Petrolea, Ont., of Scotch-Irish parentage. He came to this country when 15 years of age. After a few years study of law he was admitted to the bar at Flint, Mich. He successfully practiced at his profession in the city of Detroit for a number of years, and about two and a half years ago he became interested in timber in Iosco county and his interests are still here. He is well equipped to fill the important position of prosecuting attorney and his election will mean a careful and economical administration of the affairs of that office. Mr. Widdis is also a candidate for circuit court commissioner.

**ANTHONY B. SCHNEIDER**, the candidate for register of deeds, is a native of Iosco county, having been born in Sherman township in 1882. He secured his education in the district schools, afterwards taking a special course in penmanship in the Scranton Correspondent school. Mr. Schneider is undoubtedly the finest penman in this section and spent two years at Houghton where he was very successful in teaching penmanship. Mr. Schneider has never held an office but he is peculiarly well fitted for the position he seeks.

**C. H. ANSCHUTZ**, the candidate for county surveyor has long been a resident of Iosco county and is well and favorably known as a surveyor and land looker.

**BYRON LOMASON**, candidate for coroner, is one of the successful farmers of Burleigh township, and has been a resident of the county for many years. He has filled many local offices and has always discharged the duties successfully and well.

**ANGUS F. McDONALD**, the other candidate for coroner, is one of the very oldest residents of AuSable. He is at present and has been for years, the supervisor of the second ward of that city. He has filled many offices to the satisfaction of his constituents.

### Davison Still in The Race For Sheriff.

To the Voters of Isosco County:

As a number of my friends in this county who stood by me to secure my nomination for sheriff at the republican county convention and failed, believe that the action of that convention did not meet the approval of the taxpayers of the county and have insisted on my coming before the people for their decision at the polls in November, and believing that the taxpayers thoroughly understand the situation, I have decided to bow to their request, and respectfully appeal to all the citizens for their support at the polls in November.

While I have not had twelve years experience around the court house to fit me for the office of sheriff, neither do my friends who know me best consider that I need that kind of training, and I can assure them that I will be thankful for four years around the court house and promise them a clean and careful administration during that time. And after that time will gracefully leave the space for their next choice, as Isosco county has scores of men who are perfectly competent to fill the position.

**A Hardwood Floor of any Color You may Choose for \$2.50**

Floors which are in too poor condition to be improved with varnish alone can be made to imitate a genuine hardwood floor with this new patented Graining System. This process does not require the services of a professional wood finisher. The Graining Tool takes the place of skill and can be successfully used by the inexperienced man or woman, thus making it possible for any one at a very slight expense to enjoy the luxury of a new hardwood floor. This Graining Compound when protected by one or two coats of Chi-Namel produces a surface that will outwear any ordinary varnished floor, many times over.
