TAWAS WINS ITS FIRST GAME

Team	Won	Lost	Pct.
Alabaster	3	0	1000
Tawas City	1	2	333
East Tawas	1	2	333
Hale	1	2	333

Last Sunday's Results
Tawas City, 10—Hale, 8.
Alabaster, 4—East Tawas, 0.

Next Sunday's Games
Alabaster at Tawas City.
East Tawas at Hale.

Tawas City won its first victory of the season from Hale last Sunday at the Tawas Beach diamond by a score of 10 to 8.

The local boys pounded Cobb for eleven hits, including home runs by Kasischke and Boldt, while Hale could tally but six fairly well-constructed ones. However, a large amount of errors on the part of both teams caused a majority of the runs, although there were a great deal of brilliant plays, of which Eddie Libka's cheer-producing one-handed catch of Rahl's long drive is worth mentioning.

Stoner was given his first try-out in the box, but due to very poor support and bad control, he could not hold the visitors. The old standard, Jackson, was in very good form. Due to good twirling and excellent control he allowed the visitors but one hit. Jackson has been going strong this season and deserves considerable credit for the victory Sunday.

Next Sunday Tawas City plays Alabaster at the Beach diamond. Alabaster has a strong team and has so far remained undefeated by any of the teams. The Tawas City team has been greatly re-enforced by the recent addition of Kasischke and Rahl, youthful stars, and other changes. Under these conditions it will certainly be a hard fight.

NINE HOLE GOLF COURSE NOW UNDER CONSTRUCTION

Two weeks ago a strip of land owned by Frank Brown of Baldwin township was selected by local golfers and others as an ideal spot for a golf course.

Work was started immediately on this land, which for many years had served as a grazing place for cattle and sheep, and today is rapidly being made into a golf course. The construction of the course is in charge of N. J. Crocker of Detroit. Although it takes much time to complete a course of this kind, it will be in fair condition, it is thought, by July 4th.

This course needs backing by the local business men and others of the community, and when finished, will add a source of sport that tourists and vacationists require. It means that these cities will be able to give to the world of sports all that other cities of its size can, and more.

Albert Timreck of Tawas City has recently purchased 2 females as foundation stock from the Serradella farm.

Mr. Timreck is building a high producing herd of Holsteins for the Tawas City trade. He selected his foundations from the Serradella herd. His latest additions are Serradella Keatje a 22 lb. 3 year old and Doreen Canary Hengervelt Fobes a 23.6 lb. 5 year old. The former is a grand-daughter of Kirkwood Mable Princess a 28 lb cow and the daughter of Serradella Kirkwood Princess, who is now owned by Charles Timreck, Jr. of Tawas City and is the leader of the Arenac County cow testing association.

The latter is a daughter of Doreen Canary Rag Apple, the leading cow in the Serradella herd with a record of over 25,000 lbs. milk and over 1000 lbs. butter and is promising to beat her last year's record by a considerable margin.

Mr. Timreck is to be congratulated for his selection of very promising cows to pick from.

KELLY BROS. COMING TO EAST TAWAS

It is safe to assert that one of the oldest and best liked dramatic organizations on the road today is the Kelly Bros. Stock company who will open a six night's engagement in East Tawas on Monday, June 27. Mr. Kelly has made every effort possible to secure an exceptionally strong cast of players and repertoire of plays that he considers the best he has ever offered the public.

Mr. Kelly has chosen as a feature play this season "Cheating Husband," one of the best comedies ever produced. Among the other plays that will be produced during this engagement will be the great book play "Tess of the Storm Country," "When Dreams Come True," a popular rural comedy; the big crook play "The Girl Who Came Back."

The personnel of the company is as follows: Miss Bess Henderson, a very charming leading lady; Miss Riplogie, who will play the Ingenue; Miss Anita Mack, a clever character woman; George Henderson is the leading man; Mr. Riplogie, a comedian who has been with some of the largest stock companies; Frank Gibney the juvenile man, comes from the Wright Players at Pontiac; Billy Mack comes from the west coast and C. G. Weston, the stage director who has recently closed a season's engagement at the Lexington Theatre, Lexington, Ky.

Vaudeville of the better class will be introduced between acts and both play and vaudeville will be changed each night of the engagement. On the opening night one lady will be admitted free with each paid adult ticket.

Will Lindbergh be at East Tawas on the 4th? Be there and see for yourself.

Clyde Carson, Mrs. Lee Carson and daughter of Detroit were week end visitors in the city. On their return, Miss Beulah Brown accompanied them.

COMMENCEMENT EXERCISES HELD THURSDAY NIGHT

The Commencement Exercises of the graduating class from the Tawas City high school were held last Thursday evening, June 16, at the State Theatre.

A wonderful display of training and ability was rendered by the several speakers, who clearly showed the abilities of their trainers. Following these came the principal address of the occasion by Charles T. Grawn. Mr. Grawn spoke of the requisites of a high school graduate and was enjoyed by everyone.

The following was the program for the event:

The Senior class gave a farewell party in honor of the high school teachers last Saturday evening at the home of Mr. and Mrs. James Leslie. A fine time was enjoyed by all, following which a delicious lunch was served. Even this did not quell the desire for merry-making, which continued far into the next day.

DOWFLAKE APPLIED TO STATE HIGHWAY

Three carloads of Dowflake were loaded at Tawas City and applied to state roads here. Large shipments were also received at other points in the county for immediate application.

This is a part of the recent record purchase made by the state from the chemical company at Midland. This purchase consisted of four solid trains of the material to be applied to the roads of the state.

This is not only by far the largest single shipment of dowflake ever made, but it is the largest purchase of such material ever made by the state of Michigan. And one can add right here, another superlative that will be equally fitting, by stating that the thousands of tourists guests to this great summer resort state, will now be guaranteed the greatest enjoyment they have ever been able to experience when they motor over the smooth, dust free highways that will lead to every corner of this northern vacation land. For no matter how enervating the myriad of water resorts may be, to the vacation seeker, his pleasure is so seriously offset by the fatiguing hazard of endless stretches of loose gravel and stifling clouds of dust that he is bound never to repeat such an experience if he can avoid it.

PURCHASE LOCOMOTIVE

The Erie and Michigan Railway and Navigation Co. has purchased a M-9 type locomotive from the Detroit & Mackinac Railway Co. The locomotive has been fitted for switching service. It was delivered Wednesday morning.

THE CALLAHANS AND THE MURPHY'S

The State Theatre is the first theatre in Michigan to offer Metro-Goldwyn-Mayer's latest comedy hit, "The Callahans and The Murphys," which opens a two-day engagement Sunday. The management expressed that this picture comes at such an early date after several days of telephone negotiation with Metro-Goldwyn-Mayer's officials of Detroit.

The leading parts of the cast are played by Marie Dressler, Sally O'Neil and Lawrence Gray, and the picture is directed by George Hill.

Annie Callahan and Maggie Murphy are neighbors and old friends. Annie is a widow with five children; Maggie and her husband, an undertaker, have two. Monica Murphy and Jim Callahan, two of the children, are in love, as are also two others, Dan Murphy and Ellen Callahan. Dan Murphy has taken up with "Tony, the Wop" and is in danger through the latter's activities as a rum-runner.

On a Hibernian picnic Dan and Ellen, left behind when rain breaks up a day of joy and fights, take shelter in a little grotto.

Dan's bootlegging business has brought unexplained wealth to the Murphys, and Annie Murphy adopts between her and Mrs. Callahan. The two families have dinner together one night but it is a tense affair. Ellen Callahan has discovered that she has a terrible secret, and tries to tell Dan, but he is summoned away by the bootleggers with whom he is in league. Jim Callahan suspects his sister's trouble, and Monica, with whom he is in love, tells him of Dan's bootlegging, and at her request he warns Dan that the police are on his trail. Dan takes his advice and disappears.

Jim spirits Ellen to a hospital to have her baby, telling his mother she has been taken to the country to cure her cough. Later he "plants" the baby at his mother's door as a founding and she decides to adopt it. Ellen returns from the "country" to find her own baby at home.

Meantime the Murphys run out of money, now that Jim has disappeared and are about to be distressed, and Annie forgives her old friend and hurries to bring the Murphys to the Callahan home. Dan, in the meantime, returns... and the denouement is a dramatic surprise interwoven with a hilarious series of comedy incidents.

ECHOES FROM THE SOUTHLAND

Washington's Southland Singers

These are the singers and entertainers you tune in on so often on the radio. You have been entertained by their melodies and have imagined that you could see the action of their songs—and you have pictured a scene on an old southern plantation.

In the personal appearance of these five artists on the first night of our Community Chautauqua you will have an opportunity to actually see all of this on a stage set with a southern scene. The company is headed by Howard C. Washington, one of the foremost composers and musicians of his race. The program will include many of Mr. Washington's own compositions, as well as the old plantation melodies, negro folk songs and negro spirituals and the more modern popular tunes and semi-classics. Mr. Wash-

ington, as a result of broadcasting on a single evening, received letters and telegrams from the extreme points in the United States—from Portland, Oregon, to Portland, Maine—from Canada to Mexico—from Porto Rico and British Columbia, complimenting him and his company upon their splendid entertainment.

With such splendid ability as entertainers over the radio, you can well imagine the excellence of their Chautauqua programs when they appear in person and work with the aid of special scenic and lighting effects. Each member of the company is an instrumentalist as well as a vocalist, and many of their numbers are accompanied by the banjo and other stringed instruments which help to bring out the strange harmonies peculiar to negro music.

Spruce Cultivation

The wood of the Sitka spruce, which grows in the forests of British Columbia, is one of the most commonly used materials for the construction of airplanes. This tree is also cultivated in Great Britain. The forest service of Canada each year furnishes the British forestry commission with large quantities of seed for reforestation.

Gave Name to Art

STRANGER THAN FICTION

On the last night of Chautauqua, Carveth Wells, an engineer and globe trotter, will tell of strange places and strange animal and plant life which he has seen. Mr. Wells is a Fellow of the Royal Geographical Society, a member of the Institute of Civil Engineers, of the Explorers Club, the Circumnavigators Club and the Adventurers Club. The strangeness of the details he tells, fascinates you and tests your credulity, as well as gives you information.

You might think Mr. Wells, the Naturalist, the most entertaining liar you ever met. You might think him to be an author playing on your credulity with some weird fairy tales. Perhaps you might think him to be one beset with hallucinations, or one whose fertile imagination had been stimulated by an oversupply of ardent spirits. You are sure to think that there is to be a rude awakening and a joke at your expense if you accept too literally his almost fantastical stories.

But Carveth Wells is not a liar. He is not an inebriate. He is not even a practical joker. His amazing tales of flirting fish, rodeling earth worms, monkeys that brush their teeth, cats born with broken tails, and a host of similar ones are not hallucinations. His array of strange facts are true and can be proven by scientific data. The cartoon at the right shows Mr. Wells as seen by the cartoonist of the Chicago Herald-Examiner upon the occasion of his lecture before the Executives Club of Chicago.

You cannot afford to miss the last night of Chautauqua.

"A REGULAR SCOUT"

A story of Young America has at last found its way to the screen in "A Regular Scout," an F. B. O. production starring Fred Thomson which is playing today and tomorrow at the State Theatre. It is a story of the life and motives of the greatest boy organization on earth—the Boy Scouts. The locale is the West, with towering, majestic mountains for a background, and all the thrilling riding, so vividly a part of the thrilling King as the exponent of the cowboy's Pegasus. A troop of Scouts and Fred meet accidentally one night while camping on the desert, and from then on their lives are drawn together, and the mutual friendship grows to such a point that the entire life of the man is changed, through the boy's ennobling influence. Seven troops of Scouts are used in the picture, while their national headquarters appointed a Scout Executive to oversee and handle the technical points involved in the production. The cast includes: Olive Hasbrouk, Marv Carr, Marzard Seddon, Buck Black, William Courtright, Harry Woods, T. Roy Barnes and Bob McKim.

Grouchy Failed Napoleon

Marshal Grouchy was the commander assigned by Napoleon Bonaparte to hold in check the German army under Blucher after the latter's defeat at Ligny. This, Napoleon hoped, would leave Wellington without support at Waterloo, but Blucher reached Waterloo late in the afternoon of the battle, when it was practically won.

Camel's Burden

An expert says that from 500 to 700 pounds is the average weight for a camel to carry. He usually carries this on an average of 10 hours or 23 miles a day. The average for the northern and the southern species varies somewhat in speed and the burden which they carry, but the above is an average for both.

Long Distance Is Better and Costs Less than the mails, Watts-Morehouse Company says

Advertisement for Watts-Morehouse Co. featuring a letter from a customer praising long distance service. The letter reads: "We write to express our appreciation of the benefits received from your long distance service, of which we are heavy users in connection with our manufacturing and selling of standard automobile trucks for Hudson and Essex cars. We manufacture this product in Jackson and ship it over the entire country. We have found that instead of being an expense, in consideration of the return received, that your long distance service has been an economy compared with using the mails. We are able to get more prompt and efficient communication with our customers in all parts of the country, with the result that we receive them in a different spirit than does the old type of a letter. The result with us has been highly surprising and satisfactory. This letter is written in appreciation of what your service has meant to us. Very truly yours, WATTS-MOREHOUSE COMPANY."

ROYAL ENTERTAINERS FOR CHAUTAUQUA

Stone and Platt

Electra Platt is that rarest of rarities, a spontaneous feminine funster, who never oversteps the bounds of good taste. She is a writer who has attracted wide attention and she intersperses her original monologues with a running fire of absurd drolleries which leave the audience exhausted from laughter.

Vernon Stone is an unusual mimic and dialect artist. After mastering most of the legitimate musical instruments, he invented a few of his own and the genuine music that he gets from a shot gun, a saw, a tire pump and a rubber balloon, astounds his audiences.

These two mirth provokers will appear in two programs on the fifth day of our Community Chautauqua, which is known as "Joy Day."

Debt Owed to Ladybirds

Ladybirds (or ladybugs) are great benefactors to the American fruit growers. An Australian ladybird (Vedalia or Novius, cardinals) was introduced in 1886 to feed on the cottony cushion scale of the orange and lemon groves of California, and in less than a year it practically exterminated the pest.

KACKLEY PLAYERS COMING

Scene From "Let's Go Somewhere"

"Come on Sweet Papa, Mamma will give you the air." Does that sound like a modern flapper? At any rate that is what Jane Carter, the young wife in the three act comedy, "Let's Go Somewhere," said to her young husband.

The Kackley Players will present this remarkable comedy on the fourth night of our Community Chautauqua. It is a play that touches a common human interest and experience. The schemes of Col. Meddows, one of the principal characters of the play, will interest you and you will laugh until you are sore at his efforts to extricate himself from the embarrassing situations which arise.

Principal parts in the play are taken by Miss Olive Kackley, Artells Dickson, Leo Rosencrans and Eunice Northup.

SYMPHONY ARTISTS AT CHAUTAUQUA

Two wonderful programs of the music of the masters interspersed with just enough of the more modern compositions for purposes of contrast and comparison, will be offered on the third day of the Chautauqua by the Humphreys Symphonic Ensemble, composed of Mme. Raucher Humphreys, 'cellist and soprano soloist; Mitchell Humphreys, violinist; Hansi Humphreys, violist and pianist; Minette Humphreys, 'cellist and pianist, and Sigurd Humphreys, flutist and composer.

This family of extraordinary musicians was born in Vienna, Austria, and received their very early education in the musical capitals of Europe. Since emigrating to America and becoming American citizens, they have continued their musical careers and each of them has carved a distinctive place for himself or herself in the world of music.

Will you enter the big parade? Why not take part at East Tawas the 4th?
