After a week's suffering from spinal meningitis, Gladys, the adopted daughter of Sheriff and Mrs. George H. Hadwin, passed away at 3:20 o'clock last Sunday morning. The little girl was nine years, 10 months and 17 days of age, and was a child of happy disposition. She will be greatly missed by her playmates. The bereaved parents have the deepest sympathy of all in their hour of affliction. The funeral was held from the home Tuesday afternoon, the sermon being by Rev. J. B. Brown.

The C. E. Rally.

The annual rally of the Iosco county C. E. Union opened Saturday evening, at the Presbyterian church, with a devotional service led by Jas. Nisbet. The president, W. H. Price then gave some very good suggestions for work to be done in the county. At the business session the following officers were re-elected: Pres. W. H. Price, Whittemore; vice pres. Dr. F. C. Thompson, East Tawas; sec'y and treas., Edna Otis, East Tawas. This session closed with a conference by the state field secretary William Ralph Hall, which consisted of suggestions and plans for officers and committees.

Sunday services began with a very enthusiastic sunrise prayer meeting led by Rev. Gilroy. The convention sermon was preached by Wm. Ralph Hall. Mr. Hall is a very earnest worker and his address was full of good things. He especially urged the necessity of an active christian life.

The afternoon session was devoted to the subject of "possibilities and work of the C. E. Society along the following lines: social, moral, intellectual, business, evangelistic, health and efficiency. Very able papers were given on each of these subjects.

The evening session began with C. E. prayer meeting led by Mrs. O. S. Nichols, followed by a paper on the subjects "The 20th Century Young Man" and "The 20th Century Young Woman". The session closing with a very impressive consecration meeting led by Mr. Hall.

The convention from start to finish was full of enthusiasm and one remarkable feature was that every number on the program was filled. It was decided to hold two conventions during the year. Time and place of next meeting was left with the officers.

Tawas City Schools.

Death's paper cut down one of our brightest blossoms, Gladys Hadwin.

Normal class are making a study of elementary agriculture which if taught to the coming farmers will mean a saving of thousands of dollars.

Still Piling up State Expenses.

The appropriations of the legislature are to exceed \$11,000,000. This figure breaks all past records for state expenditures and puts Michigan in a class by itself. When the legislature met it was abjured by the governor to practice economy. He urged for popular reasons that the expenditures should be kept down to a reasonable figure. He had been through three campaigns and had had to bear the brunt of charges to which there was no answer that extravagance of the most flagrant character had marked the administration of Michigan's public affairs during the last eight or nine years, of which his own administration had covered four. The legislators appeared to be deeply impressed. There were pious admonitions, both by knowing glances of the eye and by exalted speech, that economy was to be the watchword of the session. Addresses were made on the subject, and although their novelty struck both the house and the senate strangely, there were nods of assent that it should be so. With this implied understanding the legislature commenced business. Unfortunately, however, the promises of retrenchment were soon forgotten. After the first week or two had elapsed nothing more was said about economy and nothing has been said about it since.

Since 1900 the expenses of the state have increased at a tremendous rate. Within little more than a decade they have doubled and quadrupled. In the last nine years the expenditures equaled the total cost of running Michigan's government from the state's admission into the union up to that time. The charges of extravagance in later years have not been confined to opposition parties. They have been made by state officeholders under administrations in which the excesses occurred and with which the officials were thoroughly familiar. Yet, notwithstanding this record, the present administration, the third for Governor Warner, is to eclipse all others since the spendthrift reign commenced, by appropriating \$11,000,000. The general fund is \$2,250,000 greater than it was two years ago, or an increase of 100 per cent. This is due in part to the necessity of making up the million dollar deficit of last year. But the extravagance goes on. The riot with the people's money is to continue until the last day of grace. The taxpayers are to be burdened until they are finally goaded into effective revolt.—Saginaw News.

Water Power Companies Regulations.

Lansing, May 6.—A bill has passed the house whereby the regulation of water power companies is to be placed under the state railway commission. On complaint of anyone the commission may order a hearing as to the justness of rates charged, and the commission, after securing such data, may determine what shall be the maximum rate charged by the company furnishing electrical power.

Under certain regulations companies are required to furnish electricity for both light and power to cities and villages through which their lines pass.

The power companies, according to the bill, are required to file with the commission maps of the proposed route of power lines, together with the franchises they secure for the right of way of lines, as well as the specifications showing the manner in which it is proposed to construct the power line. A uniform system of book keeper is also required, which will allow the commission to ascertain the cost of conducting the business.

State Institution Items.

Lansing, May 6.—The March report for the Michigan Asylum for the Insane, located at Kalamazoo, shows a total of 1,880 patients at the end of the month, of which 1,009 were males and 871 females. At the close of the previous month there were 1,006 males and 872 females. During the month 27 new patients were admitted. There were 18 deaths in this institution during March, 12 males and six females.

The Michigan school for the deaf, located at Flint, shows an increase of three males and three females at the end of the month, as compared to the total at the close of February. At the end of March there were 177 males and 142 females, a total of 319 in the institution.

Lived 152 years.

Wm. Parr—England's oldest man—married the third time at 120, worked in the fields till 132 and lived 20 years longer. People should be youthful at 80. James Wright of Sparlock, Ky., shows how to remain young. "I feel just like a 16-year old boy," he writes, "after taking six bottles of Electric Bitters. For thirty years kidney trouble had made life a burden, but the first bottle of this wonderful medicine convinced me I had found the great cure on earth." They're a godsend to weak, sickly run-down or old people. Try them. 50c at G. S. Darling's and Jas. E. Dillon's.

Communication.

EDITOR OF HERALD:—I wish to call the attention of the taxpayers of the county, to the cost of canvassing the votes on the local option question. It took \$103.12 of good hard money to make the canvass of the 22 voting precincts in which 2,079 votes were cast. Let us find the fault and then apply a remedy for this uncalculated expense. On page 1713, section 11, of the compiled laws of 1897, it reads: The board of supervisors of such county shall meet on the first Monday after such election, to canvass the vote of the county, and shall ascertain, determine and declare the result thereof. Such canvass, determination and declaration of the result, shall be signed by the acting chairman and clerk of the board. Here is where we find the main cause of this expense. In the name of common sense, I ask, why is it necessary to have a canvassing board consisting of three members by whom this canvassing might have been done, or the judge of probate, the sheriff and county treasurer could be constituted a canvassing board by the legislature, if it is necessary that this work should be done by a special commission, and as all three of the above named officers reside or have an office at the county seat, this canvass could have been made for \$9.00 instead of costing \$103.00, as it did, thereby saving to the county \$94.00? Who will see that the remedy is applied? Now, let us see what the canvassing board did.

After its organization, it was moved by Karus and supported by Alda, that the chair appoint a committee of five to canvass the local option vote. Motion carried, and balance of board was given a recess subject to call of the chair. Board called to order at 11:15 a. m. Committee made their reports together with its determination and declaration of the results of the election. Signed by the five members of the committee.

I do not care to discuss the legality of the canvass. A special committee was appointed on mileage and per diem; on motion the board took a recess until one o'clock. I would like to ask the chairman why he did not have this committee at work at the same time that the canvassing committee was canvassing the votes.

Board called to order at 1 o'clock p. m., committee made the report, it was accepted and adopted. Board adjourned. Comment unnecessary.

If your stomach, heart or kidneys are weak, try at least, a few doses only of Dr. Shoop's Restorative. In five or ten days only, the result will surprise you. A few cents will cover the cost. And here is why help comes so quickly. Dr. Shoop doesn't drug the stomach, nor stimulate the heart or kidneys. Dr. Shoop's Restorative goes directly to the weak and failing nerves. Each organ has its own controlling nerve. When these nerves fail, the depending organs must of necessity failer. This plain, yet vital truth, clearly tells why Dr. Shoop's Restorative is so universally successful. Its success is leading druggists everywhere to give it universal preference. A test will surely tell. Sold by C. H. Prescott & Sons.

Stop That Cold

To check early colds or Grippe with "Preventics" means sure defeat for Pneumonia. To stop a cold with Preventics is safer than to let it run and be obliged to cure it afterwards. To be sure, Preventics will cure even a deeply seated cold, but taken early—at the sneeze stage—this break, or head off these early colds. That's surely better. That's why they are called Preventics. Preventics are little Candy Cold Cures. No Quinine, no phytic, nothing sickening. Nice for the children—and thoroughly safe too. If you feel chilly, if you sneeze, if you are all over, think of Preventics. Promptness may also save half your usual sickness. And don't forget your child, if there's feverishness, night-cry, or headache, probably his Preventics' greatest efficiency. Sold in the boxes for the pocket, also in the boxes of 12 Preventics. Insist on your druggists giving you

Armor Brand Tinware

offers you your first opportunity of knowing you're getting your money's worth when you buy tinware. It is impossible to tell the difference between poor and good tinware simply from the way it looks. The cheap, thin coated ware is just as bright and shiny as the good, honest value.

Armor Brand Tinware is coated with an extra thick coat of pure tin and is the only tinware sold under a trademark label by name. That name is your guide to the tinware that wears and wears. Remember the name, Armor Brand, and insist on having it. The best dealers carry it in stock. If yours doesn't, send us his name and we'll see that you are supplied.

We Stand or Fall by These Clothes—\$10 to \$25

You cannot find, at any price, better style or better fit than that in CLOTHCRAFT CLOTHES. You simply can't find it. It doesn't exist.

This you can prove for yourself. You know style when you see it. You can tell when a garment fits.

But we want you to know that CLOTHCRAFT CLOTHES are good—real, down-right good—in other ways than fit and style. We do wish we could make you know how good they really are.

Clothcraft Clothes

We Stake Our Name on these clothes. Do you realize what that means? It means that we know that, if these clothes are not as good as we promise, you and hundreds of others will be driven away from our store.

But we are not afraid. We know the honest men who make CLOTHCRAFT. We know that they use nothing but wool, pure wool.

We know the factory—the wonderful factory, full of sunlight, full of fresh air. We know how the clothes are made.

We know the wonderful system

that reduces the cost of making. For these clothes

Save You Nearly a Third—a third in actual cash—cash that you can use for hats or shoes.

This is the only line of all wool clothes in America that sells at \$10 to \$25.

This wool and these clothes are guaranteed—the maker's guarantee as good as gold in each suit. And knowing the clothes and their makers, we add our guarantee to theirs.

These clothes will go fast—we know it. We're real proud of our allotment and we want you to see it before it's broken up. Come today.

Ladies' Suits, Skirts, and Jackets.

An exquisite line of the new spring styles, a line that cannot be excelled in the large cities, and at prices equal to the city "Special Sale Prices." We want to show you this line and have the opportunity of convincing you that it is to your interest to buy of us.

Shoes and Oxfords.

A more fashionable line of new styles cannot be found anywhere. We have them for young and old, all made by Piggree, Rindge, Kalmbach, Logie & Co., and Budd,—shoes that give you the style and wearing qualities, and at prices which are unequalled for lowness. Every pair of our shoes are sold on a guarantee.

Gent's Furnishings.

A beautiful line of new Dress Shirts, Ties, Hats and Caps. All new and direct from the manufacturers. Quality the best and price the lowest.

Is Money Scarce With You.

If so come and let us show you how to save it, and yet dress well. We can save you on every purchase, and you will make good wages by taking advantage of the low prices we are making this season.

Notes From Lansing.

Lansing, Mich., April 16.—A bill to prohibit newspaper and magazine publishers exaggerating their circulation, has been introduced in the Representative Gray, of Lansing. It is aimed to prevent these publications from getting a higher rate for advertising than their circulation warrants. A fine of \$500 or one year in prison for violation is provided.

The senate has passed Senator Ming's bill regulating fishing on the Great Lakes.

Senator W. A. Collins has introduced a bill to permit county treasurers to hold office more than two terms.

The bill requiring telegraph companies to put the filing and sending time on all telegrams without extra charge was defeated in the house.

A bill to provide for the printing of the new constitution and the 1909 session laws in the same volume, has been introduced by Senator Walker Taylor.

The house committee on game laws will report a bill prohibiting a hunter killing more than one deer, and every hunter in the state to pay an annual license of one dollar.

Goy. Warner has signed a bill which requires physicians to report to local boards of health cases of tuberculosis within twenty-four hours after it comes to the doctor's notice.

Rep. Edwin Farmer, of Livingston county, has introduced a bill in the house fixing a specific tax of one-half cent a pound on all copper mined in the state, and 25 cents a ton on iron ore.

Senator James E. Water's bill, providing that in case of change of venue in a civil or criminal case the costs shall be paid by the county in which the case originated, has passed the house.

Rep. Stevenson, of Detroit, has introduced a bill to permit breweries in dry counties to manufacture wet goods, but prohibiting them selling in dry counties. The bill has no chance.

Again the past week, Rep. Morrice's general forestry bill was defeated, the vote being 45 to 29. Before it was given a lease of life by being laid on the table, but now it has been cast to the bone-yard.

The house has agreed to a special tax of one per cent on mortgages, being the Dusebury-Maxey bill. The bill provides for the collection of the tax at the time the mortgage is recorded and requires the holder to pay the tax.

A bill providing that city treasurers shall not deposit in any one bank an amount to exceed the capital stock and surplus of the bank, and in no case to exceed \$1,500,000, has been introduced by Rep. Guy Miller, of Detroit.

The house has called upon the commissioner of mineral statistics to furnish them with a statement as to the amount of iron and copper mined in the state. The fact that it is proposed to put a specific tax on these ores is arousing mining interests of the state and these statistics are to be used in backing up the bill.

Rep. D. G. Chandler's bill to exempt the property of civil war soldiers and widows, providing it does not exceed \$1,200 in value, has passed the house. Only four votes were registered against the bill. The amount was originally placed at not to exceed \$2,500, but Rep. Sanders was instrumental in cutting it down.

The township unit school system bill, which passed the house recently, is looked upon as a good thing. It will enable a township, if a majority of the electors so decide, to build a high school near the center of the township above the eighth grade, along the lines of cities, with their central high school. Now students in the country have to go to villages and cities and pay tuition when they pass the eighth grade.

Senator Taylor has introduced a bill providing for the appointment of a state commission on industrial education, which is to consist of five and not more than seven members. This commission is to make a study of elementary, industrial and agricultural education, including the study of labor conditions as it affects the child between the ages of 14 and 18 years. They are to report to the governor, superintendent of public instruction and commissioner of labor by February 1, 1911.

A book on rheumatism, and a trial treatment of Dr. Shoop's Rheumatic Remedy—liquid or tablets—is being sent free to sufferers by Dr. Shoop, of Racine, Wis. You that are well, get this book for one discouraged, disheartened sufferer! Do a simple act of humanity! Point out this way to quick and certain relief! Surprise some sufferer, by first getting from me the book, and the test. He will appreciate your aid. C. H. Prescott & Sons.

THEATRE TALK NO. 7

AS THE YEARS GO BY AND "THE TWO ORPHANS" PLAYS TO LARGE AND INTERESTED AUDIENCES SEASON AFTER SEASON, while other plays, good strong plays, too, are born and die in a short time, the question is often asked, why "THE TWO ORPHANS" has outlived thousands of other plays? In a word one might answer because it has all the elements of success which other plays only possess in a degree.

There is scarcely a passion known to humanity that is not shown in its utmost strength, both as cause and effect, in this wonderful play, and withal these fierce human passions are so closely interwoven in the threads of the story that it forms a drama that stands almost unrivalled as regards powerful effect and deepest pathos. In fact, pathos is the keynote struck by a master hand in a way that has drawn the tears of millions of people since its first production. It is doubtful if a story of more pathetic interest has ever been or ever will be written than this tale of two friendless girls

A Story That Will Never Grow Old.

being left alone in the gay city of Paris, both beautiful and one of them blind; their separation, and the hideous dangers they fall into; the bitter hidden yearning of the Countess for the child torn by cruel fate from her breast; the piteous fate of Pierre; the sad history of Marianne, are all phases of life that touch the tenderest chords of our natures.

WORDS AND FASHIONS, CUSTOMS AND MANNERS MAY CHANGE, but as long as humanity exists our passions can never change, good and evil will battle for supremacy, and just so long a play like "THE TWO ORPHANS" that epitomizes the best and worst of life's history will live, and succeeding generations will applaud its virtue and hiss its vice.

It is Held as a Cherished Memory

Our patrons tell us it's a pleasure to see such a play and production as this. They couldn't tell us anything that would please us more. THE PLAY WILL BE HERE SOON AND THE MANAGEMENT IS "YOUR MONEY'S WORTH OR YOUR MONEY BACK."

KRESO

Combination of Coal-Tar Derivatives.

(NON-CARBOLIC.)

A STANDARDIZED DISINFECTANT, ANTISEPTIC CLEANSER, DEODORIZER AND PURIFIER

Kreso possesses advantages which make it better and safer than any other material for household disinfecting, and it is preferable to carbolic acid, because it does not burn, to chloride of lime, copperas, etc., because

First. It is safe. In the dilution recommended it is practically non-poisonous, and can therefore be used freely, and is safe to have around. It is not caustic or irritating; it does not attack metals, and therefore does not destroy plumbing; it does not permanently stain washable fabrics.

Second. It is effective. Our laboratory tests require that in a 1% solution it must destroy the most resistant disease-germ (the green pus germ) in one minute. It thus disinfects, cleanses and purifies. It destroys foul odors, not by substituting another, but by destroying the cause of the odor.

Third. It is standardized; always the same. You can depend upon it.

Kreso is particularly valuable in preventing an outbreak of contagious diseases, by destroying infection, cleansing, purifying and promoting sanitation. It is the ideal disinfectant for HOSPITALS, RAILWAY STATIONS, PUBLIC BUILDINGS, SCHOOL ROOMS, BATH-ROOMS, WATER-CLOSETS, URINALS, KITCHEN SINKS, STORE ROOMS, OUT-HOUSES, GARBAGE BOXES, CESSPOOLS, STABLES, DOG-KENNELS, CAGES, ETC.

For all general disinfecting purposes mix Kreso with water (warm preferred) in the following proportions:

1 tablespoonful Kreso, 3 pints water.
1 pint Kreso, 12 gallons water.
making approximately a 1-to-100 solution.

SAFE AND EASY TO USE.
