EULALIE

THOUGH Eulalie, or Eulalia as it is sometimes preferred, has a Spanish origin as well as pronunciation, the name has come to be used as purely American. Perhaps no other name has a more beautiful or pathetic history. It means "fair speech," and comes from the Greek term for that phrase.

The first Eulalia known to history was a child of twelve, who possessed such extreme of Spanish piety that she escaped from her parents' guardianship and entered Merida, proclaiming herself a Christian and enduring martyrdom in the persecution of Diocletian. The great Christian poet Prudentius has written of the child's beautiful faith and cruel suffering, and spread her fame throughout Europe. The Russians call her Jevlalija and the

Serbians, Evlalija or Lelica. Another virgin martyr called Eulalie died at Barcelona. Her relics spread into Guinne and Languedoc, and named the villages of St. Aulazie and Ste. Aulaire. Both Eulalia and Eulalie are used interchangeably in France and Spain. Eulalia is frequent in England, appearing in very early times in church registries in Devon and Corn-

Eulalie's talismanic gem is the agate. If worn by her as an amulet, it will protect her from danger, and give her courage and energy. It promises her a pleasant disposition and the gift of persuasion by which she will always attain her heart's desire. Tuesday is her lucky day and 2 her lucky number. The wild rose is her flower.

Kiwi a Wonderful Bird

The kiwl is called the strangest bird known to man. It was recently obtained by the government in exchange for a cage of rare white owls. There is no trace of wings on the kiwi.
