FIRE DESTROYS MUCH PROPERTY AT EAST TAWAS

10 Business Places Destroyed Friday Morning; \$125,000 Loss; Little Insurance

A disastrous fire of unknown origin visited the business section of East Tawas last Saturday causing an estimated loss of \$125,000.00. Only a small amount of insurance was carried by the losers. The fire apparently originated in the restaurant owned by John Frank and recently purchased from Charles Chaney.

The fire entirely destroyed the Gates block in which the restaurant and Miss Annabel St. Martins millinery shop was located; burned the contents, roof and wood work of the Harlund garage leaving bare walls standing; burned the upper story and destroyed or badly damaged the entire contents of lower story of the Opera House block. This building was of brick veneer construction. It was occupied by the Sempliner Mercantile company, H. W. Williams Electric company, Jas. E. Dillon's drug store, Mrs. Georgia Hanson's bazaar, Kunze and Applin's grocery and Mrs. Sarah Kelly's confectionery.

The fire was discovered at about 4 o'clock when the Gates block was aflame. Mr. Frank, who was sleeping in the building had a narrow escape and suffered injuries and burns. The local fire department was called out and although great effort was put forth not much headway could be made with the fire on account of the heavy wind. The Tawas City engine and fire department was then called. Notwithstanding the efforts of the citizens and fire departments the fire continued to spread, until the whole block was in flames. While the opera house block was of brick construction and the garage was built of cement, between the two buildings stood two wooden structures, one occupied by John Bolan's billiard room which escaped with no injury from the flames. The other structure was occupied by Mrs. Wm. McCully's notion store. This building was badly damaged.

While there were many narrow escapes from falling debris, there were only a few minor injuries to the fire fighters and residents of the burned area, excepting John Frank who suffered some severe burns and cuts. He was taken to his home at AuGres. The work of salvaging the various stocks of goods is underway and temporary quarters have been secured for the various businesses occupying the burned buildings.

A meeting was held Tuesday evening to discuss the building of a modern business block to replace the Opera House block. This idea has met with favor with the people, and undoubtedly definite steps will be taken toward this end at once.

Beulah Brown has been absent from school because of illness.

Mr. Bogue and Mr. Crowe will present two lecture course tickets as scholarship prizes to the high school students at the close of the present six-week period. One ticket is to be given to the person having the highest average of grades earned during the present period and the other to the person whose grades show the largest per cent of gain over those earned last period.

The teachers are all planning to attend the annual district meeting at Flint Monday and Tuesday of next week. There will be no school.

Seventh and Eighth Grades We have been having very poor attendance in the seventh grade this month. A great many cases of absences were unnecessary. We hope to see a better record next month.

Olga Stone entered the eighth grade last Monday making a total enrollment of 37. We are still lacking several seats to accommodate all of our pupils.

Magdalene Coyle left the seventh grade Monday to enter the St. Joseph school.

There will be no school Monday and Tuesday. All of the teachers are planning to attend the Institute at Flint.

Margaret and Clement Stepanski were visitors in our room last week.

Third and Fourth Grades The fourth grade is very glad that the geography books have come. We are now having much more interesting classes.

Last week many children made an effort to have perfect spelling all week. Those who succeeded were Lynda Moore, Evelyn Bigelow, Vernon Davis, Marvin Mallon, George McDonald, Nyda Moore, Albert Quick,

MRS. ARTHUR HALLEAD

Mrs. Arthur Hallead, 59 years of age, died at her home in this city, Tuesday, October 12. Mrs. Hallead had been an invalid for years.

To this union were born, Edgar Glenwood of Detroit, Clyde DeWitt of Pontiac, Christie Walter of this city, Bernice Ellen of Fairgrove and Eva Eliza (Mrs. Eva Schultz) of this city.

She also leaves to mourn her death a brother, O. N. Barber of Rose City and sister, Mrs. Ada B. Armstrong of Monroe.

The funeral services were held at the home Friday afternoon, Rev. George Smith officiated. Interment was made in the Tawas City cemetery.

D. & M. MOVES BAY CITY OFFICE

The passenger and freight offices of the Detroit & Mackinac railroad will be moved from the Pere Marquette passenger and freight offices to the Michigan Central offices. Passengers and freight trains will arrive and depart from the Michigan Central station at Bay City. This new arrangement will go into effect next Sunday.

The D. & M. Ry. was originally connected with the Michigan Central at Alger, but eventually constructed a road of its own to Bay City, connecting with the Pere Marquette road.

This arrangement has continued for years. Irability of the heads of the heads of the two roads to come to an agreement over a renewal of the arrangement is said to be the chief reason for making the forthcoming change.

CARD OF THANKS

We wish to thank many friends for their kind assistance during the illness and at the time of the death of our dear mother. Also for the music and singing.

Christie Hallead
Evelyn Schultz

Mildred Quick, Norton Ulman and Otilia Ziehl.

EUGENE HANSON HAS SUCCESSFUL TERM AS G. M.

H. Eugene Hanson, who was honored a year ago by being elected Grand Master of Michigan Odd Fellows, has completed his term of office this week.

Past Grand Master Hanson, during his term of office, devoted his entire time to the work and has been a very efficient officer, with the good of the order always in view. He is the youngest man ever elected Grand Master in Michigan. During his tenure of office he conducted meetings in every county in the state; attended the Sovereign Grand Lodge at Philadelphia in September; presided at Michigan Grand Lodge session at Kalamazoo, October 18, 19, 20 and 21; attended the Ohio Grand Lodge in June, and the Ontario Grand Lodge in June.

Mr. Hanson was initiated into the Independent Order of Odd Fellows February 21, 1907. Since that time he has taken he has taken a great interest in the order and his advancement has been rapid. The people of this community as a whole, as well as the members of his own lodge, have been gratified at the great number of the deserved honors which have been conferred on him.

He was elected w. g. July 1908 for the term.

He was elected n. g. January 1909 for the term.

Received honors of the office of p. g. January 1st, 1910.

Chairman of building committee when temple was started. Was first n. g. in temple. Re-elected n. g. July 1917 for term of six months.

Unseen Sources of Long Life

The basic sources of automobile value are not always apparent to the eye.

A motor car, like a house, may LOOK a great deal more substantial than it really is.

Because of this difficulty, more and more thousands are turning to Dodge Brothers product for insurance against disappointment.

The years have passed, and each year proves anew, that Dodge Brothers are as deeply concerned with the UNSEEN goodness of their motor car as with the seen.

The mileage it will deliver, the safety it will provide, the expense and trouble it will save the owner over a period of years, are quite as important to Dodge Brothers as the more obvious details of equipment and style.

The Spider's Harbor

A species of spider inhabiting the shores of the Pacific may be found at low tide crawling around on the rock and coral reefs, but when the tide rises you search for them in vain. Each spider, when the tide starts to come in, takes refuge in a crevice and spins over her retreat a sheet of silk, impervious to water.

OF BIG RAPIDS

FROM THE DEMOCRATIC PLATFORM
We pledge the Democratic Party of Michigan to an honest endeavor to stabilize Agriculture by the passage of such legislation as lays within our power to place the farming industry on an equal footing with other industries and trades. We recognize the economic depression through which agriculture has been passing during the past six years, as is conclusively proven by thousands of abandoned Michigan farms from which owners and tenants have been forced to move to the cities because these farms have not brought in sufficient income to pay the high taxes on said farms and give the farmer and his family a decent living.

We believe that Michigan farm land should be assessed on the basis of present reasonable cash values, and not on the basis of inflated war prices, which results in unjustly high farm taxation, and we pledge the Democratic party to remedy this condition.

We believe that the Gasoline and Motor vehicle tax should be sufficient to build and maintain all State Trunk

Notice of Meeting of Drainage Board
To whom it may concern

Notice is hereby given that on the 6th day of July 1926, a petition was filed with the undersigned County Drain Commissioner of the county of Isoco, asking for the deepening, widening, cleaning, straightening and extending of the Alabaster-Whitney drain, located in the townships of Alabaster of Isoco and Whitney of Arenac; the petition, however, prays for the above improvement on that portion of drain situated in Isoco county.

Now, therefore, in accordance with Sec. 2, chapter 5, of Act No. 316, P. A. 1923, a meeting of the Drainage Board of said drain will be held at the residence of Jacob Mielock in the township of Alabaster, county of Isoco, on the 11th day of November, at one o'clock in the afternoon, to determine the necessity of said improvement.

All interested in the proposed improvement are requested to be present if they so desire.
Dated at McLvor, Mich. this 19th day of October, 1926.
Robert C. Arn, Drain Commissioner of the county of Isoco.

Lines, County and Township roads, and thus do away with all property tax for road building and maintenance which would greatly reduce the present tax burden of the farmer.
We believe that farmers' children are entitled to just as good advantages and at no greater cost, as the children of the cities. We pledge ourselves to work for this, and to work out some method to better equalize taxation for school purposes so that rural school districts with small assessed valuation and small child population will be relieved from paying a higher rate of school taxes than is paid in the cities.
We believe a better marketing system for farm products is necessary to the farmers' prosperity. To this end we will use our best endeavors through the State Department of Agriculture, the Michigan State college and representatives of various farm bureaus and Granges.
We favor the removal of taxes from real property by the state for state purposes, believing such taxes should be reserved solely for local projects.

Reason for Cold Weather

The naval observatory says while it is true that in the northern hemisphere the maximum difference between the heat lost at night and that gained by day occurs about December 21, it is also true that there is more lost at night than gained by day for some time after that. In other words one might say that the northern hemisphere cools off most rapidly about December 21, but still continues to cool after that time, though more slowly.

Rain Affects Cotton

Manchester, England, and neighboring cities have a damp climate which is especially adapted to the spinning of cotton. If the rainfall were suddenly to become only half as much as is characteristic of that section the industry would be seriously crippled.

Losses in Oil

It is estimated that the American oil industry loses \$200,000,000 a year by evaporation losses, which amount to over 6 per cent of all the oil produced.

Parcel Post

Parcels have been carried by the Post Office department since its establishment. Prior to 1912 the limit of weight was four pounds. The parcel post law was enacted August 24, 1912, and this act provided for the extension of limits of weights of parcels and provided zone rates. It also contained provisions for the establishment of C. O. D. and insured services.

"We Serve Michigan"

This Railroad Plant of Ours and What it Means to You

AMERICAN railroads are hauling more freight than at any time in their history.

They have averaged over a million loaded cars per week during the current year.

This service consists in moving commodities from the point of production to the one of consumption.

It is a tremendous work that has been done and it establishes a new high transportation record for the world.

That service has been performed with regularity, uniformity and dispatch.

Through these, the business of the country has been given added impetus.

It has been estimated that through the improved service a saving of one and a half billions of dollars per annum has accrued to the people of the United States over the service that obtained in 1920.

This sum represents the advantages gained through the orderly manner in which our railroads are now functioning.

Our railroads have attained the highest record for the average daily movement of freight cars ever reached, and, likewise the best performance in use of fuel.

So much for the new record of the railroad of the United States.

THE plant, which comprises the railroads that serve Michigan's varied industries, has contributed its share in this proud national achievement, and in the saving of one and a half billions of dollars, through lessened inventories carried by our business institutions and made possible by the accelerated service. This has been achieved, too, while facilitating the even flow of production as well as the orderly diffusion of commodities.

Michigan has received great tangible benefits, since it is now a veritable beehive of industrial activity.

Michigan will continue to progress only so long as its railroads continue to enjoy the undivided support of the communities they serve.

Michigan people, as a whole, farmer and manufacturer, preacher and teacher, office employee and laborer, are *cash* in through this new outlook on transportation, so vital to the public weal and welfare. Our people will continue to *cash* in only so long as this understanding is maintained.

We have much to gain—the people and the railroads alike—in prolonging this understanding.

We can keep Michigan in the vanguard of economic importance only through the continued expansion of our industries and by keeping our railroads just ahead of the country's transportation needs.

The Ladies Aid of the Methodist church held an all day meeting and served dinner at the church Wednesday.

George Love, who underwent an operation for appendicitis last week, is gaining slowly.

The home of Mr. and Mrs. John Harris was the scene of a pretty wedding Saturday noon, when their daughter, Audrey Ruth was united in marriage to Mr. Chester S. Bielby. The bride was attired in green taffeta and silver lace, and was attended by Miss Ida Putnam, while Aaron Jackson of Flint acted as best man to the groom. The home was prettily decorated in green and white, the bride's chosen colors.

Fifty guests sat down to the wedding dinner following the ceremony.

The bride received many useful and beautiful gifts. The happy couple left for a two weeks trip to Boston, upon their return they will make their home in Flint.

Mr. and Mrs. Charles Strong left last Saturday for Detroit where they will visit a few days enroute to Cochran, Georgia to spend the winter.

The board of Stewards of the Methodist church met with Miss A. McLean on Tuesday afternoon to plan their work for the coming year. Mrs. E. McCrory was elected chairman of the board for the new year.

Mr. and Mrs. R. D. Brown were business callers in Standish Wednesday.

Miss Anna Kelly, who is employed in East Tawas spent Sunday with her mother.

Mrs. W. E. Glendon, son Eugene, and daughters, Erna and Eva, Miss Ida Ward and Mrs. E. and Miss Edna Shattuck were East Tawas callers Sunday afternoon.

Hale Baptist Church Notes

We would welcome you to our Rally Day services next Sunday morning at the regular Sunday school hour. Our aim is every member present at this hour of Sunday school work.

We are completing a gravel walk from the church to the parsonage. We also hope to have the proposed annex to the church a reality in the near future.

Keep in mind the Dorcas sale and supper Saturday afternoon and evening, Oct. 30 in the town hall.

The Dorcas society will meet at the home of Mrs. Victoria Nunn Thursday afternoon. We hope for a large attendance, as there is much work to be completed for the coming sale.

Vitamine Content of Bread

At best the vitamine content of bread is very low. If white flour and water are used, vitamine B is present. If whole flour and milk are used, vitamins A, B and perhaps C are present. If whole wheat flour and milk are used, more of vitamine A and more of vitamine B are present.
