The things that are worth advertising today are most probably worth buying. For a nice drink try Black Cross Coffee. Sold by J. L. Swartz, Tawas City. Look our window over for suggestions for Graduation presents. L. L. Johnson. Rev. O. E. Moffet returned last Saturday from a ten days visit at Streeter, Ill. Don't forget that the cut prices in millinery still continue at Mrs. Goodale's, East Tawas. Audley Redhead came up from Bay City and spent last Sunday at his home in this city. James McRae came up from Flint and spent Sunday with his parents, Mr. and Mrs. Alex McRae. Have you seen the new line of back combs at Johnson's? Also a swell line of belt pins and waist sets. One of those nice fancy vests which James LaBerge is selling, will just finish out your spring suit. Mr. and Mrs. Howard Luther, of Omer, spent last Sunday with Mr. and Mrs. Wirt Jacobs of this city. A fine little daughter came to bless the home of Mr. and Mrs. Charles Zink, of this city, last Friday. Don't forget our new wall paper—the finest in the country—ready for your inspection, at King's furniture store. Just received a nice line of Black Cross Coffee. Try it and you will want no other, at J. L. Swartz's, Tawas City. Col. C. E. Foote, department commander of the Michigan G. A. R., died at his home in Kalamazoo, on Saturday last. The Ladies' Aid of the M. E. church will have a cake sale at F. B. Stickney's store tomorrow, Saturday, afternoon. There is probably an ad. in today's paper that will make it important that you visit the store without delay. Look it up. For Rent, good pasture, near East Tawas. Inquire of Edwin Rawden, administrator of T. O. Gates estate, East Tawas. For Sale:—A singer sewing machine, in good order, without attachments, for \$7.00. Inquire of William McMurray. A swelled head, a grouch, coupled up with a lot of dishonesty, will make a monkey of a man about as quick as anything we know of. Miss Corrigan will have a big clearing sale of millinery during the entire month of June. All \$5.00 hats will be closed out at \$3.50. Mr. and Mrs. William McCarty returned to their home at Middleport, O., Tuesday after a ten days visit with her parents, Mr. and Mrs. W. R. Bolt. The auditor general's department estimates the state tax to be raised for 1909 at \$5,899,719.74 and for 1910 at \$4,474,421.14. In 1907 the tax raised was \$4,884,852.67. N. C. Hartingh has this week added 150 books to the city library. They consist of late fiction by popular authors and make a most desirable addition to the library. Dr. R. J. Smith and Herb McLean were down from South Branch over Sunday. Dr. Smith has sold his store at Port Austin and is looking after his farm at South Branch. As a result of the agitation started last week by the Herald relative to a sidewalk to the city cemetery, a subscription paper has been started by the cemetery board to raise the necessary funds. It is estimated that the cost will be \$400. It is to be hoped that a prompt and liberal response will be given to the appeal.

H. A. Ameron, of Flushing, has been in the city a few days this week assisting in getting the new creamery in running order. Mrs. Arthur Kaiser and little son George left yesterday for Flint, to join her husband, who has secured employment in that city. If you want to loan money or have any money saved you wish to deposit to be safe, go to the Tawas Exchange Bank of A. Barkman, East Tawas. James Henderson, of Columbus, O., has secured leases on about 50,000 acres of land around Roscommon and has commenced sinking a test well in search of oil. Children's day exercises will be held at the Baptist church next Sunday morning at the regular hour of morning service. A very pleasing program will be presented. The regular June term of circuit court which will convene next Monday has but one criminal case, three civil and two chancery. The term will undoubtedly be very short. Edward McGarry has vacated the New Bay Side, and that hotel is now closed. Mr. McGarry has moved into the John O'Brien house and will conduct a first-class boarding house. Chas. Jackson Jr. and family returned to their home in Saginaw last Wednesday after a short visit at the home of Mr. J. J. parents, Mr. and Mrs. C. R. Jackson in East Tawas. The Monthly Bulletin of Vital Statistics reports 3,394 deaths in the state during the month of April, and 4,706 births. Of this number there were nine deaths and 14 births in Iosco county. The Normal Class will hold a bazaar and serve refreshments in the building formerly occupied by J. M. Wugazer's drug store, tomorrow, Saturday, afternoon and evening. They extend an invitation to all to come and see them. During the entire month of June Miss Corrigan will offer the ladies of this vicinity great bargains in millinery. Trimmed hats from 50 cents to \$5.00. These are bargains which cannot be ignored. The demand for Sunday dinners at the new Hotel Iosco has starting off briskly. Landlord Kane requests all who wish dinner on Sunday to notify him Saturday afternoon. Dinner is served on Sunday from 12:30 to 1:30, local time. Tawas City is going to celebrate. So get busy and get one of those nobby suits for the fourth, made expressly for you by Ed V. Price & Co., master tailors, of Chicago. Nels Brabant will take your measure and guarantee you a perfect fit. Dr. W. N. Yeager, the dentist, will be at his office in this city on July 6th, 7th and 8th. Arrange to have your dental work done at that time and you will get it done in a satisfactory manner and at right prices. Painless extraction of teeth. When the final adjournment of the state legislature took place last week, and the formal closing ceremonies of both the lower and upper house had been completed, 10 bills passed by the legislature were left by the wayside, this number not meeting Gov. Warner's approval for one reason or another. The Tawas Butter Co. tarred out their first churning of butter Tuesday, and now have everything in nice running order. There is not a more complete and up-to-date creamery in this section than this and the company propose to treat the farmers fairly in every way and ask the support of all. A home market for cream should certainly be the best. The creamery will be open each Tuesday and Friday to receive cream. Tell some deserving rheumatic sufferer, that there is yet one simple way to certain relief. Get Dr. Shoop's book on Rheumatism and a free trial test. This book will make it entirely clear how rheumatic pains are quickly killed by Dr. Shoop's Rheumatic Remedy—liquid or tablets. Send no money. The test is free. Surprise some disheartened sufferer by first getting for him the book from Dr. Shoop, Razine, Wis. C. H. Prescott & Sons.

Miss Marguerite Ash, of East Tawas, has been at Flint this week, where she met her brother Fred, of Chicago, and attended the annual graduating exercises of the School for the Deaf. They also visited their sister, Mrs. Wilson, at Detroit. On Sunday afternoon last, at the home of the bride's parents, Mr. and Mrs. Henry McDonald, of this city, Miss Lulu B. McDonald and Henry J. McCash, of Cheboygan, were united in marriage by Rev. J. Brainard Brown. Only members of the immediate families were present. Ray Colbath was brought down from AuSable by Sheriff Hadwin last Monday on complaint of Deputy Game Warden Ash, and was arraigned before Justice Kelly Tuesday, and contributed \$21 fine and costs for placing gasoline power in a sail boat for fishing, on which he had only paid a state tax of \$1. John Samuelson, the Watkin Remedy agent, is again calling on his customers in this county. Judging from the load of supplies he took from the depot yesterday his patronage in this vicinity for these popular goods is increasing in a most satisfactory way. If you have not given them a trial it will pay you to do so now. Announcements have been received of the marriage of Charles M. VanHorn and Miss Maude, daughter of Mr. and Mrs. William Baxter, at their home in Ithaca, on Wednesday last. They will be at home to their friends at Mikado, where Mr. VanHorn is agent for the D. & M., after June 20. The Herald joins with the many friends of these young people in extending congratulations and wishing them prosperity and happiness. About the rankest piece of gall that has come our way in some time arrived from a firm up in Minnesota who ask us to publish a column article on how to kill dandelions, when as a matter of fact it was purely an advertisement for their spray pump. It is amusing to watch the number of editors who bit on the scheme, and the firm should certainly at least extend them a vote of thanks. If you need any money go to the Tawas Exchange Bank, of A. Barkman, at East Tawas.

We were visited by another fire last Sunday morning. About 9 o'clock the house owned by C. H. Prescott and occupied by B. C. Bowen, situated back of the Herald office, was discovered to be on fire. Prompt response by a number of people waiting for the Alpena excursion train held the flames in check and removed practically of all the contents, until the fire engine arrived when the fire was extinguished. The loss on the building will probably not exceed \$150, while Mr. Bowen's loss was very light. As at the Davis fire on the Sunday previous the fire apparatus was found in a very poor condition. Something should be done at once to improve it. New hose are needed and the old should be put in the proper shape at once. The fortunate scarcity of fires in our city the past few years has evidently led to carelessness in the care of the fire apparatus. Commencement. The annual commencement exercises of the Tawas City High School and the Iosco County Normal will be held jointly on Thursday, June 24. It is the seventeenth class from the high school and the fifth from the county normal. The high school class consists of six young ladies and one young man, viz: Nina J. Sawyer, Grace M. Birney, Willena A. Deacon, Lois E. Taylor, May M. Murray, Anna M. Sands, and James F. Mark. For the third time in its five years existence the county normal turns out a class of thirteen young ladies. They are, Minnie Reynolds, Jean Campbell, Evelyn Brabant, Hazel Lemmon, Belle Bixby, Lois Garber, Mary McGarvey, Ethel Garber, Jennie Birney, LaVina Cox Marguerite Baguley, Hazel Market, and Olga Haglund. The high school will hold their class day exercises on June 22, and the normals on June 23. The Baccalaureate sermon for both classes will be by Rev. J. Brainard Brown, on Sunday, June 20.

Dedicatory Exercises. The dedicatory exercises will be held at the East Tawas public school building Friday afternoon June 18th, at 2:30. Everybody invited. The following program will be rendered: Music—Mrs. A. Jackson's String Orchestra. Address of welcome—Mr. E. Rawden, pres. of board. Song—High School Chorus. Essay—Natural Parks. Lillie Matt-on. ATHLETIC NOTES.

AuSable will be down tomorrow,
Saturday. We expect to have a very
interesting game, can remember that the
more rooters we have the more likely we
are to win. The game will be called at
12:30 o'clock local time. We would
like to have all our rooters on the
grounds to help us start the game right
at 12:30 sharp.

AuSable high school claims the high
school baseball championship of Iosco
and Alcona counties. If you will come
and root we may get the championship.
We want you whether you belong to the
school or city or are only a visitor.

We won a very pretty game from Os-
coda high school last Saturday. Bran-
bant threw the first three innings and J.
Mark the last six for Tawas City high
school. Branbant was not knocked out of
the box but we are going to use two
pitchers in each game hereafter. Rubie
Mark and Spider Muller will work next
Saturday.

D. Hennigar twirled the eight innings
for Osceda. Osceda got only four hits
off Tawas City, two off Branbant and two
off Mark. Tawas City high school got
nine hits off Hennigar. Blakely's two-
base hit the first time up was the only
extra base hit made in the game. Blakely
was the star for Osceda, while our
outfield did the spectacular work for our
high school, none of them getting an
error. The rooting was another feature
of the game; our rooters were loyal from
first to last. We want them at every
game. They help to win. We cannot
pass without speaking of the rooting for
Osceda. We wish to thank the rooters
of our sister city, East Tawas, for their
very enthusiastic rooting for Osceda. It
helped to win the game—for us. We
play better with East Tawas rooting
against us.

A word as to the Osceda team. They
are the most gentlemanly bunch of play-
ers that it has been our pleasure to play
against. There was no kicking from the
first till the last of the game. And after
the game they smiled and vowed ven-
geance on the 26th without a bit of sore-
ness, unlike other teams we have played,
and landlord Kane of the Hotel Iosco
has nothing but commendation for the
'gentlemanly boys who stopped at my
house Saturday. We like to play
fellows like that, and besides—we won.
It seemed kind of nice to see "Bill"
McCue on the ball grounds Saturday,
even if he could not play. Bill pitched
and won two games from Osceda last
spring while playing with our high
school.

Disinfecting After Disease.

For disinfecting a room and cloth-
ing which has been occupied by a
person suffering from disease of a
contagious nature, Dr. Roeder, in
Colman's Rural World, gives the fol-
lowing directions:

Procure from your druggist either
one pint of 40 per cent solution of
formaldehyde, or two ounces of para-
formaldehyde, and one-half pint of
potassium permanganate. Make the
room as air-tight as possible by stuff-
ing all cracks and closing all open-
ings. Put into the room all the be-
longings which the afflicted one has
worn, used or handled, as well as all
bed clothing, etc., that could have
been contaminated. Place in the
middle of the room an old pail that
will hold at least six quarts of wa-
ter. Put into this pail one quart of
cold water; then pour in the for-
maldehyde, afterwards adding the
potassium permanganate, and leave
the room instantly, as the gas which
is formed by the combination of the
chemicals will suffocate you if
breathed, and close the door tightly
between the rooms, leaving it closed
overnight, or for at least six hours.
Keep out of the room for six hours,
and when it has been closed the re-
quired time, go in and quickly open
the doors and windows, and leave
them open for several hours. The
gas will kill all impurities in the
room, bedding and clothing, and
they can then be used with perfect
safety.

No More White Bread.

The bleaching of flour will here-
after be prohibited. This order goes
forth from the pure food bureau.
There has been a hard fight against
the proposed action of the bureau,
but it was against fate. The bleach-
ing process is that which makes the
flour very white, but it is regarded
as weakening the flour. That is, the
whiteness costs something, and the
consumer pays for it in deteriorated
flour. That is the position of the
pure food bureau, and on this ac-
count they have proscribed it.
Since June 3 it is unlawful to sell
flour that has been bleached.

This thing of preferring the snow-
white bread to the creamy tinted
bread is a fad. The latter sort is
more healthy, more nutritious, more
tasty. People must understand that
this bread is better for them. The
whiteness of the bread does not com-
mend it for any merit or virtue
whatever. So we must make up our
minds that the law is right, that the
bureau has put the correct construc-
tion on it and that the mellow-tinted
bread contributes both to our happi-
ness and our health.

The Care of the Eyes.
When one is using the eyes for close work it is wise to change the focus at intervals and gaze off at a distance; if the distant view is of green mountains and fields it will be most restful. If the air in the room can be frequently changed that will rest the eyes also. One should never use the eyes for study or work before breakfast or after the strength has been reduced by disease or a nervous strain. A book should be held about 18 inches from the eyes. The light for work should be steady and for an entire room diffused rather than spotty.—Hager's Bazar.

Heaven's First Law.
Rev. Dr. Frank Cone tells of a bride who refused to answer the question, "Will you love, honor and obey?" Her friends interceded, but it was of no use. Finally the intended bridegroom gathered up his hat and started for the door. Instantly she sprang after him, and, leading him back, locked up neatly and said, "I will!"—Success Magazine.

Still a Chance.
Bishop Elmer Barrington of Durham was ill and Preyman of Lincoln, who was thought to desire that wealthy see, was diligent in his inquiries. Bishop Barrington recovered and directed his man servant to answer on the next occasion: "I am better, but the bishop of Winchester has a bad cough."—The Argonaut.

Test of Successful Marriage.
A well-ordered French household is the supremest example of the old adage that "Two heads are better than one." The best test of a successful marriage is to see whether, at the end of five years, husband and wife would, if time could be set back for their convenience, repeat the experiment.

Only Manhood Remains.
Labor, calling, profession, scholarship and artificial and arbitrary distinctions of all sorts, are accidents and accidents of life, and pass away. It is only manhood that remains and it is only by manhood that man is to be measured.—Josiah Gilbert Holland.

Point for Educators.
That of which we learn too much and too prematurely in our childhood we will surely not know anything about later on, even in our old age; the man who likes thoroughness in the end becomes a sophist from his youthful errors.—Kant.

Getting Around Customs Laws.
Large quantities of cherries are sent from Eugene to this country, simply preserved in brine, to escape the high duty on fruits preserved in sugar. They are then made into "Maraschino" cherries.

Proof.
Bliggs—Attorney Coke is one of the very best men at the bar. He's thoroughly honest and conscientious. Take your damage suit to him. Wiggs—I did, and he said he wouldn't touch it.

Her Plea.
"I see," said the country girl at the city department store, "that here on this sign it says this elevator is for hats, feathers and fowers; but may I go up in it, too, if you please?"

Daily Thought.
Thoughts come into our minds by avenues which we never left open, and thoughts go out of our minds through avenues which we never voluntarily opened.—Emerson.

Some Consolation.
"It's a mighty good thing sometimes," remarked the observer of events and things, "that the mirror cannot make any verbal reflections."

As to Wigs.
If you are bald, by all means wear a wig, unless you have an elegantly formed head. Without a fine dome baldness is never becoming.

Penalty of Beauty.
Because a woman is pretty certain envious women will accuse her of anything and everything. Beauty is seldom without a penalty.

A Mean Remark.
"She says she'd rather dance than eat." "Well, I'd rather dance than eat anything she can cook."—Birmingham Age-Herald.

A Tip to Women.
Do not think that because a man makes fun of himself he necessarily means it or wants you to do it.

Her Age.
A woman may be as old as she looks, but it is seldom possible to get her to admit it.

Calls for the Cash.
A pound of care will not pay an ounce of debt.—Dutch proverb.
