A Good Game

Last Monday the Tawas City ball team and the boys from Prescott met in the second game of the season on the Prescott grounds and, as in the first contest, Tawas City won, the score being 9 to 4. The game was close and exciting up to the eighth inning. Prescott scored two in the first, one in the fifth and one in the seventh. Tawas City did not score until the third when they got one. In the fourth they got two and in the seventh one. In the eighth they scored four runs on three hits and a couple of errors.

Dockham pitched good ball for Prescott, not passing a man in the entire game. He struck out nine of the Tawas boys. Brabant, for Tawas City, struck out six of the Prescott players, hit one, but did not give a base on balls.

"Hop" Hawkins umpired the game in a very satisfactory manner to both sides. The score by innings was as follows:

	1	2	3	4	5	6	7	8	9
Prescott,	2	0	0	1	0	1	0	0	—4
Tawas City,	0	0	1	2	0	0	1	5	—9

Next Week

The Iosco county annual fair is to be held next Tuesday, Wednesday and Thursday and the officers have again prepared a strong program of amusements and displays and ask the merchants and farmers to make it stronger than ever before.

The merchants and farmers can do most to make the fair a success by making nice displays. Each public spirited merchant should make a display of his goods at the grounds and make it as attractive as possible to please and instruct all who see it, especially in agricultural implements, textile goods, works of art, furniture and household labor-savers. A few have always done so, why not all?

The man who will bring, for instance, a few of the many little utensils and implements for saving the good housewife hard labor and much work in the house will get much attention, much praise, and sell a lot of goods; and so will the man who shows labor-saving machines and implements for the farmer and workman. There are many men and women who do not know of one half of the good things which can be bought cheaply to help them work easier and turn out better results, that are now on the market.

The same with the farmer who is making the good money today, especially in sheep, cattle and poultry raising, Iosco is beginning to attract attention all over the state along these lines, and why not bring in your good stock and show it, advertise it and make a good market for it among your neighbors who are anxious and willing to buy the best when they see it and know what it is.

There is a large building at the fair grounds, weather tight and guarded night and day by a watchman. The officers of the association are willing and anxious to help you in every way. They earnestly invite you to come and show your goods. It will help the county, help your business and help your pocket book.

New Cigarette Law.

It may not be generally known that the last legislature enacted an anti-cigarette law, which makes it a crime for "any person to sell, give or in any way furnish cigarettes in any form to any person under 21 years of age." Violations of this law are punishable "by a fine not to exceed fifty dollars, or imprisonment in the county jail not to exceed thirty days for each offense."

Persons under twenty-one are not permitted to smoke cigarettes "in any public highway, street, alley, park or other lands used for public purposes, or in public place of business."

Violators of this law may be arrested and fined ten dollars or imprisoned five days for each offense.

Minors arrested for smoking may have sentence suspended by giving information as to where they obtained the cigarettes.

All persons are forbidden to harbor minors engaged in breaking this law, but the rights of parents and guardians over their children within the bounds of their premises are not affected by this law.

National Dairy Show

The greater part of the attendance of the National Dairy Show to be held in Milwaukee October 14 to 24th will come from the central west, but progressive dairymen from every state in the union have assured President Colon C. Little, Coopersville, Michigan, that they will be present. Arrangements are being made to accommodate about 20,000 representatives and delegates. The dairy show will be a mammoth exposition of everything allied with the dairy interests, and there will be a model working dairy in operation and a working herd, in charge of government officials and experts of national reputation, and over six hundred head of show cattle.

Michigan, Ohio, Indiana and Illinois will lead in the numbers of dairymen that will attend the show, which will include an exposition of machinery covering a floor space of 50,000 square feet. Ten conventions of national organizations of dairymen, butter makers, cheese makers, milk dealers, freight agents and kindred organizations will meet in Milwaukee at the same time, in the same building, the new auditorium, the largest building of its kind in the country.

Dairymen noted for their wide knowledge of progressive dairying, including Hon. W. D. Hoard, Editor, Hoard's Dairyman, will address the dairymen in the main hall, accommodating 7,500 people.

Some Missionary Work.

During the annual fall excursion to lower Michigan, Ontario, Ohio, and Indiana, visitors will have ample opportunity of telling their friends of the advantages to be had in securing farm lands in this section of country at very nominal prices. A little practical missionary work along this line will work wonders. It is evident to all that our great lack just now is an influx of practical farmers who will settle on our vacant lands and cause them to produce harvests of wealth that they are so capable of doing. In a circular sent out by the D. & M. it says:

Tell your Ohio and Indiana friends that Michigan has thousands of acres of fine farm lands for sale at very low prices, and that on September 21, October 5-19 and November 2-23, 1909, "Home-seekers" tickets good for 15 days will be sold to the following D. & M. Ry. Stations: Aloho (Mullet Lake), Alpena, Au Gres, AuSable (Osoda), Harrisville, Lincoln, Linwood Park, Metz, Millersburg, Onaway, Ossineke, Prescott, Rose City, Twinning.

Street Carnival and Soldiers' and Sailors' Return at Rose City

D. & M. Ry. will make a one fare rate for round trip from Bay City, East Tawas, Alpena, Prescott and intermediate stations at which there are agents; tickets on sale SEPT. 14, 15, 16 and 17, good returning any time up to and including September 18. On Friday, September 17, special train will leave East Tawas 7:00 a. m., Tawas City at 7:05 a. m., arriving Rose City 8:45 a. m. Special low rates good only on excursion train are as follows: East Tawas, Tawas City, Melvor and Emery Junction 75 cents; Cooper's Crossing 70 cents; Taft 65 cents; Hale 50 cents; Long Lake 45 cents; South Branch 40 cents; Maltby 30 cents; Lupton 20 cents; returning train will leave Rose City 6:00 p. m., running through to East Tawas and connect at Emery Junction with regular train for Bay City. A splendid program has been prepared including sham battle, base ball games, free vaudeville, etc. See D. & M. agents and hand bills.

POLICE AND FIREMEN AT FAIR.

Every Precaution Will Be Taken at Michigan's Annual Exhibition to Protect Lives and Property of Everyone Who Visits the Grounds.

The management of the Michigan State Fair, which opens this year on September 2, at Detroit, and continues until September 10, has planned to give the exhibition city every facility for safety. This applies both to police and fire protection. This is as it should be, as thousands and thousands of dollars worth of property are taken to the grounds during the week of fair. The Detroit police and the sheriff and his deputies have planned this year, as heretofore, to make the exposition as safe from disorderly characters and thugs as is done down in Detroit. Gambling will not be permitted and everything that tends to lower the high standard of the fair will be eliminated.

The protection against fire is as complete as any section of Detroit. An engine house with a full equipment of metropolitan fire fighters from the Detroit department will again be constantly on duty during the exposition. With such facilities as these, it is almost impossible for a fire disaster to occur. The Michigan State Fair is practically an organized city and every comfort will be given visitors that can be secured down in Detroit.

CHILDREN TO SING AT FAIR.

Miss Gertrude Sackett to Lead Chorus Consisting of Sixty Little Folks at Michigan's Annual Exhibition, This Year.

One of the most pleasing features of the coming State Fair is the children's chorus to be arranged by Miss Gertrude Sackett, of Detroit. A contract was closed with Miss Sackett for this pleasing feature at a meeting of the fair officials held the present week. This energetic young woman has arranged to train sixty little girls, ranging from ten years and upwards, so that they can sing without music or words. They will appear all in white in the big grandstand in the grove, west of the main building, every day at the noon hour. The children's program is composed of patriotic songs both new and old and some novelties will be interspersed. These children will come from every part of the city, and a few from the suburban towns.

The Ladies' Auxassar band will accompany the children in their singing, which will make one of the finest features of this big exhibition. This band will come to Detroit direct from Toronto and besides accompanying the children's chorus, they will play every afternoon and evening. Kopp's band, the big Cincinnati aggregation, will be heard principally in the grandstand during the races, the horse show and the free acts. This is one of the finest musical organizations now appearing before the public, and has made a great success during the past summer.

A Hurry Up Call.

Quick! Mr. Druggist—Quick!—A box of Bucklens Arnera Salve—Here's a quarter—For the love of Moses hurry! The Syracuse New High Lift Single Sulky

A High Lift, Light Draft, Easily Backed Sulky, incapable of being tipped over; fitted with foot trip engaging with the power lift, also foot guide for regulating width of furrow and plowing around curves.

The special features we bring to your attention are, convenience in going to and from the field and in transporting on the road; high lift and high wheels, particularly fitting it for use in rough ground among rocks and stumps, where other plows fail; ease with which it can be backed and turned; impossibility of its being tipped over at ends and in the roughest ground.

Farmers who have used this Sulky say it is the lightest draft two-horse plow they ever hitched to.

It's a pity when sick ones drug the stomach or stimulate the heart and kidneys. That is all wrong! A weak stomach means weak stomach nerves, always. And this is also true of the heart and kidneys. The weak nerves are instead crying out for help. This explains why Dr. Shoop's Restorative is promptly helping stomach, heart and kidney ailments. The Restorative reaches out for the actual cause of these ailments—the failing "inside nerves." Anyway test the Restorative 48 hours. It won't cure so soon as that, but you will surely know that help is coming. Sold by C. H. Prescott and Sons.

Too True.

A four-year-old child at once delighted his quick-witted parents and touched a deep truth in his unexpected rendition of the hymn line written: "Love is meek and thinks no wrong." "Love is weak and things go wrong," the piping trouble invariably shrilled.

A pleasing, good, high grade, truly flavored, amber colored cup of coffee can be had—and without the real coffee danger, or damage to health—by simply using Dr. Shoop's new substitute, called "Health Coffee." Pure wholesome, toasted cereals, malt, nuts, etc. make Dr. Shoop's Health Coffee both healthful and satisfying. No 20 to 30 minutes tedious boiling. "Made in a minute," says Dr. Shoop. If served as coffee, it's taste will trick an expert. Test it and see. James Hamilton.
