"A good material that saved me money"

"That's what CELOTEX did, and here is how I figured it. First, I used CELOTEX for sheathing and got stronger insulated walls. This cost me less money than wood sheathing and building paper. Second, CELOTEX was used in place of lath, and the plaster bonds more securely on CELOTEX. It cost a trifle more, but I have paid dearly in the past for plaster patches and with CELOTEX I got a stronger sound deadened wall that will be free from lath marks." A QUESTION

After reading a few of Machiavelli's essays on chicanery, one wonders how long he would last as a modern used car dealer. It would give him a great laugh, we know, to see how conscientiously we recondition our Used Cars before offering them for sale. But the proof of a principle is in its success - and the laugh would be on him, after all.
