This picture was made in serial form and one episode goes into the State Theatre each Thursday and Friday starting Oct. 28 and 29. This is quick work and it goes without saying that the State is out after the new pictures.

Notwithstanding the cold weather Friday and Saturday the boys who attended the American Legion annual encampment at Pinnacle Point on the AuSable River, had an enjoyable time. They spent Saturday getting their camp in order and putting up tents, and after a supper of delicious army slum, prepared by Martin Musolf and E. Bogue, they spent the evening in recalling experiences, telling stories, greeting late arrivals and serving them with extra suppers of hot dogs and excellent coffee around the huge camp fire. Douglas Murchison was there in Scotch costume and enlivened the occasion by choice bag pipe music. Sunday was spent by enjoying various trips through the hills and entertaining company.

JOHN JORDAN IS VICTIM OF CROSSING ACCIDENT

Drives Sedan Over Railroad Track Ahead of Northbound D. & M. Passenger Train

John Jordan, well known Sherman township farmer, was killed at 8:15 Saturday afternoon when his automobile was hit by the north bound passenger train. The accident occurred at the intersection of the railroad and State street near the Whittemore street bridge. Coronet H. W. Case and Dr. R. C. Pochert were immediately called to the scene of the tragedy, but Mr. Jordan had been killed instantly.

Mr. Jordan had transacted business at the home of Peter Pfeiffer. Just before he left their home, Mr. and Mrs. Pfeiffer urged him to visit for a while, but Mr. Jordan said he had to go to the county garage and get his two sons, Charles and John, and then return home. On his way to the garage he drove down State street. As he came to the crossing he apparently did not notice the approaching train and attempted to cross the tracks. The locomotive hit the rear end of his sedan and hurled the car through a sixteen inch abutment of the Whittemore street bridge and into the Tawas river. Mr. Jordan was thrown out of the car. A number of people saw the impending danger to Mr. Jordan, but were unable to warn him, and the passing train closed the terrible accident from their view.

Matthias Jordan, brother of the deceased, had accompanied him to the city and was at Buch's grocery store waiting to go home with him when he was informed of the accident.

An inquest was held Monday evening before Justice John W. Tait at East Tawas.

The funeral services were held Tuesday morning. Interment was made in the Catholic cemetery at East Tawas.

John Jordan was born September 5, 1872, in the state of Nebraska. He came to Michigan with his parents when a young boy and the family settled in Sherman township, where he has ever since made his home. He was united in marriage April 23, 1903, to Miss Mary Schneider. To this union four sons were born. Three sons, Charles, John H. and Edward survive him. Mrs. Jordan died December 30, 1916. He is also survived by three brothers, Henry Jordan of Grayling, Matthias Jordan of Sherman and Joseph Jordan of Sherman, and two sisters, Mrs. Andrew Pavelock of McIvor and Mrs. Anna Woods of Seattle, Washington.

Mr. Jordan held the office of County sheriff about 14 years ago and has served his township as supervisor and highway commissioner. His many friends throughout the county deeply sympathize with the bereaved family.

WESTERN ROLE NEW TO LOU TELLEGEN

Lou Tellegen plays a new role, as the ruthless gambler, Layne Hunter, in Fox Films' masterly drama depicting the period following the Civil War when the Indian lands were thrown open to the white men for settlement. It is the first western characterization attempted by the famed stage and screen star.

The debonair favorite had interpreted nearly every known kind of character except the "man of the open spaces," until cast for the part by director John Ford in "3 Bad Men," which is appearing Nov. 11 and 12 at the State Theatre.

AMENDMENTS TO BE VOTED ON

An amendment to be voted on in November provides for increasing the compensation of the members of the legislature. Another will provide for removing the legal restriction which renders sheriffs incapable of holding the office longer than four years. A new section to the constitution to be voted on will authorize municipalities to condemn and take the fee to more land is needed in the acquiring of more land than is needed for any public use and handled as may be appropriate for any public use, subject to reasonable limitations. A general revision of the constitution and a convention therefor is a question to be submitted to the voters.

Work and earn early. Be satisfied with small sums. Work and save regularly. Have a bank account and so far as possible keep a budget.

Superintendent Bogue spent the week end in camp with the American Legion.

Seventh and Eighth Grades

We have been having several unnecessary absences lately. We hope that each one will feel it his duty to be in school every day, except in cases of illness. Our attendance report will look bad to the state inspectors at Lansing if the same people are absent every few days.

Some of the pupils are working to obtain a Palmer Method Certificate at the end of the year. Quite a number have made a big improvement in writing in the past year. By more practice it is hoped that at least half of the pupils will receive diplomas.

Third and Fourth Grades

The fourth grade is having a reading contest. They have chosen sides, with Evelyn Bigelow captain of the "Golden Stars" and Marvin Mallon as captain of the "Silver Stars." At present the Golden Stars are three points in the lead. Both classes have been doing better reading.

The third grade language class made squirrel booklets last week.

Marvin Mallon and Mildred Quick had perfect spelling lessons every day for a week.

The fourth grade language class is memorizing the poem "The Sand-piper."

GROUND BROKEN FOR NATIONAL GYPSUM PLANT

Will Employ 450 Men in Construction; Ready for Production by March 1st

The ground was broken Tuesday for what is said to be the largest plaster board plant in the world. This is the new plant of the National Gypsum Company, which will be located in Sherman township.

The main unit for the manufacture of plaster board will be 750 feet long and 75 feet wide. The capacity of this unit will be 250,000 feet of plaster board per day. A large building to house the mammoth crushers and grinding machinery, a calcining plant, a large power plant and an administration building will be put under construction at once. These buildings will be of concrete and steel construction.

All buildings will be completed and production will commence March 1. The work is under the supervision of J. J. Turner, chief engineer from the Buffalo office and Thomas Ryan, construction engineer. W. T. Hill has several pieces of road machinery on the grounds and will assist in the construction of the plant. Messrs. Turner and Ryan supervised the construction of the National Gypsum Company plant at Clarence, N. Y. That plant is similar to the one to be built in Sherman township. The New York state plant was built in the record breaking time of five months.

A force of 450 men will be employed on construction work during the next five months. A large portion of this labor is expected to be furnished by Iosco county.

The county road commissioners have authorized the construction of a gravel road leading to the property and will be completed as soon as possible.

H. N. Butler has been employed as state representative. He states that the company will sell a small amount of stock in the corporation to the people of the county. He will have charge of the sale of the output when the new plant is in operation. An initial order has been received for five carloads of plaster board to be filled as soon as the mill starts production.

The registration fee of \$1.00 admits everyone to all sessions all three days. It covers everything, including lodging and breakfast free to registered delegates only.

Any one wishing to go by railway and return over the same route may purchase a ticket at one and one-half fare, providing they present the required certificate at the ticket office when starting. All delegates wishing one of these certificates please notify the county secretary, Mrs. Earl Allen, Tawas City, R. 1. Tickets may be purchased from Sept. 30 to Oct. 6 and return tickets are good from Oct. 4 to 12.

SCHOOL DAYS

Mother's Cook Book

When happiness can be manufactured so cheaply and sold so high, and is always wanted in the market, it seems a pity that more of us do not set up in the business.—W. C. Gannet.

EASY DESSERTS

THE dessert adds the finishing touch to a good meal. It should be appropriate to the meal it follows. If a light meal, then a heartier dessert may follow, like steamed pudding, apple dumplings, pie and such desserts. Following a heavy meal, dainty dishes of sweets or fruits are best liked.

Date Pudding.

Boil together ten minutes two cups of water, three-fourths of a cup of brown sugar and three table-spoonfuls of cornstarch. Add one cup of sliced dates. Mold in sherbet cups, garnish with chopped nuts and serve with whipped cream.

Apple Snow.

Pare and cut four apples into quarters. Cover with boiling water and cook until the apples are soft and the water almost evaporated. Cool, put through a sieve, add powdered sugar to taste and fold in an equal quantity of whipped cream. Chill before serving.

Apricot Ice.

Take four cups of dried apricots, four cups of water, the juice of three lemons, one-half cup of sugar and the whites of three eggs. Soak the apricots until soft, then cook until tender. Press through a potato ricer to remove skins. Add the sugar to the pulp, then the water and cook ten minutes. Remove from the heat, cool, add lemon juice and freeze. When the mixture is partly frozen, remove the cover and stir in the stiffly beaten egg whites. Cover and finish freezing.

Date Pie.

Cook one-third of a pound of dates in two cups of milk twenty minutes, strain and rub through a sieve, then add two eggs, a fourth of a teaspoonful of salt, nutmeg to flavor and sugar to taste. Bake in one crust as a custard pie.

A raisin pie is a very rich and well-liked dessert. This should follow a light meal as it is a highly nourishing dessert.

CHEESE AS FOOD

CHEESE is one of our most valuable protein foods; is concentrated and has very little waste. When the price is high compare it with meat, one of the other proteins which we all like, and notice the difference in waste.

Cheese Omelet.

Beat two egg yolks until thick, add two tablespoonfuls of water, salt and pepper to taste. Beat the whites until stiff and add one cupful of grated cheese. Put a tablespoonful of butter in a hot, smooth frying pan; when hot pour in the lightly mixed omelet. Cook until well set, place in the oven to finish cooking on the top. Serve at once on a hot platter.

Welsh Rarebit.

Melt two tablespoonfuls of butter, add two tablespoonfuls of flour, and when well blended add one cupful of hot milk; cook until smooth and creamy. Add one cupful of grated cheese and when the cheese is melted serve on buttered toast or hot crackers. To make the dish a little more tasty add half a dozen chopped olives.

Cheese Fondue.

Pour one cupful of scalded milk over one cupful of soft bread crumbs, add three-fourths of a cupful of soft cheese cut into bits, one tablespoonful of butter, and salt and pepper to taste. Beat five egg yolks until thick, add to the cheese mixture and fold in the stiffly beaten whites. Bake in a well-greased dish for twenty minutes or until puffy and cooked to the center.

Cheese and Celery Salad.

Select firm, crisp, tender celery and choose the stalks which have deep grooves. Cut into inch pieces and fill with seasoned cream cheese to which chopped onion, green pepper and nuts have been added. Heap a half dozen of these filled stalks on lettuce and serve with a French dressing.

This same method may be used for longer stalks and serve them as a salad accompaniment.

Hot Ham and Tomato Sandwiches.

Saute thin slices of lean ham very quickly in a frying pan. Peel and slice thin some ripe tomatoes. Have ready slices of white bread cut one-fourth inch thick and lightly toasted. Spread toast with salad dressing, cover with ham, then a slice of tomato and spread with salad dressing and chopped lettuce leaves. Cover with toast spread on one side with salad dressing. Cut into triangles and garnish with sliced pickle. Serve with coffee.

Baked Mackerel.

If salt soak over night, skin side up, changing the water several times. Put to bake skin-side down, adding a few teaspoonfuls of water. Cook 20 minutes, or until the fish loosens from the bones. After ten minutes cover with sweet cream and baste often during the baking. Serve with sauce poured over the fish.

LYDIA of the PINES

By HONORÉ WILLISIE

The author of "Still Jim," "The Heart of the Desert" and other splendid American stories, has outdone all previous efforts in her creation of Lydia, one of the most appealing figures in our distinctively American fiction. A novel to be read eagerly for its plot alone, it contains so much to think about and talk about that no brief description suffices. One must read it to appreciate it. The reading will surely yield a vast amount of pleasure.

"THE DEVIL HORSE" IS STORY OF REDSKINS AND PIONEERS

Rex, king of wild horses, is the star of "The Devil Horse," the spectacular Pathe picture showing at the Family on Sunday, Monday and Tuesday, Oct. 3, 4 and 5, with a matinee on Sunday.

Hal Roach wrote the story basing it on actual historical legend of the West. It deals with the pioneers and their battles with the marauding redskins of hostile tribes, and the story of a "devil horse" credited with supernatural strength and feared by all the Indians.

"The Devil Horse" has been produced on a massive scale. Hundreds of people take part in it, the entire population of the Crow Indian reservation in Montana appearing in it, along with their tepees and their ponies.

One of the big spectacular scenes is an Indian raid on a pioneer caravan, and another is the Indian attack on the fort.

Don't miss this great how. Matinee admission, 10 and 30 cents. Evening admission, 20 and 40 cents.
