GEO. A. PRINGLE DIES FRIDAY AT BAY CITY

After an illness of intense suffering, covering a period of nine weeks, George A. Pringle, at the age of 70 years passed away at Samaritan hospital in Bay City. Death being due to an infection from a slight wound on his hand. Everything that human science could do to effect a cure was done and bravely he fought day by day to overcome the poison, but in vain.

Mr. Pringle at the recent election, was elected for the third term to the office of Register of Deeds and for 34 years has been prominent in business and political affairs in the county and has held many offices of trust. He was treasurer of Sherman township for a number of years and was also Supervisor in the same township.

When a boy of nine years he came to Bay City with a family with whom he was staying, but not bound. That was before there was any railroad to Bay City. From that time until he was 17 years of age he knew nothing of where his people were in Canada, but by accident heard some men talking of places in Canada and from them he learned where his people were and returned to them. When about 21, he with a brother returned to Bay City and in the spring of 1881 came via stage route to AuSable and had been a resident of this county ever since.

He was married to Miss Elizabeth Goodwin of AuSable and she, with one son, Walter H. Pringle, Postmaster and general merchant at McVior, are left to mourn a kind and faithful husband and father and one whose many acts of kindness will long be remembered. There are also three brothers and one sister, and other relatives who survived him.

The funeral was held Monday from the Saints church in this city, under the auspices of the Masonic Fraternity of which he was long a member. He was also a member of the B. P. O. E. of Bay City and the L. O. L. of Grant township. Mr. and Mrs. W. I. Bradley and Mr. and Mrs. G. H. Stocks of Cleveland, Mr. and Mrs. M. E. Stocks of Detroit and Mr. and Mrs. E. A. Goodwin of Bay City, all relatives of Mrs. Pringle were here to attend the funeral.

Rev. W. L. Chapman of Bay City preached the funeral sermon. He was assisted by M. A. Sommerfield. The large attendance at the funeral was evidence of the esteem in which Mr. Pringle was held in the community and also evidence of the sympathy felt for the bereaved.

Pink and white were the decorations for both living room and dining.

The living room was decorated with a beautiful arch built of pink and white crepe paper in which hung a large white bell under which the ceremony was performed.

Mrs. Louise McCordle played the wedding march, also the march to the dining room where an excellent dinner was served to over 60 guests after congratulations were over.

The young couple have best wishes from many friends and will make their home in Detroit.

LYCEUM PRESENTS "THE CLIMAX" THANKSGIVING EVENING

It was necessary to organize five road companies to care for the increasing interest among the theatre goers throughout the country. This double attraction will give theatre goers an unusual opportunity in seeing the play and picture for a single admission.

Mr. and Mrs. Chris Green have returned from Grand Haven. Mr. and Mrs. Green made their home at Grand Haven for a year. They will spend the winter at the home of Mr. and Mrs. Charles Timreck, Jr.

YOU SPELL IT "GIGOLO" BUT SAY "JEE-GO-LO" IT'S EASY, YOU KNOW
Try to pronounce that tongue-twister "Gigolo" if you fail here's a tip—it's a French word, the exact pronunciation of which cannot easily be illustrated by phonetic spelling, but "Jee-go-lo," with a soft "J," and the accent on the first syllable, comes close to it. Give it the sound of "G" and you have it right.

This is the title of Rod LaRocque's new starring picture, which comes to the State Theatre next Sunday and Monday. It is a term applied by the French to the dashing young professional dancers of Parisian cafes, and "Gigolo" tells the story of an American boy, who is wounded in the war, has his face rebuilt by plastic surgery and turns Gigolo after finding himself in Paris minus his fortune. The picture has nothing to do with Gigolo hats, which directors of the millinery world have decreed as the proper thing in "my lady's bonnets."

Composite LaRocque in the feminine lead of "Gigolo" is petite Jobyna Ralston, borrowed from Harold Lloyd for the picture, while Louise Dresser is seen in the featured role of LaRocque's European-complexed mother. Both are co-featured in the production. Cyril Chadwick and George Nichols complete the list of players in the cast of Garret Fort's screen version of Edna Ferber's widely-read short story, of her series "Gigolo and other short stories."

AN APPRECIATION
Most gratefully we acknowledge the sympathy and aid of many friends whose kindness to us lightened so much the burden of sudden bereavement. These were as bright rays in the midst of lowering clouds. We are powerless to express the appreciation which such devotion prompts. Another and more just judge will adequately reward. Mrs. Elizabeth L. Pringle Walter H. Pringle

AUDIT OF BANKS COMPLETED; DEPOSITORS MEET

The audit of the books of the three banks of the Ealy, McKay & Co. was completed Thursday. The audit was made by the trust department of the First National Bank of Bay City which is acting as receiver for the three Isoco banks and the eleven southern Michigan banks who are involved in the Ealy & Co. partnership.

At a meeting of the depositors of the three closed banks held Monday afternoon at the State Theatre in Tawas City Attorney Louis Weadock of Bay City was invited to speak. Mr. Weadock read a copy of the schedule of the proceedings which would be instituted to liquidate the assets of the banks as outlined by E. S. Clark of Bay City attorney for the receivers. He also discussed various phases of the situation. Mr. Weadock advised the depositors, that though the present receivers were friendly to and interested in the Ealy banks, it would probably be a good policy to allow the present proceedings to go unhampered by restraint except at such time as they should place the depositors at a disadvantage, if such a time should occur.

Mr. Weadock was asked if he thought it advisable for the depositors to have an attorney. He said he thought an attorney representing the interests of the depositors should be secured.

A number of questions were asked relative to filling out the blanks furnished by the receiver and other phases of the proceedings.

Many who were interested in securing the services of an attorney to represent them decided that it would be the most practical way to join in securing one attorney to represent all the depositors. Those interested should see Edw. Trudell or W. C. Davidson at Tawas.

M. E. CHURCH ANNIVERSARY SERVICES GREAT SUCCESS
The Anniversary services held at the Methodist Episcopal church of this city was in every way possible a fine success. The preachers for the day, both morning and evening, were very much enjoyed by all. Professor C. E. Folsome, Superintendent of Oscoda High School, was the preacher in the morning and was also the special preacher in the afternoon musicale. The music was rendered by our own quartette and was certainly very well given, at least that is the testimony given by those that were present to hear them.

Rev. Leigh H. Halge of East Tawas Methodist Episcopal church was the preacher for the evening. I want to take this opportunity of thanking our East Tawas friends for the giving up of their service to join with us in helping to make ours such a success, and all our other friends, who in any way helped us, both on the Sunday and then on the Tuesday at our chicken supper which went off better than ever. Thank you one and all.

Rev. George Smith, Minister.

GAME REFUGE IS ESTABLISHED NEAR TAWASES

Through the co-operation of the United States Forest Service and the State Conservation Department, a Game refuge has been established in the Tawas Division of the Michigan National Forest. The refuge comprises approximately 7300 acres all of which lies in Township 23 North, Range 7 east, and the south boundary of which is approximately 7 miles from East Tawas and Tawas City. The boundaries of this refuge are as follows:

Beginning at the quarter section corner common to sections 28 and 29, the west boundary follows from this point along the main north and south road which runs past Silver Creek Ranger Station, and then north to the section corner common to sections 5, 6, 7 and 8. From this point the boundary extends east and south following the fire line to the east boundary of the forest, at the section corner common to sections 11, 12, 13 and 14. From this point, the east boundary of the refuge follows the east boundary of the forest, to the quarter section corner common to sections 35 and 36. From this point the south boundary of the refuge extends east and north to the quarter corner to sections 28 and 29.

This game refuge has been under consideration for some time, and it has been through the efforts of P. S. Lovejoy, who is in charge of the Game Refuges for the State of Michigan, that the refuge was finally established.

The area within the refuge contains a portion of Silver Creek, Gordon Creek and Buck Creek, and all of Stanton Creek.

From the very intensive studies made by Mr. Lovejoy, the area is ideally situated, and contains good cover, good feed and the proper amount of swamp and high land to furnish a good breeding ground for deer.

Hunting and trapping will be strictly prohibited, and guns and dogs will (Continue on last page)

Sweet Cream or Pillsbury's flour when preparing the good things for your Thanksgiving dinner. There will be no disappointments. We have many customers who insist that these two brands are the best made.

An editor received a chicken thru the mail. He took it home and the family feasted on it. The next day he got this letter: "I sent you a chicken yesterday to settle a dispute. Can you tell me what it died of."

Seven tons of Monitor coal will heat the average 2-story house all winter in place of nine tons of ordinary coal. Some folks call it the "lazy man's" coal because you only have to fill your furnace once in the morning and once in the evening—and clean out the ash-pit once a week.

We make the choicest feeds. Corn and oat chop, ground rye coarse corn meal and bran middlings. Our feeds are always fresh and ground to order if required. We also carry Wonder dairy feed, 24 per cent protein, at \$2.50 per hundred.

"The groom does not amount to much at the wedding but he's there in the divorce proceedings," remarks N. C. Hartingh.

We know a man in this town who talks so much about his business that he doesn't give us a chance to talk about ours.

Are you going to have turkey for this Thanksgiving?
Neither are we.

HALE BAPTIST CHURCH NOTES

In spite of the rain last Sunday, our Sunday school attendance was above the average. Three new members were added to our school. Mrs. Mina Graves and Mrs. Marian Love joined the Young People's class, and Miss Violet Biely the Builders class.

With courage and faith as a standard, are we more exacting in our demands for a successful life today than was demanded of Caleb? This was the question asked at the close of the study hour. Here is food for thought, someone tell us your thoughts on the question.

The business and covenant meeting of the church was held last Thursday evening in the class room.

Owing to the unsettled business conditions here the church will lay aside plans for the proposed annex for a time.

 not be allowed within the boundary of the Refuge. Hunting within 150 feet of the boundary will also be prohibited.
 The U. S. Forest Service will co-operate with the State of Michigan in the direct supervision of the Refuge.
 This area is set aside for the propagation and protection of deer, and will eventually mean considerable to people living in this community, in that it will serve to make deer more plentiful, and will enable tourists visiting the National Forest to see wild life in greater numbers than they ever have before.
 The Forest Service and the State Conservation Department have given this matter very careful consideration and have taken action in setting aside this area as a refuge for the best interests of every one concerned.
 It is regretted that sufficient time was not available to inform the general public well in advance of this action, but plans did not materialize in time to do this. The area is being posted and patrolled at this time. Wire is on the ground, and the refuge will be entirely surrounded by wire before the opening of the next game season.
