## AGED RENO MAN COMMITS SUICIDE

### Hangs Self Tuesday Morning With Clothesline Rope in His Residence

William Wesenick, aged resident of Reno township, committed suicide by hanging himself with a clothesline rope in his home Tuesday of this week. Mr. Wesenick's wife died January 19 and it is thought despondency was the cause of his action. Albert Wesenick, son of the deceased, with whom he had been living, had been at the barn harnessing his horses, away from the house, about thirty minutes. On his return he found his father hanging from a beam upstairs, dead.

William Wesenick would have been 85 years old on March 3. He has been a resident of Isoco county for the past 30 years.

An inquest was held Tuesday afternoon by Coroner John Preston assisted by Prosecuting Attorney John A. Stewart. The jury brought in a verdict that the death had been caused hanging with a rope.

Working like a well oiled machine, the Tawas Independent girls Basketball team were able to defeat the well known Detroit Swimming team at Christ Church last Saturday evening, score 38-25.

Tawas took the lead from the first whistle, but had to do some hard playing to keep ahead. The girls were congratulated on their fine passing and excellent team work by Jack Petrill, well known coach of Detroit girls team and head of the Christ church gymnasium.

## STATE THEATRE OPENS UNDER NEW MANAGEMENT, FEB. 12

Through the efforts of Miles Main during the past three weeks, the State Theatre is now ready to open with a better class of service than has ever been given in this community. Mr. Main has purchased additional equipment that enables him to give continuous non-stop pictures. He has also installed new electrical equipment which will produce the clearest possible projection. The State has the improvement of a new player piano and with special pictures will have the Tawas Bay Orchestra to furnish music.

Mr. Main says he has contracted for the best pictures that money can buy. According to his booking dates, these pictures will be shown here before being shown in many of the larger cities.

The opening program will be given Saturday, and on Sunday and Monday "The Bat" will be shown, an unfashioned mystery story.

"The Bat," both as a stage play and as the generation's outstanding mystery melodrama, has baffled millions of people throughout the world. The cinema version of the Mary Roberts Rinehart and Avery Hopwood stage success was produced by Roland West, genius of screen thrillers such as "The Unknown Purple," and "The Monster."

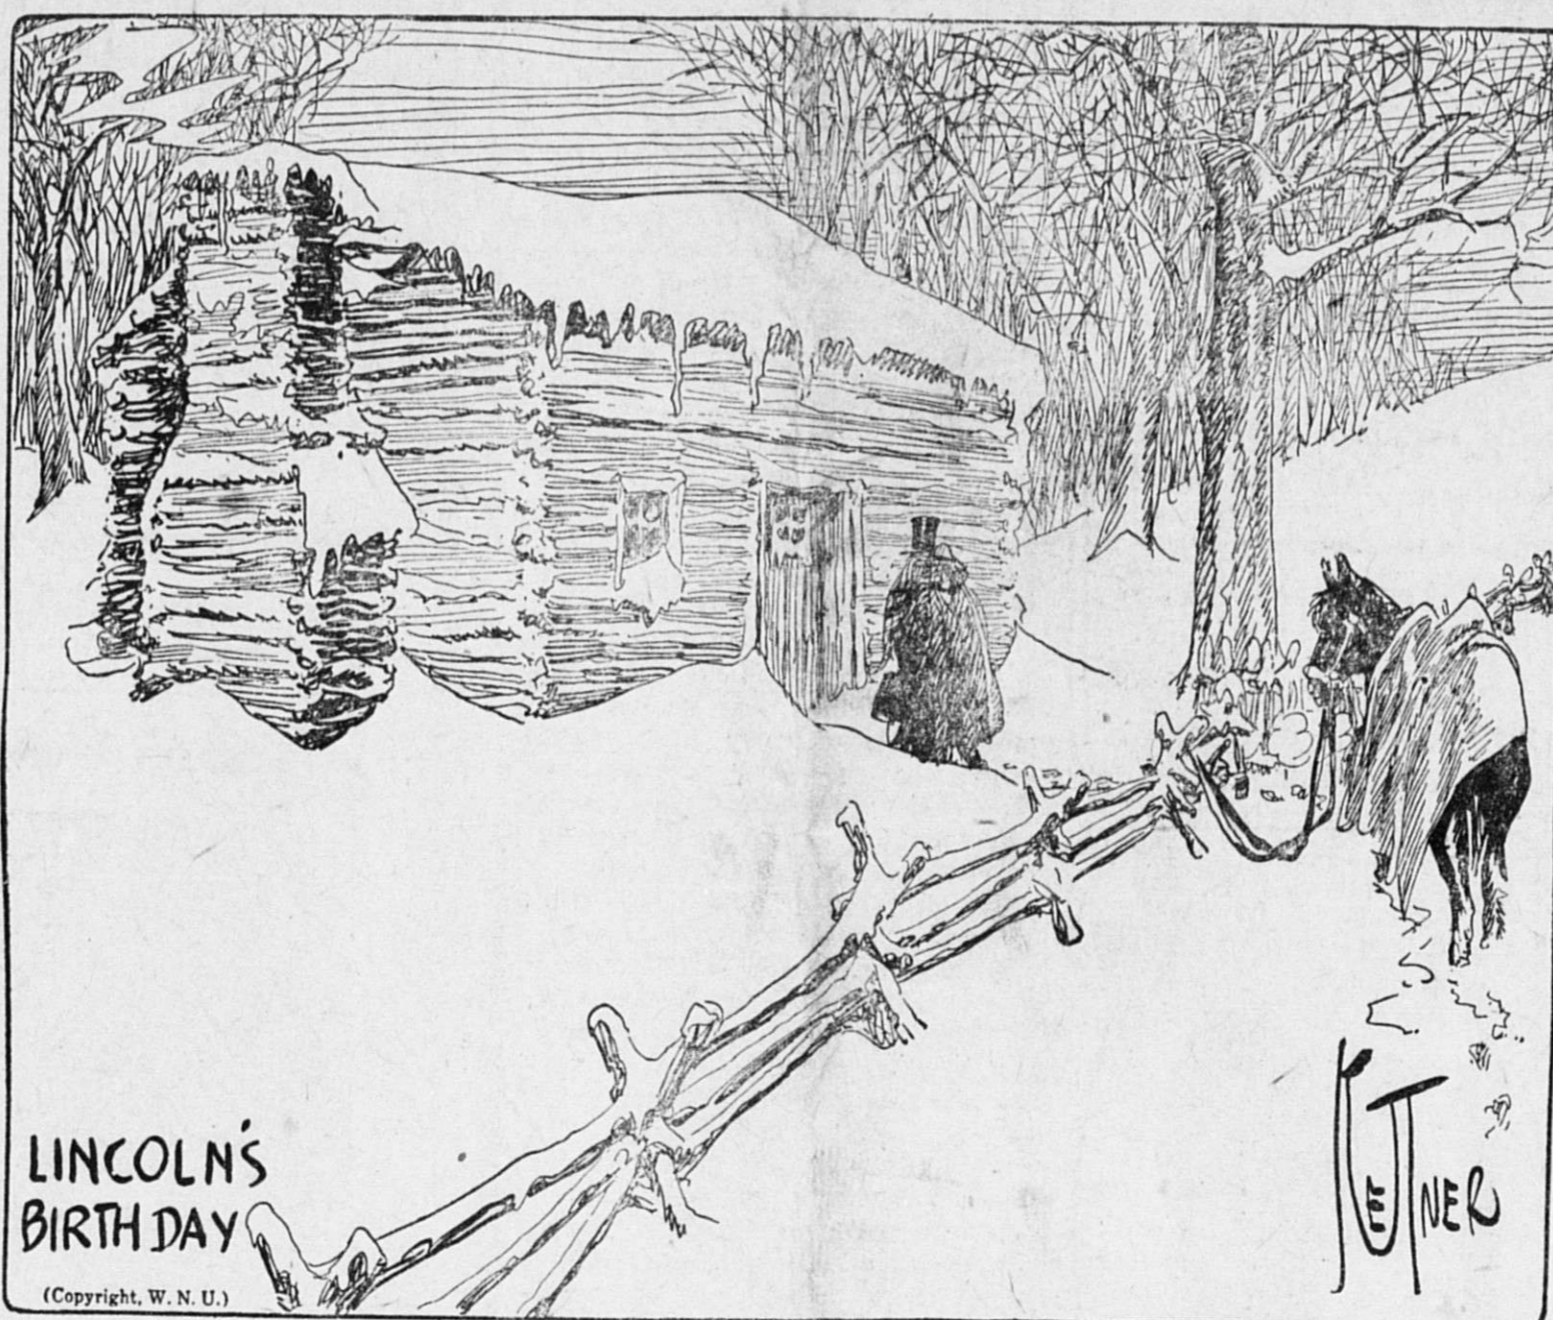

Some of the notables in the all-star cast are Jewel Carmen, Jack Pickford, Louise Fazenda, Emily Fitzroy, Robert McKim, Tullio Carminati, Eddie Gribbon, Andre de Berger, Lee Shumway, Charles Herzinger, Arthur Housemar and Sojin, noted Oriental actor.

## TWENTIETH CENTURY CLUB

The Club held their regular meeting in the lobby of the Masonic hall, Feb. 5, 1927. The attendance was unusually good. After the regular order of business the following program was taken up:

Roll call—What I most desire to see in Washington.

Washington, its beginning, its growth and its future—Miss VanHorn. The Congressional Library—Miss Worden.

Side trips from Washington, which was to have been given by Mrs. Pringle, was prepared by her niece, Miss Whaler, who resides at Washington and read by Mrs. Horton, after which Miss Robinson added to our Washington program by talking of various things of interest she had seen while in Washington last summer.

After listening to this splendid program, we all thought that in a sense we had taken a trip to Washington ourselves and at very little expense. Meeting closed by singing America.

## FREE METHODIST MEETINGS

Friday evening, prayer meeting at Phinis Boomer's at 7 o'clock.  
Sunday services will be held at P. Boomer's home also.  
Sunday school at 2 o'clock.

## SCHOOL NOTES

High School

Preparations are well under way for the oratorical contest to be held in the near future.

Walter Laidlaw entertained a number of classmates and friends at his home last Friday evening.

Here is one that occurred in Government class the other day:

First student—"Many women go insane because of the death of their husbands"

Second student—"Yes, but seldom does a man go insane because his wife dies."

"Resolved, that Capital Punishment should be established and maintained in the State of Michigan." This was the topic for debate in Civil Government class held Friday afternoon, in which the affirmative team was composed of Misses Lucille Snyder, Alta Leslie and Irma Kasischek, and the negative team of Waldo Leslie, Herbert Hosbach and Charles Colby. Three other members of the class acted as judges of the debate, who, after practically no deliberation, gave the decision in favor of the negative team, that is: "Capital Punishment should not be established and maintained in the State of Michigan."

The High School declamatory contest was held Friday morning at the school building. Declamations were given by the students of the ninth and tenth grades, after which the judges, Mrs. James Baguley, Mrs. H. J. Kessler and Rev. George Smith performed their duty with impartiality, selecting from the freshmen the following:

First; Billy Robinson, topic: "Happiness and Liberty;" second, Dorothy Bigelow, topic: "Visions of War and Visions of the Future;" third, Elvera Kasischek, topic: "William McKinley;" fourth, Evelyn Rouillier, topic: "Columbus;" and from the Sophomores the following: first, Theodora Look, topic: "The Death Penalty;" second, Onales Main, topic: "Lest we Forget;" third, Norman Schuster, topic: "The Minute Man of the Revolution;" and fourth, R. B. Heath, topic: "Cataline Denounced."

The contest followed several weeks of preparation and continuous work on the part of Mrs. Moeller and Mrs. Bigelow, who conducted the Sophomore and Freshman classes in this work. That their efforts were not in vain was shown by the skill with which many of them delivered their parts.

## Seventh and Eighth Grades

We have been having a number of pupils absent because of illness.

The eighth grade pupils were invited upstairs to hear the declamation contest last Friday. They have been trying out the things that they learned about declamatory work this week. Some of the pupils show that they have ability along that line.

## Third and Fourth Grades

We were glad to have Mrs. Bradock visit us for a short time Tuesday morning.

Walter Wegner had perfect in spelling all last week. The third grade is now using the new spelling booklets that they made.

The fourth grade has begun their

## HAS NARROW ESCAPE; CAR DROPS THROUGH ICE

Capt. Frank B. Small had a narrow escape from drowning Saturday evening when his car went through the ice in Saginaw bay.

Capt. Small was returning to his home at the life saving station by driving across the ice of the bay. He left East Tawas at about 5:30. The wind was driving a blinding snow against the windshield and he was forced to direct his course by the wind, it veered, however, to the southwest. In place of reaching the Point he ran the car on the thin ice near the edge of the ice field. When he felt the front end of the car go down he opened the door to escape, but the door became jammed with the ice, and the car quickly sank in about 23 feet of water. Crawling out of the car he swam to the surface. He broke through three times before he could draw his body upon solid ice. When he reached home, his clothes on account of being frozen had to be cut before they could be removed.

He was under a doctor's care for several days and is now recovering from the effects of the icy plunge.

By the aid of grappling irons the car was lifted Tuesday and brought ashore Wednesday afternoon.

## PROGRAM ARRANGED FOR ANNIVERSARY CELEBRATION

The program for the celebration of the 70th anniversary of the organization of Isoco county was completed this week. This meeting will be held Wednesday afternoon, February 16, at 2:30, at the Community house, East Tawas. Following is the program:

Singing, "Isoco."  
"The Beginning of Isoco County," Mrs. W. J. Robinson.

"A Tribute to the Pioneers," Miss Margaret Worden.  
Poem, "Isoco Pioneers," J. K. Osgerby.

"History of East Tawas Schools," Miss Edna Otis.

Marking the site of the first East Tawas school house.

An exhibit of pictures and relics of the "old days" will be a feature of the meeting. You are urged to bring anything you have and so add to the success of this part of the celebration.

## CARD OF THANKS

We wish to express our heartfelt appreciation to neighbors and friends for the help and sympathy given us in the sickness and death of our beloved wife, daughter and sister, and for the beautiful floral offerings. Thanking the choir, and Rev. Jones for his comforting words.

## GEOLOGIST TELLS HOW TO FIND OIL

### Compares Michigan's Structural Formations With Oklahoma Fields

Fred H. Merritt, petroleum geologist, of Boyne City, who is familiar with the oil fields of Oklahoma and Kansas, in speaking of the possibility of profitable operation in eastern Michigan, says:

By the careful, systematic study of certain signs and tokens with an understanding of, and conforming to, natural laws, man is enabled to discover, develop and produce natural resources for the benefit of humanity.

Close examination of visible signals properly analyzed, and co-related with the records of past experiences, will bring the investigator into close proximity with these storehouses of nature's wealth.

Vast experience over the states producing crude petroleum and natural gas, has proven that there are four (4) general essential conditions necessary for the accumulation of these minerals in commercial and profitable quantities.

First. All formations, outcropping on the surface and encountered in the holes drilled to greatest depth, must be of sedimentary origin, as experience has proven that only under such conditions, will production be found. Records of Michigan satisfy the most casual observer in this requirement.

Second: Regional disturbances of normal strata is necessary to allow structural conditions favorable to the accumulation of these minerals. This requirement is quite easily proven in the lower peninsula.

Third: Large areas as sources of supply, is a requirement, perhaps not generally understood, but very essential to profitable accumulation. Lower Michigan meets this requirement.

Fourth: Possibilities of proper "structural" conditions are freely admitted and there is an ever increasing confidence in such probabilities of conditions in this part of the state.

These four essential conditions are not only necessary for the accumulation of these minerals in commercial and profitable quantities, but they must be capable of demonstration in order to attract capital for development.

In these four essentials, Peninsular Michigan, in my opinion, compares favorably with the state of Kansas; with western Oklahoma; and with most of Texas, and is more definite in these signs, than Ohio, Indiana or Illinois; and, after it is a little better understood, will compare favorably with West Virginia and Pennsylvania.

In one investigation, for the purpose of making a "location" by the application of these four essentials, he is brought into some particular county or township area, to which must be applied the further requirements to indicate "structural" conditions. The great handicap to this is the surface covering of Glacial Drift which hides from the vision the units of strata thereunder otherwise exposed, therefore one must resort to subsurface information, obtainable by drilling shallow holes to a dependable bed or strata and working out the local correlations from the records thereby obtained.

This adds materially to the cost of development but its value has been clearly demonstrated in Kansas and western Oklahoma under similar conditions.

The Saginaw production has proven the high grade of oil to be expected and indicates there are many other places of profitable production in greater quantity.

## NOTICE

The Cabinet officers of Hale Epworth League invited members of their families and friends and also a goodly number from the Baptist young people, who have been attending our Sunday evening services occasionally, to a get together party last Friday evening. A very enjoyable program was given during the forepart of the evening after which all were ushered into the church parlors where the tables were set for about fifty, being very prettily decorated with streamers of red and white and a quantity of heart shaped cards with quotations, which furnished great entertainment when read aloud. After this sandwiches, ice cream and cake, and coffee were served. Rev. McCurry, our minister, gave a fine talk to the young people on the need of being as good as our parents and yet even better. The young people went home feeling that their time had been well spent. Much credit is due the officers and helpers who spent so much time preparing for the affair. Their aim is to promote a christian fellowship among all the young people of the town and to win people to a realization of need of church attendance locally. A splendid league service is held every Sunday evening at 6:30 standard time. Everyone is urged to attend at least once. Rev. McCurry challenged the boys and girls to give him a subject to use each Sunday which was accepted. His subject next Sunday morning, "The second coming of Christ."

The Ladies Aid met at the home of

Mr. and Mrs. Nelson DeLand last Wednesday. A splendid attendance and fine dinner was enjoyed by members and friends. The meeting next week is at the home of Mrs. Ross Webb, February 15.

Next Tuesday eve is the monthly meeting of Hale Grange. Every member is urged to be present at the town hall as early as possible, as there are 62 members. We should have a fine time discussing topics of the times.

**"A good material that saved me money"**

"That's what CELOTEX did, and here is how I figured it. First, I used CELOTEX for sheathing and got stronger insulated walls. This cost me less money than wood sheathing and building paper. Second, CELOTEX was used in place of lath, and the plaster bonds more securely on CELOTEX. It cost a trifle more, but I have paid dearly in the past for plaster patches and with CELOTEX I got a stronger sound deadened wall that will be free from lath marks."  
"I was able to put in a smaller heating plant and less radiation because I used CELOTEX—so, you see, I saved three ways."

# SUPERVISORS' PROCEEDINGS

January 10, 1927.

The board of Supervisors for the county of Iosco met at the court house in the city of Tawas City, said county on Monday, the 10th day of January, A. D. 1927 pursuant to adjournment from October 18th, 1926.

Board called to order at 9 o'clock a. m. by Edward O. Putnam chairman, who ordered roll call. Present—Supervisors Anschutz, Butler, Colvin, Crego, Dickinson, Evans, Galbraith, Horton, Mathews, Lassing, McMillen, Mielock, Piper, Phelan, Schroeder, Tanner, 16. Quorum present. Moved by Evans, supported by Mielock that John Burt be given a seat on the board in place of Harry Van Patten and to act on all committees of which Mr. Van Patten was a member. Motion prevailed. Whereupon Mr. Burt took a seat on the board.

Clerk read a communication from Tuscola county board of Supervisors in regard to publishing notice of registration and election. Moved by Butler, supported by Evans that communication be received and referred to judiciary committee and to be acted on at this session. Motion prevailed. A communication from county clerk of Arenac County was read, requesting the Iosco board to take action in regard to publication of noxious weeds, registration, and elections, and schools. Moved by Evans, supported by Colvin that communication be referred to judiciary committee. Motion prevailed.

Moved by Galbraith, supported by Evans that the bids for funds deposited in the several banks by county treasurer be referred to the official bond committee for report. Motion prevailed.

Melvor, Mich., January 8, 1927. To the Honorable Board of Supervisors of Iosco County, Gentlemen: The drain commissioners of the State of Michigan hold their annual convention at Muskegon on the 18, 19 and 20 of this month. As it is customary to expect to be in attendance at these meetings, I am asking your August body for the sum of twenty-five dollars toward my expenses. Should my request be granted may I also add that I would appreciate having this money in advance and I will render you a report of the proceedings, and a full account of my expenses. Thanking you, should you act favorable in this petition, I beg your humble drain commissioner, Robert C. Arn.

Moved by Evans, supported by Schroeder that we appropriate twenty five dollars to Robert C. Arn, drain commissioner to attend the drain commissioner's convention. Carried. Yeas—Butler, Crego, Dickinson, Evans, Horton, Mathews, McMullen, Mielock, Phelan, Piper, Schroeder, Tanner, Burt—13. Nays—Anschutz, Colvin, Galbraith, Lassing—4.

Moved by Evans, supported by Piper that our county be represented at the convention of the state association of Supervisors of Michigan to be held in the city of Detroit, Michigan on Tuesday, Wednesday and Thursday, February 1, 2 and 3, 1927, by our chairman, E. O. Putnam, and Supervisor Crego. Motion Carried. Yeas—Anschutz, Butler, Colvin, Crego, Dickinson, Evans, Galbraith, Horton, Mathews, Lassing, McMullen, Mielock, Phelan, Piper, Schroeder, Tanner, Burt—17. Nays—0.

Supervisor Butler gave a very interesting report of the convention of the Great Lakes Harbor association held at Buffalo, N. Y. where he was sent by the board representing this district. Moved by Piper, supported by Tanner that the report of Mr. Butler be accepted and that the chairman appoint a committee of three to draft resolutions to the U. S. Senator and Congressman Woodruff on the Great Lakes and Harbor Bill. Motion prevailed and the chair appointed Supervisors Piper, Horton and Mielock on this committee.

Moved by McMullen, supported by Tanner that we take a recess until 1:30 p. m. eastern time. Motion prevailed.

## METHOD

He: "Do you know how to make a Scotchman swim the channel?"  
Him: "No, How?"  
He: "Put a toll bridge across it."  
We received a number of solutions to the problem submitted last week. The correct one was worked out by Jack Broger, Jr.

Roy Abel gives us this problem: A man starts out in his car and drives 150 miles at the average rate of 20 miles per hour. He drives 150 miles back home at the average rate of 30 miles per hour. What was his average speed for the entire trip? Can you solve it?

Whole Corn 2c per lb. Cracked corn \$2.20 a 100. Scratch feed \$2.60 per hundred. Corn and oat chop \$2.20 per hundred. Winter wheat bran \$2.10 per hundred. Fine flour middlings \$2.30 per hundred. Oil meal \$3.50 per hundred. Oyster shells \$2.00 per hundred. Wonder Dairy

A good domestic coal, like an automobile engine, should have enough reserve power to meet emergencies. We buy Monitor with that thought in mind—When the cold gets bitter and the wind cuts thru everything it must be able to give heat, more heat and still more heat until you are comfortable.

Bring in your grain We grind it while you wait. Our grinder runs by electricity, the only one in Iosco county.

## How to read Percentages

Were Dodge Brothers to sell 100 motor cars one year and 200 motor cars the next, they could truthfully announce that their sales had increased 100% in a single year. Yet they would only have sold 300 motor cars in all.

In other words, PERCENTAGE of annual gain is not conclusive. The NUMBER of cars sold is the true test.

That Dodge Brothers sales in 1926 showed an increase of 27.6% over 1925 is not the MAJOR fact to consider—striking as it is.

But that Dodge Brothers sold 259,967 cars in 1925, and then in 1926 sold 331,764—a gain of 71,797 sales in twelve months—tells a story of growth that stands out like a tower on the skyline of the industry.

Three hundred and thirty-one thousand buyers LAST year! Many more vital improvements added THIS year! No increase in price! Three powerful arguments for earnestly investigating this smart and sturdy product before deciding what to buy!

**TURTLE SCHOOL NOTES**

by DONALD SHELDON

The second grade is studying "subtraction" in arithmetic.

The fourth grade is studying "short division" in arithmetic.

The fifth grade is studying "division of fractions" in arithmetic.

The seventh grade is studying "the Vision of Sir Launfal" for reading.

Miss Young has read the story of "Hans Brinker and the Spates," to us for the first fifteen minutes each morning. We have enjoyed it as it tells us about the life of the dutch people.

Myrtle Cox has been absent from school because of illness.

We have had our semester examinations and are glad they are over. Essie Cottrell and Karl Eisenmenger haven't been absent for five months.

The boys are enjoying themselves on the AuGres river, skating during noon hour.

We are looking forward for a visit from Miss Worden.

**SCHOOL NOTES**

new books, "Finders and Founders of the New World," and are finding them very interesting.

Thomas Thompson can still multiply the fastest of anyone in the fourth arithmetic class. Many others are nearly as good.

**Primary**

Isabel Ulman, Laurine and Laurie Frank, Phyllis Bigelow, Marian Lickfelt and Isabelle Dease had perfect in spelling this week. Laurie Frank had had perfect in numbers.

Mrs. Braddock visited our room this week.

Doris Webb and Betty Holland have the chicken pox.

We have divided our beginners class into A and B sections again. In doing this we hope everyone will be first graders next term.

We are making Valentines this week.

Rollin Schrader is back at school after being ill so long.

**Ward School**

We are glad to have Billy Mallon back again after a week's absence due to chicken pox.

Misses Rita and Margaret Bygden of Alpena and Florence McDonald visited school Friday.

Our room presents a neater appearance since we have policemen in charge of each aisle.

Leland Malcolm is still absent. We hope he will soon return.

The second grade are making log cabins following a study of the life of Lincoln. The first and third grades are making badges.

**Health in Light's Rays**

Electric light is considered by medical authorities a good, healthful substitute for sunlight. In an experiment it restored a collection of spees in a murky London zoo to normal vigor. Lamps were installed in the cages.

**ANNOUNCEMENT**

I wish to announce to the people of the Tawas that I have leased the retail gasoline and oil business known as Roy's Tire Shop in East Tawas and have been fortunate in getting Henry F. Thompson as manager of this station. Mr. Thompson has had considerable experience in this work and is one whom you can depend upon for honest dealing and cheerful service.

Of course we are selling that good INDIAN GASOLINE and HAVOLINE PURE PENNSYLVANIA OILS which we assure you are the highest quality to be had in Motor Fuel and Lubricating Oils.

We earnestly invite you to give us an opportunity to prove to you our ability to serve you with the best goods in the best possible way.

**ROACH MOTOR SALES**

Dealer For

**HUDSON-ESSEX**

in Tawas City

"Our sales and service program for Hudson and Essex cars is built around the principle of satisfied ownership, ahead of every other consideration," said Wilbur C. Roach.

"I am thoroughly in accord with the high Hudson-Essex standard of responsibility toward owners, and know they will find a special convenience in our unusual facilities and in our excellent and accessible location."

**The New HUDSON Super-Six**

In the New Hudson Super-Six, the Super-Six principle is released to its limit, in new peaks of speed, power and safety. Years were spent in the development of a chassis, which would permit of full expression of such a motor, in sustained top performance, with ease to car and comfort and safety to passengers. Positive four-wheel brakes, low center of gravity and advance body designs plus new power limits make the new Hudson a car of unmatched beauty, smoothness, power and stamina.

**And a New ESSEX Super-Six**

In performance as well as appearance, the Essex Super-Six is an entirely new car. It reveals the capacity of the Super-Six principle. It attains an engineering triumph in low maintenance and operating cost.

It possesses such stamina that 50 miles an hour all day long is an easy accomplishment. And so nimble and alert is its action that no car will surpass the quickness with which it may be driven through traffic or in touring, whether the trip is one of a few blocks or hundreds of miles. In four new body styles its cost is little more than any "Four," and the greatest of all Essex values.

Entirely New in Appearance and Performance—

All New Bodies in a Variety of Colors.
