The knife that Mr. Schaaf was using slipped and penetrated Anderson's arm, entering just above the left wrist and coming out on the other side below the elbow. Several stitches had to be taken in his arm. He is doing as well as can be expected.

#### WILL START BIG WALL BOARD MACHINE SOON

Supt. H. B. Brokenbrough Has Arrived to Take Charge of Plant

It is planned to have the wall board mill of the National Gypsum company in operation by March 20th. When all of the units are completed, a plant employing several hundred men will be added to the industrial wealth of Iosco County.

Since October, Sherman township has been the scene of much activity. Here hundreds of men have been at work. Foundations were constructed in what had been a pasture, where tag alder, birch and poplar grew in profusion. With the fall and early winter rains this soon became a field of mud. Out of this mud great steel skeletons rapidly grew which were shortly transformed, with brick and tile, into a great wall board mill, power plant and a handsome office building.

The tat, tat, tat of the air hammer still goes on and the steel framework of buildings to house rock crushers, calcining kettles, driers, and conveyers is rapidly taking shape and soon the pasture will be converted into an industrial center with an orderly arrangement of permanently built brick and tile structures and from under its soil will come a great wealth to add to the world's supply of building material.

No small part in romance of modern industry is the rapidity with which such changes can be made, and this has been fully exemplified in Sherman township. Great obstacles had to be overcome, mud and winter weather contended with and miles of railroad built, but everything moved with order and precision and in schedule time.

The wall board mill now nearly completed, is 750 feet long. Thirty-two cars can be placed at the 16 (Continued on Last Page)

#### TAWAS CITY FIRE FIGHTERS USHERS AT STATE

The Tawas City fire department will furnish ushers in service uniform at the State Sunday, Monday and Tuesday during the showing of the "Fire Brigade." The clanging of fire engines has an irresistible attraction and in this picture the ensuing story of the heroes of peace, is told with a vivid realism. Rapid action, thrilling and heart warming. See this great film with May McAvoy and Charles Ray in one of the most thrilling stories of the season.

#### ROGERS CITY QUINTET WIN FROM LOCAL CAGERS

Before too small a crowd Saturday night the local boys were defeated by the fast Rogers City quintet. The game was fast and full of excitement from the first whistle, but, due to lack of practice, the home boys could stand up against the down staters no longer than three quarters and so the final whistle sounded with a score of 55-27.

Although the Tawas team was composed of a perfect lineup, and the boys being in fine trim, shot after shot would loop the ring only to rebound for another try. Many comments were given the boys, who put up so gallant a fight against the fast Rogers City five, who were made up of former college stars.

Referee—Brogger. The Tawas City High School team was defeated in the first game Saturday evening when they met with the Iosco County normal team of East Tawas.

#### NOTICE

There will be a chicken supper and Parcel Post sale at the home of Mr. and Mrs. Birt Fowler March 15. Supper starts at 5:30. Price 25c and 50c. For benefit of the L. D. S. church. Everybody come and enjoy yourselves.

#### NEW YORK FIRM WILL LOCATE ON STARK PROPERTY

Going Concern With Many Orders Waiting to be Filled

The Stato Wood Working Company Inc. of New York has completed its plans for establishing a new plant at Tawas City. The plant will be located on the grounds now occupied by the Stark saw mill. The new plant will manufacture mechanic's woodware and accessories, wood novelties and wood accessories for the electrical and other manufacturing trades.

Oscar Stark, president of the corporation, has had under consideration locations at Bay City and Alpena and after a thorough investigation during the past month has decided to locate the factory at Tawas City. This is a going concern, having been in the manufacturing field for some time with a plant located at Port Chester, a suburb of New York City. The general offices and sales department will remain in New York. A new location was desired to give a greater accessibility to raw material and more economical room for stock and storage expansion.

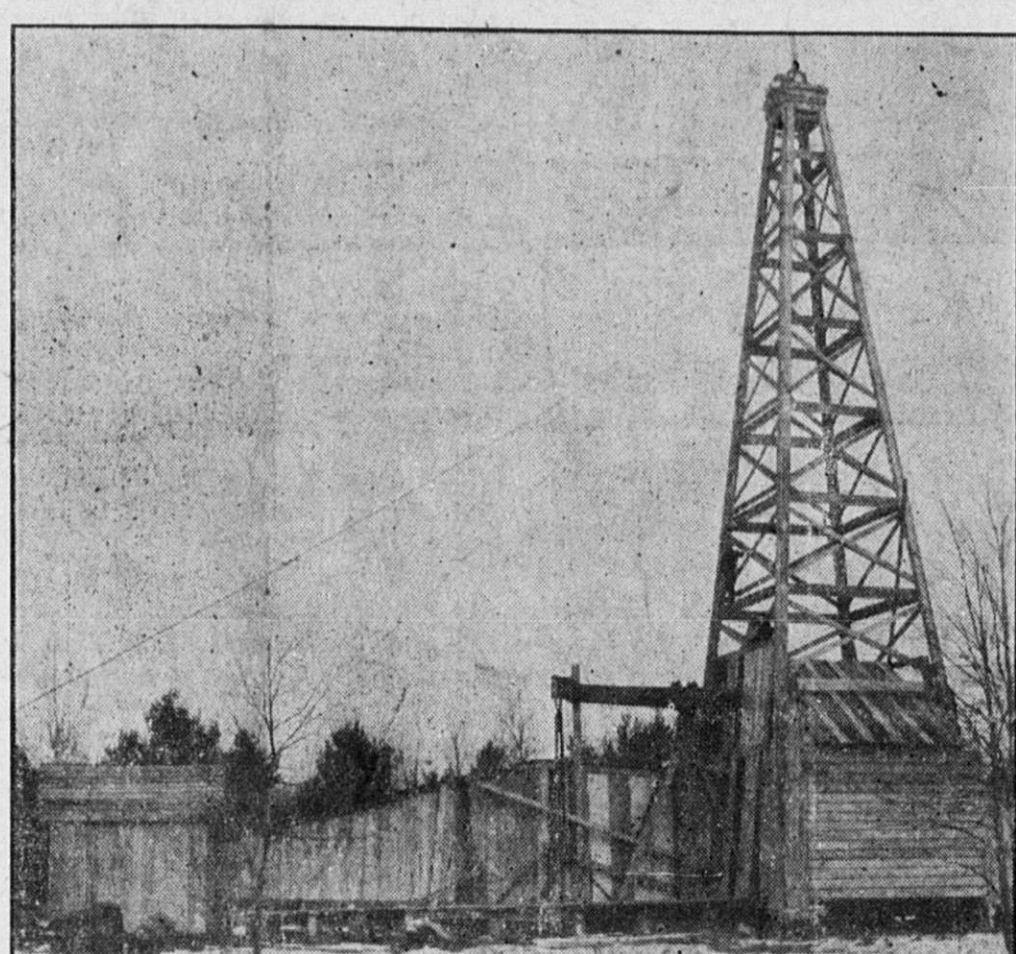

Work will commence as soon as frost conditions will allow on storage sheds, mill unit and office, with old mill as a temporary manufacturing unit to allow the filling of contracts now on the books of the company, but a complete new plant will be erected as soon as the work can be accomplished. The temporary plant will require about 35 men on the payroll and when complete will require a much larger number.

The company is incorporated under the laws of the state of New York.

#### NOTICE

The Iosco County Pomona Grange will meet with the Hale Grange on Thursday, March 10. A pot luck dinner will be served at noon. All Grangers are invited. Come and bring your baskets.

#### McARDLE-McCARTHY

Elizabeth Jane McArdle, daughter of Mr. and Mrs. John McArdle of Tawas township and Eugene Lawrence McCarthy of Detroit were married Saturday evening, Feb. 26 at 7 o'clock at the Holy Rosary church, Detroit.

The bride wore a gown of champagne crepe and mirror velvet and was attended by Mrs. Helen McCarthy, who acted as matron of honor. Frank McCarthy, brother of the groom, acted as best man.

Immediately after the ceremony the wedding party returned to 4444 Lincoln Ave., Detroit where they will make their home and where the reception was held. About 50 immediate relatives and friends were present.

#### FIRE DAMAGES QUOSKY HOUSE

The upper story and roof of the Quosky house near the Zion Lutheran church was badly damaged by fire Tuesday evening. The fire started shortly after five o'clock and owing to the great distance that water had to be pumped, the fire department was handicapped.

The house was occupied by the Jas. Daley family. While much of the household goods were saved, they suffered a considerable loss.

#### STATE GEOLOGIST VIEWS EXPLORATION WITH FAVOR

George Talbot Arrives and Work Will be Pushed Rapidly Forward

Drilling operations started today on the deep test well to go down in East Tawas in an exploration for oil. George Talbot of East Liverpool, Ohio, who has the contract for putting down the 3000 foot hole, arrived yesterday and the work will commence immediately. The 72 ft. derrick has been erected and the huge drilling and hoisting machinery required for sinking the deep well is in place awaiting the arrival of the drill crew.

Early last summer the firm known as the Northern Michigan Realty Company, consisting of L. G. McKay, and H. N. Butler started preliminary work of securing leases for the purpose of ascertaining whether or not oil in merchantable quantities did exist in Iosco County. Shortly after the leases were taken the following persons met at Bay City and organized a corporation to be known as the Iosco Oil Company with Charles A. Coryell, Sr., president, Charles A. Coryell, Jr., Secretary and treasurer, H. K. McHarg, Jr., L. G. McKay and H. N. Butler, directors. Work started at once in an effort to secure a responsible driller which proved to be quite a problem. Several drillers were interviewed when, finally a contract was awarded to George Talbot of Saginaw, formerly of the Ohio oil fields. Three thousand feet of casing was on the ground last December but only recently have they been able to get the work started.

State Geologist, Smith, who looks with favor upon Iosco County, especially the Tawas, will be here next week to look over the situation with reference to securing samples of the earth's formation at this point.

It may be interesting to know that the father of Charles A. Coryell, Sr. drilled a majority of the old brine wells at East Tawas over 40 years ago.

**REGISTRATION NOTICE**

For All Elections Held April 4, 1927  
To the qualified electors of the city of Tawas City, State of Michigan:

Notice is hereby given that in conformity with the "Michigan Election Law," I, the undersigned City Clerk, will upon any day except Sunday and legal holiday, the day of any regular or special election or primary election, receive for registration the name of any legal voter in said City not already registered who may apply to me personally for such registration. Provided, however, that I can receive no names for registration during the time intervening between the Second Saturday before any regular, special or official primary election and the day of such election.

The last day for General Registration does not apply to persons who vote under the Absent Voters' Law. (See Registration by Affidavit.)

**March 26, 1927—Last Day**  
for General Registration by personal application for said election.

Notice is further hereby given that I will be at my office in Kelly bldg. on **March 12 and March 19, 1927** from 8 o'clock a. m. until 8 o'clock p. m. each day for the purpose of reviewing the Registration and Registering such of the qualified electors in said city as shall properly apply therefor.

The name of no person but an actual resident of the precinct at the time of registration, and entitled under the constitution, if remaining such resident, to vote at the next election shall be entered in the registration book.

**Registration by Affidavit**

Sec. 10—Registering of electors: Regular session of 1925—Any absent voter, as defined in this act, whose name is not registered and who shall claim the right to vote by absent voter's ballot at any election or primary election, may, at the time of making application for absent voter's ballot, present to the City Clerk and affidavit for registration which shall be in substantially the following form:

**Affidavit For Registration**  
State of Michigan ss.

I, \_\_\_\_\_ being duly sworn, depose and say that I am a citizen and qualified elector of the \_\_\_\_\_ ward of the city of \_\_\_\_\_ in the county of \_\_\_\_\_ and State of Michigan; that my postoffice address is No. \_\_\_\_\_ street, \_\_\_\_\_ or R. F. D. No. \_\_\_\_\_ P. O. \_\_\_\_\_; that I am not now registered as an elector therein and that I am voting by absent voter's ballot at the election (or primary election) to be held upon the \_\_\_\_\_ day of \_\_\_\_\_, 1927, the application for which ballot accompanies this application; that I make this affidavit for the purpose of procuring registration as an elector in accordance with the statute; that I make the following statements in compliance with the Michigan election Law: Age \_\_\_\_\_; Race \_\_\_\_\_; Birthplace \_\_\_\_\_; Date of naturalization \_\_\_\_\_; I further swear or affirm that the answers given to the above questions concerning my qualifications as an elector are true and correct to the best of my knowledge and belief.

Taken, subscribed and sworn to before me this \_\_\_\_\_ day of \_\_\_\_\_, 1927. My commission expires \_\_\_\_\_, 1927.

Notary Public in and for said county, State of Michigan.

**Registration of Absentee by Oath**  
If any person whose name is not registered shall offer and claim the right to vote at any election, or primary election and shall under oath state that he or she is a resident of such precinct and has resided in the ward twenty days next preceding such election, designating particularly the place of his or her residence and that he or she possesses the other qualifications of an elector under the constitution; and that, owing to sickness or bodily infirmity of himself or herself, or some member of his or her family or owing to his or her absence from the city on public business or his or her own business, and without intent to avoid or delay his or her registration, he or she was unable to make application for registration on the last day provided by law for the registering of electors preceding such election then the name of such person shall be registered, and he or she shall then be permitted to vote at such election. If such applicant shall in said matter, willfully make any false statement, he or she shall be deemed guilty of perjury, and upon conviction, be subject to the pains and penalties thereof.

Provided, that any city may provide by its charter or by resolution approved by a majority of the members of its legislative body for the registration of such sick and absent voters on the last Saturday preceding any election or primary election at the places of voting in the several voting districts of such city, instead of an election or primary election day.

**Provision in case of removal to Another Precinct:**  
Any registered and qualified voter who has removed from one election precinct of a ward to another election precinct of the same ward shall have the right, on any day previous to election day, on application to the City Clerk, to have his or her name transferred from the registration book of the precinct from which he or she has removed to the registration book of the precinct in which he or she then resides. Such elector shall have the right to have such transfer made on election day or primary election day, by obtaining from the board of inspector of election of the precinct from which he or she has removed a certificate of transfer, and presenting the said certificate to the board of election inspectors of the precinct in which he or she then resides.

Dated March 1, A. D. 1927.

**A. KROLIK & COMPANY**  
INCORPORATED  
WHOLESALE DRY GOODS  
DETROIT, MICH.  
January 3rd, 1927.

Michigan State Telephone Co., Detroit, Michigan.  
Gentlemen:  
The year 1926 has been a successful one for us and one of the important contributing factors was the consistent use of the long distance telephone service. Our organization was alert to the trade when selling and in close contact with the retail trade when buying. We never hesitate to use the long distance service to keep our salesman informed promptly of new merchandise arrivals and changes in market quotations. We also use the long distance telephone service in getting quick action in our buying operations in the eastern markets.  
We take great pride in the service we render our customers and are convinced that the use of the long distance telephone service is most helpful to us in maintaining the high standard of this service.  
Recently we held one of the largest and most successful pre-inventory sales in our history. The crowds of merchants who attended exceeded all past records. The advertising department used all means of reaching the trade through the medium of direct mail appeals by members of the direct contacts with hundreds of buyers through the use of the long distance telephone service. In no small measure to sell the list of out of town buyers who were here on the sale days.  
The usefulness of the long distance telephone has proven itself over and over again during the year just closed.  
Yours very truly,  
A. Krolik,  
President

**PROBATE NOTICE**

State of Michigan. The Probate Court for the county of Iosco.

At a session of said court held at the City of Tawas City in said county on the 2nd day of March A. D. 1927.

Present Honorable David Davison, Judge of Probate. In the matter of the estate of Veronica Kane, deceased John A. Stewart having filed in said court a petition, praying for license to sell the interest of said estate in certain real estate therein described.

It is ordered, that the 25th day of March A. D. 1927 at 10 o'clock in the forenoon, at said probate office, he and is hereby appointed for hearing said petition, and that all persons interested in said estate appear before said court, at said time and place, to show cause why a license to sell the interest of said estate in said real estate should not be granted.

It is further ordered, that public notice thereof be given by publication of a copy of this order, for three successive weeks previous to said day of hearing, in the Tawas Herald, a newspaper printed and circulated in said county.

David Davison, Judge of Probate. A true copy.

**Wheat Products for Food**

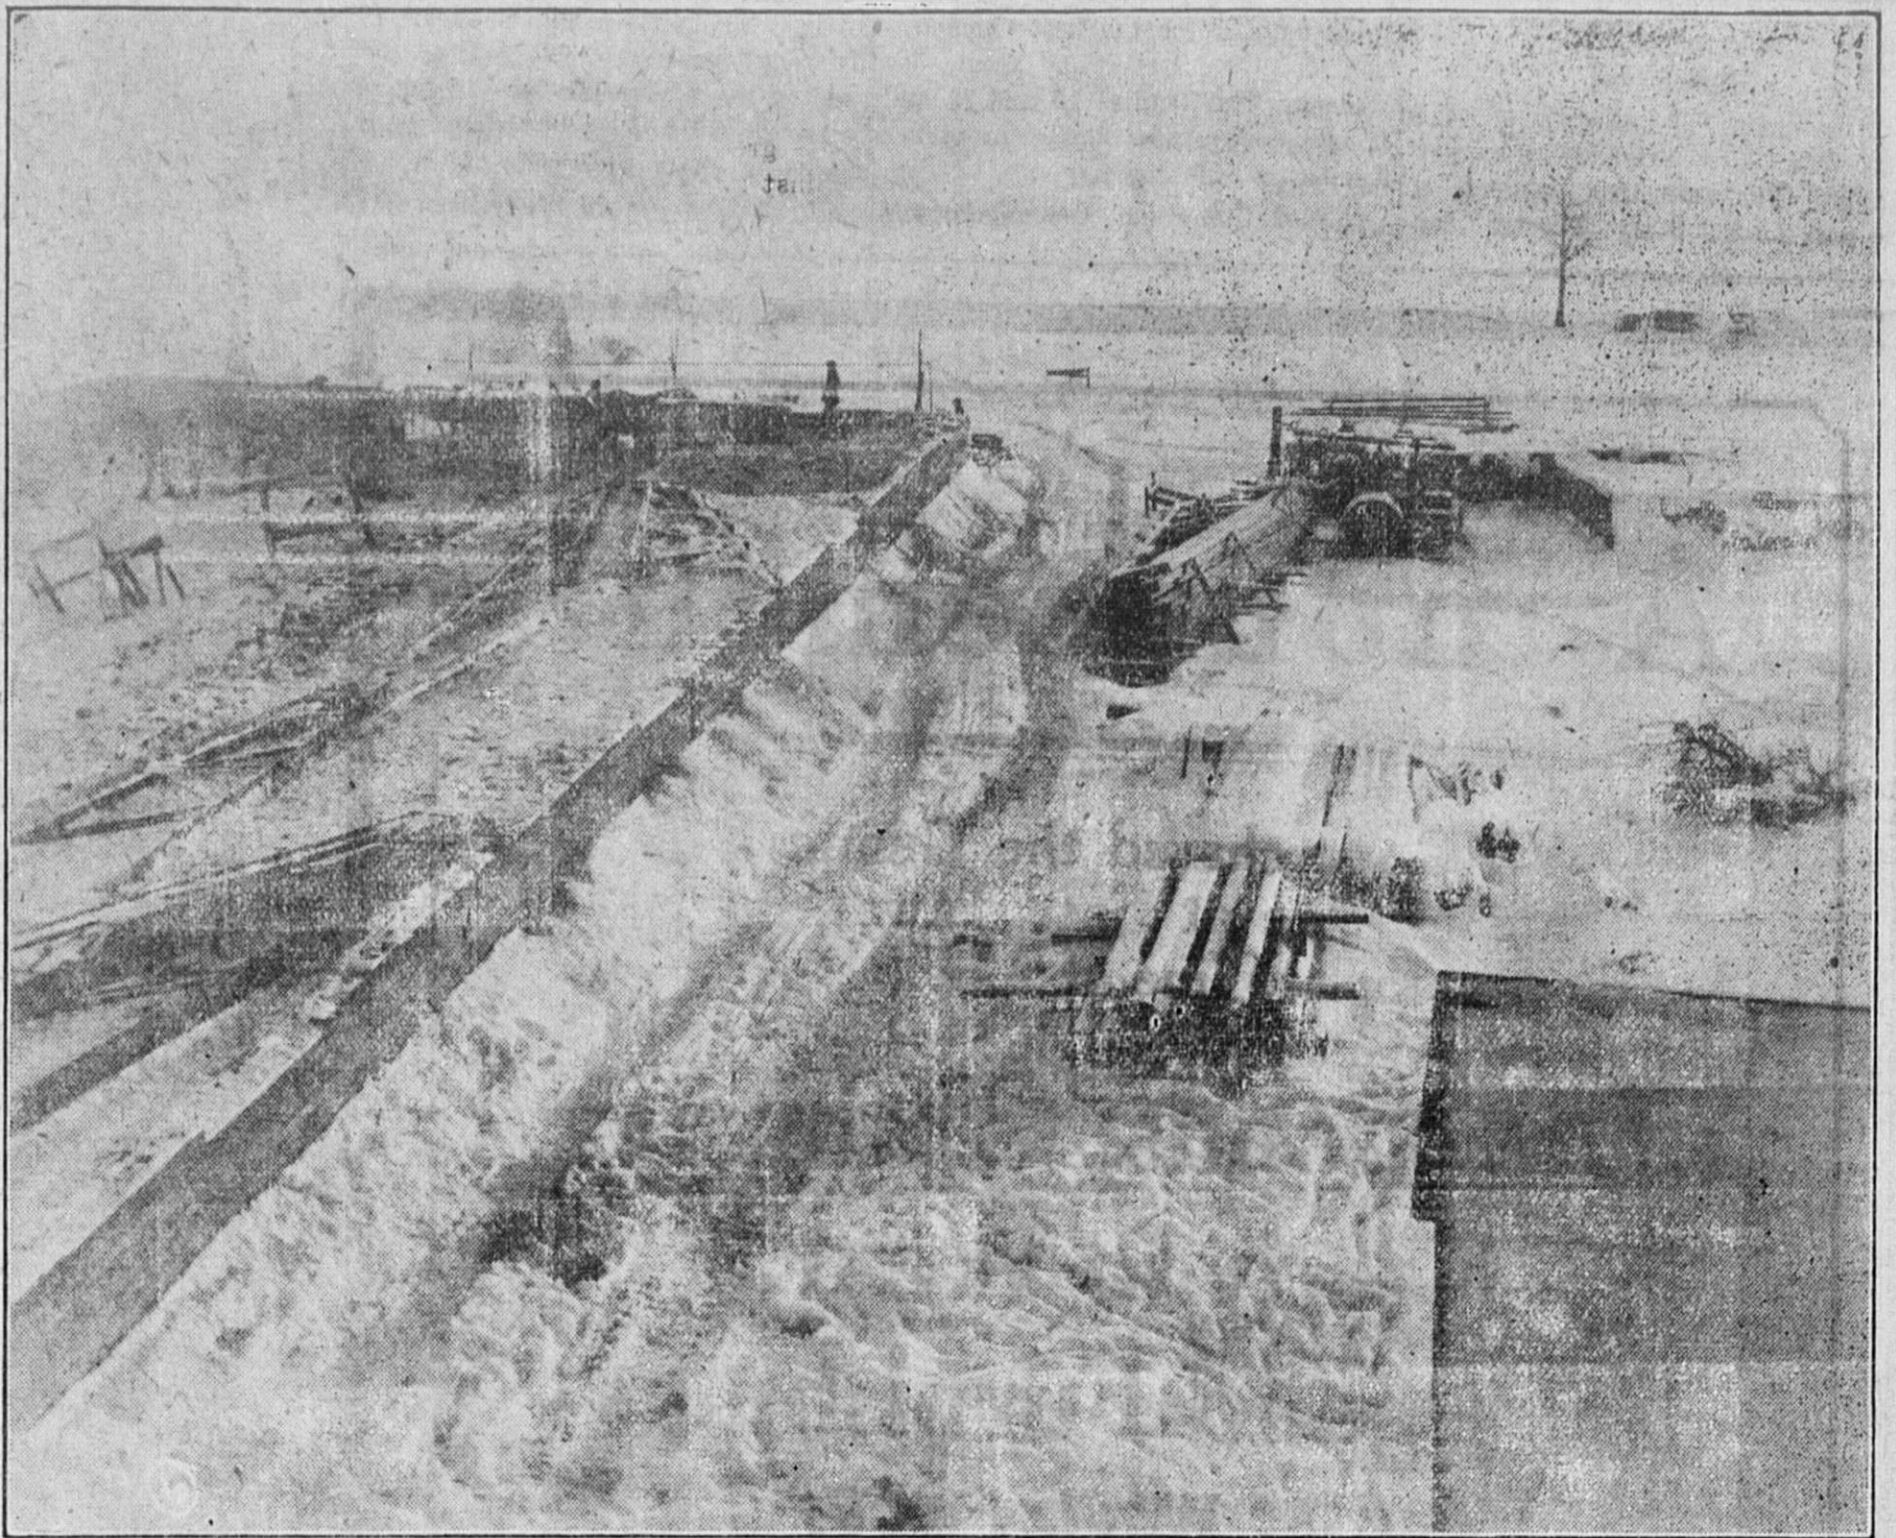

It has been calculated that wheat flour bread and crackers, pastry and similar products constitute 19 per cent of the total food of the average American family, furnishing about 27 per cent of the total fat and 46 per cent of the total carbohydrates. They contain a high percentage of starch and may be profitably combined with materials rich in protein, meat, eggs, etc., to form a well-balanced diet.

**His Injury**

John J. Brownlee brought suit against the Traction company in the Second Judicial district. The auto in which he was riding was struck by a car several months ago and he was thrown to the pavement. He was confined to a hospital and his whole right side was decapitated for many months.—American Mercury.

**Gasoline Uniformity**

The uniformity of gasoline has become more common. There has been a slight average increase in the volatility of the motor gasoline in use today, according to tests made by the United States bureau of mines.

**Correggio's Odd Death**

The death of Correggio, the great Italian painter who lived in the early part of the Sixteenth century, is alleged to have been caused by his having to carry home a sum of money due him for a picture he had painted, and paid in copper coins to humiliate and annoy him. The painter carried the money some twenty miles on a hot day to save the expense of hiring a conveyance. The consequent exhaustion led to a breakdown that ended in his death.

**Stamps Issued Recently**

The Post Office department says that the following stamps have been issued since 1924: Huguenot-Walloon tercentenary stamps—½ cent, 1½ cents; ordinary stamps—13 cents, 17 cents; Lexington-Concord commemorative stamps—15 cents; 20 cents, special delivery; 25 cents, special handling; Norse-American commemorative stamps; air-mail—10 cents.

**Believe It or Noto**

A strange custom is practiced among the people of Monomotopa. When the sultan sneezes the fact is published from the palace by a signal and instantly every subject within radius of the sound raises a shout, which is imitated and passed on.

from coming to school for some time, but we all hope he will be able to return soon.

The high school oratorical contest was held Friday morning at the school house. The judges of the contest were Miss Worden, Mrs. Rebecca Baguley, and Rev. George Smith, who selected the following from a group of fourteen orators: First, Isabelle King, topic, "The Convictions of Man;" second, Irma Kasischke, topic, "The Woman of Today;" third, a tie between Luella Cackstetter, topic, "The Fate of our Nation Depends on the Average Citizen" and Clara Zollweg, topic, "Joan of Arc;" and fourth, Louis Braddock, "Chicago Drainage Canal."

It was a good attempt on the part of all participants, taking into consideration the short time for preparation, and showed very favorable results from the continuous efforts on the part of Mrs. Moeller, who sponsored the orations.

In the typewriting speed contest held immediately following the oratorical contest, Irma Kasischke came out first with a speed of 42 words per minute, Charles Colby second at 37 words per minute, and a tie between Eleanor Lange and Reginald Boudler for third, each making 30 words per minute.

All contestants suffered from an extreme case of stage fright, resulting in enormous amounts of mistakes, which brought down their marks far below their ordinary speed. However, it provided good practice for all who partook, and the experiment will be repeated frequently.

**Seventh and Eighth Grades**

Mrs. James Brown and Mrs. Heath were visitors here last Friday afternoon.

Arnold Hoshbach was a visitor in our room last week.

Beulah Hiltz entered the eighth grade Tuesday of this week, making our enrollment 39.

All of our pupils are back now except Lucille Krumm.

Marcella Low, Delta Leslie, Beulah Wajahn, Louis Frank, Sarah Brown and Viola Burtzloff have started to write the drills in penmanship. When all of the drills are completed, they will be sent to the Palmer office in Chicago to be examined. We hope that all of them will be accepted, and each of the pupils will receive a Palmer certificate.

Delta Leslie, Marcella Low, and George Roach gave very interesting talks on the Panama Canal, in history class Tuesday. Alvin Cholger and George Prescott also gave interesting talks on the life and work of Theodore Roosevelt.

**Fifth and Sixth Grades**

We are reading "The Swiss Family Robinson" during our opening exercise period.

The fifth and sixth grades have learned Longfellow's "The Children's Hour" and "The Psalm of Life."

The fifth grade geography class has taken many interesting trips. This week we have traveled to South America, where we visited the rubber and coffee plantations.

**Third and Fourth Grades**

Gordon Myles won the gold star in spelling last month. He won eighteen red hearts to put on the cover of his spelling booklet. Jean Robinson was second with seventeen red

hearts.

Those who had perfect spelling lessons all last week were Evelyn Bigelow, Nyda Moore, Maletia Groff, Erma Ziehl, Gordon Myles and Arthur Ziehl.

**Primary**

We are studying about Holland for language work and making cut paper Dutch scenes for art.

Walter Zollweg, Izma Rapp and Isabel Ulman had perfect in spelling this week. Isabel Ulman and Phyllis Bigelow had perfect in numbers.

Leonard Hoshbach and Willard Kehrberg visited our room last week. The nice weather is making our attendance better this week.

**Ward School**

The first graders are making booklets of the pictures they have studied so far this year in language.

Miss Worden taught in our room Friday afternoon.

The language classes were interested in Longfellow last week and two of his poems were studied.

Dorothy McDonald has returned from Flint where she visited her grandmother for a week.

Effie Prescott has the chicken pox. Bobby Mark and Hugo Keiser had perfect spelling lessons all last week in the third grade. Effie Prescott, Bobby Roach, Frederick Luedtke and Madge Brugger in the second grade also had perfect spelling lessons.

**PRIZES OFFERED FOR BEST ESSAY ON TUBERCULOSIS**

Dr. B. A. Shepard of Pine Crest Sanatorium is offering two cash prizes for the best essays on tuberculosis written by pupils in the schools of Michigan, who are below the ninth grade. The first prize is for \$25.00 and the second for \$10.00. Any pupil in any school in Michigan below the ninth grade is eligible to compete.

The essays are to be from 800 to 1000 words in length. They are to be submitted on plain paper 9 1/2 x 11 inches. No name or other mark of identification is to appear on the paper selected as the best in each county. Papers will be so numbered in this office that their source may be known. When the prize winning essays have been selected the school officials concerned will be notified who will then reveal to the committee the name of the winning contestant. One paper only is to be submitted by each county to the contest judges. Within the county selections may be made according to any plan preferred by the county commissioner.

Contests within the county must be closed by March 31. The papers winning locally must be submitted to the judges, with headquarters at 535 S. Capitol Ave., Lansing, Michigan, by April 15. Announcement of awards will be made April 30.

Pupils entering the contest are urged to obtain material from their local physicians, from their local libraries, from the State library, from the Michigan Tuberculosis Association, and from local tuberculosis associations. The essays are to cover several phases of the disease; its nature, how conveyed, its frequency, symptoms, economy, cost, etc.

**Record Low Temperature**

The weather bureau says that the lowest temperature ever recorded in the United States is 65 degrees below zero, at Miles City, Mont., January, 1888. As alcohol freezes at about 180 degrees below zero Fahrenheit, no known actual temperature sufficiently low to freeze pure alcohol has occurred in the United States or elsewhere.

**Scoring Lawn Tennis**

In the early days of lawn tennis two methods of scoring were used, almost indiscriminately. One of these was the scoring used in the game of "racquets" and the other the "tennis" scoring. In 1878 the "tennis" method of scoring was adopted and the "racquets" scoring abandoned. No material change in the method of scoring has been made since 1878.

**Decorative Door Panels**

When door panels are decorated they should be done in keeping with the function of the room. Floral designs are suitable for bedrooms; nursery tales for nurseries; scenes of pure design for living rooms, etc.

**Perfection**

An advertisement says perfect teeth are necessary to perfect health and perfect health is necessary to perfect happiness, and that may be true, but the average American feels that he could do with false teeth, fair health and a perfect automobile.

# TODAY'S FORD CAR

Before you buy any make of automobile let us show you Today's Ford Car.

You may consider you know the Ford Car. You may have been a Ford owner for years and think you are familiar with the splendid satisfaction which the Ford gives, and yet unless you have made it a point to examine the Ford Car as it is BUILT TODAY--to drive it and note its improved engine performance--relax in it over rough roads, and experience the increased comfort which it affords, and to learn of the many recent improvements, you do not know the Ford Car as it is built today.

Many of the new Ford Car features are obvious--balloon tire equipment, wire wheels, pyroxylin finish, a choice of colors, improved upholstery, etc., but the big satisfaction to you, as the owner of Today's Ford Car is to be found in the way in which it will fulfill your expectations of what a modern car should be. You will be amazed at the increased power resulting from the new vaporizer, the smoother engine operation, the increased gasoline mileage, the improved riding qualities, and above all, in the way in which this car handles and performs in traffic and on the open road.

In short, you must drive a new Ford Car to be a fair judge of present day motor car values. We invite your inspection of Today's Ford Cars.

Note this actual test. It proves something of interest to every home builder or buyer.

A box is divided in half by a layer of Celotex Insulating Lumber.

The right half of the box is heated by an electric lamp, to 179°.

At the end of an hour, the left half is only 77°—102° cooler.

## HOW CELOTEX STOPS HEAT

Interesting test shows results of building with insulating lumber

In the roof and walls of a house, Celotex does the same thing as in the test above. It keeps out the hot rays of the beating sun in summer. And keeps in precious furnace heat in winter.

Results: a cozy warmth in the bitterest winter weather, a refreshing coolness throughout a hot summer... one-third less fuel cost... greater security... longer life... less upkeep expense.

This remarkable insulating lumber is one of the greatest contributions ever made to home comfort and economy.

Celotex is made from the tough fibres of cane. It comes in stock sizes: 4' wide, 8' to 12' long, 7/16" thick. It weighs about 60 lbs. per 100 sq. ft.

Look ahead! By all means let us give you all the facts before you build or buy. Celotex advantages cost little or nothing more than ordinary, heat-leaking construction.

### The Spider's Harbor

A species of spider inhabiting the shores of the Pacific may be found at low tide crawling around on the rock and coral reefs, but when the tide rises you search for them in vain. ### RAPID PROGRESS MADE ON NEW GYPSUM MILL

The building of this plant has been of immediate value to the surrounding territory, for a large portion of the 250 men who have found employment there are local men.

J. F. Haggerty, the president, J. J. Turner, production engineer and A. H. Brunner, construction engineer, will arrive Saturday to spend a few days looking over the progress of the work.

New road signs are being built directing the people to the plant. One at the intersection of M-10 and the Meadow road in Tawas City, one at National City and one at the Whittemore corner where the road leads to National City. These signs will carry the National colors and the trade name "National Mineral Wall Board" main product of the company.

Some idea of the personnel of the National Gypsum company can be gained from the following paragraphs:

In every line of industry there are men whose reputations are so wrapped up in the industry's progress that they become universally recognized. It is well known that J. F. Haggerty, president, occupies this position in respect to the wall board industry. He has been in the manufacture of wall board continuously for the past 14 years, 11 years as vice president in charge of production and sales of the largest manufacturer and originator of wall board. Later president of a plaster wall board company which marketed an improved and well known product. Previous to this Mr. Haggerty's entire business experience was devoted to merchandising products to the lumber trade.

A man cannot spend twenty two years in the gypsum business without becoming a national figure in the industry. Mr. William's long varied experience has covered mining, manufacturing and selling plaster, gypsum blocks and plaster wall board. He has been closely associated with the production problems of three of the largest manufacturers in the gypsum industry. His association with National Gypsum Company is significant

### LAST RITES FOR WILLIAM CLARK OSTRANDER

The funeral of William Clark Ostrander was held Friday, February 25 from the M. E. church and was one of the largest ever held in this community.

The out of town relatives and friends who attended the funeral were Rev. Verco, Stanley Ostrander and daughters, Mrs. Ellen Johnson, Mrs. Donald Leach and Norman Rowley of Flint; Mrs. G. A. Coggan of Brooklyn Mr. and Mrs. Harvey Ostrander, Mr. and Mrs. William D. Spence and daughter, of Detroit; J. Ellis Ostrander of Bradford, Ont.; Raleigh Soper of Tillsonburg, Ont.; Mr. and Mrs. Byron Latter and family of Millington; and Mr. and Mrs. Floyd Baker and family of Owosso.

### CARD OF THANKS

We wish to extend our sincere thanks for the kindness, sympathy and assistance extended to us in our bereavement by our many friends, also for the many floral offerings and to those who furnished cars or assisted in other ways.

### Won't Help the Cooking

It is said the kitchen utensils of the shah of Persia cost \$25,000,000. Gosh! He must have had can openers of solid gold and platinum set with diamonds and rubies. ### Battle of the Nations

The battle of Lelispic (October 16, 18, 19, 1813) is known as the "Battle of the Nations" on account of the many peoples—French, Prussian, Austrians, Russians, Swedes and Saxons—that fought it.

Lest you forget, American Legion St. Patrick's supper and dance soon.

Our sale is still on, Barkman's.

of the company's high aims and standards, Mr. Williams is vice president.

It is probable that no man in the wall board industry has had more valuable and intimate experience in marketing wall board than M. H. Baker, secretary of the National Gypsum Company, his understanding of the lumber dealer's problems, difficulties and necessities and his experienced methods are outstanding. Mr. Baker was for 11 years sales manager for the largest wall board manufacturer in the country. His entire business career has been devoted to merchandising products for the retail lumber trade.

J. J. Turner, production manager, for seven years has been in charge of the manufacturing of plaster wall board for two of the nationally known manufacturers. He operated one of the first gypsum wall board plants and has gone through all of the experimental stages of the industry, during which time he was responsible for many of the improvements now in use.

A. H. Brunner has had a broad experience, covering several years, in designing, equipping and operating plaster wall board plants. Through his service, the National Gypsum Company benefits from the engineering experience developed by the industry. Mr. Brunner engineered the construction at the Sherman township plant.

For nine years Mr. Davis has been in charge of gypsum mining for one of the large producers in the industry, where he established a record for efficiency in mining gypsum rock. Mr. Davis is superintendent of quarry operations at the new plant.

T. J. Ryan, a man who has had years of experience covering every angle of mill and quarry operation, has had charge of the construction of the new Gypsum plant. Much of the success in hurrying the plant toward completion is to the credit of Mr. Ryan.

H. B. Brokenbrough, of Akron, N. Y., recently moved to East Tawas to take charge of the plant as superintendent when completed. He has had a life long experience in the manufacture of plaster and wall board and it is with pleasure that we welcome Mr. Brokenbrough and his family to this community.

D. K. Robinson, construction engineer at the National Gypsum plant, has been with the state highway department and has a wide experience as bridge engineer. Until secured by the company he was with Hill & Belknap, Mr. and Mrs. Robinson are residents of Tawas City.
