## WILL RETURN TO TAWAS CITY AFTER 40 YEARS

The Methodist Episcopal church of Tawas City is planning home-coming services for early in June. Rev. William J. Balmer, now of Port Huron, will be present to preach morning and evening of Sunday, June 6, during the home-coming. It is 40 years since Rev. Balmer was stationed here. In his reply to the invitation extended to him, he said, "June 2nd is our wedding anniversary. Mrs. Balmer went to Tawas City as a bride and never has been back there since we left.

"I will take her along. Our two Nathan Barkman left Monday for a birthdays come in the same month, week in Detroit and Bay City on bus-Mrs. Balmer's on the 26th and mine on iness. the 7th, so we will celebrate with you.

# In one week 102,909 thronged to see it last degree, this new and advanced

During the week of the National Automobile Show, January 9-16, over 100,000 men and women came direct from Grand Central Palace to the Willys-Overland showrooms, at Broadway and 50th Street, New York, to enjoy a better view of the new "70" Willys-Knight Six. These in their eager thousands found it impossible to give it close enough examination, so great were the crowds around it at the show!

# Super-efficiency, through Greater Power Development

This new "70" Six applies the principles of high speed engine construction to the Knight Sleeve-Valve motor with startling results. With a 215-16 inchbore and a 43-8 inch stroke this new Sleeve-Valve Six engine delivers greater power per cubic inch of piston displacement throughout its complete range, than any stock American motor-carengine built today. Speed capacity is well in excess of 60 miles an hour; acceleration is positively startling, and its power on hills is a revelation.

Positive mechanical four-wheel brakes—easiest steering

-the perfected braking system the finest and most advanced cars of Europe and America today employ-a system regarded by the best engineering practice as the most dependable and most nearly infallible of all brakes. Easiest steering-the steering facility of this phenomenal car is literally amazing. Eight Timken bearings cradle the steering mechanism with the utmost absence of friction.

A body of marvelous beauty Never has such beauty, such style, such smartness been approximated as is conspicuously present in this distinguished Six. While compact to the motor-car creation is revolutionary in its roominess and comfort. Don't fail to see this new leader among Sixes at your earliest opportunity. Ask, too, about the new WILLYS FINANCE PLAN which offers easy time-payment terms at the lowest credit cost in the industry.

## HOW'S THIS?

HALL'S CATARRH MEDICINE Will do what we claim for it—rid your sys-stem of Catarrh or Deafness caused by Catarrh. It consists of an Ointment which Quickly Relieves, and the Internal Medicine, a Tonic, which acts through the Blood on the Mucous Sur-Sold by druggists for over 40 years.

"YOU ARE ENTITLED TO KNOW THE FACTS" DODGE BROTHERS, INC.

# Over a Cliff in this STEEL BODY without injuring the DRIVER

# A careless driver . . A triple somersault over a cliff . . . and this is the car-a Dodge Brothers all steel safety car.

A triple somersault over a cliff with the car you see in this picture! Such was the experience of its owner, who came through the fall uninjured.

After an hour of repair work, he drove the car from Montana to Minneapolis-a more sensible driver and much wiser.

All steel construction saved his life, as it has saved many other lives in the past, and will save thousands more in the future .....

Dodge Brothers print this advertisement because they believe motorists are entitled to all steel safety and should insist

That's why Dodge Brothers introduced all steel construction more than eleven years ago-and recently announced additional all steel safety features.

The streets are swarming with 20,000,000 motor cars-millions more are on the way.

Safety is the issue. Armor yourself and your family with steel.

Dodge Brothers Motor Cars-both open and closed-are all steel in the strictest sense of the term. Steel reinforced by steel-framed, braced and buttressed by steel-with all seams solidly and permanently welded together by electricity.

Slim steel pillars replace the old bulky wooden corner posts-permitting unparalleled driving vision-a safety feature of the first importance.

Compare such bodies with the usual wood, or wood-and-metal body, and you will be astonished that every automobile builder has not adopted this advanced safety construction.

Remember, also, that safety is the watchword of Dodge Brothers construction throughout, as witnessed by Dodge Brothers exceptionally large, quick-action brakes, and the exceptional ruggedness and dependability of Dodge Brothers axles, frames, steering parts, and other vital

This car will continue to be a "four".

# GOOD OLD STOVE

By DOUGLAS MALLOCH

THERE'S nothing like a good old Buy what you will, say what you

The more I live, the more I rove, The more I find, when days are

The only thing to warm you through Is something you can get up to.

A furnace, yes, it's mighty nice; But it's down cellar hid away. When you come in all snow and ice You want to see the firelight play, The heat that's right, the heat that's

You have to see as well as feel.

There's something cordial in the light That glitters through the isinglass. It lends a comfort to the night. And redder makes the ruddy lass And fairer makes the fairest home To any man who has to roam.

There's nothing like a good old friend. They're much like stoves, it seems to me.

Whatever wisdom books may lend, You want a friend that you can see, Some hand to touch, a faith to feel, The kind of friendship that is real.

However wise the wisest men, However great they may appear, When you're in difficulty, then You want a friend you needn't fear, When cold and weary, weak and blue, A friend that you can get up to.

THE Hotel Stenographer sighed. I "What's eating you?" asked the House Detective, grinning.

"The fact that I am a woman," answered the girl. "I am going to a swell dance, Kelly, given by the Amalgamated Association of Radio Expert Salesmen at Harmony hall. There will be dress suits and punch and

"These radio people are hot sketches, Kelly. I am apt to meet my fate and get married. I was thinking that if I met some sleek-haired boy who wants me to share his radio set and I married him I would have to decide whether we would put our aerial in a bungalow in the suburbs or live in a flat.

"I have had so much of living in self-contained apartments where the ice box is under the bed and the bathtub turns around and is a phonograph on the other side, that I am sick unto

"Living in the country will be all right, Kelly, when we get good roads everywhere, but it's a lot of trouble to get to and from a suburban bungalow, in the mud. Sometimes it rains before they get 'em papered and they wash down, and even after they are built you are likely to have trouble.

"Marie Murphy married a dancing instructor at the Odeon and they bought a big police dog and a bungalow. While they were in the back yard figuring on a garden, they tied the dog to the bungalow steps. A cat came along and the dog ran after her and they lost the house and the dog both. But I suppose those are the kind of things you have to expect when you own a home of your own. These troubles have taken most of the pleasure out of tonight's dance. It I meet that sleek-haired radio confidence man who is to make me happy I wonder if I will be." (Copyright by the McNaught Syndicate, Inc.)
