CARAVAN ARRIVES THURSDAY Those taking part in the "caravan tour" of the Tawas Association of Detroit will arrive here about five o'clock next Thursday afternoon, where they will be welcomed by their old friends and neighbors. Many former Tawas people now living in Detroit and Flint have signified their intentions of taking part in this trip which promses to be one of the most 1,000 enjoyable times of the season.

The following is a communication received from C. R. Jackson, Jr., president of the association:

"I am giving you below the schedule of our "Caravan" tour to Tawas August 21. Those wishing to join us from Saginaw or Bay City, will Davidson, one in Bay City and one in Standish. This will permit any who of the Auxilliary. est ebb last Sunday when they lost want to get out, look over the car,

"The schedule is as follows: Leave Detroit, six mile road and

Savings is Civilization

Invested capital is the bedrock difference between civilization and savagery. It was only when men began to consume less than they produce and saved a surplus that human progress could begin. What was true of the race is true of the individual. You can accumulate a surplus and this can help protect and keep it.

TO THE VOTERS OF THE TENTH CONGRESSIONAL DISTRICT:

I have decided to become a candidate for the nomination as a Member of Congress from the 10th Congressional District on the Republican ticket.

I have lived in this district and the city of Bay City for 52 years and have cast my vote in every election since my majority.

To be a member of Congress has been a long cherished ambition, which I

have set aside in the interests of others at different times. I am a Republican-a Calvin Coolidge Republican-party government is essential to the nation's prosperity and stability. Party platforms should be the rule and guide of faith and carried out in honesty and fearlessness. Party wisdom is greater than individual wisdom, and no man has a right to ask for party support and election, to immediately ignore all party obligations after election.

I thoroughly believe in the platform and policies of the Republican party, and promise to stand firmly for them at all times.

Having served the people of my home town of Bay City as City Clerk, Member of the Legislature, Postmaster, the people of the state of Michigan as Secretary of the Public Domain Commission and Deputy Secretary of State, my public record is not unknown.

I ask for consideration from the voters of the district, and promise if elected to serve the people of the state of Michigan to the best of my ability.

GEORGE L. LUSK.

Bay City, Michigan, August 8, 1924.

Removing Ceiling Stains Rain spots on the ceiling can be removed with a little unslaked lime dissolved in alcohol, says Popular Science Monthly. The lime is thoroughly shaken up with the alcohol

until it crumbles into a fine powder. The mixture is then brushed over the spots. When dry, the ceiling can be painted.

IN KARCHER

Everybody at Rose City Behind His Candidacy for State Senator

matter of election of state senator of the 28th senatorial district. This office is that H. S. Karcher will be office. Lillian Van Patten and cousin of re-elected state senator from this

H. S. Karcher, present state sen-Shultz of Alabaster were married on ator and republican candidate for

Home Town Booster

pooster class. Let a person or organization of persons bring forth a project that would work an injustice to Rose City or Ogemaw county and his coat off, ready to defend the interests of his home folks. What is true of a man's action at home is lying 3,250 feet above the level of the Dated May 20th, 1924 usually true of his action when giv- sea. England's highest sheet of water en an affice of trust. We believe is the Red Tarn, on Helvellyn, over this is true of his action in the lost 2,000 feet altitude. legislature. He knew that his constituency wanted a gas tax, and he not only voted for the measure but did active work for its passage. He also opposed the gas tax substitute, the weight tax.

Stands for Conservation

It is being reported by another political aspirant that he secured the passage of a bill limiting the acerage game preserves. In going into the records we find that Senator Karcher was the man who introduced bill limiting private game preserves to 15,000 acres. On every measure pertaining to conservation he has been right and through his affiliation with the Izaak Walton League of his district we believe the senator will be a power in the next session of the legislature in the mat-

He has received the loyal support of his home town citizens many times in the past 25 years as his record will show. He was mayor of his home town 12 years, county school examiner for 26 years, has represented his city on the board of supervisors of Ogemaw county for 17 years and was judge of probate for Ogemaw county for 12 years. Never in any political campaign have the people of Rose City been found opposing their fellow townsman, but instead have relied up his majorities. instead have rolled up big majorities for their favorite son.

The best proof of a man's worth after all, is the standing which he has with the people back home. If Mr. Karcher was unable to get a vote outside of his home town it must be a great satisfaction for him to know that he has the support of his neighbors. To date the political dope sheet has not brought forth an opponent of the senator, and this is as it should be as stated recently by an

influential citizen of Rose City.

Mr. Karcher worked for the passage of the Sheppard-Towner bill and for that reason has the endorsement of the Women's Clubs of his district, while on the other hand the measure was opposed by our representative

It is not believed that anyone in the 28th senatorial district will file a petition to oppose the re-nomina-tion of Senator Karcher at the primary election, September 9.—Oge-maw County Herald.

Head Worth \$15,000

Accident insurance companies average values thus: On a business basis your arms are worth \$5,000; your legs, \$5,000; your eyes, \$5,000; a finger, \$250. According to that computation, your head must be worth at least \$15,-000. Therefore, when you got up this morning, if you did not have a dollar in the bank, you had a working capital of \$30,000. With that much of a start you may go far.

Gardeners' Adjuncts

A bed heated from the bottom by means of pipes, flues or fermenting organic matter is used for seed germination and plant growing. It is used for short-season vegetables and for starting garden crops in order to have them mature early. An unheated frame is used to carry half-hardy plants over winter for planting the next spring or when only slight protection is needed .- Washington Star.
