WOMEN DISCUSS LOCAL GOVERNMENT

League of Women Voters Take an Active Interest in City Affairs

The regular meeting of the League was held at the home of Mrs. G. A. Pringle, March 8th.
A very interesting discussion of "Local Government" was brought out by use of a series of questions prepared on the subject. This is the second study of the "Know Your Own Town" program which the League has adopted for its meetings. The next topic will be "Courts and Juries," which is a timely subject for study, as women are being called to serve as jurors in our local courts.
During the business session, by-laws were adopted by the League. These by-laws provide for regular meetings to be held the first and third Monday of each month.
The league is not a party organization, and is for all women voters who are interested in their newly acquired citizenship. Any woman voter may attend any meeting of the League and payment of twenty-five cents makes her a member of the organization. All paid members receive the bulletin which is published by the State League.
The next regular meeting will be held at the home of Mrs. Ira Horton Monday evening, March 17 at 7:30 o'clock.

Supt. McCrum of the Agricultural Society Gives Advice to Poultry Club

To the Iosco County Poultry Club:
How and where to properly set a hen. Naturally when sending out side for a setting of good eggs, you will wish to give them as good a chance as possible for emerging into good strong thrifty chicks.

In selecting a hen for a setter you may not have enough to pick from to get an ideal hen, but keep these points in mind. Pick out a medium sized hen in just fair large hen as they are much more apt to be clumsy and break their eggs. A Rock, Red, Wyndotte or Orpington usually make good mothers. Avoid hen with much Leghorn or Ancona blood as they are nervous and flighty and may set a few days and then walk out and leave the job for some other hen to finish. A very good thing to do especially if the weather is very cold is to put seven of your fifteen eggs under one hen and eight under another.

If you have an old shed some where where the ground is dry and away from the rest of the chickens it will be an ideal place to make your nests. If the ground is so that water can get in the nest, put the nest on the ground if you have to use a box, put three or four inches of dirt in the bottom of it. The nest should be about eighteen inches square, straw chaff makes a good filler for the nest.

OREN CARPENTER

Oren Carpenter, D. & M. station agent at Mikado, died suddenly on Thursday afternoon, at the depot at that place.

Mr. Carpenter had been agent at Mikado for about two years, going there from Au Gres, and had been an employee of the D. & M. for about 30 years. He was 48 years of age.

About 3:30 Thursday afternoon he left the depot to go into the yards. He had reached the corner of the building when he called for help and fell. Men nearby carried him into the building where he lay for about half an hour before passing away. From the time of seizure until his death he did not regain consciousness. Mrs. Carpenter, who was at the family home about half a mile distant, was summoned at once and was with her husband when the end came.

The body was taken to East Tawas on Thursday and the funeral services were held at Christ church on Sunday, Rev. Edinger officiating. He was laid to rest in Greenwood cemetery. Omer Lodge F. & A. M. officiated at the burial services.

ANNUAL TAX SALE.

STATE OF MICHIGAN,
County of Iosco,

The Circuit Court for the County of Iosco in Chancery.

In the matter of the petition of Oramel B. Fuller, Auditor General of the State of Michigan, for and in behalf of said State, for the sale of certain lands for taxes assessed thereon.

On reading and filing the petition of the Auditor General of the State of Michigan praying for a decree in favor of the State of Michigan against each parcel of land therein described, for the amounts therein specified, claimed to be due for taxes, interest and charges on each such parcel of land, and that such lands be sold for the amounts so claimed by the State of Michigan.

It is ordered that said petition will be brought on for hearing and decree at the April term of this Court, to be held at Tawas City, in the County of Iosco, State of Michigan, on the 8th day of April, A. D. 1924, at the opening of the Court on that day, and that all persons interested in such lands or any part thereof, desiring to contest the lien claimed thereon by the State of Michigan, for such taxes, interest and charges, or any part thereof, shall appear in said Court, and file with the clerk thereof their objections thereto on or before the first day of the term of this Court above mentioned, and that in default thereof the same will be taken as confessed and a decree will be taken and entered as prayed for in said petition. And it is further ordered that in pursuance of said decree the lands described in said petition for which a decree of sale shall be made will be sold for the several taxes, interest and charges thereon as determined by said decree, on the first Tuesday in May thereafter, beginning at 10 o'clock a. m. on said day, or on the day or days subsequent thereto as may be necessary to complete the sale of all lands and of each and every parcel thereof, at the office of the County Treasurer, or at such convenient place as shall be selected by him at the county seat of the County of Iosco, at the State of Michigan, and that the sale then and there made will be a public sale, and each parcel described in the decree shall be separately exposed for sale for the total taxes, interest and charges, and the sale shall be made to the person paying the full amount charged against such parcel, and accepting a conveyance of the smallest undivided fee simple interest therein, or if no person will pay the taxes and charges and take a conveyance of less than the entire thereof, then the whole parcel shall be offered and sold. If any parcel of land cannot be sold for taxes, interest and charges, such parcel shall be passed over for the time being, and shall, on the succeeding day, or before the close of the sale, be reoffered, and if, on such second offer, or during such sale, the same cannot be sold for the amount aforesaid, the County Treasurer shall bid off the same in the name of the State.

Witness the Hon. Albert Widdis, Circuit Judge, and the seal of said Circuit Court of Iosco County this 20th day of February, A. D. 1924.

STATE OF MICHIGAN.

To the Circuit Court for the County of Iosco in Chancery.

The petition of Oramel B. Fuller, Auditor General of the State of Michigan, for and in behalf of said State, respectfully shows that the list of lands hereinafter set forth and marked "Schedule A" contains a description of all lands in said County of Iosco upon which taxes were assessed for the years mentioned therein, and which were returned as delinquent for non-payment, and which taxes have not been paid; together with the total amount of such taxes, with interest computed thereon to the time fixed for sale, and collection fee and expense, and by law, extended against each of said parcels of land.

Your petitioner further shows to the Court that said lands were returned to the Auditor General under the provisions of Act 206 of the Public Acts of 1920, as delinquent for non-payment of said taxes for said years respectively, and that said taxes remain unpaid; except that lands included in said "Schedule A" for taxes of 1920 or prior years returned to the Auditor General as delinquent for said taxes under the provisions of the general tax laws in force prior to the passage of Act 206 of the Public Acts of 1920, and which taxes remain unpaid.

Your petitioner further shows that in all cases where lands are included in "Schedule A" as aforesaid for taxes of 1920 or prior years, said lands have not been sold for said taxes and the sale or sales made have been set aside by a court of competent jurisdiction, or have been canceled as provided by law.

Your petitioner further shows and avers that the taxes, interest, collection fee and expenses set forth in said "Schedule A" are a valid lien on the several parcels of lands described in said schedule.

Your petitioner further shows that the said taxes on the said described lands have remained unpaid for more than one year after they were returned as delinquent, and the said taxes not having been paid, and the same being now due and remaining unpaid as above set forth, your petitioner prays a decree in favor of the State of Michigan against each parcel of land therein described, for the amount of the several amounts of taxes, interest, collection fee and expenses, as computed and extended in said schedule against the several parcels of land contained therein, and in default of the said several amounts computed and extended against said lands, that each of said parcels of land may be sold for the amounts due thereon, as provided by law, to pay the lien aforesaid.

And your petitioner will ever pray, to the effect aforesaid.

Dated February 18th, 1924.

ORAMEL B. FULLER,
Auditor General of the State of Michigan,
for and in behalf of said State.

The Real Economy

—the Safe Kind that Pays Dividends

There are two kinds of economy in regard to farm implements.
One is seeming economy; the other is real economy.
Seeming economy looks mainly to first cost; real economy looks ahead at final results.
Seeming economy sees only the dollar going out; real economy sees the dollar coming back—with interest.
Seeming economy urges one to try to save money by doing without a needed implement or by trying to prolong the life of a hopelessly worn-out implement by hazardous makeshift methods.
Real economy urges one to figure on the benefits that outweigh the price of needed new equipment—to buy the equipment that saves time and labor, reduces costs of farming operations, increases yields and brings a greater net profit per bushel, ton or bale.

HOW TO SAVE MONEY WHEN SHOPPING

By MRS. HARLAND H. ALLEN

(©, 1922, Harland H. Allen.)

THE RIGHT CORSET

If you still wear 'em, it is important that you should know the kind of corset you can wear with greatest comfort, and the kind that gives you the best lines.

There are recognized to be nine types of women to be fitted with corsets, and all up-to-date corsetieres now provide for these types. They are: (1) The short, slender figure; (2) The tall, slender figure; (3) The short-waisted figure; (4) The short, heavy figure; (5) The tall, heavy figure; (6) The full-hip figure; (7) The full-bust figure; (8) The swayed back figure; and (9) The normal figure.

Here are a few suggestions as to the kinds of corsets that are best for your build.

If you have a short, slender figure, choose a corset moderately short, light in weight, and with few stays.

The same holds for the tall, slender figure, with the added caution that the corset must be long enough over the hips to give an unbroken line. Never wear a corset too tight, as this only makes a slender woman appear more slender.

For the short-waisted figure, the corset should be fitted rather loosely, and worn well down on the figure. Be sure that the corset is short enough below the waist line in front.

The short, heavy figure requires a corset with short stays, to prevent "hitching" up when the wearer sits down, thus making her appear shorter-waisted than ever.

If you are tall, inclined to the heavy figure, wear a corset with a very long skirt. Let the length come at the back and sides, however, keeping it short in front. A corset that is too tight on a large woman will cause her to appear to be "all corsets."

The full-hip figure has the same problem, and the corset must be long and well-boned over the hips. Several strong elastic are necessary to fasten the corset to hose. Do not wear corset tight in an attempt to reduce size of hips, or termination of the corset will show, giving an ugly line.

For the full-busted figure it is generally more satisfactory to wear low-busted corset and confine the extra flesh in a well-fitting brassiere.

The swayed-back figure takes an ordinary corset, and where the back is very much curved, a small corset-pad is attached to the inside of the corset where needed.

If you have the happy perfect figure, you have only to choose the correct size for your waist, and a comfortable length and weight. A size two inches smaller than your ordinary measurement is the general rule.

Hollanders Like Cake.

In no other country do cakes play such an important part in the daily diet of the people of all classes as in Holland, where they seem to have an infinite variety and special kinds for every occasion.

Succotash an Indian Word.
The Puritan writers who first described succotash as being "seethed like beans" spelled its Indian name Sukuttahash. Both the principle of the dish and its name are borrowed from the native Indians.

A Deemster.
Originally a deemster was a judicial officer in Scotland, who formally pronounced the doom or sentence of death on condemned criminals. The name is now given in the Isle of Man to two judges, who act as chief justices of the island.

POTATOES

I will contract to take all U. S. Grade One white potatoes grown in Isoco county, during season of 1924, at 40c per bushel. Why quit the farm and go to the city when you could plant ten acres of potatoes on clover sod or new land that has been pastured which would yield 200 bushels or \$80 per acre, or \$800.00 from ten acres; \$1600.00 from 20 acres; or Three Thousand Two Hundred Dollars from forty acres.

It is all up to the man on the farm to make 1924 the most successful year of your life and pay off the Mortgage on the farm or the other obligations that you have coming due this fall.

Don't linger along with one or two acres, but swell your bank account this fall.

Order Your Ford Runabout Now!

Each spring the demand for Ford Runabouts is far in excess of the immediate supply.

Fast in traffic, easy to park and fitted with ample luggage space, the Ford Runabout is especially adapted for the work of salesmen and others who must conserve time and energy in making their daily calls.

If you do not wish to pay cash for your car, you can arrange for a small payment down and easy terms on the balance. Or you can buy on the Ford Weekly Purchase Plan.
