Jesus Christ. Listen to what the Book says:

I wish to take this means of expressing my appreciation for the wonderful patronage that the people of Iosco County have extended me during my management of the State Theatre.

It is not easy to leave the business and the friends that we have made during the short space of but one year, but then even the best of friends must part.

I am proud of the record that we have established, we have given Iosco County the premier showings of many notable pictures. We had them before Bay City, Saginaw, and other larger cities of the state. We even had them before Detroit. I have always tried my best to get the very best of pictures when they were new and when the stories were on the lips of the theatre going public. I have cooperated and extended our help to all the organizations that had benefit shows in our theatre. As I have said before I am proud of the record that I have set with the help of my loyal employees and I am sure that whoever takes my place will find that the pace we set was a difficult one.

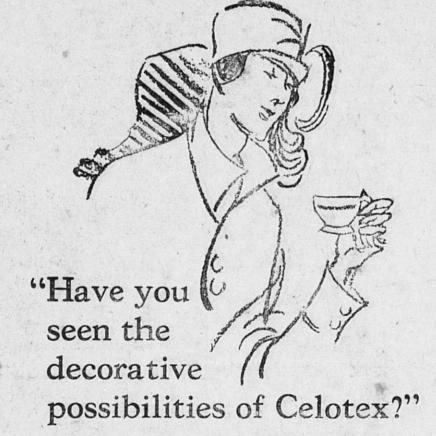

I want to take this means of especially thanking the people that have written me personal letters asking that I continue with the theatre and I want to assure them that they were greatly appreciated. It may be possible that sometime in the future we may be back in the theatre business in Iosco County to again serve the public with high class first run pictures.

Again thanking one and all for the past patronage and with best wishes to all, I remain,

Sincerely yours,

JACK DAVIS
